Dr. Tanner is for Garfield. It is well he knows how to fast, for Garfield "pap" will be scarce after the nones of November.

One hundred and two degrees in the coolest places (refrigerators) in Richmond a day or two since. Four duels will grow out of this. Here we could only perspire at 90 degrees.

Somebody has been writing a book on that Radical scamp, Rev. L. S. Kalloch. It is entitled "The Evil Life of, &c." A worse man does not live in California, and he deserved hanging long ago.

Baltimore dispatched fifty-five steamers in August, all of which carried wheat. The September business promises to be heavier even. During August New York shipped 13,000,000 bushels of grain, requiring 325 vessels, 146 of which were steam-

General Gordon made a very elaborate speech at Augusta on the 27th ult., in defence of Gov. Colquitt. The Savannah News, in its enthusiasm, refers to it as "a great speech by a great man." On the other hand, Gen. A. R. Lawton made "a ringing speech" at Macon, in which he went for the Governor with gloves off.

Mr. Benton was also expelled from the University of North Carolina. We learn from an old Chapel Hillian that when he had become famous, the Philanthropic Society restored him to membership and voted him a diploma which was sent to him. He wrote back that he tore the sheepskin up, threw it into a spit box and then spat upon it in contempt. We have heard that he wrote some "cuss words" also. That was the only stain of the kind that ever rested upon

The Greenbackers of this District are showing some activity. They are claiming considerable strength in New Hanover. Some of the leaders, we learn, are claiming as much as 700 votes for this county. Time will show how many of the 700 they will get. Every vote given for Kornegay will be one vote given to Canaday. The Radical Greenbackers will vote to a man for Canaday. Kornegay can only draw votes from the Democrats. What the Greenbackers can hope to gain by helping Radicals would puzzle an Old Bailey lawyer for six months. The Democratic speakers should give this Greenbackso-called-movement some attention in this District.

indeed. Things are cool in North Carolina compared with what they are in Indiana and Ohio. The following from the Washington special. to the Baltimore Sun of the 5th tells

"A prominent Eastern Democrat, just returned from the West, furnishes some information in reference to the politics of that section. In Wisconsin the Greenback organization, which for three or four years has been so powerful an element, has almost died out, and the contest will be a square stand-up fight between the Democrats and Republicans. There is some talk of ex-Senator Howe running as the Republican candidate for the House from the Sixth District. In Illinois the contest all over the State is very lively, but it is in Ohio and Indiana that the excitement is at fever heat. There were undoubtedly some heart-burnings, produced from various causes, among several of the prominent Democrats in Indiana, and some dissatisfaction with the soft-money record of Landers, the Democratic candidate for Governor. But all this has been put out of sight, and there is an earnest determination to keep Indiana to her moorings. From now until the day of the election both Indiana and Ohio will be canvassed as no States have ever been canvassed before. As to Indiana, it is claimed that there can be no such word as fail in the Democratic lexicon, and the most sanguine hopes are entertained of the result in Ohio."

Let North Carolina learn a lesson ust here. Work is the thing. There is not half the canvassing that ought to be.

The Chicago Inter-Ocean is after Senator Vance, but as is usual with such sheets, the motives and sentiments of the distinguished Senator are misrepresented and perverted. As a specimen lie we quote the fol-

"He was a rebel during the war, of the very worst description, and way down in the bottom of his heart there lives the hope of a sometime when the lost cause shall triumph. In a speech the other day, he could be expected if Hancock was elected, and his opinion is the same as that expressed by Toombs, that 'the South will run the machine."

THE STATE CAMPAIGN.

The campaign in the First District opened on Monday at Currituck

Court House. Gov. Jarvis and Gen. Barringer, we hear, had a joint discussion at Winston on Saturday. No particuars to hand. - Charlotte Press.

Craven Democrats have nominated the following ticket: For the Senate, John S. Long; Representatives, Johnson H. Bryan and Wm. P.

Capt. Natt. Atkinson requests us to say that he will speak at Marshal next Tuesday, when he will divide time with any other candidate for Congressional honors. Come up, gentlemen, and "jine" the Captain .-Asheville News.

We learn from undonbted authorty that Mr. C. S. Winston, of Person county, is an independent candidate for the House of Representatives of the State Legislature, and that he supports Hancock and English for the Presidency. - Milton Chronicle.

The Democrats of Davidson county have nominated Mr. Lewis C. Hanes for the Senate and the Republicans of the same county have nominated for the same office Col. Lewis Hanes, now editor of the Statesville American, who accepts. - Statesville Land-

We regret that clippings from both Raleigh News and Observer in yesterday's paper were not properly credited. Such failures annoy us greatly. We do not desire to avail ourselves of any man's labor and skill without proper acknowledgement. When it occurs in the STAR it is an omission that is unintentional.

Tuesday Major Dowd, our candidate for Congress, addressed a large crowd, and was followed by Mr. Linney, of Alexander. Senator Vance was expected to be there, but on some account he could not come till next day. Wednesday Vance spoke to a good crowd, though not so large as on the previous day .- Hickory

Hon. W. T. Dortch has consented to address the people of the Nahunta section at Fremont, Saturday the 28th inst., and at Mount Olive, Thursday the 23d inst., touching the politi-cal issues of the day. Mr. Dortch will also address the people of Wayne county on Tuesday of Superior Court week, and other appointments will be made for Wayne and Duplin .-Goldsboro Messenger.

A little paper, not bigger than a sun-flower, published at Mt. Airy, calls upon the Democrats in Surry county to bolt the Congressional nomination and vote for Robbins. The object is too plain to deceive anybody. A little fellow, not bigger than the paper mentioned, by the name of Brower, is at the bottom of it. Brower is conceited and fool enough to believe he can be elected

to Congress. - Winston Leader. "Aunt Nancy" Barringer caught it in good style last Monday at Bethel, in this county. She had notified the faithful by means of her private circulars that she would address them on that day. At the appointed hour, Barringer, in company with Post-master Jenkins, of Charlotte, arrived on the spot and were surprised to see conferred a great blessing upon thousands a large crowd waiting them, and of suffering females."

The campaign in the West is hot | were grieved to see Maj. Dowd and Col. Means on the grounds. The General lead off and was replied to by Maj. Dowd, then Jenkins spoke and Col. Means replied to him. "Aunt Nancy" fared very badly, and Jenkins lost even his pin feathers. Jenkins admitted that he was an officer in the Holden-Kirk war and Barringer declared that he honored Jenkins for the part he took in it, and admitted that he (Barringer) approved of that infamous war. - Concord Sun.

We learn that yesterday a committee of Clarendon Council, No. 67, of the above Order, called on and paid over to the beneficiary of Mr. George Myers the benefit due on his life. When it is remembered that Mr. Myers died on the 24th of August last, and that the money was received by the Council on the 6th of September, it will be seen that the Order meets its obligations with promptitude and dispatch. the circus which shows here on Thursday: "Yesterday morning the grand street usual-we confess we did not examine it closely, and some features may have escaped our attention, but it seemed to us to contain about the same number of animals usually seen in such institutions. The circus, however, was, in all candor, the very best we have ever seen; every act presented in the ring was new in some of its features, and most of them were entirely new. The first regular feature was Sam Watson's pad act. He accomplished two new feats. One was turning a somersault on horseback through the big hoop held on the side of the ring and a little one held in his own hand at the same time; the other was turning through a crate of wicker work as long as he was high. Then, after some very beautiful balancing work by the Japa (an entirely new thing,) Miss Katie Stokes came out for her bareback act. It is hard to describe this young lady's riding. It is daring and graceful, and all that, but the manner in which she does it all makes it

The Best in the Business,

Under this head the Raleigh News of Saturday has the following in reference to

pageant of Coup's circus passed up the street headed by the band-chariot, in which was seated a really; elegant; band, and as its sweet strains floated on the air people who had before hesitated felt the half-dollar kick the beam, and resolved to go it anyhow. At 1 o'clock the doors were opened, and at about that time 2,000 people made a rush for the entrance. The crowd still increased until fully 6,000 people were snugly accommodated under the vast canvas roof. The menagerie is about as very much more. Then came the tumbling and Japs, a very fine trapeze act and some other things we don't know enough about to write about, and then Miss Emma Stokes appeared on a thorough-bred mare for her manage act. This is one of the finest; to our eyes, with the exception of Nettie's jumping, the very finest feature of the show. Miss Stokes sat her side-saddle as "semiincorporate with the brave beast." In the
