- Charlotte Home: The rest of the Southern States may outstrip us in the race for cotton mills but for projecting and not building railroads North Carolina will win the medal every time.

- Charlotte Observer: The Rev. Dr. Theo. Whitfield has tendered his resignation as pastor of the Baptist Church of this city. - J. W. Gordon, colored, of this place, has been appointed route agent in the mail service and assigned the run between here and Statesville.

- Hickory Carolinian : 'Laid on the table,' was the fate of more than a dozen bills pending in the House of Representatives, in one day last week. Some were unconstitutional, some impracticable and some simply nonsensical. But every member has a right to show his ignorance and it is a fortunate thing there are some who are smart enough to see it. Those bills have not been without cost, notwith standing their early and easy death.

> - Greensboro Patriot: Senstor Ransom has accepted an invitation to deliver the address before the literary societies of Davidson College at the next commencement. - Great diversity of opinion prevails as to the effect of the severe weather upon the peach and pear trees. - Henry Williams a well known colored man of this city, for several years a carriage driver for Col. Thos. B. Keogh, was found dead in the woods, on the banks of South Buffalo Creek, about three miles from Greensboro, on Friday afternoon about 2 o'clock. It appears that Williams left his house on Wednesday afternoon about 5 o'clock, taking with him his shot gun, a hatchet and a quantity of bait, the latter for the purpose of baiting his steel traps for minks and raccoons. When he left he was under the influence of whiskey, in fact drunk.

- Rockingham Spirit: On Monday last a little daughter of Mr. L. C. Mc-Innis, of Pee Dee village, and an opera-tive in the Pee Dee Mills, was accidentally run over by a "dauphin" box which was being pulled along the floor by a little boy, Duncan Hawkins, by name, and knocked down, putting out one of her eyes and otherwise very seriously injuring her. - Jonas Ewing, colored, aged about 50 years, was found Wednesday evening in an insensible condition on the Guilford road, some two miles north of this place. He was driving a two-mule team, loaded with cotton, the property of Messrs. Capel, Parsons & Sons, of Capel's Mills. When found, he was lying on the front part of the wagon, unconscious, with blood flowing from wound in the forebead. Medical assistance was promptly rendered, but it proved of no avail, the unfortunate man only surviving a few hours.

- Chatham Record: We note with much pleasure the great success that has rewarded the efforts of the enterprising gentlemen who organized the Bynum Manfacturing Company in this county. They will at once begin the erection of an addition to their building, to be 45 feet wide and 80 feet long, in which they will place 60 new looms for the manufacture of plaid goods. Heretofore this company has made only yarns and white goods. To do this the capital stock of the company will be incressed \$20,000, and we imagine that this stock will be eagerly sought after, for we know of no better investment that can be made. We are not at liberty to publish the dividends of the company, as ascertained at their recent meeting, but we will say this, that we know of no investment in this county that has paid so well. | Why will the company not publish its dividends? South Carolina and Georgia companies do so, and the whole South is encouraged thereby .- STAR.]

MRS. WINSLOW'S SOOTHING SYRUP.—Rev. Sylvanus Cobb thus writes in the "Boston Christian Freeman":—We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has preved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little chernb awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething sleeg, on any consideration whatever. TO ALL OUR FRIENDS.—Having had numberless inquiries for advertising cards from ladies in
all parts of the country who are interested in the
prevailing fashion of making "card collections,"
we are having printed for them a set of seven beantiful cards, each in six colors and on a solid background, in the highest degree of art, illustrating
shakspeare's "Seven Ages of Man." We have
spared no expense in these cards—they are simply
little art gems. Our only aim has been to publish
the finest cards yet shown. Applications for them
have come in so rapidly that nearly the whole edition is engaged before the receipt by us of the cards
from the artist. We have therefore been obliged
to adopt the following plan for the distribution of
the remainder: No more of the gift Shakspeare
cards, seven in the series, will be sent excepting
upon the statement from a grocer that the person
applying for the cards has bought of him on that
day at least seven bars of Dobbins' Electric Soap,
with price paid for same. All applying in this manner will receive the full set of seven cards gratis
by mail. This will insure us that our friends and
patrons get their share of these beautiful designs,
although it in no manner repays us for the cost of
the cards. Your grocer has the Soap or will get it,
and the purchase by you of seven bars of it at one
time will secure for you gratis seven really beautiful cards. The Soap improves with age and is an
article of necessity in your house every week.
Therefore you are not saked to buy a useless article, but one that you must have anyway. Please
send us your application at ence, and tall your lady
friends making "card collections" to de the same.
