

RATES OF SUBSCRIPTION IN ADVANCE: One year, \$1.00; Six months, \$0.60; Three months, \$0.35; Single copies, 10 cents.

MORNING EDITION. Published at the Post Office at Wilmington, N. C., as second-class matter.

OUTLINES.

Dr. Tanner is improving rapidly, but his physicians consider remarkable; he eats often and heartily; he gained 45 pounds in twenty-four hours. — Rumor reports the Africans to have taken Chamam Choik. — Mr. Gladstone continues to improve. — Ex-Gov. Bigler, of Pennsylvania, is dead. — Alexander Holland, Treasurer of the American Express Company, was severely injured by a runaway team. — Rev. John A. Waterson was consecrated Catholic Bishop of Columbus, Ohio. — John A. McMahon reconsiders and accepts the Democratic nomination in the Fourth Ohio District. — Excursion steamer E. Corning, with 700 passengers, ran on a rock near New York, and sunk; passengers saved. — Barque Nova Scotia, loaded with 8300 barrels of Sophia, burned; two other vessels, similarly loaded, were damaged. — The Neely Raaf colliery, Pennsylvania, is on fire. — Gen. Ord is closely watching the Texas filibuster; he thinks there is little in the movement. — Senator David Davis, of Illinois, is out in a letter favoring Hancock; he thinks his election will put an end to sectional strife, that a change is needed, and the present rulers must give way. — Gen. Garfield is still on his electioneering tour; he spoke at Salamanca and Jamestown, N. Y.; he attended a meeting on Sunday of the Young Men's Christian Association, was called on for a speech but declined. — At Abbeville, Ala., a wife murderer was taken from jail and hanged by a mob, supposed to have come from Tennessee. — The Democratic State Convention of Georgia failed to nominate a Governor under the two-thirds rule; the matter will be referred to the people with a recommendation from the majority to vote for Colquhoun; the Convention is a unit on all other questions. — Cotton crop reports up to August 1st are generally favorable, with some anticipations of injury from excessive rains. — New York markets: Money 3 1/2 per cent; cotton quiet at 11 1/2-11 1/4; southern duval and buyers favor at \$5 00-7 75; wheat, ungraded red 98c-1 00; corn about 4c higher, ungraded 46-49c; spirits turpentine steady at 30c; rosin \$1 42 1/2.

What do the papers mean anyhow by ex-Congressman? Is not a U. S. Senator an ex-Congressman? At last, Workmen will begin, after a delay of many years, to complete the Washington monument.

Illiterate Logan declaimed a small speech of the aggressive order on the night Garfield was serenaded in New York.

Several of the leading European physicians are swift to say that Dr. Tanner's fast is of no scientific value. But he fasted all the same for forty days.

A new electric motor is to be tried on the New York Elevated railroads in place of steam. It is the invention of Mr. S. D. Field, a nephew of Cyrus W.

Dr. Tanner gained 6 1/2 pounds in twenty-four hours. He is what Jo Turner would call an "able trencherman." He eats at all hours and between drinks.

Gen. Sam Cary, well known in North Carolina, and the Greenback candidate for Vice President in 1876, is out for Hancock. He represents in this particular the "Ohio idea."

A duel was fought near Washington on Friday last. One shot was exchanged, and one man shot through the arm. The persons are unknown. Thirty feet was the distance. There were seven in the party.

John Sherman always reduces the national debt greatly when there is an election ahead. The Index-Appeal says: "In March, April and May the debt was reduced, according to the official report, \$2,000,000. In June, after Secretary Sherman's political aspirations were over—the Chicago Convention having selected Garfield—the reduction was about \$3,000,000."

You say the Hancock boom is weakening, do you? Bless your soul it has just begun to gather momentum. At Waynesburg, Pa., there are twenty-two old-time, straight-out Republicans who have joined the Hancock Club. Rah! three times Rah!

Mr. George Conquest, a leading panto-mimic performer, broke his leg in New York playing Hio Hao Hoc. One more such a conquest and he would be maimed in a double-barrel way for life. We have known boys to make faces as switches were "broken" over them about another kind of hio-hao-hoc. It was not panto-mimic either, but on their backs.

THE MORNING STAR.

VOL. XXVI.—NO. 120.

WILMINGTON, N. C., TUESDAY, AUGUST 10, 1880.

WHOLE NO. 4,052

Dr. Hammond has written a letter in which he says he believes that "Dr. Tanner faithfully abstained from all food but water. We give some of his points, as he ranks high as a scientific physician: "That though there have been other alleged fasts of long duration, and some even longer, his is better authenticated than any other of a similar period. "That he has shown the inability of the human race to go for any considerable period without water, confirming, therefore, our knowledge on the subject. "That he has shown great pluck, determination and endurance, and that these qualities in him command my sincere admiration. "That I think the investigations made of Dr. Tanner during his fast have been superficial and restricted. The amount and character of the exhalation from the skin ought especially to have been analyzed. "That, therefore, the scientific results are not what they should have been, but that, nevertheless, enough has been shown to cause us to modify our views in regard to the effects of inanition on the human body."

Senator David Davis, of Illinois, has written a dignified and manly letter in which he pronounces in favor of Gen. Hancock. He thinks his election would put an end to all sectional strife and sectional parties and revive a patriotic sentiment throughout the country. He gives him much credit for his noble and patriotic course when in command of Louisiana and Texas. He says his letter to Gen. Sherman "lifts him far above the past appreciation of his civility, and makes him as one of the wisest of his time with a statesman's grasp of mind, and with the integrity of a patriot." Noble and just words! Rah for Senator David!

The papers cannot make out whether Gen. Hancock is a Baptist, an Episcopalian, a Romanist, or a Unitarian. It may be he is neither. R. J. Taylor has been nominated by the Wilson Democrats. Charles McCooke has been nominated for the House in Franklin. Alexander county has nominated for the House of Representatives James B. Pool. Theodore F. Davidson, Esq., has been renominated for Senator from Buncombe and Madison. There was a Hancock and Jarvis club formed yesterday at Flea Hill. We understand considerable interest is manifested by the people of that township. — Fayetteville Banner. Capt. Kitchin is reported as making a very telling and incisive speech at Trenton. Price, colored, replied, and made many Democratic votes, says Mr. D. R. Walker in the Raleigh Observer.

Discussion at Kinston reported in the Raleigh Observer: The Governor in return asked Buxton if he approved of Holden's course during the years 1869 and 1870, when he brought Kirk's minions upon us to subvert civil law. To this the Judge replied that Gov. Holden had acted injudiciously, but by authority of law. Gov. Jarvis asked Judge Buxton whether, if he were elected Governor, he would fill vacancies in the offices of Judge and Solicitor with negroes. To this Judge Buxton replied that he would give them their just share, and said: "You people elect them, and I will commission them."

Governor Jarvis will speak at the following places; Judge Buxton has been invited to meet him: Smithfield, Johnston county, August 11. Lillington, Harnett county, August 12. Fayetteville, Cumberland county, August 14. Carthage, Moore county, August 16. Troy, Montgomery county, August 18. Albermarle, Stanly county, August 19. Monroe, Union county, August 20. Wadesboro, Anson county, August 21. Rockingham, Richmond county, August 23. Asheboro, Randolph county, August 31. Attorney General Kenan will address the people at the following times and places: — Grantham's, Wayne county, Saturday, August 14. Meadows, Johnston county, Monday, August 16. Superintendent Scarborough will also speak at Meadows on the 16th.

Extract from Raleigh Observer's report of the Trenton discussion: "Gov. Jarvis led off by asking Judge Buxton these questions: Q. You are endorsing Garfield for President. Do you endorse his record and approve his acts in connection with the Credit Mobilier and DeGolyer business? A. Garfield had no improper connection with the Credit Mobilier matter, but I know nothing about the DeGolyer affair. Q. If you had been in Congress at the time would you have acted as he did in these matters? A. I do not know what he did. Q. Do you endorse and approve

his efforts to humiliate and degrade the white people of the South by trying to have passed in Congress a law to force mixed schools upon the people? After a long time of dodging and squirming, the Judge said he did not. Whereupon the Governor let fly some hot shot at the Judge for trying to elevate a man to the Presidency who had tried to degrade his own people, and whose acts he did not approve.

A good deal of interest is manifested in this District in the Judicial Convention to be held in the Fourth District Tuesday. It is stated that the present candidates before the Convention are McRae, Broadfoot and Fuller, of Fayetteville, and Shaw, of Rockingham. — Charlotte Observer.

Spirits Turpentine.

— Six deaths at Raleigh last week. — Four Charlottians went to New York specially to see Dr. Tanner.

— Richmond (Va.) States: The Seigel Opera Company played at Winston, North Carolina, last night, and were standing it rained pitch and turpentine, the tar-balls turned out splendidly and gave a good house.

— The population in the First, Third and Fourth Superior's Districts footed up 1,035,701—an increase of 245,974. Here is more District to hear from. The increase thus far is about 83 per cent. The District to hear from had 388,000 population in 1870. If it shows a corresponding increase the population of the State will be about 1,410,000.

— Oxford Free Lance: Mr. Benj. D. Frost, at one time employed as engineer upon the O. & H. R. R., died in St. Louis on the 19th of last month. A severe hall storm passed over a portion of Davidson Township on Wednesday last week, and destroyed the tobacco crops of Messrs. R. F. Allen, Moses Cash, Samuel Coley and K. Reynolds. Several crops were seriously injured.

— New Berne Nut Shell: We learn from a letter received in this city, that during a severe thunder storm at Smyrna, lightning entered the house of Mr. J. T. Willis, seriously injuring one of the occupants and burning things to pieces generally. A portion of the mantle-piece which was torn away in the lower room, struck Mrs. Willis on the head, inflicting serious injuries, while the lightning paralyzed one side of the lady.

— Raleigh Observer: Died, at the residence of Miss Sophia Partridge, Friday evening, August 8, at half past 7 o'clock Mrs. Harriet B. Bobbitt, in the 51st year of her age. — We had the pleasure of a visit on Thursday from Col. W. L. Smith, chairman of the Board of County Commissioners of New Hanover. Able and energetic, he has done much to bring about the improvement in the financial condition of his county. — The total receipts this season up to Friday were 51,126 bales. Up to the same period last year they were 46,173 bales. The total is, therefore, 4,954 bales. — Dr. Pritchard says that the prospects for a large attendance at Wake Forest next term, which begins September 1st, are good. — James H. Harris, the colored editor and orator, says there is "a broad difference between Hancock and Garfield. Hancock is a soldier and a gentleman." — Col. Thos. B. Keogh, register in bankruptcy, has at last appointed a day to be in Charlotte for the purpose of winding up the affairs of the Bank of Mecklenburg. — It is stated to be Miss McCall's purpose to go to New York this winter for the purpose of studying law under such a tutor as Sec. J. H. Adams, and to enable her to carry out her purpose, she will give public readings in different parts of the State, including Charlotte, where she will appear next month.

— It has been announced that Col. Thomas B. Keogh, the great Irish-American Republican, late Secretary of the National Republican Executive Committee, etc., was ever a sutler in the Northern army. A gentleman of this city in Virginia, a short time ago, Gen. Carter, formerly of the Federal army and before the war a prominent officer in the navy, who informed him that the Colonel was a sutler in his regiment, and expressed great regret at hearing of his prosperity and the honors that had been heaped upon him.

— The preliminary trial of Mr. Click, the somnambulist, who murdered his bed-fellow, took place at Tyro. The Charlotte Observer says: "The story of Mr. Click was that he dreamed the negroes had entered the store as anticipated by him, and Mr. Phelps. There followed, according to his recollection, a bloody and terrible fight. When he awoke he was fleeing down the stairs, and gradually recovering consciousness. He returned to the room where he and Mr. Phelps had been sleeping, and realized at a glance the full horror of his deed. He at once fled screaming to the house of Mr. Grub, near by, and was met by that gentleman, who had been aroused by his cries. Mr. Grub said his lamentations were heart-rending and that he told him at once that he had killed his best friend in his sleep. It was proven by both State and Federal attorneys that the "Click" somnambulist had frequently injured his own person by jumping from the house window—sometimes through the glass from the second story, cutting himself considerably. He has also been known to get up and choke some of the family, saying that the bears in Texas were after him; and then run a quarter or a half mile down near the river, and wake to find himself alone. When he went visiting he requested his neighbors to submit, which they did. Last week he went to sleep in the room where his dead uncle lay a corpse. He suddenly arose with terrible expressions of fear and started to seize his dead uncle. His sister and a gentleman caught him, got him awake and he went back to bed."

— The Greenbackers of this District are notified by Capt. S. W. Noble, Chairman of the Executive Committee, that a Convention will be held in this city on the 25th inst., to nominate a candidate for Congress. The call is signed by Capt. Noble and T. M. Gardner as Secretary.

— A little son of Mr. Watkins, of the police force, was severely cut on the head by a brick maliciously thrown by John Thomas, a colored boy, yesterday afternoon. Thomas was arrested and locked up for a hearing this morning.

— A colored man named Anderson, living on Castle, between Seventh and Eighth streets, died very suddenly yesterday morning. Coroner Howlett held an inquest, and the jury returned a verdict that the deceased came to his death from natural causes.

— The Greenbackers of this District are notified by Capt. S. W. Noble, Chairman of the Executive Committee, that a Convention will be held in this city on the 25th inst., to nominate a candidate for Congress. The call is signed by Capt. Noble and T. M. Gardner as Secretary.

— The quota of colored insane patients allowed from this county were landed safely in the asylum at Goldsboro on Saturday by Mr. David West, Deputy Superintendent of our County Poor House, with a competent assistant. There were thirty-three patients in the institution then, some of them very bad cases, and about thirty more were expected in a day or two. Mr. West and companion were well pleased with the arrangements of the asylum and the manner in which it is apparently managed.

THE CITY.

NEW ADVERTISEMENTS. MUNSOR—Boys' suits. R. W. CHADWICK—Notice. J. C. MUNDS—Deep rock water. R. EDWARDS—Strawberry plants. CHERR, CARLEY & CO.—Empty barrels. WANTED—Position of teacher by a lady. ATTENTION—Howard Relief Engine Co.

Local Boats. — The Court House, yesterday, looked like "some banquet hall deserted." — The Grand Lodge of Good Templars from this State meets in Graham to-day.

— The Republicans of this city held ward meetings last night to organize for the campaign. — No rain here yesterday. Up to that time we have had rain every day since the 16th of July last.

— One hundred lamps for the young men's Hancock, Jarvis and Shackelford Club have arrived. — The case of Stephen Richardson, charged with murder, comes up this morning, at 9 o'clock, in the Criminal Court.

— The special venire in the Richardson case are expected to be on hand at the Court House this morning promptly at 9 o'clock. — We will thank our country friends to write us briefly in regard to the effect of the recent rains on the corn and cotton crops.

— More heavy rains Saturday night, Sunday and Sunday night. A great many went to church Sunday, however, between showers. — There was only one case for drunkenness before the Mayor's Court yesterday morning, and that was disposed of without a formal trial.

— We stated in our last that Dr. Burbank was about to leave us. He says he has received an offer to go to Williamsport, but has not yet decided to do so.

— The Young Men's Hancock, Jarvis and Shackelford Club will have a called meeting to-morrow (Wednesday) evening at the City Hall court room, at 8 o'clock, sharp.

— It is announced that Col. J. R. Winston, of the National (Greenback) Executive Committee for North Carolina, will speak in front of the old Market House on Monday night next.

— A little son of Mr. Watkins, of the police force, was severely cut on the head by a brick maliciously thrown by John Thomas, a colored boy, yesterday afternoon. Thomas was arrested and locked up for a hearing this morning.

— A colored man named Anderson, living on Castle, between Seventh and Eighth streets, died very suddenly yesterday morning. Coroner Howlett held an inquest, and the jury returned a verdict that the deceased came to his death from natural causes.

— The Greenbackers of this District are notified by Capt. S. W. Noble, Chairman of the Executive Committee, that a Convention will be held in this city on the 25th inst., to nominate a candidate for Congress. The call is signed by Capt. Noble and T. M. Gardner as Secretary.

THE LATE RAINS.

Tremendous Freshet in the Cape Fear—Damage to Crops—Hails Broken Up—Water Almost up to the Great Sherman Freshet—Inundation of Farms on the Black River, Rockfish, Etc.

The heavy rains of the past two or three weeks have been almost unprecedented in extent and power for evil in this and the surrounding counties, but especially on the line of the Cape Fear River. At last accounts, which were up to Saturday evening, the river had risen upwards of fifty feet—being within about twelve or fourteen feet, perhaps, of the great "Sherman freshet," as it is called, in 1865, when it was sixty-four feet—and it was still rising. All the lowlands along the line of the river are completely submerged and the crops of corn, etc., under water, which will entail a heavy loss upon the farmers.

We hear that several timber rafts on their way to this city have been broken up and scattered, and it was reported on the wharves yesterday morning that at least one man had been drowned. This rumor, however, originated no doubt from the fact, as reported by the North State, that a raft got broken to pieces with three men on it, who were in imminent danger of being drowned, but one of them finally succeeded in making shore at what is known as "Sugar Loaf," while the other two escaped at a landing some distance below, whence they had to walk about thirty-eight miles to their homes. Another circumstance that may have put credence to the report was the fact that an inquest was being held at some point on the river Saturday over a colored boy who was accidentally drowned on the preceding Thursday, but not through any mishap caused by the freshet.

Our advices from the Black River section are no more encouraging than those from the Cape Fear. The rains have been very heavy and frequent, and on Sunday they were the heaviest that have fallen since the commencement of the rainy season. Along the Rockfish, a branch of the Northeast River, between Pender and Duplin counties, everything is flooded, and a rise of ten feet was reported for Sunday night. Mr. Matthew Johnson, who lives on the Rockfish, stated yesterday that the water was up to his breast in his field.

A "postal" to the STAR from Kenansville, Duplin county, states that they are having entirely too much rain in that section for the cotton, and that several mills in the county have been destroyed. A "postal" from Lillsville, Anson county, says it was reported there yesterday that the Poe Dec was higher than it has been since the great "Sherman freshet" in 1865, and that much damage has resulted to the crops. Upland crops, our correspondent adds, are also suffering from too much rain.

Indications of an immense freshet can be seen here, particularly in the large amount of drift wood passing down the river with the current. Some one, who is a frequenter of the wharves, remarked yesterday that enough passed onward on Sunday to supply the city a month in fuel. Yesterday rafts of it could be seen passing the wharves all day.

Daily Weather Bulletin. The following will show the state of the thermometer, at the stations named, at 3.00 P. M. yesterday, Washington mean time, and also the amount of rainfall in inches for the twenty-four hours ending at 3 P. M., as furnished by Sergeant James W. Watson, Signal Officer at this Station:

Table with columns: Station, Therm., R. F., Weather. Includes Atlanta, Augusta, Charleston, Columbia, Galveston, Havana, Indianapolis, Jacksonville, Key West, Mobile, Montgomery, New Orleans, Savannah, Wilmington, Cedar Keys, Pensacola.

The following are the indications for the South Atlantic States to-day: Clear, or partly cloudy weather, west to southwest winds, stationary or higher temperature, and nearly stationary barometer.

Magistrate's Court. Lewis Cogdall was arraigned before Justice Millie, yesterday afternoon, on the charge of assault and battery upon Emma Cogdall. Defendant sentenced to pay \$1 and the costs.

Minerva Williams had a hearing on a peace warrant, sworn out by Mollie Hill, and was ordered to pay the costs and give bond in the sum of \$50 to keep the peace for four months.

— The barque Gofa, from this port, arrived at Dover on the 7th inst. — Schooner Sarah E. Douglas, Demiret, cleared at New York for this port on the 6th inst. — The British barque Resolute, Captain Laurence, consigned to Messrs. Alex. Sprunt & Son, has arrived.

Captain Robeson of the steamer Way, which arrived yesterday evening, reports that the water in the Cape Fear at Fayetteville began falling early Sunday morning; but later in the day was "on the rise" again, and still later, receding. Yesterday morning when the Way left, a fall of about eight inches altogether had been recorded. The Captain confirms previous accounts as to the great damage to crops, &c., along the river.

WATER WORKS.

Meeting to Consider the Subject—A Committee Appointed to Investigate, &c.

A meeting was held at the office of the Mayor yesterday afternoon in accordance with a resolution passed at the meeting of the Board of Aldermen, held on the 3d inst., to consider the advisability of the construction of water works in the city of Wilmington. There were present Mayor Fishblade and Alderman Foster, for the Board of Aldermen; Messrs. Norwood Giles and R. J. Jones, for the Board of Audit and Finance; Mr. M. M. Katz, for the Board of Trade; Mr. Alfred Martin, for the Chamber of Commerce; Mr. B. F. Hall, for the Produce Exchange; and Col. W. L. Smith, for the Board of Underwriters.

Alderman Foster made a statement and read letters from Mr. A. Wilkins, of Charleston, S. C., in relation to water works, and suggested the appointment of a committee to look into the matter. Col. W. L. Smith moved that Alderman Foster be appointed a committee of one to investigate the different systems, and obtain the necessary data, in order that the committee may act intelligently in the matter, and report at a subsequent meeting. The motion was agreed to, and the meeting then adjourned.

A tar barrel blazing in front of the court house last night attracted attention. A meeting had been announced of the Republicans of the Second Ward, and the court room was ablaze with light; but where were the mourners? At 10 o'clock there was no gathering, and only Scott and a few others were silently "sitting up with the corpse."

The Gofa, hence, arrived at Amsterdam yesterday. A bright and happy face peeping out of a baby carriage is a sure sign that the little occupant has not been doctored with opium preparations. If your baby needs medicine buy a bottle of Dr. Bull's Baby Syrup. It contains nothing injurious.

CITY ITEMS. THE MORNING STAR can always be had at the following places in the city: The Parrott House, Harris' News Stand, and the News Office.

HIGH AUTHORITY.—Dr. W. E. Scott, President of the College of Physicians, Montreal, writes: "I have recommended Golden's Liquid Extract of Beef and Tonic and invigorant as the best preparation for Debility, Indigestion, Dyspepsia, Fever, Ague, and Loss of Appetite." GARDNER & FLANNERY, Agents, Wilmington.

NO GOOD PREACHING.—No man can do a job of work, preach a good sermon, try a law suit, doctor a patient, or write a good article when he is so miserable and dull, with sluggish brain and unsteady nerves, and none should make the attempt in such a condition when it can be so easily and cheaply removed by a little Hop Bitters. See and other column.—Albany Times.

A BRINFACRESS.—Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure that we will teach our "Suzie" to say, "A blessing on Mrs. Winslow," for helping her to nurse and nurse the crying, colicky and teething babe. MRS. WINSLOW'S SOOTHING SYRUP relieves the crying, colicky and teething babe. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what its name professes to perform, every time. — Nothing else will make her so happy as Mrs. Winslow's—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.

NEW ADVERTISEMENTS.

Wanted. A LADY OF POSITION, WITH THE BEST OF REFERENCES, DESIRES A SITUATION AS A TEACHER. For further information apply to THE STAR OFFICE.

Notice. ROOMS WITH BOARD, OR TABLE-BOARD only, may be had upon application to the undersigned AT ONCE. He also offers his services to any one in need of a Book-keeper. Apply at 10 1/2 N. W. CHADWICK.
