The Morning Star.

BY WILLIAM H. BERNARD. WILMINGTON, N. C. THURSDAY MORNING, April 14, 1881

WATER POWER AND MATERIAL IN NORTH CAROLINA.

The Monthly Bulletin of the North Carolina Agricultural Department for March contains much valuable information. Price 25 cents a year. The article on "Ensilage of Maize" is worth the price, for it contains information that is desirable and may become profitable.

A DANGEROUS ELEMENT.

It is to be hoped that the attempts to introduce Nihilistic methods in this country may be stamped out speedily. If there is reason for the existence of such an order in Russia or in any country in Europe, there can be none for its existence in the United States, and any attempts to import it should be met promptly.
