### OUTLINES.

The New Orleans Democrat publishes still later reports as to the condition of the cotton crop in Louisiana, Alabama and other States ; the reports show a reduction on the yield of last year. - The Montenegrins will advance on Dulcigno; the foreign consuls have withdrawn. - Archbishop Guibert has published two letters protesting against the French religious decrees - Union Veterans will meet at Indianapolis, Ind., October 7th. - Six white and four colored convicts were publicly whipped at New Castle, Del., yesterday. - Revealed religion in its relation to science was discussed in the Pan-Presbyterian Council at Philadelphia yesterday; papers were read by Prof. Wood, of Edinburg, and Dr. McCosh, of Princeton College - Colquitt's probable majority in 104 counties in Georgia is estimated at 30,-000 - The murder trial at Weldon, N. C., was adjourned to Monday after argument. - The combined fleet at Dulcigno will commence hostilities at once. - New York markets : Money 2@3 per cent; cotton firm at 111@111 cents; south. ern flour dull and unchanged; wheatwhite scarcely firm, other kinds so firm, ungraded red 95c@\$1 06; corn a shade easier, with a moderate business; ungraded 501@511c; spirits turpentine higher and firm at 40c; rosin firm at \$1 50@1 55.

There are 3,500 practicing physicians in New York.

Daring the month of August 50,-508 foreign immigrants arrived in the United States.

The New York Herald says that Weaver has been "subsidized by the looks as if Kurnel Kornegay had been utilized by the Radicals.

The Greenbackers and Democrats in Kansas are discussing the advan tages of a fusion and it is thought they will fuse. In this District the Greenbackers and Radicals have fused, and now they have two canvassers in the field -to wit, Kurnel Kornegay and Kollector Kanaday.

We regret to see that they are talking of producing "The Passion Play" in New York. It could be tolerated possibly at Ober Ammugan, a retired village in Germany. where the performers were for the most part animated by deep religious feeling; but it would be very shocking to see it put on the boards of an American theatre with such actors as our stage furnishes to personate the Saviour, the Apostles and others. It would be a burlesque run mad and one of the most awful of all tragedies. The American public would not tolerate such an irreverent travesty.

Friday night. There was speaking in a dozen places, and thirty thousand Hancock men were in line. It was grand sight, as described. The Tammany lion and "anti's" lamb laid down together, the Herald says. Among the host of speakers were Senators Bayard, Hill, Kernan, Hampton, Morgan, David Davis, and Whyte, of Maryland; Augustus Belmont, of New York. Representatives S. S. Cox, Singleton, of Illinois, Carlisle, of Kentucky, Hunton, of Virginia, Dickey, of Ohio; ex-Governors Bedle and Randolph of New Jersey, and Dorsheimer, of New York; ex-Representative Waddell, of North Carolina, Speaker Randall, Representative Lane, Gen. Blair, of Kansas. Dr. Messeyer, Dr. Philip Merkle, Jean Weiner and dozens of others.

apolis that Indiana is safe for the Democrats. Very cheering news comes from Virginia. It is believed by those thought to be best informed that Hancock will get her eleven electoral votes. The latest reported in Washington, according to the Baltimore Sun's correspondent, is to this effect:

"The Republicans had little thought of Virginia in their calculations before the Maine election, and now, on the heel of that disheartening result, they have neither Republican endeavor, even under the most Congress from the South that recently Senator Don Cameron earnestly advised making any fight for the electoral vote of the means requisite to pay the capitation tax for the negroes, and otherwise put the demoralized and disbanded Virginia Republican party in fighting shape."

Mahone professes to be confident that his ticket will be carried by at east 15,000 majority.

A large, tall, Hancock and Jarvis flag-pole will be raised at Littleton in a few days by the campaign club of that place. There will be speaking and a large crowd is expected .-

From those who heard Gen. Ransom's speech at Greenville Tuesday, we learn that it was the greatest success in the line ever heard. For two hours, the vast audience was held spell-bound in attention, notwithstanding the extreme heat. Score more votes for Latham. - Tarboro Southerner.

Mr. Fab. H. Busbee did himself much credit at Halifax Court. He met Jo. Martin, now misrepresenting the First District, and young Gus. Moore, who is hankering after Col. Kenan's place and which he will not get by from 10,000 to 20,000 majority. The accounts come to us that Mr. Busbee sustained himself

Judge Fowle addressed the people of Richmond county on the poitical issues of the day in the Courthouse here last Tuesday. The crowd Republicans." Doubtless. And it in attendance was not large. We can only say that it was the most dignified, eloquent and statesmanlike political address that we have listened to since the war. - Rockingham Spirit.

At Panther Branch, in this county. on Thursday, acording to appointment, General Cox and Messrs. Battle, Smedes, Council and Jones addressed a very enthusiastic crowd. A Hancock, Jarvis and Cox club was organized upon the ground, and all present enrolled. Several Republicans who were present gave in their adhesion to the good cause, and the work goes bravely on .- Raleigh News and Observer.

Gen. Cox, the Democratic candidate for Congress in the Fourth District, is creating more enthusiasm than all the other candidates put together. Nash county expects to give him 1,000 majority. -- Wake county is bringing her young men to the front. Two of the Democratic nominees for the House, Messrs. Geo. Smedes and A. D. Jones, are young lawyers, only a few years this side of their majority. - Charlotte Home.

Yesterday Judge Fowle addressed the people at Williams' Hall, in this town. We have not space for more than a passing notice of this fine effort. Judge Fowle sustained well his reputation as an orator. His speech was a blending of philosophy. argument and impassioned pleading for the great principles of republican liberty, which we have never heard surpassed .- Fayettevelle Ex-

Mr. Wm. H. Cox, from near Johnson's Mills, in Pitt, gave us a call on Monday. He says the Greenback element in Pitt will number probably about 300. They will run no Congressman but will vote for a Weaver Elector, Col. Johnson, and will run nearly a full county ticket. - The Democrats are alive in Pamlico county. They will give a larger majority for Hancock and the Democratic party than they have since the county was organized. Hancock and Jarvis flags are floating all over the county, and every one is filled with enthusiasm .- Kinston Journal.

The "Old Plantation Minstrels," composed of young men of Wilmington, announce that they will make their first appearance at the Opera House in this city on Thursday evening next, the 30th inst., in an attractive programme, consisting of sentimental and comic songs, instrumental music, banjo and guitar solos, jigs, negro sketches, exercises on the horizontal bar, etc. The troupe comprises sixteen performers, and they claim that some of the best talent in this city wili be embraced in the performances. There has been a perfect dearin of amusements here so far this season, and we are glad to see our young men stepping forward and endeavoring to enliven things a little. We hope to see them greeted by a full house, more especially as the proceeds of the performance are to be devoted to the benefit of the Oxford Orphan Asylum, one of the noblest and most useful charitable institutions in the

The Military and the King's Moun tain Celebration.

We are officially informed that it is not at all likely that the Wilmington Light Infantry will go to King's Mountain under existing circumstances, and it will be quite a disappointment to the members of the company, who have for some time past been drilling and otherwise preparing themselves for the occasion. Gen. M. P. Taylor is of the opinion that the announcement of Adjutant General Jones, as published in our last, will effectually do away with the proposed military display at the celebration, so far as this State is concerned, which will detract very materially from the interest of the occasion. One of, the most important features of the celebra tion was expected to be the sham battle under the direction of General Joseph E. Johnston, and this feature alone, in all probability would have attracted more people to the celebration than anything else connected with it. Gen. Taylor thinks that, under the circumstances, hardly a single military company from this State will be present, if we may except a few close to the scene of the proposed demon-

WHO IS MRS. She has especially studied the constitution and wants of this effort, and especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup for children teething.
