Gen. Ben Butler is playing the part of prompter to the play now being performed at Albany. Is it somedy or tragedy or farce? A special from Washington of the 24th to the Baltimore Sun says:

"Among the items of gossip float-Mr. Conkling in possession of facts tending to the great damage of the administration, but more particularly injurious to Mr. Blaine. When Gen. Butler was here last week he had an interview with Mr. Blaine, during the course of which the Secretary of States assured him seriously, in the presence of others, that he not only had nothing to do with the nomination of Juege Robertson for collector of the port of New York, but that he knew nothing of the President's intention until after the nomination was sent in. The story is now that Gen. Butlar has found out a great deal about the star-route irregularities, and that he has communicated all the facts to Mr. Conkling, who will take good care that they be fully known at Albany in good time to have effect on the Senatorial election, and that Mr. Blaine is in great tribulation about it, as it is said it will not help the administration

Rev. S. Taylor Martin, son-in-law of the late Hon. Abram W. Venable, in charge of churches in Western North Carolina, made a two hour's greech in the Presbyterian General Assembly in favor of his report (minority) on retrenchment and reform. ### MEPUBLICANS IN COUNCIL,

ENTING OF THE CENTRAL EXECUTIVE COMMITTEE -THE COLORED OFFICE-SEEKERS' CLAIMS CONSIDERED-THE PROHIBITION QUESTION DISCUSSED.

Raleigh News-Observer. Yesterday the members of the Republican State Executive Committee met in this city. There were present T. N. Cooper, chairman; I. J. Young, W. P. Ganaday, W. A. Moore, David A. Jenkins, J. J. Mott, Clinton M. Rogers, T. B. Keogh, Mansfield Thornton (colored, and J. C. L. Harris,

The question of the African officeseeker appears to have been first discussed, and in a very lively manner, too. It was understood by members of the committee that W. P. Canaday, the tall member from the Cape Fear, had arranged the late negro convention held here, and it is whispered that he was very plainly told as much by certain members who did not like that style of doing things. It was for Canaday's benefit, principally, there-fore, that a resolution of the follow-

ng tenor was introduced: Whereas, The colored voters in the State of North Carolina, numbering 70,000, a larger share of the Republican vote in this State, are entitled to, and deserve a greater share of, the patronage of the party;

pected to recover. therefore be it

the colored vote is numerically stronger in the matter of county elections and offices, that it is the sense and wish of this committee that the county conventions would do well and serve the best interests of the party by nominating none but colored men to office in those coun-

Resolved, further, That we also recommend and desire that the President appoint none but efficient and capable colored men to Federal office in sections where the colored voters are in the majority.

For this resolution a substitute was offered, which made it apply to all parts of the State.

The next question considered was that of prohibition. A wordy war began over this, and nearly all of the committeemen spoke. Speeches were made by I. J. Young, T. B. Keogh, W. A. Moore and D. A. Jenkins in opposition to the idea of declaring against the prohibition movement. T. N. Cooper and J. J. Mott spoke in favor of coming out against the movement. W. P. Canaday also took the same view, but was not quite

so strong in his declarations. It was evident last night that the majority of the committee were opposed to making it a party question. All the speakers in opposition denounced the idea, and declared that, although the matter will again be discussed to-day, it will surely fall through. A committee, consisting of Messrs. Jenkins, Mott, Cooper, Young and Keogh, was chosen to confer in regard to the matter, and report to-day at 10 o'clock, when the committee again meets.

A private dispatch received from Henderson at 10 o'clock lest night, ing around in political circles to-day is one, which is accepted with much pleasure among the stalwart element, to the effect that Gep. An Addition to the Fleet. A handsome new clinker built yacht, 15 feet 3 inches in length, arrived here on the last New York steamer and will be carried to Wrightsville Sound in a few days and put in readiness for this summer's races of the Carolina Yacht Club. She is the property of Messrs. The boat has been named The Glide, and is rigged with a mainsail only, but that is of the "sky scraper" order, having 19 feet hoist and being about 20 odd feet on the boom. The Glide is very completely fitted, furnished and finished in every particular, Wiggin's Squadron. The new comer will greatly increase the interest in the Fourth of July race, as there is a delightful uncertainty existing as to just what position she will take in the contest. The Commander of the Qui Vive, particularly, is notified in time to get his centre-board in order, and be prepared to vanquish the Glide or acknowledge defeat, as no excuses are to be

Picule and Meetingjat Long Creek.

The picnic at Long Creek, Pender county, on Wednesday last, was attended by about three hundred persons. The President, Dr. S. S. Satchwell, delivered an address of welcome, after which prayer was offered by Rev. J. S. Black, and Judge Cantwell was then introduced and made a speech appropriate to the occasion. Arrangements were made for a Prohibition Fourth of July celebration at Burgaw, and a committee of arrangements was appointed, consisting of Messrs. R. P. Paddison, G. F. Walker, Bruce Williams, S. S. Satchwell, William Hand and W. T. Ennett, who were requested to invite Gov. Jarvis, Judge Cantwell, Judge Merrimon and others to attend. A resolution was passed asking the County Commissioners of Pender to decline to grant licenses to sell intoxicating drinks. A fine dinner was prepared and partaken of by the crowd, and at night there was a ball and dancing was kept up until early morning. Mr. N. F. Thompson, of this city, who was expeeted to be present and speak, did not put in his appearance.

In a Tight Place. Mr. Nolan and Capt. Horton, of the wrecking schooner Wave, sent for a piece of ice a few days since, and in the very centre of the block was found what appeared to be the frozen remains of a small green frog, from whose body the little of life that could be compressed in so small a space had long since taken its flight. The apparent lifeless lump was taken out and put in a warm and dry position, when it soon began to show signs of life, and in three hours from the time it was taken from the block of solid ice, to all appearances as dead as anything could be, it jumped from the deck of the vessel into the Cape Fear river. The reasonable supposition is that the frog had been frozen up in the block of ice from the time it was taken from some Northern lake or river last winter to the day it came into the hands of Mr. Nolan and Capt. Horton, and the question now is, how long can a frog exist under such peculiar circumstances !

She has especially studied the constitution and wants of this numerous class and and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is moreover sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world renowned as a benefactor of the race; children certainly de REEL UP and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DALLY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. The Rockbridge (Va.) Alum Springs, And the late "JORDAN ALUM."

NOW CONSOLIDATED IN ONE PROPERTY AND UNDER ONE MANAGEMENT

A joint stock company having bought these two contiguous properties, to be known under the old title of "ROCKBRIDGE ALUM SPRINGS," will OPEN it to the public on JUNE 1ST, under the supervision of MR. WILLIAM PRAZIER. who was before the war, and for four years after the war, in charge of the original Alum Springs. We think the public will find him the right man in the right place.

J. PRED EPVINGER,

President Rockbridge Alum Springs Co.

After twelve years' absence I return to this post of daty. It is hardly necessary to dilate to the Southern public upon the virtues and value of this mineral water. It has in the last half century made a record of cures in chronic cases which for variety and aggravation of the cases brought under its influence is unapproached by any known mineral water in this country. The professional testimony to this effect is distinguished and unimpeachable. But it is of the preparations now being made by the new proprietors for the proper entertainment of the public I would say a few words.

A great work of expurgation and renovation is A great work of expurgation and renovation is now going on at the old Alum Springs, including a thorough system of drainage, a new and abundant water supply of pure freestone from the mountain, repainting and new 100fing, a very large introduction of new furniture, and in general a thorough overhauding of the entire premises.

The elegance of the new "JOHDAN ALUM," Its spactous and commodious "GRAND HOTEL" and COTTAGES, and the BEAUTY OF ITS GROUNDS, are widely known to the floring scenes results. COTTAGES, and the BEAUTY OF ITS GROUNDS, are widely known to the Springs going public.

My aim and earnest effort shall be to keep this now combined establishment in a manner to give satisfaction to all reasonable guests.

AN EXCELLENT LIVERY is engaged, under a contract imposing a reasonable tariff of charges. All the customary diversions are provided for, such as BAND and BALL ROOM MUSIC, BOWLING and BILLIARDS, and all that; but I do not "bank" much on these things. My main efforts shall be directed, with the aid of an efficient staff, to make the patrons of the place COMFORTABLE and "AT HOME," and regain, if possible, for this attractive summer resort, its old popularity and prestige.

CORSETS! CORSETS! Brown & Roddick

45 Market Street, SOLE AGENTS FOR ROTH'S PATERT DOUBLE BONE CORSETS. They are made with
two rows of Bones placed one upon the other, on
each side, giving it double the strength and elasticity usually obtained in other Corsets; doing away
with broken and rusty side steels, and making it
absolutely unbreakable in those parts subjected to
the greatest strain. They have an extra long five
hook double Clasp, and are cat proportionately long
on the sides and back, thus meeting a popular demand for long Corsets. Sold only by
