THE MORNING STAR.

VOL. XXVII.--NO. 65.

WILMINGTON, N. C., WEDNESDAY, DECEMBER 8, 1880.

WHOLE NO. 4,154

The Washington correspondent of the Philadelphia Press, Radical organ, says of the payment of U. S. deputy marshals used in the election in November:

"The Democrats declare that they will make no provision for the payment of the special Deputy Marshals. The Republicans will endeavor to have those officials appointed to execute the duties of the marshals paid for their services."

According to Representative Springer, Gen. Garfield in 1877, came very near dying of apoplexy superinduced by entering the breakers at Atlantic City. Mr. Springer says:

"The time selected for the sea-bath was early in the morning, so that the water felt quite chill to the touch. Gen. Garfield is a man of full habits and inclined to apoplexy. As he was not familiar with sea-bathing, he omitted the necessary formula of first thoroughly wetting and cooling his head before entering the water. He walked into the breakers gradually, standing up in the waves as they broke over his body. The sudden cooling of the lower part of his body drew the blood, as from a force pump, to his brain, and he put his hand to his head and fell back as if shot. As he fell he lay backward upon the shelving sands, with the waves throwing a cloud of foam and spray over his stalwart figure."

He was cared for at once by Representatives Springer and Hiscock who saw him fall, and after intense rubbing and doctoring, he was restored.

It was within a fraction of \$9,000 for six performances in St. Louis that handsome Mary Anderson received. But did not the French woman pile it up in New York? For four weeks she received \$99,000—nearly an average of \$25,000 a week. But our Southern girl has the beauty.

North Carolina Conference of the M. E. Church South.

Winston Leader. Rev. Mr. Lafferty, editor of the Richmond Christian Advocate, addressed the Conference on the interests of the Southern Pulpit, the Advocate, Sketches of Virginia Preachers, etc. Mr. Lafferty is a rare man, full of genius, talent and fun.

The examination of character was completed. All passed and all seemed to have done a good year's work.

S. P. Douglas, one of the young men, was discontinued at his own request.

Reidsville Times: Mrs. Lewis Neal, the young and charming wife of Mr. Lewis Neal, in Vance county, died last Tuesday morning from the effects of a severe burning Sunday night. She had gone up stairs to retire, and kneeling by the fire to say her prayers, her night dress caught and she ran down stairs, her dress alight, by the time it was put out she was so badly burnt as to cause her death Tuesday morning.

Warrenton Gazette: Dr. Edgar Williams tells us of a terrible outrage committed in Franklin county, on Friday night last, on Mr. George Allen, a young bachelor and Northern man, who has a store within three miles of Ransom's Bridge. A party or parties, it is supposed, entered his store for the purpose of robbery, knocked him in the head, making severe contusions and probably fracture of the skull. Saturday morning he was unconscious and in a critical condition.

Forty dollars reward is offered for one Levy Bancum by Henry Permenter. He left a wife and four children, and went off with Ellen Permenter, aged 20, who has dark hair and eyes, wears number 3 shoes, weight 119 pounds. Levi is a large dark skinned man, has black hair and eyes, is six feet high or more, and weighs about 200 pounds, but does not look like a large man; weight that much; is a raw-boned man, and when he left home had on a pair of No. 11 home-made shoes, and wore off an old suit of home-made jeans, good front teeth and such on each side of his head, but they have been filed. In talking he uses a word Bernumbud, and has a short black mustache.

Mr. Thomas Broom, of Union county, was killed a few days ago. The Monroe Express says: "When about a quarter of a mile from Mr. Broom's house, the dog freed a squirrel, and Mr. Broom was walking around the tree looking for the squirrel with his gun cocked, when the dog ran by him and it is thought struck the hammer of the gun, causing it to explode, the whole load of which entered Mr. Broom's body just under the right arm. As soon as the accident happened he was conveyed home by his friends, but lived only about an hour. Mr. B. was about 24 years of age, and was a son of Mr. Burton Broom. He leaves a wife and one child."

Judge Manning was born in Edenton, N. C., the 14th of September, 1825. He is the youngest of six brothers, only two of whom bear his name, are now living, William H. Manning, of Gates county, N. C., Senator elect from the First Senatorial District, and Dr. Joseph Manning, of Louisiana. He received his early education at the Edenton Academy, of which he was afterward Principal. On completing his education at the State University, he entered the legal profession. He held positions of trust and honor in Louisiana in 1854—has filled several positions of trust in that State, among them that of Chief Justice of the Supreme Court. In personal appearance he is the equal of any man on the continent. Edenton Gazette. Judge M. has been appointed to

Spirits Turpentine.

Shelby Aurora: Cleaveland county will consume less than one thousand Tennessee hogs during the next twelve months.

Stokes county, a good one, has ceased to raise its own pork. It keeps its smoke-house in other States. Bad for Stokes.

Forty-four tons of chestnuts passed through Washington, D. C., from North Carolina, last week. See our Gazette.

Milton Chronicle: The hog cholera prevails to an alarming extent in Person and Caswell. We hear of a number of fine fat hogs dying in the pen.

Raleigh Visitor: Father White, who has served St. John's church in this city, so faithfully and acceptably for the past few years, will leave in a few days for a new field of labor.

Elizabeth City Economist: The railroad, when it starts in a few weeks will pay a new boom to the fish trade of the Albemarle, and new prosperity, we trust, to our hardy and adventurous fishermen.

Danbury Reporter: Work on the C. F. & Y. R. R., in this county, goes bravely on, though we are informed that the authorities had made requisition on the President for twenty of the convicts at work here to go to the Western road.

Rev. J. Rumble has been doing a capital work for the county of Rowan. His history of that county is valuable and interesting, and we hope will be printed in book form. The receipts for sales appearing in the Salisbury Watchman.

Warsaw Brief Mention: A negro was found dead on Sunday morning about half mile below Mt. Olive. We learn he had been at the village the evening before, and had drunk to an excess. He was subject, too, we learn, to sudden fits of colic.

A sad accident occurred in Franklin county on Friday. John Person, aged fourteen years, son of Mr. Presley C. Person, living near Franklinton, went out gunning. Not coming home in the evening, search was made and the body was found in the woods with an arrow in the entire top of the head blown off by an accidental discharge of the gun.

Tarboro Southerner: Luke Tanshili, a colored cropper on the plantation of Dr. Jos. H. Baker, made 25¢ bales of cotton to one horse. There is such a thing as running a mule, and this contesting business has grown exceedingly farcical. Shackelford's majority was over thirteen hundred. Can't Buxton and crowd be induced to contest?

Kinston Journal: We heard of two or three cases, several days ago, where parties in Kinston had committed larceny and forgery and the offense had been condoned and the prosecution ceased on payment of damage. The parties concerned ought to remember that there is such an offense as compounding a felony, and that they are subject to indictment for their acts.

Washington Press: At this writing we don't know of a single house for rent, and the demand grows all the time.

Peter Small, colored, had his arm severely cut in a cotton gin at Col. Wharton's farm, on Saturday last. Of late we frequently hear the others of our young men discussed, and from what we hear the prospect of many is to be feared unless radical changes take place.

Winston Sentinel: Judge McKay did a commendable act in ordering all convicts sentenced to imprisonment or imprisoned for fines in our county jail to be sent to work out the county, and to be debilitated or sent upon the railroad.

The editor of the Mount Airy Visitor counted twenty-seven wagons passing through that town in one day last week, on their way to Winston. All loaded with produce.

POOR LAURINBURG.

Nearly all the Business Part of the Town Again in Ashes. In another column we give the first hurried account by special telegram in reference to the terrible misfortune which has again overtaken the neighboring town of Laurinburg, in Richmond county. Since then, by telegram and otherwise, we have fuller particulars of the great calamity. The fire originated in the store of Mr. T. A. McDougal, and, there being no water or engines to cope with the devouring flames they spread with almost inconceivable rapidity, resulting in the destruction of eighteen stores, two or three dwellings, Bussby's Hotel and other small buildings. The following are among the victims: McCaskill & McLean, two-story building and part of stock. Insured on stock for \$5,000 in Liverpool and London and Globe, through Messrs. J. W. Gordon & Bro., of this city. They saved a greater portion of their stock, in a badly damaged condition. W. D. James, two-story building, owned and occupied by him as a grocery store, said to be insured. James Lytle, two-story building occupied by Nell Graham. No insurance on stock; building insured for \$1,100 in Fire Assurance. A. D. McCall & Co.; building owned by T. E. Bundy, who lost the residence occupied by him in rear of above, together with a small store. W. A. McLean, harness and boot-maker; insured for \$1,500 on stock in the Queen and \$800 in the Watertown, through Messrs. Atkinson & Manning. Covington store, occupied by W. A. McLean, as a grocery; \$800 in Watertown. Andrew McLaurin, two store houses occupied by J. H. Parker, store dealer, and James Crouch, liquor dealer. M. G. McKay & Bros., store houses occupied by themselves and others; stock insured for \$1,000 in the Fire Assurance. Frank Fountain, store owned and occupied by him. A. Monroe, store and part of stock. H. F. Northrop, store occupied by D. A. McAllister, who lost his entire stock. T. A. McDougal, stock said to be insured. Jule Morgan, store and residence, owned by J. F. and M. D. Clark. W. H. Murphy, stores owned and occupied by himself and Cowan Brothers. Arch. Cameron, losses in stock said to be insured. There are a few other sufferers, no doubt, whose names we have been unable to ascertain.

In this connection we would state that Capt. V. Q. Johnson, Superintendent of the C. C. Railway, has notified the property owners at Laurinburg that if they will put up fire-proof buildings in the place of those destroyed they will have the hauling of the necessary brick done at half-rates.

The people of the afflicted town have the sincere sympathy of our people in the misfortune which has befallen them. We hope the energetic merchants and others will soon be in a position to resume their business.

PENDER COUNTY.

Meeting of County Commissioners. The Board of Commissioners of Pender county was duly organized on Monday last, as required by law. Present, Daniel Shaw, G. W. Shaw and Jas. H. Alderman. The election of Chairman resulted in the choice of Daniel Shaw for one year.

The official reports of the officers of the county were presented, accepted and ordered to be recorded.

A good deal of school business was transacted, some relief extended to the outside poor, and a few persons relieved from payment of poll tax.

A large batch of claims were audited and ordered to be paid.

The annual exhibit of the expenses of the county was presented, from which it appeared that the expenses of the county have decreased fifty per cent. under the management of the present board.

W. T. Bannerman, Clerk Superior Court, presented his bond, which was ordered to be registered and placed on file.

A. E. Taylor, Register of Deeds elect, presented a bond, and was granted until the 17th of December, 1880, to give additional securities.

John W. Rowe, County Surveyor, failed to appear, and the office was declared vacant.

Eli R. Williams, Sheriff elect, upon affidavit, was given until the 17th of December, 1880, to present his official bond. Various constables' bonds were accepted.

John D. Powers and the Chairman were appointed a committee to examine the books and accounts of the Sheriff, acting in the capacity of Treasurer of the county, in accordance with sec. 1, chap. 33, laws 1879.

Conference Appointments. From a private dispatch received by a gentleman in this city, yesterday, we learn that the North Carolina Annual Conference closed its session on the 6th instant, and that our Wilmington delegation expect to reach home on Wednesday night.

Two new districts have been formed, viz: Stateville and Warrenton.

Revs. A. B. Boshamer and R. F. Bumpass go to Raleigh.

Rev. W. S. Black is Presiding Elder of the Salisbury District.

Rev. W. S. Robey goes to the Goldsboro station.

No change in the appointments for Wilmington.

100,000 witnesses will testify to the virtues of Dr. Tutts Pills. Wherever Chills and Fever, Bilious Disorders or Liver Affections prevail they have proved a great blessing. Readers, a single trial will convince you that this is no catch-pony medicine. Ten years' test has established their merits.

NEW ADVERTISEMENTS. MUNSON—Holiday suits. W. P. Oldham & Co.—Dresses. MUNDS—Drugs and chemicals. P. CUMMING & Co.—Peasuts. CROMLY & MORRIS—Auction market house.

Local Items. —Receipts of cotton yesterday 1,126 bales. —No cases for the Mayor's Court yesterday morning. —There was a difference of 28 degrees between the temperature here on Monday at 3 P. M., and yesterday at the same hour. —Many of the firemen reside in the eastern part of the city, and it is hoped that the alarm bells in that section may be sounded hereafter in case of fire. —We learn from Capt. Johnson, Superintendent, that the first morning mail train on the Carolina Central Railway will commence running on Monday next. —The Thalian Amateurs expect to make their next appearance on Friday evening, the 17th inst., at Thelston Upper Room, in a new and entertaining drama. —The annual meeting of the stockholders of the Navassa Guano Company of Wilmington will be held at their office in this city to-morrow (Thursday) morning, at 10 o'clock. —No cases of importance were disposed of by the Superior Court yesterday. The bar was reinforced by Capt. Swift Galloway, Solicitor for the District, Judge Cantwell, and others of our local lawyers. —There will be a skating contest at the City Hall during the holidays, a fine nickel-plated, iron-bottom, adjustable pair of skates to be the prize to the champion skater, the contest to be between young men. There will also be a prize match between the ladies. —The average receipts from markets for the last seven years, to which allusion was made by Alderman Foster on Monday night, should have been \$234,374, instead of \$634,372, as it appeared in the proceedings of the Board. —Mr. Thomas O. Bunting was elected Constable of Wilmington Township to fill the vacancy occasioned by the nonfulfillment of the requirements of the law by J. C. Smith, the newly elected Republican Constable. Mr. Bunting makes a faithful and reliable officer and his election will give entire satisfaction. —In connection with our report of prisoners sentenced to the Penitentiary by the late Criminal Court, in our last, we intended the community to be especially informed that the David Bryant alluded to was not the colored porter by the same name employed by Mr. J. H. Neff, but the word "not" was left out, thus defeating the object had in view. Mr. Neff's David Bryant is a very worthy young colored man, and we make this statement in justice to him. —The Fire Monday Night. The fire Monday night occurred at the stables of Mr. Josiah H. Jones, on the corner of Ninth and Chesnut streets. Mr. Jones says he has no idea who it originated. The horses were all gotten out without damage except the one in the stall in which the fire started, which was a valuable dry horse, the property of Messrs. Hall & Pearis. He was badly burned and will probably die; or, if he should live, his injuries are of such a character that he will never be of any service hereafter. But for the promptness of persons residing in the neighborhood and the opportune arrival of several gentlemen on their way from a church meeting, the stables and their contents, with, perhaps, much other property, would no doubt have been destroyed. —To Return to Wilmington. The many friends of Rev. Dr. Yates and Rev. T. Page Ricard, not only in their respective congregations, but among the community generally, will rejoice to learn that the Conference has returned them to labor for another year in our midst, the former as the pastor of Front Street and the latter of the Fifth Street Methodist Church. —Police Arrests. John Berry, colored, charged with careless driving, was arrested yesterday afternoon and recognized for his appearance before the Mayor this morning. Wm. Quince, colored, was arrested for assaulting a police officer while on duty. He will also have a hearing this morning.

ONE EXPERIENCE FROM MANY.—I had been sick and miserable so long, and had caused my husband so much trouble and expense, so one seemed to know what ailed me, that I was completely disheartened and despondent. In this frame of mind I got a bottle of Hop Bitters and I used them according to my directions. I soon began to improve and gained so fast that my husband and family thought it strange and unnatural, but when I told them what had helped me, they said "Hurray for Hop Bitters! long may they prosper, for they have made another well and us happy!"—The Mother.—Home Journal.

A DOWN TOWN MERCHANT, having passed several sleepless nights, disturbed by the agonies of a sick and suffering child, and had concluded that Mrs. Winslow's Soothing Syrup was the only remedy, and procured a supply for the child. On reaching home and administering the medicine with what he had done, she refused to have it administered to her child, as she was strongly in favor of Homoeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the child still worse, and while contemplating another sleepless night, the mother struck in a fit of despair, and said nothing. That night all hands slept well, and the child was in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and although at first incredulous with the deceits practiced upon her, she continued to use the Syrup, and suffering crying babies and restless sleepers have disappeared. A single trial of the Syrup never fails to relieve the baby, and overcome the prejudices of the mother. Sold by all Druggists. 46 cents a bottle.
