The Kinston Journal says "we have information from a prominent gentleman at Jacksonville that Onslow will go against prohibition by 1,500 majority. He says there are only four prohibitionists in Jacksonsonville township." May the STAR venture to ask if there are any good people in Onslow? Prohibitionists can never be made to believe that Onelow has any chance for salvation if it goes 1,500 against prohibition.

Senator Thurman has declined to be the Democratic nominee for Governor of Ohio. He says he is old enough to quit seeking office. That s good, provided by seeking office it can be got. It is an interesting physiological act that Whittaker's ears-show signs of growth. The Washington excursionists returned yesterday, arriving at the depot at about 10 A. The excursion was otten up under colored suspices, but it was announced from the first that as many apart especially for white people who de-cired to visit Washington. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a buttom."
