He then borrowed a cance and came to the city, when he found the two boats in "Burnt Mill" All ordinances, or parts of ordinances, dock, in the southwestern section of the city, and one of them turned bottom upwards, but the fish were gone, and so was the thief who had stolen them.

Proceedings in Called Session. The Board of Aldermen met in called session yesterday at 12 M.; present, Mayor Fishblate and Aldermen Myers, Bowden,

VonGlahn, Foster, Lowery and Hill. The Mayor stated that he had called the meeting in accordance with a resolution adopted at the last meeting, and for the purpose of receiving and opening the bids for the sale and removal of the old market

house. Before opening the bids Mr. BuBrutz Cutlar appeared before the Board as the legal representative of numerous citizens and tax-payers, and respectfully requested the Board not to take any action by accepting bids for the sale of the old market house, or otherwise do anything in part execution of the contract recently entered into between the City of Wilmington and the Wilmington Market Company, before the said contract had been effectuated by the endorsement and approval of the Board of Audit and Finance.

The bids that had been received for the purchase and removal of the old market house were then opened and read, as follows: Jos. Sternberger, \$131; John H.

Hanby, \$35; James E. Post, \$100. Alderman Myers stated that he understood there was a petition of tax-payers in circulation for signature, said petition to be presented to the Board of Audit and Finance, asking their approval of the contract with the Market Company, and in view of that fact he would move that no action be taken on the bids at present, and that no further bids be received until said petition had been acted on by the Board of Audit and Finance, and that the Mayor call a meeting of the Board of Aldermen at | parts, Mrs. Rouse being especially entitled his discretion to act on said bids. The motion was adopted.

The Mayor stated that the Board and their action in the matter of the contract with the Market Company had been mismost prominent, and he would read the following letter from Messrs. Junius Davis and E. S. Martin as evidence in that con-

JUNIUS DAVIS,
E. S. MARTIN,

Alderman Lowrey stated that so far as his constituents were concerned, they were very well satisfied with the contract with the Market Company, and were glad that they had now a permanently located market, and he was satisfied that his vote for the contract was approved by them, and

therefore he still held to it. Alderman Myers offered the following,

which was adopted: Resolved, That it is the duty of the City Attorney to attend all meetings of the Board of Aldermen, that his official opinion when required may be first given to the

City Attorney, at the request of the Mayor,

was then read and adopted: Be it ordained by the Mayor and Board of Aldermen of the City of Wilmington, and it is hereby ordained by the authority of the same. That from and after this date the location of the market for the sale of vegetables and other country produce usually vended in the street in open market by carts, hucksters or otherwise, shall be under the sheds adjacent to and connected with the New Market on South Front street, and on the sidewalk immediately in front of the New Market, and the location of the market for the sale of fish shall be under the shed recently erected for that purpose in the rear of the New Market or in the vicinity of the same, on South Water street, be tween Dock and Orange streets; provided, however, that the eastern side of Fourth street between Campbell street and the railroad bridge and the northern side of Campbell street, between Fourth and Fifth streets, shall also be a location for the sale vegetables, other country produce and fish; and provided, however, that there shall be a further location for the sale of country produce, vegetables and fish at

some point in the Fifth Ward of said city to be hereafter assigned. Provided. That all hucksters and others who usually vend country produce otherwise that from country carts, shall be required to ply their vocation within the new

market building. Any person who, after due notification shall neglect or refuse to comply with the requirements of the foregoing ordinance, shall be fined not to exceed five dollars or imprisoned not to exceed five days for each

A Lightning Train.

The fast train, Capt. Geo. G. Lynch conductor, and Mr. John Hessinger engineer, left Weldon Sunday night at 6.10, fifty minutes behind time, and arrived at the Wilmington Depot at 10.10, on time, having made the run, including four stoppages in exactly four hours, the distance being 162 miles. The stoppages aggregated about ten minutes. Pretty good traveling, that.

OPBRA HOUSE.

Ford's Dramatic Company. The "Guv'nor," the play produced at the

Opera House last night, is entitled a farcical comedy in three acts, and is a very cleverly written and ingeniously constructed production, though in parts rather lengthily drawn out. The piece requires, to be successfully portrayed, a comparatively large number of people, and that an unnsual number of the parts be taken by really fine actors. The crowd present was quite numerous last evening, and would undoubtedly have been larger but for the weather, which was exceedingly disagreeable. And just here we would like to call attention to the fact that even inside the theatre was unpleasantly cold, owing to the negligence of somebody in not having the building comfortably heated.

Mr. Ford has a large company, containing some very meritorious actors, and, of course, some not so good, but we think it on the whole quite a strong organization, as witnessed by their satisfactory rendition of "The Guv'nor." Mr. Barton Hill easily and at once won the approval and unstinted applause of the audience as Freddy Butterscotch, and played this rather difficult part to perfection. Mr. H. C. Curly also found great favor with the audience, and deservedly, for his very clever impersonation of The Old Boat Builder, whose many mistakes, caused by his excessive deafness, were so amusing. Mr. John E. Ruberts was excellent as a Yorkshireman, and created much amusement, as did too Mr. Fred. Roberts as Mac Toddy, a Highlander. The ladies of the company were all very acceptable in their to praise. To-night the company appears for the last time in "A Morning Call" and "Fun on the Pacific," both successful and amusing pieces.
