Bidez, as musical director, has been organized among the young men in this city. — At a meeting of the citizens of Charlotte at the court house to express their disapproval of the article in the Charlotte Observer of to-day, concerning the attempted assassination of President Garfield, Gen. Thos. F. Drayton was called to the chair, and Wm. B. Griffith and Thos. M. Pittman were requested to act as secretaries. Gen. Dray ton stated that the meeting was called to express the disapproval of an article in this morning's Observer, regarding the attempted assassination of the President. _____Referring to the editorial in yesterday's Observer

in regard to the attempted assassination of the President, we spoke only our individual sentiments, and made no pretense represent those of the community. Mr. W. S. Brown, a prominent farmer, who lives about three miles south of the city, made a trip to Pineville last week.and on his return, not far from the latter place was caught in a severe thunder storm. He took shelter under a large tree near the roadside, and his horse becoming restive he dismounted and held him by the bridle. Soon an unusually severe clap of lightning struck the tree, and glanced from this in two forks, one of which struck his horse,

killing him instantly. The other passed through the rim of Mr. Brown's hat, and striking him over the right eye crushed him to the ground, where he lay in an unconscious condition. He was found by the roadside about dark, and carried to the house of Mr. J. T. Downs, where measures were taken to revive him. In a few days he was removed to his own residence where he now lies in a critical condition. - Mr. R. H. Lavercombe, the gentlemanly manager of the Singer Sewing Machine office in this city, was out gunning with some friends on the Fourth of July when, in passing through the woods, he suddenly felt a stinging sensation in the calf of one of his legs, and on investigating the nature of it discovered that he had been bitten 'y a snake. In a minute the leg was swollen nearly double its natural size and tingling all through with the sensation that

1 is evident that in all this great land there is no happier, more devoted household than that to be found in the White House. In this the country has something to be thankful for.

The favorable condition of the President continues, and his recovery may now be regarded as almost certain, unless some very unexpected developments should follow. There is every thing to encourage hope.

Fort Fisher was named in honor of Col. Charles F. Fisher, of the 6th North Carolins, who was killed at the first battle of Manassas, by the builder of the original Fort, Col. S. L. Fremout. This is history, not guessing.

Whilst Baltimore had such a fearful array of accidents and shootings, Philadelphia, more than twice the size, had but one accident and not a fire on the Fourth. The Mayor did it by his orders concerning fire-crackers and such.

It is thought in some quarters that Garfield's recovery will end the Conkling set at Albany ; whilst the shooting will tend to put an end to the Presidential show-business at Fairs, etc., and end forever all the Stalwart business by which extreme men get up cheap reputations. "Stalwart" will be a stench in the nostrils of all decent men hereafter.

The poor imprisoned and threatened Czar very naturally takes a deep interest in the shooting of the President. His own life hangs by a thread, and he sits eternally with his feet in a man-trap and fear gnawing at his liver. But the attempt upon our President has nothing in common, but deviltry unmixed, with the efforts to destroy the Czar.

The New York Times, ablest of

Mr. Carl Schurz is the supposed picture-man of the Post.

The President has borne himself throughout his very trying ordeal with singular fortitude and patience. He has developed hidden qualities not suspected of him. His marked cheerfulness, hopefulness, under the extraordinary circumstances is akin to the heroic. When all was dark and the physician said he had chance, then responded cheerily the President, "Let us take that chance." At another time when all was very gloomy he was asked "how he felt?" With a faint smile, but briskly he

replied:

'You keep heart; I have not yet lost mine.'

The ability of the South in the U. S. Senate is above the average. Senator Voorhees thinks it better. Senator Voorhees is reported in the Little Rock (Ark.) Gazette as saying of Senator Garland that "despite the legal reputation of Thurman, McDonald, David Davis and others, he is universally acknowledged to be the best read, best equipped lawyer in the United States Senate."

When Abram Hewitt and ex-Gov. Morgan, of New York, have nothing more important and profitable on hand than eulogizing the administrative talents and moral qualities of V. P. Arthur, it would be well for them to join ex-V. P. Wheeler on a big fish, or take up quarters with Barnum's big show. It is very certain no one will believe them.

The venerable and venerated Rev. Dr. Drury Lacy, almost an octogenarian, contributes an excellent and long article to the North Carolina Presbyterian on the subject of the choice of books. It is a very sound paper throughout, it strikes us, and shows that the theologian has not neglected the masters in literature during his protracted and useful life.

known, as he had but recently come to the city. The Goldsboro Rifles happened to be on the river bank and saw the boy's danger. Four or five of the members rushed quickly to his assistance and made a very heroic effort to rescue him, but failed. Within the past month we have seen in our exchanges nearly a dozen notices of rapes or attempted rapes by negro men. In Ran-dolph county a respectable lady was chloroformed by a negro fiend to enable him to consummate his hellish designs. Is there any wonder that people visit swift punishment upon such villains ? ---- Prohibitory public meetings will be held in Greene county as follows: Ephraim's chapel, Mon-day, July 11th; Hookerton, 15th; Bull Head, 23d; Barrows, 27th; Seminary, 28th; Speights Bridge, 30th; Snow Hill, Aug. 3d. — Miss Southgate, of Durham, graduated last year at the Wesleyan Female Institute, of Staunton, Va., bringing home with her three gold medals, awarded for proficiency. She is now attending the conservatory at New York under the best teachers. At a recent public exhibition in that city nine pupils were selected, Miss Southgate among the number, to perform, and we learn that of the nine she was the only one applauded. --- Mrs. Mary A. Best, the estimable wife of N. W. Best, Esq., died on the 25th ult. --- The wheat crop in this section is rather light this year owing to the small acreage planted. A meeting of the citizens of Wayne county will be held at the court house, in Goldsboro, on Saturday, July 9th, for the pur pose of organizing the county against prohibition. Speakers have been invited, and are expected to address the meeting. - From Raleigh letter: There is genera satisfaction at the lease of the Atlantic road to Mr. Best, and a desire to see a successful line working from Morehead to the Tennessee line, with Raleigh, of course, as leading point in the route. Mr. Best, it is understood, will personally visit the coun-try between Raleigh and Salisbury during

the months of July and August, after preliminary surveys for routes are finished. It is thought that the obstacles to the control of the Western Railroad will vanish after the first of November next, in spite of the tenacious efforts of the Richmond & Dan ville Road to continue to pour our riches into the lap of Richmond.

The Alarm of Fire Yesterday.

There was a narrow escape from esterday afternoon at the house of Barrentine, on Church, between Sec and Third streets. It seems to have o nated from a stove-pipe, and caught an the lattice around the chimney, finally municating with a can of kerosene o the hearth. The flames were getting u pretty good headway when discov having burned through a thin partition a room adjoining. Several of the ne bors hurriedly gathered and soon en guished the flames.
