THE HOUSE AND SENATE. The Senate will be Democratic. Giving the Democrats California, the vote will stand 40 Democrats to 36 Republicans. This places Mahone among the former. If, however, he affiliates with the latter (a not improbable thing), the vote will be 39 to 37. If California should be Radical and Mahone should vote in the same way, then there will be a tie. and Absalom Arthur, the kicked-out. will have the casting vote. The chances are favorable to Democratic control of the Senate. The House will be Radical by from five to ten votes over the Democrats. The Greenbackers will have probably seven members.

Report says Gen. Sherman will go on the retired list and Gen. Sheridan will become Commander-in-

llayes rejoicing in a public speech over the election of Garfield was a scene to behold. Fraud and bribery kissing each other.

The electoral vote appears to stand, Gartield 219, Hancock 150 - majority for Garfield 69. This count gives Caritornia to Garfield.

Junius Brutus Booth, eldest son of the great Booth and brother of Ed w.b. made a hit in Richmond, Va., last week. Like some of the others he has histrion c genius.

George D. Wise, Democratic candidate for the U.S. House in the Richmond District, fanued out his cousin John, Mahone-Readjuster, to the music of 2,368 majority. Cousin John will not be a member of the 47th Congress. George's majority out of Richmond was but 48.

California and Oregon have gone Radical it is said. This makes it 20 States for Garfield and 18 for Hancock. Garfield's majority in New York will be about 18,000. His plurality in Connecticut is 2,331, majority 1,102. Indiana 7,000. Hancock got but two Northern States -New Jersey and Nevada-just enough to elect, with New York.

The making of a Cabinet for Garfield began before he was elected and the manufacturers are still at work. A Washington dispatch to the New York Herald says:

"So far, counting Mr. Ben Harrison for he State Department; Mr. Sherman, Treasury; Mr. Platt, Postoffice; General Lugan, Interior, and James F. Wilson, Attorney General, five of the seven Cabinet places are provided for by the gossips. But there is some expectation here that Mr. Garfield may offer the Secretaryship of War to General Grant. Tre General's friends say that he really did immense service in the canvass; that he ought to be rewarded; that he likes Washington and has a house here; that he could scarcely afford to go abroad on a foreign Mission; that he wants something to do, and that, in short, the War Department ought to be given him. There are others who urge that he ought to have the Department of State and that he would prefer this of all the Cabinet places."

There are many rumors in New York city about illegal votes. The Democratic State Committee has ordered an investigation of the returns. A special to the Philadelphia Times of the 4th says:

"The Democrats are quarreling over whether Kelly sold out Hancock in New York and whether Boss McLaughlin did the same in Brooklyn. New York State's majority decreases with every fresh return from the rural districts, and it will probably be between 16,000 and 20,000. Dugro's majority over Astor for Congress is only 42. At the Tammany Hall general committee meeting to-night the election was freely talked over and it was denied that there was any trading on Tammany's part, but it was admitted that Grace burdened the ticket and lost votes for Hancock. There is a very bitter feeling against John Kelly by all classes of Democrats and the defeat in the State is generally attributed

Can the following be true? We find it in a Radical organ, the Baltimore American, which has a long editorial by the way, addressed to its | 1612, Garfield 1406, Jarvis 1556, Buxton "Southern Friends," not thereby meaning, as you would suppose, the negroes and their white masters, but the late defeated-the old Democratic party. But here is the statement we refer to:

"In Georgia, upon the assembling of the Legislature, it was found that some of the Democratic leaders were in favor of casting the electoral vote of the State for Garfield. Garfield does not need it, and the act, if accomplished, would not affect the result of the election. \* \* \* Perhaps they might all resign or let a new set be appointed or elected by the Legislature, if such a thing were seriously contemplated, but we have no idea that it is. It is, however, a very pregnant circumstance that it should be considered at all. It looks like a divorce between the Southern Democrat and the Northern Copperhead-a divorce of a marriage that has borne no issue but
