

OUTLINE.

The Democrats of Georgia Fourth have nominated Judge Hugh Buchanan. Two brothers named Debes were killed near Cochran, Georgia, by a negro named John Brown, acting in self-defense; they attacked him in his cabin when he shot them. The cause of the yellow fever outbreak on the U. S. Steamer Portsmouth has been discovered. The affairs at Cabul are dangerous; some of the American troops are disaffected. The Khan of Ekabul reports that some of the troops have mutinied; they are said to be several thousand strong. An attempt to assassinate King Theban has been made. The English House of Commons had an all night session over the vote of supply; no result reached. The election of the officers of the Grand Chapter, Royal Arch Masons, took place at Detroit, Mich. Long Island had a cyclone Wednesday; many buildings destroyed and crops damaged. At Hartford, Conn., yesterday, the trotting horse St. Julien made a mile in 2 1/4. The cholera is raging at Peshawar; the withdrawal of troops from Cabul by the British is deprecated in India as impolitic. The National Board of Ocean Navigation meets at Norfolk on Wednesday. A mutiny at Cabul among some of the Asiatic troops is reported. In answer to the note of the Powers Turkey says she cannot consent to an act of self-mutilation. The squadron ordered for a demonstration against Turkey has been sent to the Adriatic. The Porte announces that Dulcigno will be immediately surrendered; but the inhabitants threaten to burn the town. Jesse Grant is to be married next month. New York market: Money 2 3/8 per cent; cotton steady at 19 1/8; southern flour dull and declining; common to fair extra \$4 75; good to choice \$5 60; wheat heavy and about 1/2 lower with a moderate export and speculative trade; ungraded red \$2 11; corn a shade easier and moderately active, ungraded 50 1/2; spirits turpentine higher at 32 1/2; kerosene at \$1 60.

Mr. Tilden is credited with having contributed very liberally to the Democratic campaign fund in Ohio. Parole, Falsetto, Papoose and other of Lorillard's stud he had in England, have been brought back to this country. It is thought that Gen. Thomas H. Ruger will succeed the late Gen. Myer "Old Probabilities" as head of the Signal Service. According to Mr. Blaine all of the names in Maine have been counted and the Radicals will have a majority of precisely 7,500. Thank you. There is said to be complaint that the Democratic Committee in Washington is not working as hard as the Republicans. A more vigorous campaign is demanded. The re-nomination of Hon. J. Randolph Tucker for the House from the Sixth Virginia District is a deserved tribute of confidence to one of the ablest and most honorable of the Southern band. Judge John G. Campbell, delegate from Arizona, has been in California. He says Hancock is as certain of that State as he is of either Missouri or Kentucky. There is the greatest enthusiasm for the grand soldier-statesman. The Richmond Dispatch says, in reply to our inquiry as to the real authorship of the line, "Though lost to sight to memory dear."

"There where you've got us." We don't think the man is living who can answer your question.

The Star is under obligations to Hon. William H. Barnum, Chairman of the National Democratic Committee, for a copy of "The Campaign Text Book," just issued by the committee. It is a large volume of nearly 550 pages, and is brimful of matter specially adapted to canvassers and editors. It is capitally done, and is good reading for all Democrats. All who can should buy a copy. Price, one dollar.

The cooler line prevails at Saratoga. There it much talk there over the action of a saloon keeper named Ainsworth, who would not allow two young negroes to occupy places where the whites are entertained. Ainsworth received a black eye in endeavoring to expel them. Ainsworth says that he had kept a hotel, and knows how to do such things, and that he has never allowed colored people to be served in his parlors.

Keep the ball in motion. The good work has begun in the Cape Fear section. An example was set in our late grand demonstration that other sections might copy with profit. The fires are burning brightly and must be kept burning. The most important work is to be done in the next forty days. We have a proposition to make. Wilmington must have another rousing meeting before the October elections. We suggest that Col. D. K. McKee and Judge Fowle be requested to address the people of this section at the same stand on third street on the night of September 28th. What do you say? Let us take the necessary steps now. The people generally regretted that Judge Fowle was unable to be here at our late meeting and they are anxious to hear him in this campaign. Numbers of intelligent gentlemen have said to us that they desired specially to hear Col. McKee, and we speak that we do know and testify to that we have heard, when we say that he is one of the best stumpers in all Southland, where speaking prevails and where there are many men of oratorical gifts.

The Republican campaign fund in New York is reported insufficient. So many rich Republicans are in Europe that the fund is smaller than the demand. When the visitors return it is hoped that the necessary cash will be in hand. The New York correspondent of the Philadelphia Ledger writes:

"The appeals from the Southern Republicans continue very urgent, but I am told that it is not possible to respond to them to any appreciable extent. The impression seems to be that anyhow it would be an investment which would make but poor returns. Ohio, Indiana, Vermont, Connecticut and New Jersey are liberally dealt with, a good many thousands of dollars having already been spent in providing these States with documents, speakers, etc. The Democratic National Committee is also disbursing liberally through its sub-committees, and one in authority there this forenoon, 'no confidence are the moneyed men of the party that General Hancock is going to be next President, that we can draw on them at sight for whatever may be needed to push the campaign to a successful conclusion.'"

Here is the latest in regard to the rumored new census to be taken in South Carolina. We copy from the Washington letter of the 25th in the Baltimore Sun:

"Gen. Walker, Chief of the Census Bureau, said today that there was no authority for the published statement that he had decided to order a new census in South Carolina. Not all the returns have yet been received from that State, and his certainly had no intention of acting on mere newspaper statements. When all the returns are received and examined he can tell whether any necessity existed for ordering a new census. A misunderstanding prevailed in regard to the pay of the enumerators in the districts where a new census may be ordered. The statement that the first set of enumerators will not receive pay for their services Gen. Walker says is not correct."

Ex-Governor James E. English was at Saratoga Springs, little thinking of a nomination for the gubernatorial Chair of Connecticut, when he received a special announcing the fact. He replied, declining the honor. We are glad to learn that he has been prevailed upon to accept. He went to New York, where he met a delegation of two hundred gentlemen of his State. He was accompanied by them to his home. He is an able man, and his nomination was as good as could have been made, possibly.

THE STATE CAMPAIGN.

In Martin county Maj. Latham, Capt. Respass and General W. P. Roberts spoke.

Col. Kenan speaks in Johnston county on Monday, and at Mebaneville on Sept. 11th.

Col. J. B. Zolliecoffer and M. W. Kansom, Jr., Esq., will speak here on Saturday next. — Weldon News.

The Baltimore Sun repeats the statement that Judge Russell of this city will support Hancock and English.

Dr. Worth, Col. Kenan, Mr. Ball, carpet-bagger, and Col. Winston, Radical-Greenbacker, spoke at Greensboro on the 24th.

Mr. J. P. Dever, of Transylvania, was nominated for the Senate at the Convention comprising that county, Henderson and Haywood.

Capt. W. S. Harris, of Franklin, has been nominated by the Democrats of the Senatorial district composed of Franklin, Wilson and Nash.

Col. Kenan will speak at Archer Lodge, Johnston county, Monday, August 30th. — Gov. Brogden spoke at Tarboro on last Saturday.

It is stated upon the authority of Col. Winston that exactly 15 negroes have joined his Greenback party in this State. Col. W. is very greatly encouraged at the flattering prospects

of carrying the State. — Charlotte Observer.

The Raleigh and Gaston Railroad will on Saturday sell special tickets to Henderson for one fare for the round trip. This is done to give our people an opportunity to hear Gov. Jarvis speak at that place. — Raleigh Observer.

C. W. Grandy was nominated for Congress by the Republicans of the First District. John Respass is Presidential Elector. For the State Senate, S. J. Halstead, of Pasquotank county, and George H. Mitchell, of Hertford, were nominated.

Capt. W. H. Day gave Capt. Burton "finger blue" the other day at Weldon. Now don't do that, or the Captain will quit the campaign altogether and devote himself entirely to helping Ike Young and Tom Cooper in their still-house prayer meetings.

We met Gov. Jarvis at Wilmington yesterday, and he informed us that he expected to visit Chatham and speak here some time in the latter part of September. He was in fine spirits and confident of beating Buxton by not less than twenty thousand majority. — Pittsboro Record.

Martin county Democrats met in convention last Saturday, and nominated Mr. John M. Sherrif for the House of Representatives. The two gentlemen whom the Democrats of Wilkes have nominated and will elect to represent that county in the next House of Representatives are Messrs. Alfred Warren and R. A. Spainhour. — Raleigh News.

Spirits Turpentine.

Raleigh Observer: Mr. Dortch is said to be in very excellent spirits over the prospects of building the Western N. C. Railroad.

Raleigh Visitor: The North Carolina Railroad will issue tickets from here to Baltimore and return via Greensboro, for only \$8. No one can complain at these rates.

Raleigh Observer: Judge Dilworth, of the Supreme Court, was called home suddenly yesterday afternoon by a telegram. — Chapel Hill letter: Every train is now swarming our numbers, and the faculty are confident of a large school. South Carolina already has four representatives and others are expected."

Raleigh News: Gov. Jarvis yesterday issued his commission to Col. H. T. Bennett as Judge of the Fourth Judicial District, to fill the vacancy occasioned by the resignation of Judge R. P. Buxton. Judge Bennett will take possession of his circuit on September 6th in the Eighth District, holding his first court in Catawba county.

Weldon News: We are pained to announce the death of Romulus O. Hawkins, Esq., of Scotland Neck, which took place at his home in the city of Raleigh, N. C. Mr. Hawkins was in the 80th year of his age. The colored camp meeting is still in progress, though there have been few in attendance. They have three services a day, and the singing is led by the Jubilee Gospel Singers. The grounds are well fixed up and very comfortable, being lighted at night with numerous lamps hung from trees.

Pittsboro Record: We learn that on Saturday last a little son of Charles Subbanks, living near this place, was severely kicked on the head by a mule. It was at first thought that his injuries might prove fatal, but at last accounts the boy was rapidly improving. — Saturday last was the close of a series of interesting revival meetings, which have been held for week or ten days at Rock Spring Church, about two miles from this place. Rev. Messrs. G. P. and R. A. Moore conducted the meetings, which resulted in fifteen confessions and eleven accessions to the church.

Charlotte Observer: Yesterday morning at 4 o'clock the saw mill of Messrs. Hunter & McWhirter, in Mallard Creek township, was entirely destroyed by fire and with it a small lot of lumber. A dispatch was received here yesterday announcing the death of Capt. T. Colt, a well known citizen of Charlotte, which occurred in Raleigh yesterday morning.

Rev. E. A. Wingard has returned to his charge, to the gratification of the whole congregation, who united in giving him a unanimous call. He will preach at St. Mark's Lutheran Church Sunday, as usual.

Fayetteville Examiner: The 87th anniversary of the Fayetteville Independent Light Infantry Company was duly celebrated on the 23d inst. The Company assembled at their armory in 9 o'clock A. M., and proceeded to the election of the following officers: Major, A. A. McKethan, Jr.; 1st Captain, R. B. Luterloh; 2d do. J. A. McLaulchin; 3d do. Wm. P. Campbell; 4th do. T. W. Broadway. They were then joined by the La Fayette Light Infantry, their guests, and the two companies, under command of Col. A. H. Worth, marched to Robinson's Spring and engaged in target practice—Crestmore rules. The Independents won.

A correspondent writes to the Statesville American concerning the battle of King's Mountain: "A soldier on the American side noticed a good deal of excretion done in a particular spot in his line, and from a particular place on the other side. On close inspection he discovered that the thing on the British side was from behind a hollow chestnut tree, and through a hole in it. He aimed his gun repeatedly at this opening and stopped the firing. After the battle was over he examined the place and discovered that he had killed one of his brothers and wounded another, who had joined the British forces and had concealed themselves behind the tree."

New Berne Nut Shell: Last night at 8 o'clock, Mrs. Mary A. Follman, aged 43 years, wife of our townsman, was taken suddenly ill and died in two hours. — Suddenly, on Tuesday morning, August 26th, 1880, at 8 o'clock, Messrs. G. G. and M. C. W. of Greensboro, N. C., were taken ill of cholera and died 37 years ago.

Several months ago John Mayo, of the irascible colored auctioneer of Hubbard's Row, whom everybody knew as "Old Horrold," conspired with a certain "John" to make a fortune out of the "gold" had quite a lot for making money, and had gathered together quite a number of his of this world's goods, and had converted them into "cash," and having forewarned his friends of the "golden land," after arriving in Liberia John put all his

to work and did all that he could to make an honest living but found that he was going down hill all the time, and on yesterday we again saw John's smiling face on our streets. He says "Old North Carolina is all rot and now he knows on which side his bread is buttered."

THE CITY.

Local Notes.

— Nothing doing in magisterial circles yesterday.

— No cases for the Mayor's Court yesterday morning.

— The Wilmington Compress Company commenced operations yesterday.

— The oppressive heat of the previous week was followed yesterday morning by a pleasant change.

— A colored woman named Caroline Pearson died at the Poor House yesterday morning of consumption.

— The circus posters adorned the walls and bulletin boards yesterday and attracted a good deal of attention.

— The circus is to show on Princess, between Twelfth and Fourteenth streets, which location will be a great improvement on Camp Lamb.

— We saw a man yesterday about sixty years old who says he never attended a circus or entered a theatre, although he has lived in town all his life.

— The large and commodious stand on Third street, erected for use at the late ratification meeting, is to be left standing during the campaign.

— We had the pleasure of a call yesterday from Mr. J. H. Hellyburton, of the Morganton Blade, who, with his bride, has been on a visit to Smithville.

— Our venerable Clerk of the Market, Mr. L. M. Williams, says if he lives to cast his next vote it will be fifty-ninth, and he never voted anything else but the Democratic ticket.

— It looks as if the prospect for fishing at the rocks at New Inlet will be rather slim hereafter, as a small party went down yesterday prepared to "clean out things" down there, not even sparing the marsh hons.

— Mr. Walter H. Smaw leaves this morning for New York, where he is secured a good situation. He is accompanied by his sister; his brother, Mr. F. D. Smaw, formerly a resident of this city, having already established himself there.

— We learn that Maj. John W. Durham, who was in very delicate health when he left here for the Western part of the State, has greatly improved, having gained ten pounds in flesh. This will be good news to his friends.

Blossoming for the Penitentiary.

Two small colored boys, named James E. Middleton and Robert Stevenson, met a little colored girl on the streets yesterday, found that she had twenty-five cents in money in her possession, which her mother had placed in her hands to make a purchase, and threw her down and took it away from her. The two boys were subsequently arrested and committed to the Sheriff, under a bond of \$50 each, to await a hearing before Justice McQuigg at 5 o'clock yesterday afternoon. In the meantime, however, after consulting competent legal authority, the magistrate determined to release them, in consequence of their youth, provided the parents of the children would guarantee that they should receive just such chastisement as they deserved, or, upon their failure to sanction this requirement, to turn them over to the Mayor for trial, under the ordinance of the city provided for cases of disorderly conduct. It was held by the Justice, and very properly too, that although the children were under the legal age to put on trial for highway robbery or assault and battery, it would not do to turn them loose without any punishment at all, as in such case the moral effect would be very bad.

Appreciated It.

A friend just returned from Raleigh informs us that in a conversation with Gov. Jarvis, upon his return to Raleigh after the great ratification meeting here, he (the Governor) pronounced the demonstration of Tuesday night the greatest ever witnessed in North Carolina, and in regard to the torch lights, he remarked that they were the brightest he ever saw in a procession before, and the most of them. The Governor is now firmly convinced there is "life in the old land yet."

Reported Misunderstanding.

There was a report on the streets yesterday to the effect that the candidates for Congress from this district, Messrs. Shackelford and Canaday, had a personal misunderstanding at Pollotter's Mills, Carteret county, yesterday, during the political discussion there, which came very near resulting in blows.

A good report from New Orleans. G. A. Pickett says: "My habit has been positive all my life. I have used a great many remedies, but never found any that could compare with Tutin's Pills. I believe they will cure any case of chronic constipation. Knowing them to be compounded on scientific principles, I commend them to all who are troubled with this dreadful affliction."

Buffalo Lithia Water.

For Affections of the NERVOUS SYSTEM, BRONCHITIS, DYSPEPSIA, THE KIDNEYS, GOUTY DIATHESIS, AND NERVOUS DYSPEPSIA.

LETTER OF DR. W. A. HAMMOND, Surgeon General U. S. Army (retired), Professor of Diseases of the Mind and Nervous System in the University of New York, etc.

43 West 66th St., New York, June 8, 1880.

I have for some time made use of the Buffalo Lithia Water in cases of affections of the NERVOUS SYSTEM, complicated with A BRONCHITIS, DYSPEPSIA OF THE KIDNEYS, or with a GOUTY DIATHESIS. The results have been eminently satisfactory. Lithia has for many years been a favorite remedy with me in like cases, but the Buffalo Water certainly acts better than any extemporaneous solution of the Lithia Salt—and it moreover, better borne by the stomach. I also often prescribe it in those cases of CEREBRAL HYPERTENSIUM, resulting from over mental work, in which the condition called NERVOUS DYSPEPSIA exists, and generally with marked benefit.

W. M. A. HAMMOND, M. D.

THOMAS F. GOODRICH, Proprietor, 174 1/2 State St., Buffalo Lithia Springs, Va.

**Another Supply** OF ELECTRIC HAIR BRUSHES JUST RECEIVED. Also, a full assortment of Patent Medicines. The best I can get in the city, for sale at **J. H. HARRISON'S** Apothecary, New Market. an 25
