The Republicans kept on bawling for Hancock's letter to Sherman. It would be instructive to know how many of them published it after they had an opportunity. There was never before such a boomerang.

There are 12,000 dentists in the United States. They use \$500,000 worth of gold annually, besides \$100,000 of cheaper material. The number of false teeth now in use is estimated by Dr. Patrick at 30 .-

The Rads are circulating Carl Schurz's epeech in German and English. Let the Democrats get out an edition of his speech in 1872, when he arraigned the Republican party so ably and vigorously for its deep and irremediable corruption. It will be a full off-set, and will silence the officeholder's latest effort to deceive.

Here is the latest digest of the New York market contained in a letter of the 11th inst: "The dry goods commission houses report a fair business to-day, with a better feeling in the trade generally. Nashua R brown sheetings are advanced cent. Prints in fair request. Ginghams brisk and dress goods in steady demand. Men's wear woollens sluggish. Foreign fabrics in light demand but steady."

The citizens of Okolona, Miss., held a meeting and passed resolutions highly complimentary (?) of W. H. Kernan, the fellow who used to pour out his idiotic ravings through the columns of the States newspaper, published there. We give Resolution 1: "Resolved, 1. That 'Will H. Kernan' is known only to us as a getter-up of sensalional articles, the mendacious character of which was not relieved by a gleam of common sense—a notorious liar, coward and drunkard—a man of the material out of which tramps and moral lepers are manu-

THE STATE CAMPAIGN.

We are requested to state that Gen. Cox and Col. Kenan will speak at Upchurch's farm, in Franklin county, on the 28th inst. - Raleigh Visitor. Dr. J. M. Worth, W. P. Wood, J.

T. Crecker and R. W. Frazier addressed the Hancock and Jarvis Club here last Monday night.-Asheboro Courier.

In Alexander county James B. Pool has been nominated for the llouse. In Wilkes R. A. Spainbour and Alfred Warren for the House all Democrats.

Referring to the speaking at Kinston, the Journal says: The result of the speaking was decidedly in the Governor's favor, and gathered under the Democratic banner a few of the sensible floaters spoken of in last week's Journal.

The Hancock and Jarvis club met in the Town Hall on Tuesday evening, the 10th inst., and was ably and eloquently addressed by Col. W J. Green. Mr. C. C. Lyon, of Bladen, was called on, but excused himself. Mr. Kingsbury was called out and made a few pointed remarks.-Fayetteville Examiner. In answer to an inquiry we state it was not Mr. K. of Wilmington, referred to

above. - STAR. Balloting began after supper, with the following vote: Wm. M. Robbins, 71 votes; R. F. Armfield, 67 votes; Robbins, therefore, lacked only 1 of a vote more to nominate him. It was a tantalizing position for him; a"close shave for Armfield. Cyrus B. Watson being named, with cheers, ran up to the top rail, but couldn't get quite over. Then Mr. Clement, of Davie, was started, with the same luck. On the 7th ballot, the Rowan men consulted a long time, then decided the struggle by turning to Armfield. Surry, Davie and others followed: the nomination was made unanimous -Farmer & Mechanic.

Spirits Turpentine.

- Pittsboro Record: The streams all over the county have been very high, and have greatly demaged the crops in many places.

- The Warren News credits our table of population of towns to the Raleigh Observer. But one paper that copied it gave the STAR the credit for it.

- Mr. E. J. Hale is a native of Randolph, the Raleigh News says, and was born October 26, 1803. Moore, in his history, says he was born in Moore county.

- Raleigh News: Capt. Denson, the Secretary of the Agricultural Society, has received a letter from a trainer now at Saratoga, saying that he would bring six runners to our next fair.

- The Kinston Journal, we are glad to see authoritatively announced, has s weekly circulation of over 1,400. This is remarkable success, for the paper is less than two years old. It is well edited and that probably is the secret of the success.

- Statesville American: Last Saturday evening, while three colored men were bunting about six miles from town, near the Jonesville road, one of them, Alex. Morrison, was accidentally shot and killed. The names of the party were Alex. Morrison, deceased, Wash Stevenson and Henry

- Lenoir Topic: Last week convicts at work on the Western North Carolina Reilroad, while unloading a car at Icard, stole therefrom a box of confectioneries, with which they at once began to stuff themselves and their pockets. They were soon discovered, and part of the stolen goods recovered.

- A thief was locked in a store at Jonestown. The proprietor saw him in the small hours, and heard him scratch a match. It was too much, so the boss samosed that ranche and the thief also made tracks, but in an opposite direction. Moral: Do not lock up your store before you are sure that all v.sitors have departed. We get the item from the Greensboro Patriot.

- Winston Sentinel: The Baptist State Convention and the North Carolina Press Association will hold their respective sessions in Wiuston next year. - Winston has realized \$114 thus far from the dog tax. — Durham's population in 1880, 2,003; in 1870, 200; an increase of Winston's population in 1880, 3,482;

in 1870, 443; an increase of 3,039. - Favetteville Examiner: We earn from Mr. Walter Watson, who has been on a tour through the wheat fields of the surrounding country with his threshing machine, that the yield of wheat in this section has not been equal to the expectations of the farmers. A greater area was planted than last year, but the average yield per acre is from 25 to 40 per cent. less.

- Rockingham Bee: Clinton circuit (Methodist) has had a gracious meetng at McGee church. The Rev. S. Sandford, pastor, reports thirteen accessions. - The Rev. J. Wilbur Randle, of the North Carolina Conference, and of Whiteville circuit, has been relieved from active work in the ministry until Conference, on account of feeble health. - Information from south of Rockingham-fine cotton crops, but fears of injury by too much rain are entertained. — There was an altercation here last week, 6th, with serious results, but we forbear mentioning names, or making comments. It is now hoped that it will have a better ending than was

at first supposed. - Salem Press : On Saturday afternoon two colored women indulged in a fight, and of course were arrested and locked up. Several negro men objected to the arrest, and used threats against the officers, and went so far as to warrant the use of the club on the party by one of the officers. This incensed the darkies, quite a crowd of whom had collected by this time, estimated by some at 100, and threatened o maul the officers and release the women. They chased one of the officers, and threataned him so he vamoused. The ex became intense, and the streets were soon full of citizens. The military appeared under arms, which, with the persussions of the Mayor and others, gradually restored

- Charlotte Observer : Intelligence was received in the city yesterday of the death in Newberry, S. C., of Mr. Sidney Redding, for many years a resident of Charlotte. - Fine peaches were selling in the city yesterday afternoon at 40 cents per bushel. And yet they said we would have no fruit this year. — It is estimated that between fifty and seventy-five miners and others interested in mining property have visited Charlotte within the past six months. — The assurance from Col.
Andrews that the Western North Carolina Andrews that the Western North Carolina Rallroad is to be speedily constructed is backed up by his visit along the line of the road. The liquidation of the floating debt of the road is a knocked down argument.

Moore and L. L. Greene, appointed guagers.

— Rev. Dr. A. Ranson, of the Associate Reformed Presbyterian Church, died at his home, near Huntersville, day before yesterday. He has been in feeble health for some time, and his death was accordingly not unexpected. — The colored man who was assaulted in Lincoln county night before last, has, as was anticipated, since died of the isjuries inflicted upon him. The account of the affair given yesterday is correct with the exception that the names were reversed. The name of the deceased was Roark, while his alleged assailant is Morris. Morris is in jail awaiting the preliminary trial which is expected to come off to-day.

The Condemned Man. Stephen Richardson, the condemned man has had very little to say since his sentence was passed upon him. The jailor says he declared, soon after being remanded to jail that he would not eat until he had made his peace with his Maker, but he has partaken of his meals with the usual regularity since. None of the ministers have yet visited him; but one-the Rev. J. G. Fry, of St. Stephen's A. M. E. church-has signified his intention of calling upon him to-morrow, and it is thought probable that some of them may visit him toaday. The shortness of the time intervening before his execution seems to worry him. He has nothing to say about the awful crime for which he is to suffer. It has not yet been definitely decided whether the execution will be in public or private.

Mayor's Court.

Delaware Moore, the colored individual alluded to in our last as making an unsuccessful attempt to escape from the officer who arrested him, was arraigned on the charge of drunkenness and disorderly conordered him to pay a fine of \$50 or go below for thirty days.

In the case of Joseph Martin, a colored youth, charged with disorderly conduct on the streets, judgment was suspended. One case was continued over and another

was disposed of without a formal trial.

The Crop Prespects. We were informed yesterday by a gentleman who has traveled somewhat exten sively in the part of Bladen county adjoining Robeson, and also in Shoe Heel, Lumberton and other sections of the latter county, that he found the cotton very little damaged, if any, by the late rains, while the corn, rice and potato crops do not appear to have been injured at all. The crops altogether, he says, are very fine and prom-

ising in the sections he visited.

Death from a Fall. Solomon Morton, a well known colored drayman of this city, was engaged in skylarking with another drayman on Wednesday of last week, during which they both fell to the ground, Morton being at the bottom, and it was afterwards found that he had received injuries to his breast by the fall, which gradually grew more serious and painful, until finally, on Friday evening last, they culminated in his death.

The Masonic funeral services over the deceased P. G. M., P. W. Fanning, posts poned from last week in consequence of the inclement weather, takes place to-day, and for this purpose St. John's Lodge No. 1, of which he was a member and Past Master. and all Masons in good standing in the city are requested to meet at St. John's Hall, on Market street, this (Sunday) afternoon, at 3 o'clock.

Mortuary.

There were two interments in Oakdale Cemetery during the week closing yesterday; one adult and one child.

Bellevue Cemetery reports one interment-a drowned man-for the week. Pine Forest (colored) Cemetery reports two adults and two children for the week.

The Wilmiagton Garden Clab. The Wilmington Garden Club, by request, announce that they will give their first picnic for the season on Tuesday evening next, commencing at 8 o'clock. The Committee consists of Mesers. C. F. Von Kampen, A. Hullen, J. G. Oldenbuttel, W.

- Intelligence has reached this city of the extreme illness, at Beaufort, N. C., of Mrs. King, mother of the late Dr. J. Francis King, Dr. Edward King and Mrs. T. Page Ricaud, of this city. We regret to learn that very little hope is entertained of her recovery.

- A fine horse belonging to Mr. G. J. Boney inflicted serious injuries upon himself at his stables Friday night by cutting himself across the breast with the tin sheathing on the feed box. It was thought at first that some miscreant had maliciously inflicted the injury.

Magistrates' Court. Henry King, colored, was arraigned before Justice Gardner, yesterday afternoon, on the charge of committing assault and battery on the person of Daniel Workman, white. Defendant was found guilty and ordered to pay one penny and the costs. Lucretia Mosely was before Justice Millis, on the affidavit of Ellen Bordeaux, also

colored, on the charge of wilful trespass.

What was the Matter?

A fine milch cow, the property of a gentleman of this city, which had been fed milked and turned out last Thursday morning, returned at an earlier hour than usual that afternoon with her body badly swollen, and although everything possible was done for her relief she died soon afterwards. It is thought she must have eaten something poisonous. Her owner considered her very valuable and would probably have refused \$100 for her. A post mortem examination failed to reveal the cause of her death. Owners of cattle will do well to be on the alert.

August Regatta-The Yacht Lizzie Triumphant.

The regular August regatta of the Carolina Yacht Club was sailed over the usual course at Wrightsville Sound on Friday last. The wind, which was from eastward, continued light throughout the race. The following yachts participated:

Restless, commanded by Capt. S. P. Cowan.

Flirt, commanded by Capt. Robt. H.

McKoy. Lizzie, commanded by Capt. Walter F.

Ripple, commanded by Capt. Norwood

Each yacht had a fine start, directing its course to the Mott's channel buoy before the wind, in the following time and

Flirt...... 2 32 37 Lizzie...... 2 32 40

Soon after gaining the Banks channel on the first stretch to the inlet buoy, the Restless lost her lead and assumed the fourth position. On rounding the buoy opposite the Club wharf on last course towards the inlet, the yacht Flist, which was handsomely leading the fleet, seemed to attempt to round the buoy with topsail set, and in doing so went into stays, the yacht Lizzie in the meantime rounding the buoy ahead

of her, and taking the lead. The Lizzie attempted to lower her topsail immediately after rounding said buoy, but before succeeding, the topmast gave away and topmast and topsail falling far out upon the water, were cut loose and aban-
