President Garfield, it is given out, is in favor of an investigation into the Star Route frauds. How could is he otherwise? His own party spore say the frauds are gigantic. ill course the frauds must be investigurd and that, too, thoroughly.

tapt. Hooper, in command of the and sailing steamer Corwin, leaves San Francisco on Saturday in search the Jeannette. About this time sett year there will be in all probability another steamer in search of be Corwin. But science must be attended to.

Now that W. H. Vanderbilt and the renerable Peter Cooper are taking the World's Fair project in hand, there is good prospect of there being one. Mr. Cooper is reported as saying that it would be a great disgrace, not only to the city of New York, but to every business man in America, if the affair should prove a

The New York Times of Monday devotes three of its wide columns to the publication of the letter from Washington exposing the Star Route corruption. It shows what enormous profits the "ring" made. In 93 routes there was an increase of pay amounting to \$3,000,000. The remaining routes number 9,132, and for these, the Times says, but \$3,000,000 remains. Gen. Brady, the Post Office official who did it, swears he is an honest man, and goes unpunished.

The Democratic Senators are represented as drifting away from the President. Simon Cameron is thought to have failed in his efforts to close up the breach between the Conkling set and the Administration. Cameron saked Garfield to withdraw both Robertson and Chandler, but the latter said nay. The Richmond State's correspondent writes on the 25th of the Republican dilemma:

"It is uneafe to predict what the caucus will do, but it is intimated by friends of the President and Secretary Blaine that if a majority of the Republican Senators insist upon adhering to the Dawes resolution to the exclusion of all other business, two or three of the closest friends of the Administration will give notice that they will act inlependent of the caucus."

Wm. E. Chandler is not much of a lawyer, it is said. For some cause Mr. Garfield's Attorney General is very much opposed to his confirmation and is doing his best to defeat The Baltimore Sun's special

Dr. Theodore Whitfield will preach the dedication sermon in the new Baptist church at Whitaker's Station, on between Mexico and the United is the only State whose electoral vote was lock of foreign immigrants agre- States, declared A. D. 1846. He cast for W. S. Hancock, of New York. All the other States voted for Hancock, of Pennsylvania, notwithstanding he himself voted in New York. —A gentleman just from the western part of the State, says the work on the Western North Caro-lina Railroad is being vigorously pushed. He met coming down thirty car loads of iron going to the front. Posters were up, inviting laborers for the Ducktown branch at \$1 per day. He understood the inten-tion was to finish the road to Paint Rock in four months.

> whereon the new American gem, known as "Hidnenite," was first found, and from which it has since been gathered, was that of Mr. J. W. Warren, of Sharpe's township, Alexander county. After having leased the mineral right in the land to Prof. W. E. Hidden, Mr. Warren has sold to him the whole property and has himself bought a place adjacent, from Mr. I. N. Sharpe. Mr. Warren has looked for minerals on his recently acquired property, and was in Statesville, Tuesday, with handsome specimens of mica, rutile and crystal quartz. The mica is a continuation of the vein found upon the mineral lands recently bought from Mr. Lackey by Mr. Jacob Lentz and a Pennsylvania company, and is of excellent quality. Mr. Warren has also found monazite upon his farm, and a specimen of the new mineral, "Hiddenite," has been picked up on the surface of the ground on the line between him and Mr. J. B. Burgess. Iron ore has also been found, and the property promises well for mineral development. — Mrs. G. W. Grobe, of this place, left here last Monday to join Miss Loise Clarke, the Southern elocutionist, at Wadesboro.

She will accompany Miss Clarke, for a sea-

- The city authorities require us to pay on our newspaper and printing busi ness a license tax nearly as large as that levied on bar-rooms. This is in addition to an ad valorem tax levied on all our type, presses and other material. This is what is

called progress ! - Mr. H. H. Bloom, of this city, who pays more attention to bee culture than any one else in this section, or perhaps in the State, says he had his first swarm of on Monday. Usually the first swarm takes place about the 1st of April, but the long-continued cold weather affected bees as well as everything else.

- Our friend Solomon Haas, G. F. A. of the Ass. Railways of Virginia and the Carolinas, was in the city yesterday. You can't sometimes always tell what a G. F. A. is up to, but Sol. had a "lurking devil in his eye" that was quite chilling to a fellow who doesn't fight mit the Haas Railways of Virginia and the Kerlinas.

W. C. T. U. The regular weekly meeting of the Woman's Christian Temperance Union will take place this afternoon, at Hook & Ladder Hall, at 4 o clock. All ladies interested Repetition of the Doctor of Alcantara -Solos by Mrs, D. Kahnweller, &c.

Seldom if ever have we seen a more admirable and pleasing an entertainment given at our Opera House than that of last evening which so delighted the large audience who were present to sit in judgment. One could scarcely realize that it was an amateur performance, so thoroughly even and perfect was the performance given even in minor points.

After a short piano prelude, Mrs. J. W. Cameron and Mr. A. B. Chase sang a most exquisite duet and received a well merited encore. This was succeeded by a ballad charmingly given by Mrs. Kahnweiler, who was also favored with an encore. This lady appears as much a favorite as ever amongst our music loving public, as their continued applause amply testified. Then succeeded the comic opera of "The Doctor of Alcantara," in which Mrs. J. E. Lippitt made an excellent Lucrezia, and was ably supported by-Mrs. J. W. Cameron as Isabella, and Mrs. McFarlane as Inez.

The following songs-"Toe Knight of Alcantara," by Lucrezia; "He Still was There," by Isabella; and "When Lover is Poor," by Inez, were the principal solos in the first act, and were exceedingly well re-

Amongst the gentlemen we must record the singing of Mr. J. G. Bradley as Carlos, evincing careful study and practice. His trying position in the caste at once elicited the sympathy and applause of the audience

Mr. Clark, by his droll acting throughout, was most conspicuous; and as the Doctor afforded constant amusement, whilst Mr. G. P. Welsh, who appeared as Don Pomposo, fairly convulsed the house with laughter.

In the second act Mr. Geo. R. Dyer, as Balthazar, showed much ability and sustained his difficult part very creditably. Mrs. J. W. Cameron rendered the reci-

tative, "Ah Woe is Me," very charmingly. The Porters; Mr. W. C. VonGlahn, as Perez, and Mr. W. H. Carr, as Sancho, ally received. The Duettino, "Away Despair;" and the "Quarrel Trio," in the first act, also called for much praise.

The choruses throughout were well rendered, and the tout ensemble at the close of each act was extremely brilliant.

We must not close without a tribute of thanks to the fair pianist who in her usual inobtrusive and quiet manner most skillfully and most gracefully accompanied the whole performance, and hope from the crowded appearance of the house that it took a substantial form.

Daily Weather Bulletin,

The following will show the state of the thermometer, at the stations named, at 3.00 P. M. yesterday, Washington mean time, and also the amount of rainfall in inches for the twenty-four hours ending daily at 3 P. M., except Tuesday, when it is 48 hours, as furnished; by Sergeant James W. Watson, Signal Officer at this

Lecture and the Discussion It Rvoked.

The lecture before the Historical and Scientific Society at Library Hall, on Monday night, by Mr. R. H. McKoy, on the subject of "Wilmington As It Is and As It Should Be," which was listened to by a good and appreciative audience, was not lengthy, but contained much food for earnest thought and consideration. He pointed out many of the salient points which tended to retard Wilmington in its growth and prosperity, and also suggested means by which the retrograde movement might be checked and finally overcome. For instance, he thought that the counties of New Hanover and Brunswick ought to own jointly the ferry between the two counties and establish it as a free ferry, thereby opening to Wilmington a very rich and fertile country, especially for truck gardening. etc. He adverted to the great need of a judicious system of immigration to assist in the development of our resources, and contended that the large landed proprietors should cut up their lands into small farms and dispose of them at reasonable figures to industrious immigrants.

The speaker threw out many other good hints and suggestions, and at the conclusion of the lecture the subject matter of the same was declared open for discussion.

Mr. Henry Nutt called the attention of the Society to the fact that he had been reliably informed by intelligent Europeans that the climate and soil of Wilmington and its vicinity was specially adapted to the profitable cultivation of the grape. It had also been brought to his attention that the geographical situation of Wilmington, its climate and soil, were the same as those of Bordeaux, France, the greatest grapegrowing and wine-making country in the world, and he contended that the culture of the grape ought to be encouraged by our people, on the ground that it might be made a great source of wealth to the comgave a comic duett and were enthusiasti- munity. He said that fruits of all kinds could be raised profitably in our immedi ate section, and it was well known that all the fruits grown in this country were sweeter in taste than those grown anywhere else.

Mr. Alex. Sprunt also stated that he was well acquainted with the locality and climate of Bordeaux, and it bore a very great resemblance to that of this immediate vicinity; that it resembled it in a two-fold sense, inasmuch as it was the great rosin country of Europe, while the soil was really almost the same. He stated that he thought our citizens should appoint a committee to procure the immigration of ten or dozen good men from Bordeaux to settle here and experiment in the culture of the

Mr. Nutt remarked that he had raised the Malaga grape here, and that it yielded heavily and the fruit was larger and finer than any he had ever seen, and that he had known others to do the same.

Mr. Kidder said that he had tried the experiment with some of the foreign grapes and had not been so successful; but he had never given the matter the attention that he thought it deserved.

In the course of the discussion it was mentioned incidentally that Mr. L. A. Hart had, a few miles below the city, a very fine vineyard, from which he made annually a large quantity of excellent wine, and that he also made a champagne which had now obtained some celebrity throughout the country; but that he cultivated only the

native grape. In the course of the pleasant discussion of the evening Mr. Nutt brought to the attention of the Society a matter which, as he said, was not kindred to the subject under discussion, but which he thought ought to be explained. He had been informed by Capt. Gabrielson, of the United States Revenue Cutter Colfax, that at sea, about six or seven miles from the Frying Pan Shoals, there were spots in the ocean of considerable dimensions that were as clear as crystal; that when the water was calm fish could be seen swimming and objects lying on the bottom at the depth of thirty feet. No member present being able to explain the nature of the phenomenon Mr. Nutt was appointed by the President to deliver a lecture on that and kindred subjects at the meeting of the Society in

The Late W. D. Mahn.

The late W. D. Mahn, the announcement of whose death in our last issue, though not entirely unexpected, cast a gloom over the community, was formerly a citizen of that part of New Hanover county included in Pender, but removed to Wilmington when he was quite young, since which time he has been engaged in business here. He had long been a consistent member of the Front Street M. E. Church, and for many ernor a member of the Board of Audit and Finance of this city at the time of its organization, and has since been a zealous and energetic member. He was a member of Carolina Lodge No. 434, Knights of Honor, and his remains were escorted to their resting place in Oakdale Cemetery, yesterday afternoon, by members of the order, together with his relatives and a large concourse of sympathizing friends.

Reception at Rankin Hall. Mr. T. C. Fanning advertises that himself and patrons in the Terpsickorean art will give a reception at Rankin Hall on Friday evening for the benefit of St. James' Home, to continue from 8 to 11 o'clock. It will be a pleasant entertainment and one well worth attending.

WHOLE NO. 4,273

Cape Fear and Orion Lodges of Odd Fellows celebrated the sixty-second anniversary of the institution of the Order in this country, at their hall on Third street last night.

The Lodges were called to order by P. G. W. J. H. Bellamy, who acted as Noble

After the reading of the proclamation of the Grand Sire by the Secretary, the anniversary ceremonies, as laid down in the ritual, were read by the Noble and Vice Grands, the Anniversary Hymn was sung by the choir, and prayer offered by the Chaplain, when the Noble Grand, in a few graceful and appropriate remarks, introduced the orator of the evening. Grand Representative Charles M. Busbee, of Raleigh, who for nearly an hour entertained the large audience of ladies and gentlemen present with one of the most able, instructive and entertaining addresses upon the subject of Odd Fellowship ever delivered in this city.

P. G. M. Wm. L. Smith, in behalf of the order in this city, returned thanks to Mr. Busbee for his chaste and beautiful address, and then introduced to the audience P. G. F. H. Sleeper, of Indiana, (who is at present stopping in the city for the benefit of his health), and who entertained them for a few moments in a pleasant and humorous little speech, after which the closing hymn was sung and the Lodge closed.

Mayor's Court.

Several hucksters were before the Mayor yesterday morning for the non-peyment of their license tax.

The only other case was that of Nelly Green, charged with disorderly conduct. She was ordered to pay a fine of \$10 or go below for thirty days. She was told, however, that the fine would be remitted on condition that she would leave the city: This she refused to do, and she was thereupon conducted to apartments below.

arrived at Rotterdam on the 23d inst. -The whaling schooner Hatfield was reported a short distance below Big Island, yesterday, getting a supply of water and cleaning up preparatory to her voyage East. She has been in below for some

TRIBUTE OF RESPRCT.

We regret extremely to have to record the death of Mr. HENRY A. BEAMAN, which occurred at his home in Clinton, N. C., on Thursday morning, April 31st, 1881. His death is deeply felt by the entire community. At a meeting of the Cellege St. Reading Club, held at Mr. J. H. Stevens', April 22d, 1881, the following resolutions were adopted:

Whereas, The infinitely wise and merciful Creator, the Supreme Regent of the universe, to whose divine ruling we humbly submit, has seen fit to remove by death, from all earthly scenes and associations, our beloved fellow-member and former President, Mr. Henry A. Beaman; and, whereas, it is proper that we give expression to the feelings this sad dispensation of Divine Providence has inspired; therefore, be it

Resolved, That in the death of Mr. Henry A. Beaman, his friends and associates of the College St. Reading Club realize the painful truth that a seat has been made vacant in our Club that can never be filled, and that as a memorial of the melancholy event, on a page of the Secretary's book, shall be inscribed his name and the date of his death.

Resolved further. That we share in the efficience.

death.

Resolved, further, That we share in the affliction that has thus overtaken the relatives of the deceased, and offer them the assurance of our sympathy and condolence in this hour of their bereavement and distress.

Resolved. That a copy of this Tribute of Respect be sent to the family of the deceased, and also in-scribed in our minute-book. J. A. STEVENS, J. A. MOSELEY D. F. WEMYSS,

DROF. GASTON M. HOBBS is now in the city PROF. GASTON M. HOBBS is new in the city
so that those who desire to familiarize themselves with "The Science of Musical Composition," now have great inducements to do so. This
Science (which is now generally known by the name
of Thorough Bass), can be learned in a very short
time. Without a knowledge of Thorough Bass it
is impossible to be a correct musician. Please give
me a call at Maj. D. J. Devane's, Fourth Street,
between Market and Princess. Lessons also given
on the Violin and Piano.

Try Mrs. Joe Person's Indian Tonic Bitters. TURES SCROFULA, RREUMATISM, HEART

Disease, Chronic Bilious Colic, and all kinds of Emptions and Skin Diseases arising from impurity of the blood. As an Alterative Tonic and Purifier of the Blood it has proven itself unequalled. SEE GOV. HOLDEN'S OPINION.

RALEIGH, N. Cf. Dec. 2d, 1880.

I take pleasure in stating that a member of my family has used Mrs. Joe Person's Indian Tonic with good results. I believe her remedy excellent for the purposes for which it is intended.

W. W. HOLDEN. SEE JUDGE STRONG'S OPINION.

RALEIGH, N. C., Dec. 1st, 1880. Mrs. Joe Person: Madam—Some months ago I was in bad health, suffering from debility, indigestion and loss of appetite, when a friend induced me to try your Bitters as a Tonic. I did so with the most happy results. I take great pleasure in recommending it as a valuable and efficient vegetable Tonic. Very respectfully, GEO. V. STHORG. Prepared by Mrs. Joe Persen, Franklinton, N. C. For sale by W. M. H. GREEN, Druggist, mh 16 ly nac Wilmington, N. C.
