THE MORNING STAR.

VOL. XXVII.—NO. 75. WILMINGTON, N. C., SUNDAY, DECEMBER 19, 1880. WHOLE NO. 4,164

The appropriation bill for pensions that passed calls for fifty million dollars.

The last news concerning Gen. Mahone is that he will vote for Geo. C. Graham, Republican, for Secretary of the Senate.

Medical students and sophomores of the University of Pennsylvania had a row. Eight students were arrested and some heads "banged."

New York is soon to be illuminated from Fourteenth to Thirty-fourth streets with the electric light. The Brush Electric Light Company is doing the work.

John R. Cooke, a well known citizen of high character, in King & Queen county, Va., has been convicted of cattle-stealing and sentenced to four years in the penitentiary.

Charles Bishop, a native of Petersburg, Va., is on exhibition in Baltimore. He is not seventeen, and weighs 455 pounds. Charles is still a growing lad, and handsome withal.

The Savannah News says that a number of cotton merchants in that city have accepted a wager of \$3,000, offered by a New York "bear," that the cotton crop of 1880-'81 does not exceed 3,900,000 bales.

Mr. Campbell, a Gentle, is contesting the Utah seat held by Cannon, Polygamist, in Congress. The much-married man had a large majority of the votes, but Campbell claims he has not been naturalized legally.

It is said Lowe's resolution, providing for the Fourteenth Amendment in New England, will be reported from the Judiciary Committee after the recess, recommending probably that a committee of investigation be appointed.

Senator Pugh, of Alabama, made a good impression by his speech on the Education bill. The Dispatch's correspondent in Washington writes: "The speech of Mr. Pugh, the new Senator from Alabama, attracted a great deal of attention, and at its close he was warmly congratulated by his members. His voice is very fine and his manner most impressive."

Judge Lochrane, paraded in the papers as a Georgia Democrat, and whose utterances about breaking up the old party of principle were copied throughout the North, has come out in his true colors at last. He thus chafes:

"For myself, I propose to make no halt by the wayside, but march right up and take my chances with the Republican party of the country."

The critical Richmond State says Keene's improvement is wonderful—that he is not great but far above mediocrity. We should think so. It thinks he has the material in him for a great artist. The following is true, we think:

"The test of the true actor is Shakespeare. Richelieu plays itself, with a respect to company; Hamlet, Macbeth, Lear, Othello, Iago, Shylock—these are the touchstone roles that try and prove genius."

The following concerning the play that will be performed at the Opera House next week shows its popularity in New York. The Herald of the 16th says:

"The important announcement comes from Wallack's that 'The Governor' is to be withdrawn after the matinee performance next Saturday, in order to go place to 'Forget Me Not,' which will be produced on Saturday evening. The change, however, is but temporary, and is not made in consequence of any diminution in the popularity of the present piece. Indeed, the latter will be produced at a not distant day."

The railroad men of New York are so much pleased with Mr. Curtis's opinion that they have caused 100,000 copies to be printed. The correspondent of the Philadelphia Ledger writes on the 16th:

"Mr. Vanderbilt and Mr. Gould, as well as Mr. Jewett, consider it a very strong document, and they say they do not expect Mr. Black with all his ability, will be able to answer it. On the other hand, the Board of Trade and Transportation and other bodies that are committed to Mr. Black's position, declare that the Curtis manifesto has too much the odor of special pleading about it to have any influence at Washington or elsewhere, and they do not believe, therefore, it will have the effect to restrain the passage of any well considered bill in favor of a Federal Railway Commission with power to prescribe freight rates, to prevent discriminations, etc."

"I have been using Tutt's Pills for Dyspepsia, and find them the best remedy I ever tried. Up to this time everything I ate disagreed with me. I can now digest any kind of food; never have a headache; perform my duties as bookkeeper with satisfaction, and have gained fifteen pounds of solid flesh. The value of these pills cannot be overestimated." W. C. Schultze, Columbia, S. C.

THE DEEMS FUND.

Rev. Dr. C. F. Deems, of the Church of the Strangers, New York, on his 60th birthday (December 4th), sent President Battle, of the University of North Carolina, as an addition to the Deems Fund, to be loaned to indigent students of the University, one hundred dollars. This is his third gift. It is pleasant to see the distinguished city preacher thus remembering the distant institution in which he was nearly forty years ago a professor, and providing for the education of the poor young men of the State where he once performed such useful and honorable work.

— The remark has been made that there have been more turkeys in this market within the past week than ever before known in the same length of time.
— The only case for the Mayor's Court yesterday morning was that of a small colored boy, charged with setting off fire crackers on the streets, and he was discharged with a reprimand.

— A gentleman of this city has two tame coots which he is trying to keep through the winter. It is a common belief that coots burrow in the ground at the end of their brief season in the rice fields, where they remain till another season comes around. The one in question got out of their box into the room a few days ago, when they commenced at once trying to get under the carpet.

PENDER COUNTY.

Proceedings of the County Commissioners.
The Board of County Commissioners met in adjourned session on Friday; present, D. Shaw, chairman, and Commissioners James H. Alderman and G. W. Corbett.

Ell R. Williams, Sheriff-elect, failed to tender his official bond, as required by law, whereupon the office was declared vacant, and the Board proceeded to elect a Sheriff in the person of Mr. Alfred C. Ward, Democratic candidate for that position at the late election, and the Clerk of the Board was authorized to issue the necessary certificate of election to Mr. Ward.

A. E. Taylor, Register of Deeds-elect, presented a bond for five thousand dollars, with D. L. Russell, S. H. Manning and John T. Bland as sureties thereon, which was approved, ordered registered and placed on file.
John M. Daniels, Constable-elect of Calntuck township, declined to qualify, whereupon the office was declared vacant and Franklin P. Hunt was elected to fill the vacancy.
I. H. Brown, Coroner-elect, came before the Board and asked until the first Monday in January to give his official bond, which was granted.

"The Governor."

The play to be produced at the Opera House to-morrow night is one of the reigning New York successes, and is spoken of in the highest terms wherever it has been produced. In Charleston, where Ford's Dramatic Company have done the piece repeatedly recently, they seem to have been delighted, both with the piece and the company producing it. Mr. Barton Hill, the leading actor of the troupe, has an excellent reputation on the Pacific Slope and is also well and favorably known East. The company is quite a full one and contains quite a number of people who are about the average, including Miss Thompson, a native of North Carolina. We hope the attendance will be large, as we believe it to be in this instance well deserved. Mr. Ford has the sole right for the South to produce "The Governor" and "Daniel Rochat," both of which are new plays, that have been very successful, the one at Wallack's, the other at the Union Square Theatre, New York, during the present season. So far they have not been acted save in New York, Boston, Philadelphia and Charleston, and we should like to see the effort to give us the latest and best encouraged.

Talk of Abandoning Fort Johnston.

There is talk among the officers of the garrison of Fort Johnston, at Smithville, that the Government is contemplating the abandonment of that post at an early day, and the good people of Smithville are in trouble about it. They have formed quite an attachment to Maj. Graves and his officers and men and will be loth to see them leave; besides which they are very naturally surprised that this, one of the oldest military posts in the country, should be given up, and they still hope the Government may be induced to reconsider the matter of its abandonment.

Produce Exchanges.

The successful efforts of the Produce Exchanges of the cities that took action in the matter of the "Suppression of Custom House Statistics," referred to yesterday, afford a striking evidence of the usefulness of these bodies, not only in establishing a uniform set of rules for the government of the members, thus in almost every case avoiding litigation, but also as showing that by their united action they wield a powerful influence for the public good.
We are glad to hear, in this connection, that our Wilmington Exchange has lately had several accessions to its membership, and that other applications are pending.

Colored Conference Appointments.

We are requested to state that at the last North Carolina Annual Conference of the A. M. E. Church, which recently convened at Raleigh, the following appointments were made for this city: Rev. Joe G. Fry was returned to St. Stephen's charge; Rev. Edward Robinson was sent to Mt. Zion and Mt. Olive, of the Wilmington Mission; Rev. Cornelius Sampson goes to Scott's Hill Circuit; Rev. Wm. Bishop to Rocky Point Circuit; Rev. Jos. Wingate to Myrtle Grove Circuit; and Rev. Lewis Edwards was made Presiding Elder of the Wilmington District.

Gone Glimmering.

One C. M. Blohm, who came here some ten or twelve months ago from somewhere south, and who has lately been engaged in "bossing" a lot of stevedores, suddenly decamped for parts unknown on Saturday night of last week, carrying with him, it is alleged, quite a considerable amount of money which had just been paid into his hands to be divided among his various employees, besides leaving numerous unpaid bills as souvenirs of his brief but somewhat eventful career in our "city by the sea."

Superior Court.

In the case of McDougall vs. Bonham, which has occupied the time of this court since Thursday of last week, the jury were unable to agree, and were discharged last night, about 10 o'clock, when the court adjourned for the term.

— The gas failed and "the lights went out" about 10 o'clock last night. I was only a light pause, however, for in a few minutes they were as brilliant as ever.

Is your life worth 25 cents? If it is do not neglect a Cough or Cold. Use Dr. Bull's Cough Syrup at once and be cured by that never failing remedy.

Judge Strong's Law School.

We are glad to hear of the success of Judge Strong's law school at Raleigh. It is a North Carolina institution, and ought to be encouraged. Raleigh is an admirable point for a law school, as courts are in session there about half the year. The charges are very moderate and the instruction thorough.

QUARTERLY MEETINGS (first round in part) for the Wilmington District of the Methodist Episcopal Church, South: Coharie Mission, at Hopewell, Jan'y 1-3; Duplin, at Kenansville, Jan'y 5-9; L. S. BUNKHEAD, Presiding Elder.
