OUTLINE.

Tennessee Democrats unanimously endorse Hancock and English; no result in the ballot for Governor.

California Republicans nominated G. A. Knight in Third and H. F. Page in Second Districts for Congress.

Michigan Greenbackers. An excursion train from Atlantic City telegraphed, killing one and injuring forty; the season is represented as most harrowing.

Hayes spoke at the soldiers and sailors reunion at Columbus, Ohio.

Gen. Byrne and party of prospectors were attacked near San-Bizoro by Indians, and Byrne was seriously wounded.

Major Bledsoe spoke at Flint Ridge yesterday, to an audience of about two hundred negroes.

Hancock and Jarvis Clubs have been formed at Oxford, Henderson, Kittrell, Fishing Creek, Brassfield, Tally Ho and Sasfras Fork—all in the county of Granville.

Roanoke county Democrats have nominated H. R. Scott for the Senate, and J. R. Webster and Jas. D. Glenn for the House.

A correspondent at Nashville, N. C., writes to the Raleigh Observer: Notwithstanding the fact that the weather has been terrible for several days, a good crowd greeted Col. Keenan here to-day, and he gave us a splendid speech—one that will be productive of much good.

We learn that Gov. Jarvis and Judge Buxton were unable to reach Lillington, their next appointment, and are both in the city.

Republican "bar" are to be rolled into North Carolina and Florida. Such is the latest from Washington.

Hon. John Goode was nominated by acclamation for Congress in the Norfolk (Va.) district. That was well done.

Nast is at work in Harper's Weekly slandering the South and the Democratic party as was his wont with his unique cartoons.

Abraham Arthur announces that Lord Roseoe will take the field in about two weeks, when he promises to make things lively.

Warrants for the arrest of several disciples of the code duello have been issued in South Carolina. They were all concerned in the Cash-Shannon murder.

Judge Smith, of Herkimer, N. Y., has come out for Hancock, and has made a speech. He is a leading Republican in his part of the State.

There are several other changes in the same section announced.

The Philadelphia Times announces that the Democratic National Campaign Committee will print and circulate the admirable letter of Senator David Davis as a campaign document. This is a high compliment to Senator Davis, and it comes from a high source.

Two railroad horrors within twenty-four hours. The one in England caused the death of many besides wounding others. The telegraphing of an excursion train from Atlantic City resulted in one killed and forty wounded.

The most distressing scenes followed. It is hard, it seems, to determine which is the more dangerous, railroading or boating.

Herbert Spencer defines life to be "the definite combination of heterogeneous changes, both simultaneous and successive, in correspondence with external coexistences and sequences."

A fellow is bound to be bad off with all that matter with his running gear. Maybe Herbert was only describing his own harness. Mend up H. S. and take courage.

Cyrus W. Field brands the report that he had left a bequest of \$20,000, or any sum of money to General Gordon, of Georgia, on condition that he would carry the Georgia delegation for Judge Field "as infamously false in every respect and in all its parts."

We suppose that no one who knew Gen. Gordon's character ever credited the slander for one moment.

made in that State. He is reported in the N. Y. Herald as saying:

"If we win in October it means a rousing victory in November, and should we lose by a close vote I think with Hancock as our candidate the State is safe in November. Both parties fully appreciate the fight, and each is watching the other. While the Republicans have a slight advantage over us, it is the Presidential year, in my opinion, that is more than offset by the enthusiasm and harmony which prevail in our ranks, and the divisions and confusion which exist in theirs. Why, sir, two years ago we only lost the State by 3,000 plurality, and then our positions were exactly reversed. We had all the quarrel in our Congressional districts, and they had none. They had the laugh on us; now we have it on them."

THE STATE CAMPAIGN.

Jarvis and Buxton had a joint discussion at Smithfield on the 11th, with the same disastrous result to the latter.

Major Bledsoe spoke at Flint Ridge yesterday, to an audience of about two hundred negroes. Not a white man could be seen.

Hancock and Jarvis Clubs have been formed at Oxford, Henderson, Kittrell, Fishing Creek, Brassfield, Tally Ho and Sasfras Fork—all in the county of Granville.

Township; Gastonia, Gastonia Township; and Cherryville, Cherryville Township.

Raleigh Observer: According to our count, the corrected census returns of North Carolina foot up 1,407,710 against 1,071,981 in 1870. Mrs. Harper Whitaker died this morning, at half-past 2 o'clock, of typhoid fever.

THE DRUGGISTS IN COUNCIL.

The State Pharmaceutical Convention in session at Raleigh is largely attended. We notice among the members Messrs. W. H. Green, J. C. Munds and J. D. Munds, of this city.

Mayor Manly delivered an address of welcome to the convention. Dr. Eugene Grissom then, on behalf of the druggists and the medical profession of Raleigh, extended a welcome.

The following resolution, introduced by Mr. Meadows, was adopted: Resolved, That this convention form an association, to be known as the North Carolina Pharmaceutical Association.

The election for permanent officers was then held, resulting as follows: President—E. M. Nadal. First Vice President—S. J. Hinsdale.

Second Vice President—William Simpson. Third Vice President—E. H. Meadows. Secretary—T. C. Smith.

Treasurer—J. S. Pesoud. A resolution was adopted that no druggist or pharmacist shall be allowed to become a member of this Association by proxy after this session, but must be present in person and sign the constitution and by-laws.

The following were chosen to compose the Executive Committee for the ensuing year: W. H. Green, A. W. Rowland, William Simpson, F. Gallagher, W. C. Porter and J. R. Young.

An invitation was read from the druggists of New Bern, inviting the Association to meet there next year, which was accepted. The time for holding the next Convention was left to be decided by the Executive Committee.

Seventy-nine members signed the constitution and by-laws.

Spirits Turpentine.

The Concord Sun has enlarged its borders, and it now throws out more light than ever.

Oxford Torchlight: Oxford is to have a string and brass band. Henderson is to have a new Protestant Methodist church.

An old negro man named Smith at New Bern had a leg broken and was otherwise injured by a brick wall falling upon him, as we learn from the Record.

Capt. Alexander, appointed Commissioner of Agriculture, declines the honor. Glad to know there is one man in North Carolina who does not want an office.

A correspondent at Lumberton informs us that Robeson county will present the name of Col. W. F. French to the Judicial Convention of the 4th District, with Mr. B. Fuller as second choice.

Col. W. H. Harrison, formerly Mayor of Raleigh, died on the 11th inst, in his 54th year. He was a native of Raleigh and served in the Mexican war and was a captain in the Confederate army.

Greenboro Patriot: A negro man employed on the railroad trains on the Atlantic coast, had his leg broken from a cart yesterday afternoon, and had his leg so badly fractured that it was necessary to have it amputated.

George Averett and Wm. R. Averett, brothers and most worthy citizens of Granville, died respectively 27 and 30 years ago, having been born on the 11th of the month of the year during the year, the Torchlight says.

Raleigh News: Henry M. McDonald, a Raleigh boy, left yesterday morning for Galveston, Texas, to conduct business in that city for an extensive firm of New York. Texas is full of North Carolinians and they are all doing well.

Raleigh Visitor: Mayor Manly, in behalf of the city, welcomed the druggists and extended the hospitalities of the city to them. Dr. Eugene Grissom, in behalf of the physicians of the city, extended them a hearty welcome. The chemists replied to these addresses.

New Bern Record: Gov. Jarvis stated in his speech at Trenton, Thursday last, that he was anxious to get the Atlantic & North Carolina Railroad out of politics, and would be even willing to give it away in order to do so.

Payetteville Banner: We learn that a dead man with a grape vine laid about his neck was discovered hanging in Cape Fear river, near Little Sugar Land, on Sunday last. No further particulars.

Frank Oarver, of 71st Township, carries off the palm for the largest watermelon brought to this market this season—weight 47 lbs.—Typhoid fever is raging to an alarming extent in Cabarrus county. Whole families are dying with it. This fever is also very prevalent in the town of Durham, Orange county.

Charlotte Press: Tom Mills and Jeff Springs, both negroes, were arrested on yesterday charged with the barn-burning of last night. They were taken to the stables one mile from this city.

The Raleigh and Lenoir Companies, with a large number of their friends, forming an excursion party of seven coaches, arrived at 7 o'clock last evening. They were welcomed by our home colored company, the Neptunes, and a large part of them attended

the dances at three different halls last night and seemed to enjoy themselves.

Daily Weather Bulletin.

The following will show the state of the thermometer, at the stations named, at 3.00 P. M. yesterday, Washington mean time, and also the amount of rainfall in inches for the twenty-four hours ending at 3 P. M., as furnished by Sergeant James W. Watson, Signal Officer at this Station:

Table with columns: Locality, Temp., R. F., Weather. Includes Atlanta, Augusta, Charleston, etc.

The following are the indications for the South Atlantic States to-day:

Partly cloudy weather, occasional rains, westerly winds, stationary or higher temperature and barometer.

The Grand Reconciliation Meeting. The General Committee having in charge the Democratic ratification meeting to be held in this city on the 24th inst., met at the City Hall yesterday afternoon.

Arrangements have been made by the Committee with all the railroads centering at this place, for special rates to visitors. Two cents per mile each way, or four cents per mile for the round trip will be charged.

The steambaths will also convey persons who may wish to attend for one fare the round trip.

A general invitation is extended to all Democrats throughout the District and State to attend, and it is expected that many will be present.

Death of a Stranger. A man who gave his name as James Watson, and who has been about here for some time, mending old clocks, etc., was taken very sick at a house on the wharf Wednesday night. He was subsequently removed to the boarding house of Mr. Edward Bryson, where he soon afterwards died.

Charged with Larceny. Harriet Smith, colored, was arrested yesterday on the charge of entering the room of Mr. Frank Reeman, on Wednesday night, while he was asleep, and stealing a coat, pair of pants and vest, together with six dollars in money, the property of Mr. Reeman. Defendant was ordered to give bond in the sum of \$50 for her appearance before Justice Gardner to-day, at 12 o'clock, in default of which she was committed to jail.

The testimony in the case of Stephen Richardson, charged with murder, closed Wednesday night, and yesterday morning, upon the assembling of Court, at 10 o'clock, Mr. John D. Bellamy, Jr., made the opening argument for the defence, confining his remarks principally to the legal aspects of the case, and quoting from various authorities to sustain his views, which had for their aim the reduction of the crime to manslaughter.

Mr. Bellamy was followed by Mr. F. M. Fremont, in his maiden effort at the bar, and in which he acquitted himself very creditably and very handsomely.

Mr. E. S. Mastie next made a very earnest and somewhat lengthy appeal in behalf of his client, and was followed by Mr. W. B. McKoy, who made the closing speech for the defence.

Solicitor Moore then closed in a lengthy argument for the State, and his Honor, Judge Meares, followed with his charge to the jury, which occupied about one hour in its delivery. At about 6 P. M. the case was adjourned to the jury.

At 11 o'clock last night it was understood at the court house that the jury had agreed upon a verdict, but as it was past the hour at which the Judge said he should be notified (10.30 o'clock) it could not be announced until this morning, upon the assembling of court.

Quick Payment. Mr. Adolph Bear, a member of Cornelius Harnett Council No. 381, Royal Arcanum in this city, died on the evening of the 14th of July last. The proof of his death was sent forward by the Council on the 27th July, and yesterday Mr. J. H. Boatwright, Treasurer of the Council, received a check for \$3,000 to pay his benefit. The beneficiary is, we believe, on the Sound, and as soon as she reaches the city the amount will be paid over.

The above speaks well for the promptness of the Order in paying its liabilities.

County Medical Association. At the regular monthly meeting of the New Hanover County Medical Association, held on the 9th inst., the annual election of officers resulted as follows: President—Dr. W. L. Love. Vice President—Dr. F. W. Potter. Secretary and Treasurer—Dr. W. H. Bellamy.

Postponed. The excursion which was to have taken place down the river yesterday, under the management of the Methodists of Front Street Church, was postponed on account of the rain until Wednesday next, the 18th inst. Further notice will be given.

A young mother must have some rest. But how is this to be accomplished when the Baby is restless and cries constantly? Simply by using Dr. Bull's Baby Syrup.

NO GOOD PREACHING.—No man can do a job of work, preach a good sermon, try a law suit, buy a patient, or have any article when he feels miserable and dull, with aching brain and unsteady nerves, and none should make the attempt unless he has first taken Dr. Williams' Pink Pills, which is cheaply removed by a Little Hop Bitters. See and obtain a copy at once.
