Hayes, after consulting with Gen. Walker, head of the census bureau, and a Union soldier and Republican, is fully satisfied that there has been no census frauds in South Carolina. One more gun spiked.

Tanners divorced wife is said to be trying to prove that he did not fast but was sustained by a highly nutritious tea. How a man could become a skeleton and come near dying under such uncommonly good nutrition is to be explained.

Col. W. E. Cameron, one of Mahone's main supporters, says there will be no compromise of State matters in Virginia, but "Hancock would receive one way or another the electoral vote" of that State. In union there is strength; in divisions there is defeat. If Indiana should be captured by the enemy can we afford to lose Virginia?

In all of the Southern States except North Carolina and Alabama a majority of the census supervisors are Republicans. There are eleven States in which the Republicans have a majority or an equal number. Think of that when you hear of frauds in the census. There has been no charge in the organs of false returns in the two States where the Democrats have a majority of the supervisors.

The Democratic mass meeting at Seven Springs has been fixed for Saturday, September 25th. Fab. H. Busbee and John F. Wooten, Esqs., have already notified us that they will be present to address the people, and Capt. Octavius Coke, the efficient chairman of the State Executive Committee, and other distinguished speakers have been invited, and we hope will attend. — *Goldboro Messenger*.

He commenced with No. 10, in this county, the day that Dowd was to be at Big Lick, in Stanly, and he had arranged to follow in his track throughout Stanly and Montgomery counties. The Major eulogized him in that tribune by getting Major Montgomery, one of the best speakers in North Carolina, to fill his appointments, and then followed the redoubtable, so-called "Aunt Nancy", and with Col. Paul B. Means, treed him at Bethel on Tuesday. — *Concord Register*.

On August 28th, a Democratic meeting was held at French's Creek, Bladen county. A Hancock, Jarvis and Shackelford flag was raised on an eighty foot pole. A club had been formed on the 14th of August. A vote of thanks for the pole was given

The Democrats of the whole land have a deep interest in Indiana. The Radicals are moving heaven and earth, and if it be possible to carry the election by fraud and bribery it will be done. The purpose of their party to carry that State has been announced, and thus forewarned the Democrats should prevent it. A hundred of the best speakers from other Northern States should make speeches in that State. Every honest effort possible should be made to prevent the party of spoils and fraud from cheating the country again. The following from the Washington letter to the *Baltimore Sun* of the 29th is important:

"It seems that Senator Conkling has authorized a member of the National Republican Committee to state that he will make four speeches in Indiana and three in Ohio. Gen. Grant, it is said, will preside at the first meeting, the West at which Senator Conkling speaks. It is not given out authoritatively that the National Committee will send no money to the South, and that no Republican speakers will go there under their auspices. The cry of a 'solid South' is the only stock in trade which they have left, and it is quite natural that they do not wish to part with it. Mr. Blaine, after the election in Maine, will stump the West, going as far as California. Gen. Garfield has informed the National Committee that he considers it vitally important to carry Indiana in October, and, beginning in a few days, the committee will pour all their available cash into that State, and flood it from end to end with their best speakers."

The lie about census frauds in the South was started by the rascally organs that approved of the theft of Louisiana and Florida in 1876. It was a mere partisan slander started for the meanest possible motives. Thus far there has been no sort of evidence to justify for a moment the base accusation. So far from this there is reason, as the *Star* said weeks ago, for believing that the South has a larger population than that reported. We have no doubt of it. The *Baltimore Sun's* correspondent writes from Washington:

"The Democratic State Committee of Florida have called the attention of the Supervisor of that State to allegations, supported on good evidence, that the population of Marion county has been returned at nearly 5,000 less than it ought to have been. The Supervisor has forwarded the documents to the Census Bureau, and he has been instructed to make a proper inquiry."

THE STATE CAMPAIGN.

Mr. Paul B. Means has been nominated for the House in Cabarrus.

It is said Nat Atkinson has been hired to abuse Gov. Jarvis. He is a candidate for Congress against Bob Vance. — *Salisbury Watchman*.

Colonel Winston, Radical Greenbacker, spoke at King's Mountain, and was replied to by Capt. W. T. R. Bell in a very effective way, according to a correspondent of the *Raleigh News*.

The refusal of Buxton and Bladens to divide time with the Democrats here on Friday last showed very conclusively that they did not wish to do the clean thing. — Capt. J. J. Davis and B. B. Massenburg made speeches before the Hancock-Jarvis Club meeting on Monday night. — *Louisburg Times*.

Special from Greensboro to the *Raleigh Observer*: Governor Jarvis, on his arrival here to-day, was unexpectedly met by the people of the place of both sexes on a mass. He was introduced by Mr. Mendenhall. At 8 o'clock he is speaking, and being cheered enthusiastically. Fabius H. Busbee, Esq., is also speaking.

Henry R. Bryan, Esq., Democratic candidate for Elector in this District, and Clement Manly, sub-electoral for this county, will address the people to-day at Swift Creek. Mr. Bryan will also speak at Russell's, in this county, on Thursday, September 2d, and at Trenton, Jones county, on Monday, September 6th. — *New Berne Record*.

The Democratic mass meeting at Seven Springs has been fixed for Saturday, September 25th. Fab. H. Busbee and John F. Wooten, Esqs., have already notified us that they will be present to address the people, and Capt. Octavius Coke, the efficient chairman of the State Executive Committee, and other distinguished speakers have been invited, and we hope will attend. — *Goldboro Messenger*.

to Mr. Noah Barnhill. Every Democrat in the township is a member of the club, and several colored voters have joined. Mr. N. A. Stedman, Jr., was enthusiastically called for and he responded in a most effective and happy speech. Our correspondent says who gives the above facts, adds: "He is a man of whom Bladen may well be proud. If the Radical canvassers who pass through Bladen will divide time with him they will find in him a 'foeman worthy of their steel.' Bladen is awake and will give a push altogether to free herself of Radical domination."

Spirits Turpentine.

Shelby *Aurora*: There is a revival in the turpentine business in this county.

Twenty-one North Carolinians called on Gen. Hancock the other day at one time.

The *Salem Press*, now in its 28th year, has been much enlarged and improved typographically.

Why call a candidate "Hon." just because he is a candidate? He might be honest, then, rather than would be the "Hon." Stop the foolishness.

Raleigh *Visitor*: Major J. W. Moore returned from a trip to the eastern portion of the State Saturday night, and says the crops are the finest they have ever had.

Through no fault of our own extract from Raleigh *Observer* and two from Charlotte *Observer* in yesterday's paper were not properly credited. We aim "to tell fair."

Mr. Walter A. Montgomery, a Warrenton lawyer of talents, replied to Capt. Buxton at that place. The *Star* may be getting the advantage very decidedly, and that paper is apt to be fair in its reports.

Warrenton *Gazette*: Theories do very well, but facts and figures are better, and we will avail ourselves of our most able contemporary, the *Wilmington Star*, to show how extravagant and corrupt the Radicals were when they controlled our State.

Mr. W. T. Boyd has sold the Warren *News* to two young men, Messrs. Henry A. Boyd and Tasker Polk. Mr. Boyd has made a faithful editor. He returns to Virginia. We welcome his successors to the craft and give them our best wishes.

Salem *Press*: The new factory building of the "Means Press" is being steadily forward. The walls are above ground, and from all appearances it will be one of the largest factories in the State. When in operation it will materially aid in living up business in our town.

Salisbury *Watchman*: Miss Ina MacCall gave two entertainments at Maroney's Hall last week, Friday and Saturday evening. She is a lady of very decided talent as a reader, which joined to a person of fine appearance, made her offering a treat of unusual acceptability.

Monroe *Express*: Our clever young townsmen, Mr. R. P. Davis, has found time from his arduous duties as a commissioner of the law, to invent a press which, we think, must certainly come into very general demand, if it does not entirely supersede other presses in use.

Statesville *Landmark*: A merchant came to Statesville a few days ago from within seventy-five miles of Atlanta, Ga., and bought a bill of \$2,000 worth of goods from Wallace Brown. He said that parts of the county come reports of excellent crops. Cotton, corn and tobacco never looked better. We learn from Alexander, too, that the corn is looking splendidly.

Hickory *Carolinian*: Harris Kidder was with a girl, and Henry Williams passed him and struck him; this led to some little disturbance when the negro Henry out at Kidder's throat with a razor. Kidder threw up his arm to ward off the lick when he was cut just below the elbow, the two muscles on the inside being almost completely severed, causing death in a few hours. — Our last Saturday evening a drunken row occurred in Ashe county, two and a half miles from Bethel Baptist Church, in which one man was killed outright and another fatally wounded. John McGinnis was shot through the heart, and Miles McGuire was shot through the right lung. The physicians think it impossible for the latter to recover.

Mt. Airy *Times*: On last Thursday there occurred the most terrific hail storm ever known in Surry county. The storm occurred about 2 o'clock, and in less than an hour fully \$20,000 damage had been done. The hail extended about twelve or thirteen miles east and west, and was about two miles wide. In that scope of country there is hardly a tobacco plant, or a stalk of corn that is not seriously injured if not entirely ruined. Window lights were broken, and in a great many places shade trees were so completely stripped of their foliage as to forcibly remind one of the late Autumn. Fruit was badly injured. The *Salem Press* says the storm extended at least 40 miles through portions of Stokes to the upper edge of Rockingham county.

THE CITY.

Magistrate's Court. Eliza Jenkins, white, was arraigned before Justice Gardner on a peace warrant sworn out by Kate Overton. The evidence sustained the warrant, in the opinion of the Magistrate, and the defendant was ordered to pay the costs and give a bond in the sum of \$50 to keep the peace for six months.

Nancy Agnis was arraigned before Justice Mills, on the affidavit of Eliza Jones, charged with assault and battery. Judgment suspended on the payment of costs.

Unmailed Letters. The following is the unmailed matter remaining in the city postoffice up to this date: Sargent Filoe, Fort Henry, Va.; J. T. Collins, Burgaw, N. C.

A good nurse is a blessing to every family, and all sensible nurses recommend that innocent but efficient remedy for all the pains and ills that befall a baby.—Dr. Bull's Baby Syrup. Price 25 cents.

Local News.

No cases for the Mayor's Court yesterday morning.

New for September mallets and sweet potatoes; likewise oysters, as this month has got as "it" in it.

It was quite warm yesterday, but the thermometer in this office only reached 83 degrees.

Eggs sold as high as 30 cents per dozen in this market yesterday, and were very scarce at that.

Our Fifth Street Methodist friends have their excursion down the river to-day. The *Passport* will leave her wharf promptly at 9 o'clock.

Another Young Men's Democratic Club was organized Monday night, to be composed of young men 17 years of age and upwards.

While a Greenback meeting was in progress in Brooklyn Monday night, which was being addressed by C. H. Strode, a small colored boy was badly burned by being thrown into the midst of one of the bonfires.

SEVERE AND HAZARDOUS.

Schooner *Edith M. Barker*, cleared at Boston on the 28th inst., for this port.

Capt. Small, of the abandoned brig *Fred. B. Rice*, alluded to in yesterday's issue, arrived here on the steamer *Douglas* yesterday afternoon, accompanied by his crew. He says the leak was first discovered at a very early hour Sunday morning, when about sixty miles east of the lightship.

The pumps were put to work, but the water gained gradually in the hold until it reached about seven feet, when it commenced coming in with a rush and the vessel soon filled, as much as fourteen feet being soon afterwards reported. In the meantime both masts had been cut away in the effort to relieve the ship. She was abandoned about noon on Sunday, and the men, who all disembarked in one boat, rowed all Sunday afternoon and night, and all Monday until about 6 P. M., when they reached Smithville. The loss is very heavy upon Capt. Small, who had left a fine berth as captain of the British brig *Stude* and invested all his means in the *Fred. B. Rice*, which was owned jointly by himself and Mr. E. G. Barker.

At last accounts the wreck was reported as having drifted ashore about two miles south of Sleep Point.

The following are the indications for the South Atlantic States to-day: Higher barometer, winds mostly east to south, stationary or higher temperature, partly cloudy weather, and possibly occasional rains.

Stephen Richardson and his Approaching Doom.

The will of Stephen Richardson, who is to be executed on Friday next, having been drawn up by one of his late counsel, in accordance with his request, was taken to him Monday for his signature. He still seems resigned to his fate, and satisfied as to his spiritual condition. In fact, a party who had occasion to visit the jail yesterday on business, and had a few moments' conversation with him, said he was one of the happiest men, to all appearances, that he had seen in a long time. The gallows was being erected yesterday, under the superintendence of Mr. B. D. Morrill, and a doorway was also being cut in the back part of the jail, leading directly to the gallows, so that persons on the adjacent streets will not even catch a glimpse of the condemned man as he is conducted to the place of execution. Only those who be admitted to the execution who hold tickets from the Sheriff, and the limited number (thirty-six) have already been supplied.

Harbor Master's Report. From Capt. Walter Conroy, Acting Harbor Master, we have the following report of the arrival of vessels at this port, &c., for the month of August:

AMERICAN.	
Steamers	4-3,880
Brigs	8-889
Schooners	11-2,564
Total	18 6,788 tons.

FOREIGN.	
Barques	5-1,283
Brigs	2-470
Schooners	1-90
Grand Totals	26 9,265 tons.

Another Railroad Combination. Under this head the *Atlanta Constitution* of Sunday says: "Rumors are rife upon the streets that the Richmond & Danville Railroad and the Atlantic Coast Line have combined together, with A. Pope as General Passenger Agent, and Sol. Hess as General Freight Agent of the new line. While it is credited in part in some circles, no definite information could be obtained yesterday in the matter."

COLUMBIA COUNTY.

The citizens of Fair Bluff Township met in Convention at Cerro Gordo on Saturday last and organized by calling Mr. H. D. Williamson to the chair and Mr. J. J. Burkin to act as Secretary. Five delegates were elected to the Senatorial Convention to be held at Whiteville on the 4th inst., and ten to the County Convention to be held at Whiteville on the 11th inst., as follows: Senatorial—B. Smith, H. D. Williamson, W. H. Vann, E. D. Meares, and Everett Stricklin. County—B. T. Borkin, M. D. Godwin, E. D. Egan, D. T. Stricklin, C. J. Godwin, T. W. Bardin, R. A. Anderson, L. J. Yates, A. Nance, J. J. Burkin, N. L. Williamson, Dr. T. D. McPhall and others then addressed the meeting, after which it was unanimously voted that the delegates support as a unit in each Convention the names of V. D. Richardson for the Senate and N. L. Williamson for the House of Representatives.

The Republican Rally.

The Republican pow-wow last night presented no remarkable features, unless it was more noisy than usual. Considering the voting strength of the Republican party, hereabouts the "turn-out" was small. There were about fifty hundred men and boys in line, carrying torches, and many of them wearing uniform caps and capes of which they seemed very vain. There were no whites in the procession.

The speaking took place from the portico of the City Hall. One Stricker, colored, led off, and was followed by ex-Judge ("Greasy Sam") Watts. The other "distinguished" orators expected failed to appear. The speakers evidently failed to interest the crowd; they were listened to patiently for a while, but the gang soon grew disorderly, and finally marched off about ten o'clock for a grand "walk around" in Brooklyn.
