OUTLINES.

Missouri Democrats in the Eighth District have nominated D. C. Allen. Missouri Democrats in Third District have nominated M. M. Colburn.

The news in Washington from Maine caused great excitement all around. The Democrats fired one hundred guns, and threw out an immense flag bearing the inscription, "The first gun—Maine."

There are ten yellow fever patients at the New York Yellow Fever Hospital, and all are likely to recover.

Gov. Williams, Dem., beat Harrison, Rep., in Indiana, in 1876, for governor, 5,184. The Democrats hope to do better than that in October.

It is estimated that the tobacco crop of York, Lancaster, Berks, Chester and Lebanon counties, Pennsylvania, will fetch \$6,000,000 this year.

There is a fair, square election in the North the prospects now are that Hancock will get a majority.

The New York Times is now engaged in abusing Gen. Wade Hampton as a great political fraud and hypocrite.

THE MORNING STAR.

VOL. XXVI.—NO. 153. WILMINGTON, N. C., FRIDAY, SEPTEMBER 17, 1880. WHOLE NO. 4,085

The news in Washington from Maine caused great excitement all around. The Democrats fired one hundred guns, and threw out an immense flag bearing the inscription, "The first gun—Maine."

Perhaps the condition of sentiment among the members of the two parties here over the result of the Maine election is best expressed by the remark of a veteran and eccentric Republican. He said: "Every Republican looks as if he had unexpectedly lost his mother, and every Democrat as if he had lost his mother-in-law."

Attorney General Devens hurried to Massachusetts to help save that State, and Everts is to follow. The special says: "Hon. Wm. H. English telegraphs here to-night that the result in Maine removes every doubt as to the vote of Indiana next month, and John G. Thompson telegraphs the same as to Ohio."

Senator Kernan, of New York, is trustworthy because he is careful in observation and statement. He gives a cheering account of the prospects in his State. He says: "In the central part of the State of New York, where I have recently been, the effect of the union of the New York Democracy upon the State ticket and Congressmen and members of the Assembly, as well as the Presidential Electors, is already very great."

Kolonel Korneyg having kaved, it is currently reported that the karpicious and kaptivating Kolonel Koonoo, of Onslow county, calculates on becoming a candidate for Kongress. K. K. K.

P. S.—Kolonel Korneyg kame, and after konsulting with the kurrency kommittee konkluded to kontinue his knavvass as a kandidate for Kongress. We fear this will kause Kolonel Koonoo to kollaps. Oh! krael Korneyg!

Just in proportion as the Radical chances become more desperate does their purpose to win at any cost become intensified. They are beginning again to talk about cheating the people of New York, Connecticut and New Jersey by calling the Legislatures together and appointing the electors. In this way they can be made all Radicals. Such a game would be apt to injure them in other States. They will do anything to win.

Some of the wealthy men of New York offered to give \$250,000 to the Democratic campaign fund if Gen. Hancock would allow them to name the Secretary of the Treasury. The General informed them that "he could not entertain this proposition," and that "if elected to the Presidency he must go to Washington wholly unpledged." But can this story be true? The answer is just what Hancock would have given.

District will be held at Goldboro on the 18th. Last Saturday was a day of much interest to the people of Mebaneville and surrounding country. Gen. Seales, Dr. Worth and Col. Kennan addressed between two hundred and three hundred people at this place on that day.

The Republican county convention on Monday nominated R. W. Wynne for the Senate; Stewart Ellison, colored, W. R. Perry, J. Eaton Bledsoe and J. N. Bunting for the House.

The doctor has had ten thousand copies of an address to his friends printed for distribution throughout his district. We have not seen it, but understand that he claims to be the real candidate of the "Old Line Democracy," *simon pure & simple*.

Charlotte Press: Some forty or fifty Freshmen have passed through Davidson College.

There is another boom in the spirits turpentine market. It advanced two cents on the gallon yesterday.

Every member of the Young America Hancock, Jarvis and Shackelford Club is requested to be present at the City Hall this evening, at 7 o'clock, with torch.

Our citizens should feel a pride in our cemeteries, especially "Oakdale," which is regarded as one of the handsomest south of Baltimore, and yet very few visitors to our city, we opine, are ever informed of this lovely spot or urged to take a look at it.

The Republican County Convention to nominate candidates for the Legislature, Sheriff, Register of Deeds, Coroner, etc., and to elect delegates to the Senatorial Convention at Rocky Point to-morrow, meets at the Court House in this city this morning, at 10 o'clock.

Hickory Carolinian: Henry Williams, the negro who fatally cut Harrison Kider, also colored, at this place on Saturday night, the 21st of August, from which wound he died on the following Wednesday, was tried at Newton last Friday and Saturday, found guilty and sentenced by Judge Bennett to be hanged on Friday, the 23d of October.

The following will show the state of the thermometer, at the stations named, at 3:00 P. M. yesterday, Washington mean time, and also the amount of rainfall in inches for the twenty-four hours ending at 3 P. M., as furnished by Sergeant James W. Watson, Signal Officer at this Station:

Table with columns: Station, Temp., Wind, Weather. Includes Atlanta, Augusta, Charleston, Charlotte, etc.

The following are the indications for the South Atlantic States to-day: Partly cloudy weather, light rains in Florida, winds generally from southeast to southwest, nearly stationary temperature and barometer.

The Regatta Wednesday. The third and last regular regatta of the Carolina Yacht Club for the present season was sailed over the Wrightsville course on Wednesday afternoon.

Major J. C. Winder, General Superintendent of the Raleigh & Gaston and Raleigh & Augusta Air Lines; Sol Has, Esq., General Freight Agent of the recently consolidated freight routes, viz. the Piedmont Air Line and the Atlantic Coast Line; Captain E. G. Ghio, Superintendent of Transportation on the Seaboard & Roanoke Railroad, and J. H. Cardwell, Esq., Assistant General Freight Agent of the C. C. & A. Railroad, were in this city yesterday.

Developments in our city recently, to say nothing of the warnings they have received from past experience, should incite our business men, whose callings require them to be absent from home the most of their time, to give positive instructions to their families not to deliver money, clothing or any other property to persons who may assert or pretend that they have been sent for the same by the head of the family, unless such messenger shall be furnished with a written order for the articles desired, or a person well known to be trustworthy; and even where the messenger is armed with an order, caution should be exercised, as thieves would not hesitate to add the crime of forgery to that of larceny in order to secure the coveted plunder.

This evening our citizens, and visitors who may be present, will be treated to a speech on the political issues of the day from our distinguished fellow-citizen, Col. D. K. McKee, at the stand on Third street, near Dock, erected just previous to the late ratification meeting.

Francis Moore, colored, was arraigned before Justice McQuigg, yesterday, on a warrant sworn out by Tamer Gardner, colored, charged with assault and battery, and also a peace warrant sworn out by the same complainant.

Col. McKee at Whiteville. It should be borne in mind that, by invitation of the Democratic Executive Committee of Columbus County, Col. D. K. McKee will address the people of that county, at Whiteville, on Monday next, the 20th inst. A big turnout is expected, and a rich political treat anticipated.
