

MORNING EDITION.

Entered at the Post Office at Wilmington, N. C., as second class matter.

OUTLINES.

A railroad accident occurred on the Gulf, Colorado and Santa Fe Railroad, Texas, by which twenty-one persons were injured. Ten cow-boys and fifteen Comanches had a fight; seven persons were killed and wounded; the boys were banged and escaped, leaving the wounded behind. By order of Judge Hill, U. S. Court, Warner county (Miss.), the Election Commissioners, and Chairman of the Democratic Executive Committee, have been arrested upon charges relative to the late election. A condemned man in Virginia was married and baptised at Salem. Two hundred and fifty persons were lost in the Oacle Joseph disaster. The Albanians have abandoned their entrenchments. Sir Theodore Martin was elected Rector of St. Andrew's University. Parliament will not be summoned unless some unexpected emergency arises; it will be prorogued further until January. The girls have been very disastrous and a large number of vessels have been lost. The grand jury are still investigating the Morey Chinese letter, at New York. The Secretary of the Navy has ordered the removal of the British steamer Sandringham from the Norfolk Navy Yard. A great storm has occurred on the coast of Scotland. A schooner from Bath, Me., for Fort Royal, S. C., stranded near Cape Hatteras and went to pieces; only one man of the crew was saved. Eight steamers of the Atlantic route are to cruise along the Atlantic coast to assist vessels in distress. Two treaties with China have been signed and will be submitted to Congress as soon as it meets. The Independent Republican Association of New York have presented Gen. Garfield with an address in which certain measures of civil service reform are suggested. New York markets: Money 4@6 per cent; cotton nominal at 12@12½ cts; southern flour firm at \$5 40@7 25; wheat heavy and 2@2½ cents lower, ungraded red \$1 21@1 31; corn a shade lower at 55@61c; spirits turpentine firm at 45@46c; rosin firm at \$1 80@1 85.

The Republican majority in the next House seems to be growing smaller, but they have a majority, probably, which has been secured by force and fraud. They intend to get rid of Democrats if they get control and in the old way. In 1865 they dropped forty-five from the roll at one time. But more of this hereafter. We think it about certain that the Democrats will have the Senate, in spite of all rascally efforts to prevent it.

The recent storms have been very disastrous. A very large number of vessels are known to have been lost. The sinking of the iron screw steamer Oacle Joseph, caused by a collision, with the drowning of two hundred and fifty persons, is a startling and saddening visitation. We suppose many hundreds have gone down into the deep sea and found "watery graves" within the last few days.

The New York preachers on Thanksgiving Day let fly at the proposed "Passion Play." Petitions for signatures were circulated. The people do not mean to be insulted with such a graceless display if they can prevent it. Let all such unseemly exhibitions be kept at Ober-Ammergan.

Does Mr. M. P. Handy's change of base from the Philadelphia Times, Independent, to the Press, vigorous Radical, indicate a change of politics? He edited a few years ago the Richmond (Va.) Enquirer, and made it a capital paper.

Spirits Turpentine.

Charlotte has a private dramatic club. John Young was cut badly in several places by Louis Parks; both Charlotte negroes. John S. Hampton has taken charge of the Raleigh Star. Mr. John S. Ray, the editor, writes.

A colored woman named Emma Johnston, at Charlotte, tried to take her life by an overdose of morphia.

Warsaw Brief Mention: We regret to learn that Nathan Waters, Esq., of Magallowa township, died at his residence on the 19th inst. Mr. Waters had been afflicted for some time.

The Secretary of the North Carolina Agricultural Society has published in the Raleigh News-Observer the award of premiums at the late Fair. He says the premiums will be paid at his office in Raleigh on application.

New Berner Nut Shell: We learn that a horrible fate befell Melissa Willis, a fallen woman in this city, on Monday night. She had been drinking freely and became intoxicated to that degree that she was insensible to cold, as well as the pines of death, and in this condition lay down where she was exposed to the bitter weather and was frozen to death.

The Chatham Record says the importance of one or two votes was illustrated in several instances at the election. At this place the vote for Governor was a tie—each candidate receiving 211 votes. In Guilford county the vote stood 2,251 for Jarvis and 2,248 for Buxton. In Wake county Mr. Smedes was elected to the Legislature by only 17 majority in a vote of nearly 10,000. In Person county each of the two legislative candidates received exactly the same number of votes. In the town of Fayette the constable was elected by one majority.

Winston Leader: The demand for dwellings cannot be supplied in Winston. Messrs. F. & H. Fries are building a three-story brick cotton factory in Salem, opposite the one now occupied by them. The prospect of the building of the Midland Railroad has advanced the price of real estate in Winston.

The Winston Light Infantry netted \$300 at their fair last week. Mr. John Griffith was accidentally shot by Mr. George Lambeth while out hunting on last Friday; some shot struck his face and hands, but will not prove serious.

Goldsboro Messenger: The dwelling-house of Mr. James N. Wood, about two miles from Goldsboro, on the Snow Hill road, was totally destroyed by fire Monday night. The fire was accidental. About \$300 in money, which Mr. Wood had stored away up in the loft of the building, was also burned, and the furniture and other contents, especially those lying east of the Cape Fear river, are peculiarly fitted for the production and growth of the best quality of tobacco. Lands of heavy loam, with good clay sub-stratum, identical with the soil of Granville—what could be better? Why do not our farmers make the experiment? Prof. Ledoux can analyze the soil. Everything considered, the fire was a grand success. The weather was inclement, but the number of persons in attendance was very large, and the articles—while not so numerous—were very creditable and of the best quality. Floral Hall exhibition was very fine, and very full.

Agricultural Hall was meagre in the number of entries, but was especially good—so far as it went. The racing was very good; and, as will be seen by the regular premium list, the Society gave very liberal premiums.

The meeting of the stockholders of the Atlantic & North Carolina Railroad at New Bern did not result in a sale. The following resolution was unanimously adopted: Resolved, That it is the sense of the stockholders of the Atlantic & North Carolina Railroad, in special meeting assembled, that their road should be leased to the Wilmington & Weldon Railroad, or other corporations or individuals, upon such terms as may seem best to the private stockholders and to the State. A resolution expressing preference for the proposition for a lease was also adopted. We give it as we find it in the New Berner Nut Shell: The following was offered by Major John Hughes: Resolved, That with the lights now before us, we desire to express preference for the proposition for a lease of this road to the R. R. Bridges and J. P. Divine for the sum of thirty-three thousand dollars per annum, provided that the Wilmington & Weldon Railroad shall become security for the payment of the rental. A stock vote being called for, the vote resulted—aye 1,024 votes, representing 8,340 shares; nay 389 votes, representing 789 shares.

Raleigh News-Observer: Mr. C. S. Lumsden, who was injured more than a week ago by a train, is now well. We learn that the reason why Gen. Leach's vote is not so large as Mr. Busbee's is that the county of Tyrrell omitted the names of Messrs. Leach and Everett in making up their returns. The colored Grand Lodge of Masons, which meets its sessions in the hall on the fourth floor of the Bagley building, has more than 150 delegates are looked for. And we concur with the STAR. An editor of a daily paper ought to be conversant with a great many subjects before he begins his editorial life, because after he gets into harness his opportunities for acquiring general knowledge are restricted.

Wilson, Granville county, correspondent: Last week seems to have been particularly late to aged females in Brassfield's township, to wit: Mrs. Gideon Perry, aged 70 years, died on the 17th of celtire. Miss Nancy Insko, 78 years of age, fell and fractured her clavicle; death ensued in a few minutes on the 18th. Mrs. Barbara Freddy died instantly from an aneurism, aged 90 years. On the 19th, Mrs. Elva Frieche died in two hours from the bite of a bull dog; aged 87 years. On the same day, Thomas Gray, aged 68 years, was thrown from his buggy and transfixe by a stake near the roadside; death resulted before he was found; and at last accounts, G. Washington Rogers, Granville's lately elected representative, was lying in a tubular chair.

The Sensations of a Morning-Robbery and Suicide. The little town of Mt. Olive, on the Wilmington & Weldon Railroad, was the scene of considerable excitement Thursday morning. First, the early risers discovered that Mr. Robert Kornogay's store had been broken open during the night and plundered to some extent, the object of the thief, however, having evidently been money; but the cash drawer, which was found torn from its fastenings, contained but little of the "needful" and the safe was too much for the thief's capacity.

The next scene on the programme, which was a very melancholy and tragical one, occurred about 9 o'clock. Willie Southall, son of Mr. George Southall, of Magallowa, Duplin county, shot himself in the forehead, dying instantly. He was a machine agent, had just driven into town in his wagon, and had not been there five minutes when he stepped off behind a building to himself and committed the rash act.

Deceased was about 23 years of age and was well known in this city, having been in the employ of Mr. J. W. Zimmerman about two or three years ago.

Death of a Former Wilmingtonian. The Staunton (Va.) Spectator announces the sudden death, on Monday last, at the Virginia Hotel in that place, of Mr. Elisha Shepperson, formerly of this city, where he was well known and much respected, being engaged in the insurance business. At the time of his death, which was caused by heart disease, he was employed as bookkeeper by Messrs. Burke & Bradley, of Staunton. The Spectator says: "He had been rather complaining for several days, but was much better Monday and wrote a letter to a lady in Eastern Virginia, to whom he was soon to have been married; but whilst he boy-carried it to the postoffice he breathed his last. He was a quiet, unobtrusive gentleman, and greatly respected by all who knew him." Mr. Shepperson was about 66 years of age.

The Joint Thanksgiving Services. Considering the very inclement weather, there was a pretty fair attendance at the Lutheran church on the occasion of the joint services on Thanksgiving day. The exercises were opened by the reading of the Introitus and the opening hymn by Rev. Dr. Bernheim, followed by the reading of the 103rd Psalm by Rev. Dr. Yates, and the offering of prayer by Rev. Dr. Wilson. Rev. Dr. Yates then read the second hymn, which was followed by an earnest, impressive sermon from Rev. T. Page Ricard, upon the 2d verse of the 103d Psalm—"Bless the Lord, oh my soul, in his possession, which he was probably taking to a junk shop, was arraigned on suspicion, and ordered locked up to await further developments.

The Wood Famine. The scarcity of firewood in this city continues to be a source of anxiety and is really becoming a very serious matter, as there will necessarily be much suffering among those unable to pay the exorbitant prices now demanded for fuel. Cannot our railroad and steamboat lines come to the rescue of our suffering citizens, and, by furnishing transportation at reasonable rates, induce persons to bring wood to the city for sale?

It disagrees with me. A common remark. If you take Tuft's Pills you can eat anything you like and feel no bad effects. They act specifically on the liver, stomach and bowels, causing a free flow of gastric juice, which is essential to good digestion and regulates the bowels when all other medicine fails.

Arrest and Return of Two of the Escaped Penitentiary Convicts.

Information having been lodged with Justice Gardner to the effect that the notorious Henry Crews and two other convicts, who were among the party who escaped from the guard in Jones county two or three weeks ago, were at a house about four miles from this city, warrants for their arrest were placed in the hands of Officers C. H. Strode, J. W. Whitney, Daniel Howard and J. A. Ashe, who started out on Tuesday afternoon last to endeavor to effect their capture. Arriving at the house in question, which was tenanted by colored people, they found a number of children and one man present, the latter being a stranger to them. The questioned the fellow and he indignantly denied ever having been in the Penitentiary or knowing anything about any escape. Notwithstanding his asseverations, however, it was determined to fasten the "bracelets" upon him as a matter of experiment, which was done, and then one of the party, while the others were looking around to see what else could be discovered, examined his clothing and found indisputable evidence of his identity as an escaped prisoner in the striped penitentiary garb which he wore beneath a plain suit of citizen's clothing. He was thereupon marched to the city and lodged in jail, and it was further ascertained that his name was Jim Borden, and that he belongs in Franklin county.

About 8 o'clock the same evening, at the house of Emeline Croom, mother of Henry Crews, in this city, another of the convicts, was arrested by the same officers, in the person of E. Walker alias E. Barker alias Charles Davis, sentenced for ten years from this county for breaking into the Cape Fear Tobacco Works building, in this city. He, too, was lodged in jail, and Thursday morning they started for Raleigh in charge of Officers Strode and Whitney. Crews kept out of the way of the officers and has probably left the neighborhood.

We have refrained from mentioning the above facts sooner from prudential reasons.

CARD.

The report that Messrs. BATES, REED & COOLEY, of 345 Broadway, New York, had discharged a number of their employees on account of their political principles, is wholly untrue, and not warranted by any act of the firm, they having made no discharges whatever to my knowledge. They have ever extended me courteous and liberal consideration as a Southern man, and I sincerely appreciate their confidence and esteem.

No firm doing a Southern business could afford to assume such an arbitrary position, and no Southern salesman could so far compromise his dignity as so remain in such employ.

W. S. CLINTON,
no 27 14
Representing North Carolina and South Carolina.

Local News.

Cotton receipts yesterday and the day before 1,933 bales. We had the pleasure of a call yesterday morning from President Battle, of the University, who is here on a brief visit.

Judging from the number of horns on the streets Thursday, some of the boys must have mistaken Thanksgiving Day for Christmas.

A branch of the Wilmington Telephone Exchange has been established in "Brooklyn" at the store of Messrs. Stevenson & Co., just north of Fourth street bridge, where messages will be received and sent for a small charge.

Thanksgiving Day in Wilmington was very dreary, gloomy and uncomfortable, and a great many parties were disappointed in their expectations, although not a few braved the mud and rain and went into the woods anyway, regardless of the weather.

Daily Weather Bulletin. The following will show the state of the thermometer, at the stations named, at 3:00 P. M. yesterday, Washington mean time, and also the amount of rainfall in inches for the twenty-four hours ending at 3 P. M., as furnished by Sergeant James W. Watson, Signal Officer at this Station:

City.	Tem.	R. F.	Weather.
Atlanta.	47	0.0	Cloudy
Augusta.	48	0.1	Cloudy
Charleston.	54	0.8	Light rain
Charlotte.	57	0.0	Cloudy
Columbia.	55	0.4	Light rain
Corvallis.	59	0.1	Light rain
Havana.	83	0.0	Clear
Jacksonville.	67	0.0	Clear
Key West.	85	0.0	Fair
Mobile.	64	0.0	Cloudy
Montgomery.	52	0.1	Cloudy
New Orleans.	65	0.0	Cloudy
Punta Rasa.	79	0.0	Fair
Savannah.	67	0.0	Light rain
Wilmington.	44	0.0	Light rain
Cedar Key.	67	0.0	Clear
Pensacola.	67	0.0	Cloudy

The following are the indications for the South Atlantic States to-day: Stationary or higher barometer and temperature, northerly winds, cloudy weather with rain.

Change of Schedule. The fast train on the Wilmington & Weldon Railroad goes into effect at 3:40 P. M., to-morrow (Sunday), the 28th inst. There will then be three trains per day on this road, and the schedule will be as follows: Trains will leave Wilmington at 6:40 A. M., 4:15 P. M., and 8:03 P. M.; and will arrive at Wilmington at 3:20 A. M., 9:55 P. M., and 10:10 P. M.

The fast mail will stop only at such stations as per time in schedule, and will make the run from Wilmington to Weldon in 5:30 and from Weldon to Wilmington in 4:50. On the Wilmington, Columbia & Augusta roads there will be only two trains, as heretofore, one of which will leave Wilmington at 8:40 A. M., and arrive at 7:43 P. M., and the other will leave at 10:25 P. M., and arrive at 6:20 A. M.

The Late Dr. P. Foster. The remains of Mr. D. P. Foster, who died at Florence, S. C., a few days ago, reached here Wednesday evening, on the Southern train, and were interred in Oakdale Cemetery on Thursday afternoon, from the residence of his son, Maj. H. H. Foster, on Mulberry, between Seventh and McKee streets, Rev. J. B. Taylor, of the First Baptist Church, conducting the funeral services.

Piney Woods Stock. A note from Cerro Gordo, Columbus county, informs us that nine hogs were killed at Dr. J. M. McGoogan's place, on Tuesday last, the net weight of which aggregated 2,266 pounds, which is considered by Messrs. J. J. Baldwin, H. W. Folk and J. F. McMillan, who testify to the fact above stated, as pretty good for piney woods hogs.

RIVER AND MARINE. Barque Adambra, Corleines, hence, arrived at Bremen on the 23d inst. Schooner Kate Miller, Scull, from Wilmington, Del., with a cargo of railroad iron, bound for Galveston, Texas, went ashore one mile south of Hatteras Inlet, N. C., at 8 o'clock A. M., 23d. The crew, consisting of eight men, were saved in the schooner's boat. The vessel is bilged and will probably prove a total loss.

Sobr. Fannie R. Williams, Shearer, from Navassa November 8th, for Wilmington, N. C., sprung a bad leak after leaving Navassa and was compelled to put into the Mole, Castle Island, (Bahamas), and threw overboard a portion of her cargo of guano.

A WORLD OF GOOD.—One of the most popular medicines now before the American public, is Hop Bitters. You see it everywhere. People take it with good effect. It builds them up. It is not as pleasant as some other Bitters as it is not a whiskey drink. It is more like the old-fashioned beer set out that has done a world of good. If you don't get just right try Hop Bitters. —Nunda News.

THE MORNING STAR can always be had at the following places in the city: The Parcel Office, Harris News Stand and the SPAN Office.

NEWSPAPER FOR SALE.—A well established and prosperous Weekly Newspaper, located in a thriving town of 12,000 people, on the Weldon Railroad, is offered for sale. Terms cash. For terms and particulars apply to the editor of this paper.

From eminent Dr. H. K. Hopson, Memphis, Tenn. "This is to certify that I have made use of Golden's Liebig's Liquid Beef and Tonic Invigorator in several cases of consumption and general debility, and have found it to act admirably in such cases as a nutritive food, tonic and stimulant."

G. A. GRAY & PLACE, Agents, Wilmington.

MRS. WINSLOW'S SOOTHING SYRUP.—Rev. Sylvanus Cobb thus writes in the "Boston Christian Freeman":—"We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge: in our own family it has proved a blessing indeed, by giving an infant troubled with colic, pain, quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as fresh as a button. And during the process of teething its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished his teething stage, on any conceivable occasion whatever. Sold by all druggists, 25 cents a bottle."

By consent of all interested, the Terms of Sale have been amended as follows, to wit: One third cash and balance in two (2) annual payments with 8 per cent. interest. The revised annual payment, W. L. SMITH Mortgage.
