The Legislature has under consideration a bill requiring every person when listing taxes to report the following: Whether married or unmarried, widow or widower, number of births in the family during the preceding year, deaths and causes, and whether any cases in the family of small pox, scarlet fever, diphtheria, yellow fever or cholera.

Hickory Press: The spring term of Rutherford College opened with over 100 students.

Reduction of Local Passenger Fares: We are glad to learn, through circulars from Col. A. The Duplin Canal: As one indication of what is likely to be accomplished by the cutting of what is known as the Duplin Branch Canal, we would mention the fact, that in conversation with a gentleman yesterday he informed us that land in what is known as Goheen Swamp, in Duplin county, for which the owners would have been glad a year or two ago to have got one dollar per acre, could not now be had for ten dollars per acre.

Mrs. Winslow's Soothing Syrup.—Rev. Sylvanus Cobb writes in the "Boston Christian Freeman": "We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing, indeed, by giving an infant troubled with colic, quiet sleep, and his parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as bright as a button." And during the process of teaching its value is inestimable. We have frequently received orders for it from the mothers of children who were born in the midst of the teething stage, on any consideration whatever. Sold by all druggists, 25 cents a bottle.

W. J. Mott, one of the firm carrying on the butchering business at the corner of Second and Market streets, was arraigned on the charge of selling meats outside of the market limits, as laid down in the market ordinances recently passed by the Board of Aldermen. The defendant made a statement to the Court, after which the case was continued until Tuesday next.

R. McMillan and Caroline Frank, both colored, had a hearing on the charge of being engaged in a difficulty on the public streets on Tuesday night. After the evidence of the policeman who made the arrest had been given in, the wife of McMillan asked to be sworn, when she went on to say that the night in question was not the first time her husband had been "beaten and scratched up" by the woman Frank, and she proceeded to develop a case of first-class domestic infidelity, accusing the woman Frank of having enticed her husband from the path of rectitude and put him upon the high road to destruction. She wound up with a burst of widely indignation against what she termed the actions of a faithless husband, and intimated that he could go his way hereafter and she would go hers. The Mayor ordered the woman to pay a fine of \$5 or go below for ten days, and McMillan to pay a fine of \$3 or be imprisoned for two days. The latter subsequently paid his fine and was released.

Fatal Accident: Mr. S. A. Smith, who was in the city yesterday, informed us that Eddie Dees, of Mr. Edmund Dees, residing near Elkinsville, Bladen county, was cutting down a tree near the house a day or two ago, when it lodged against another tree and the butt was thrown suddenly around in such a way as to strike him on the back of the neck, which was broken by the force of the blow. Failing to go to his breakfast at the usual time his sister went to look for him, when she discovered the dead body of her unfortunate brother, got it out from under the trunk of the tree with her own hands and conveyed it home. It is supposed that his death was instantaneous. Deceased was aged about 18 or 14 years.
