MORNING EDITION.

Published at the Post Office at Wilmington, N. C., as second-class matter.

OUTLINES.

Dr. Tanner has entered upon his last day but is suffering intense pain. Mr. (Charlotte) is still improving. Terrible havoc from rain in Silesia; numerous casualties have occurred; a fearful panic prevails. Railroad warehouses, etc., burnt at St. Louis; loss \$100,000, besides merchandise consumed. The New York Democracy have agreed to heal all local differences. Pietro Balbo, an Italian wife murderer, was hanged in New York. New York Democratic State Executive Committee in session completing final arrangements for the campaign.

In Webster county, Ga., Mrs. Woodson L. Gannell took morphine and gave to ten of her children; she is dead and three of the children will die probably. David H. Jerome nominated for Governor by Michigan Radicals; other State officers nominated. Morgan Shafer nominated for Congress in the Twelfth Ohio District. Tranquillo Duna nominated for Congress by Radicals at Santa Fe. At the session of the National Republican Committee at New York, it was decided to send aid to Florida; the conclusion with regard to the other Southern States was reached. Dr. Tanner received two offers of marriage yesterday and a proposition to lecture. The Democratic State Executive Committee of New York met yesterday and entered upon active preparations for the campaign. Georgia Democratic State Convention balloted for Governor without result and adjourned until to-day. Troops have been ordered from England to Ireland. Mr. Plimill was defeated in the election at Liverpool yesterday. Foundations are reported in Spain and Austria. Sir Hercules Robinson has been appointed Governor of the Cape of Good Hope. A British fleet has sailed from Vigo bay for the Mediterranean. New York markets: Money 2 3/8 per cent; cotton quiet at 11 1/16 @ 11 1/16; southern flour dull and easier at \$5 25 @ 50; wheat nominal, ungraded red 96 @ 97; corn heavy and 3/4 lower, ungraded 45 @ 45 1/2; spirits turpentine firm at 29; rosin 41 1/2.

The heavy rain in England are interfering with the grain prospects. The South Carolina Radicals are organizing for a lively fight all along the line. The pluckiest man of these times is the starving Doctor Tanner. His pluck and will are wonderful. Annie Wetmore, who committed suicide in Paris, died from too much crooking of the elbow. They called it by another name, however. Rev. Dr. O'Connell, of the Roman Catholic Church, has published a work on "Catholicity in the Carolinas and Georgia." The Charleston News says it is a book that would be useful in any library.

Two girls jumped from the fourth story of a burning building in Philadelphia. Emma Banes was not hurt, but Eliza Oglesby was picked up insensible, and it is thought she will die. The Charlotte Observer says a report is current there that young Cass fought a duel with Mr. Blair, of the Camden (S. C.) Journal, and was killed. As no such news has come by telegraph we suppose it is a canard. The imports for the year ending June 30, 1880, were \$667,885,000. This is tremendous. During the last five years the imports aggregate \$2,482,779,000. The exports for the same period aggregate \$3,383,959,000.

Mr. Bartlett, who is anxious to marry Spinster Countess, is a Philadelphian. He has a brother in Parliament. They were both educated at Christ Church, Oxford. When the marriage takes place shall we have a Bartlett pair? The Philadelphia Press, Rad organ, pretends to believe that by a "supreme effort" Virginia, North Carolina and Florida can be carried for Garfield. It says that the "supreme effort" will be made. This is a case of whistling to keep the courage up. Tom Keogh, Ike Young, Jim Boyd and Dr. Motte have been in Washington. Of course they were asked "what about North Carolina?" The Baltimore Sun's correspondent thus gives it: "These gentlemen report that the Republicans in their State are thoroughly aroused, and propose to make a sharp canvass. They do not believe as many votes will be polled as four years ago, and are by no means confident that the State can be wrested away from the Democrats. They believe that the Republicans will, however, gain one Congressional seat, something definite not now anticipated."

THE MORNING STAR.

VOL. XXVI.—NO. 118.

WILMINGTON, N. C., SATURDAY, AUGUST 7, 1880.

WHOLE NO. 4,060

The census returns for seven Southern States show a total population of 9,169,331. This is a gain of 2,766,882, an average increase of 43 per cent. We give the States:

Table with 2 columns: State and Population. Includes Louisiana, Mississippi, Texas, Virginia, etc.

Evidently some of these are estimates based on partial returns. Fourteen Northern States show an increase of 4,510,925, or an average gain of 23.92 per cent. This is certainly very gratifying, and if the estimates turn out not to be excessive they will show that the South has outstripped the North in its ratio of population, and by a large majority. It is thought the census will show a population of 51,000,000.

The Baltimore American, Rad organ, is constrained to say of Gen. Hancock's two letters as follows: "The publication of General Hancock's letter of acceptance, and particularly his letter to General Sherman, has undoubtedly increased public respect for him personally. Although a professional soldier, he displays a spirit of deference to law and a conception of the proper position of the army in the normal workings of a constitutional government that is highly creditable to him. His letters breathe a spirit of patriotism and of pure intention that inspires a strong regard for his personal character."

Every honest mind and patriot must think the same thing. Hurrah for Hancock any how! General Hancock's letter to Gen. Sherman is indeed a capital document for the times. It excites admiration from one end of the country to the other. Even the more fair-minded Republican papers praise it, whilst the Independent papers like it much. The New York Herald says: "There is a ring in some of its passages which sound like an echo of the spirit of the great constitutional era of the Republic, the era of Washington and Jefferson."

Mr. F. C. Robbins, of Davidson, has been chosen Presidential Elector for the Fifth District. A Pollockville correspondent writes us: A Hancock and Jarvis Club was organized at this place, on Saturday, the 31st of July, with 51 members.—Goldboro Messenger. Opposition to Hubbs is growing in this District. The colored men demand to be represented by one of their own race, and not by carpet-bag white men.—Taboro Southerner.

A writer in the Raleigh News from Wilmington in giving a list of the speakers to be here on the 24th of August, omits mentioning three very important gentlemen, namely, Judge Fowle, Gen. J. M. Leach and Mr. Fab. Busbee. The Judge is no match on the stump for Gov. Jarvis, who is armed and fully equipped as the law directs, and entirely conversant with all matters relating to public or State affairs. Besides he has a good cause, and his adversaries can find no weak spot in his armor.—Raleigh Observer.

We judge from occasional references in the press on the south side of Albemarle sound that Carrow has aspirations for the Republican nomination for Congress in this District. He is summoning the clans for the Republican Convention in Edenton on the 26th. It will be either Jo Martin, C. Grandy, or Sam Carrow; probably Martin.—Elizabeth City Economist. We are informed that but a few of the counties have sent in their county Democratic Executive Committees to the State Central Committee. This is an important feature of the party organization, and should receive the immediate attention of the Democrats in every county. Congressional District Committees should also be forwarded to Democratic State Headquarters. Do not delay longer. Send them in.—Raleigh News.

Gov. Jarvis and Judge Buxton will have a joint discussion at Kinston to-morrow.—The Democratic clubs of this city have appointed the following committees to take into consideration the advisability of holding a grand State ratification meeting in Raleigh, appoint a day, &c.: Of the Central Club, Oct. Coker, George H. Snow, George M. Smedes, John D. Thompson, Matthew Moore. Of the Young Men's Club, E. A. Jones, H. Heart, F. B. Arndell, Henry Cole, W. N. Jones.—Raleigh Observer.

Trenton, N. C., August 5, 1880.—It has been raining all day; nevertheless a large crowd of both parties were out. Governor Jarvis here and at Jacksonville gained many rounds of applause, and made several new points, among them regarding to the fact that Judge Buxton voted against hiring out convict labor. The meeting proved to be a regular Democratic revival, and Governor Jarvis was proclaimed to be the best debater in the State. Mr. Kitchin made a powerful national speech, to which one Price, a negro, replied,

and made many votes for the Democrats. Special Dispatch to the Raleigh Observer.

Spirits Turpentine. Copie's circus will be at Raleigh on September 2d.

The Colored Inmate Asylum at Goldboro has capacity for 150 inmates. We almost always receive the mail for two days at the same time. There is a farmer in Granville county who has twenty thousand grapes, 15,000 peach trees, and 12,000 cherry trees.

Capt. Shotwell is now sole owner of the Raleigh Farmer and Mechanic. Mr. Dowd will travel in the interests of the paper.

Raleigh News: A gentleman in town has an ice box; the materials of which once formed a part of the Presbyterial church. The materials in the odor of sanctity. Greensboro Patriot: The lower end of the Cape Fear & Yadkin Valley Railroad is being pushed rapidly on to completion. Greensboro and Fayetteville will soon be connected by either T. or U. iron. A few weeks will see the grading completed.

Weldon News: Mr. E. J. Clark, while walking down stairs in the court house on Monday, got his foot entangled in the carpeting and fell down, striking his face against the brick floor, causing a deep gash on his nose and another over his eye. The wounds are painful but not serious.

There is great rivalry among the Republican and Democratic papers in the matter of titles. Each has agreed in doing two lovely things: dubbing court clerks "Judges," and addressing all legislators, negroes included, as "Hon." We have the Hon. John Smith, white, and "Hon." Cotton Mayo, colored.

Methodist Advocate: Mr. Julian S. Cary, of this place, has been elected by the Synod of the Methodist Episcopal Church, South, as the representative of the North Carolina Conference to the Ecumenical Conference of all the Methodists of the world, to be held in London in August, 1880. He was also elected, a few days ago, the appointment from President Hayes as one of the Commissioners of the great Centennial to be held in New York.

LaGrange Review: Nine vessels loaded with watermelons sailed from Morehead last week, and three car loads went to Raleigh. The more we see, the more we are satisfied. The meeting at the Academy in LaGrange, under the labors of Rev. W. H. Wills and other ministers of M. P. Church, is progressing with interest. Free school in North Carolina is one of the grandest causes of the age. The more we see, the less we think of it. If our vote would kill it, it should not live another day.

Taboro Southerner: A daily line of mail and passenger steamers has been put on the Roanoke river to run between Elizabeth City and Wilmington. This is a line that has long been needed. Nags Head, one of the most desirable watering places of the North Carolina coast, is now got at.

According to appointment the wrestling match for the champion belt of Edgecombe county at Runnymede Park on Saturday last. Theo. Rufin Webb, white, and Henry Nettles, colored, were the advertised contestants, but Nettles failing to come to time, Austin colored, was substituted. After three Webb twice in quick succession and was declared the victor.

Elizabeth City Economist: In Callahan's Creek, on Croatan Sound, the alligators are so thick that you can hardly row a boat for them. If you were to get overboard they'd snap you up as quick as a chameleon would a cricket. Fowler's cotton factory on Dry Point, is our next conspicuous improvement. Contracts for buildings and machinery all made. Fairfield, in Hyde county, with which place she shall in a few days be connected by a tri-weekly steam line, is a village of 500 persons, with churches, a dozen stores, a good school, and other things to match. It has the richest back country in the world; of such natural fertility that stable manure will not increase its production. Fairfield is eighty miles from Elizabeth City.

Raleigh Observer: We spoke a day or two since of the removal of the colored inmate from the asylum here to the new one at Goldboro. The board of directors of the new institution met at Goldboro on Monday, and the building was formally opened. Dr. W. H. Moore, of Goldboro, is the superintendent, and Col. J. T. Kennedy, of Wayne, is the steward. We have returns from five counties in North Carolina, whose population in 1870 was 491,460. We make their aggregate population in 1880, 851,201, showing an increase of near 160,000. These forty-five counties had in 1870 less than half the entire population; double their increase, and we have 320,000, which, added to 1,071,361, would give the State a population approaching 1,400,000. The rate of increase shown is about thirty-two per cent.

THE CITY.

NEW ADVERTISEMENTS. STEVENSON-HAMS. J. O. MUND'S-DRUGGIST. FOUND-Sum of money. MUMSON-Imported suitings. O. DRISCOLL & Co.-Song Belles. WM. H. GREEN-Turnip seed. CLAYTON NOTION-Crew Blue Bird.

Unavailable Letters. The following is the unavailable matter remaining in the city postoffice up to this date: Mr. Washington Turner, Edgecombe county, N. C.; Henry James, South, S. C.; Mrs. Francis Caruth, Columbia, S. C.; Mr. Geo. F. Strauss, care of C. A. Robbs, Augusta, Ga.

Our Weather Report. Our readers will notice that we have made a change in our daily weather report, adding the amount of rainfall for the twenty-four hours preceding and the aspect of the weather at the close of the report. The indications for the day will also be found hereafter under the same heading as above.

Dr. Tanner's forty days' fast expires to-day at noon. Will it stop raining then? Somebody said it would. Do not poison your little ones with any soothing remedy containing opium, Morphia or Cocaine. Dr. Bull's Baby Syrup is warranted not to contain any Opium or anything injurious to the infant system.

Local News. The circus is a fixed fact. It rains every day now, and many of the showers are very heavy ones. The storm signal was hoisted Thursday evening, and was again displayed yesterday.

The colored inmate patients to be admitted into the asylum at Goldboro leave on this morning's train for their destination to Goldboro. The Young Men's Hancock, Jarvis and Shackelford Club had a rousing meeting at the City Hall Thursday night, with a good speech from one of the members.

Gen. M. P. Taylor has received information from Col. A. H. Worth that every company of the Second Regiment will go to King's Mountains. This includes the Wilmington Light Infantry, and is rumored that the Cape Fear Light Artillery of this city will also go.

Heavy Hains up the Carolina Central-Biggest Flood in Seventy-five Years-Train Delayed by Washed-Outs. By a telegram received by President Marchese from Superintendent Johnson, dated at Monroe, yesterday morning, we learn that some one hundred and forty-five feet of embankment had been washed out near that point, which will have to be retreiled. He had all the necessary timber for repairs with him, but the rain still continued, and would necessarily retard the work. Under these circumstances he could not say whether the train would be able to cross during the afternoon or not.

Another dispatch, dated at Matthews' Station, ten miles from Charlotte, at 10 1/2 A. M., stated that unless another fearful rain storm occurred during the afternoon the train would be able to cross all the breaks by 4 P. M. Capt. Johnson continues: "I have ordered Capt. Allen to run all his trains this afternoon on their regular schedule."

In consequence of the damage by the flood the train which was here at 9 o'clock yesterday morning did not arrive until about 6 o'clock yesterday afternoon. About the Heavenly Bodies. The Astronomer of the Providence Journal says in reference to the heavens during August: "Jupiter will be a superb object to every beholder during the August evenings, and he comes beaming above the horizon like a brilliant young moon. He rises now about 10, at the end of the month about 8. Saturn is the morning star and follows closely in the wake of the more brilliant Jupiter. He is, however, no mean object for observation as he rises to the northwest of his rival and about a half-hour later. He is increasing in size and clearness of tint and is well worthy of attention in his present phase. On the 20th there will be a close conjunction between Uranus and Venus, those planets being then forty-five minutes of a degree apart. This phenomenon will afford a fine opportunity to the telescopic student for a study of the contrast in planetary colors, the delicate tint of Uranus and the imitable soft golden hue of Venus being beautifully illustrated. Uranus sets now at about 8.30; at the end of the month about sunset. The August moon falls on the 20th. The new moon on the 5th pays her respects in quick succession to four of the planets, to Mercury on the 5th, of the day of her birth; to Venus on the 6th, and to Uranus and Mars on the 8th. On the 23d the moon is near Jupiter, and on the 24th she is near Saturn."

A Burglar Put to Flight. A burglary with intent to rob was committed at the store of Mr. E. W. Doscher, on the corner of Seventh and Nixon streets, on Wednesday night last, between 10 and 11 o'clock. The store had been closed and the clerk had retired for the night to his room above the same, Mr. Doscher being absent in Europe. The burglar climbed a post to the top of the shed in front of the door, and then entered by a window into the room adjoining, which happened to be the one occupied by the clerk. The noise awoke the latter, who got up and searched for his pistol, failing to find which in the dark, he struck a match and lit his lamp, but no sooner had he succeeded in doing so than the lamp was suddenly knocked from his hand, and the next moment the daring thief had leaped through the open window to the shed and made good his escape. The thing was done so quickly that the clerk, who was also momentarily blinded by the glare of the light, failed to recognize the burglar or even to make out his color. Mr. Doscher keeps two fierce dogs in the store, and this fact probably had something to do with the fellow's entering where he did instead of trying to get in below.

Mayor's Court. Alfred Walker and Allison McFarland, two colored boys, were arraigned for fighting on Church street about 8.30 P. M. Thursday night. It appeared from the evidence that they were clinched and on the ground pounding each other when the officer interposed and arrested the parties. Alfred Walker, the youngest, who seemed to be a bright, intelligent "shaver," asked for permission to make a statement, and remarked that he went over there to see some of the girls, and McFarland and some of the other boys were mad about it; hence the difficulty, which was brought about by the other boys throwing rocks at him. Walker's employer, on the wharf gave him a good character, and the Mayor finally suspended judgment in both cases, at the same time giving the boys warning to keep off the streets at night, as they were too young to be either courting or fighting.

Accident to a Telegraphist. Our correspondent "Zoe," at Rocky Point, writes us that a painful accident happened to Mr. John E. Wood, Manager of the W. U. Telegraph office at that place, about 8 o'clock Wednesday night. He was returning from supper, when, as he placed his feet on the top door-step of his office, it gave way, throwing him down face foremost and nearly breaking his right leg, which went through an aperture in the step. At last accounts he was suffering very severely.

The Meeting at Point Oaswell. The Democratic gathering at Point Oaswell yesterday, we understand, was interfered with somewhat by the prevailing bad weather-rain was falling all day; but nevertheless there was an enthusiastic crowd in attendance, and the affair went off creditably to all concerned. Speeches were made, a pole was raised, and the banner of the club at that place thrown to the breeze.

For the Star. LAURENSBURG. A Democratic Campaign Club Organized-Photo and Free Reading, &c. At a meeting held in the town of Laurinburg, August 2d, 1880, for the purpose of organizing a "Hancock, English, Jarvis and Dowd" club, A. F. Bizzell was elected President, and H. F. Northrop, Peter McRae and Daniel Middleton Vice-Presidents, Robert B. Clark, R. C. Jeff. Rivendark Secretaries, and J. D. Nutt Treasurer. On motion, the President, other officers and members were appointed a Committee on Flag and Pole.

Motions were made and adopted to hold a township meeting and raise a salute when the pole and flag were raised, and Saturday evening next was fixed upon for the time. A vote of thanks was tendered Mr. L. W. McLeans for the presentation of a pole. On motion, the proceedings of the meeting were ordered to be furnished to the Wilmington Star, and other papers for publication, and the club adjourned to meet on Saturday evening next at 5.30 o'clock. NEIL A. GRAYMAN, Secretary.

Daily Weather Bulletin. The following will show the state of the thermometer, at the stations named, at 3.00 P. M. yesterday, Washington, mean time, and also the amount of rainfall, in inches for the twenty-four hours ending at 3 P. M., as furnished by Sergeant James W. Watson, Signal Officer at this Station:

Table with 2 columns: Station and Weather. Includes Atlanta, Augusta, Charleston, Charlotte, Columbia, etc.

The following are the indications for the South Atlantic States to-day: Partly cloudy weather, occasional rains, variable winds mostly easterly, stationary or higher temperature and barometer.

Criminal Court. Yesterday was the day set apart for the trial of Stephen Richardson, colored, charged with the murder, on the night of the 19th ult., of Lucy Phinney, his mother-in-law. By 9 o'clock, the hour appointed for the case to be taken up, the Court room was crowded to its utmost capacity with spectators, including the special venire of one hundred men that had been summoned to select a jury from. In the County Commissioner's room adjoining, the aged husband of the murdered woman, Robert Phinney, was lying on a lounge, his head bound up, and still suffering from the wounds received in the same brutal assault which resulted in the death of his wife, awaiting his turn to testify.

When the case was called Richardson's counsel craved a continuance until the next term of the Court, on account of the absence of witnesses material to the defence. There was considerable argument on the subject, and finally His Honor decided to continue the case until Tuesday next, which he thought would give the counsel ample time to procure their witnesses and prepare their line of defence. The Clerk was instructed to issue three different subpoenas for the absent witnesses, and the Sheriff was directed to send officers in search of them. The special venire, as well as witnesses and others interested, were then discharged until Tuesday morning, at 9 o'clock.

The prisoner presented about the same appearance as on the occasion of his preliminary examination before Mayor Fishback, being evidently very nervous and excitable, probably caused to some extent by his great fondness for tobacco, which he chews constantly.

The counsel assigned him by the Court consists of Messrs. John D. Bellamy, Jr., E. S. Martin, W. B. McKoy and F. M. Fremont, while Solicitor B. R. Moore will prosecute for the State.

The jury in the case of two policemen, charged with false arrest and assault and battery, came into Court, and announced their inability to agree, after being out all night, and His Honor thereupon directed that a juror be withdrawn and a mistrial entered in the case, when the jury was discharged.

Court then, after hearing a few motions, adjourned until 9 o'clock this morning, when the case of Virgil Hill, charged with burglary, will be called.

Accident to a Telegraphist. Our correspondent "Zoe," at Rocky Point, writes us that a painful accident happened to Mr. John E. Wood, Manager of the W. U. Telegraph office at that place, about 8 o'clock Wednesday night. He was returning from supper, when, as he placed his feet on the top door-step of his office, it gave way, throwing him down face foremost and nearly breaking his right leg, which went through an aperture in the step. At last accounts he was suffering very severely.

The Meeting at Point Oaswell. NEW ADVERTISEMENTS. Buffalo Lithia Water. For Afflictions of the NERVOUS SYSTEM, BRIGHT'S DISEASE OF THE KIDNEYS, GOUTY DIATHESIS, AND NERVOUS DYSPEPSIA.

LETTER OF DR. Wm. A. HARRISON, Surgeon General U. S. Army (retired), Professor of Diseases of the Blind and Nervous System in the University of New York, etc. I have for some time made use of the Buffalo Lithia Water in cases of affections of the NERVOUS SYSTEM, complicated with BRIGHT'S DISEASE OF THE KIDNEYS, or with a GOUTY DIATHESIS. The results have been eminently satisfactory. Lithia has for many years been a favorite remedy with me in the cases, but the Buffalo Water certainly acts better than any other Lithia water on the stomach. I also often prescribe it in those cases of CEREBRAL HYPERAEMIA, resulting from over mental work, in which the condition called NERVOUS DYSPEPSIA exists, and generally with marked benefit.

WM. A. HARRISON, M. D. THOMAS F. GOODE, Proprietor, 17 1/2 State St. Buffalo Lithia Springs, Va.

Wanted, for Cash, DRIED VANILLA LEAVES, FINE LILLY, and FINE FLAX ROOTS. JOHN J. HOLLAND, Proprietor, 17 1/2 State St.

Straw Hats! AT VERY LOW PRICES! HARRISON & ALLEN, at 5 1/2.

At Dyers' PRICE OF FANCY HALF-HOSE GREATLY REDUCED. NEW LOT CELLULOID COLLARS. FASHIONABLE BOATNECKS. Bagging, Ties and Twine. 500 ROLLS and HALF ROLLS BAGGING, 50 TONS TWINE, 1000 LBS TWINE. For sale by KROHNEN & CALDER BROS.

Hoop Iron, Nails, Glue. 25 Tons 1 inch, 1 1/2 and 2 inch HOOP IRON, 1250 Eggs NAILS, 100 Bbls choice GLUE. For sale by KROHNEN & CALDER BROS.

Salt. Salt. Salt. 3000 Bbls LIVERPOOL SALT, Full weight, stippled tacks. For sale by KROHNEN & CALDER BROS.

Corn, Meal and Hay. 3000 Bush Meal and Yellow CORN, 400 Bush Water MILL MEAL, 250 Bales Choice HAY. For sale by KROHNEN & CALDER BROS.

QUILTS. Brown & Roddick 45 MARKET STREET. A REOFFERING HOME GREAT BARGAINS in Domestic Quilts suitable for the Summer. Full Size Quilted Cottons, \$1.00. Small Quilted Cottons, \$1.00. English Macramé, India, and Quilts at prices ranging from \$1.00 to \$5.00. my 23 BROWN & RODDICK.

Hardin's Panjenna Cologne. THIS ELEGANT TOILET WATER possesses a most delightful and lasting bouquet. The fragrance is delicate, the odor permanent, the style elegant, the price popular. Prepared and sold only by J. H. HARDIN, Druggist, New Market, at 1 1/2.

Now is the Time TO GET YOUR BUDDY, CARRIAGE, CARTON, Dry, Harness, Saddle, Bridle, Collar, Whip or anything in this line at Rock Bottom Prices. Repairs neatly executed at short notice. F. H. HAZDEN'S Factory, at 1 1/2 Third, bet. Market and Princess.

Boilers! Boilers! FOUR CYLINDER BOILERS, 36 inches diameter, 40 feet long. All in prime order, for sale by EDWARD KIDDER & BONS.

No Time TO SHAKE HANDS WITH OUR AUNT. NO time to blow with printer's ink. Business kept by every DAY and EVERY NIGHT in all the large cities for the popular markets made at the CAPPE MILL, G. BERRY & BONS, at 1 1/2.

Yate's Book Store, HEADQUARTERS FOR CAMPAIGN GOODS, Pictures of Hancock and English and Garfield and Artistic all sizes. Campaign Badges and Flags in great variety. at 1 1/2. C. W. YATE.

People's Ratification. OTERBOURGH'S MEN'S WEAR DEPOT, 17 1/2 State St. Will celebrate our fourth year of success next week, by a grand festival, at 10 o'clock, on Saturday evening, next. Offer of "Challenge" shirts expected daily. "Challenge" Electric Light Plant, at 1 1/2.

High-Bred Dogs. FINEST BRED AND GORDON SETTERS, of the Choicest Blood, with guaranteed pedigree. For sale by E. E. WELSH, at 1 1/2.

Table with 2 columns: Advertisement rates. One Square one day, Two Squares one day, etc.

NEW ADVERTISEMENTS.
