At the balloting for U. S. The mortality in New York city last week was excessive. The number of deaths was 1,124.

Harmony has not visited the splitup Republicans at Albany. They looked for smooth times but they made a mistake in De-pew.

The Illinois Board of Health is exercised by the dangers arising from the spread of small-pox. It calls on the National Board to have all foreign immigrants examined closely.

Crime in the British army is said to be considerable. There were 99 trials in 1879 in which death or penal servitude was the sentence. There were 15,413 courts-martial. Minor offences are not included.

The news from Washington continues faverable for the President. Some eminent New York surgeons pronounce him safe but say his recovery will be slow and long. Dr. Hamilton, the leading surgeon of New York, is confident now that he will get well.

Two years ago the heat in St. Louis was so terrific that scores of deaths occurred from it. The mercury ran up to 105. So the statement made by telegraph that last Sunday was the hottest day known in the history of that place is untrue, for it gave the record at 102 degrees.

It looks more and more as if France was bent on extending her conquests in Africa. Tripoli and Egypt are said to be in the programme of capture. After awhile some of the Great Powers will rise up and say, stay your hand, your slice is large enough already.

Memory some times plays treacherously. We yesterday attributed to Tennyson some of Longfellow's best known lines-those on the building of the ship. For the moment we were thinking of some lines by Tennyson to be found in that grand ode of his on the Death of Wellington. We were in a hurry at the We must be more careful.

Yesterday at 12 M, Griscom no doubt completed his 45 days fasting. He was to have eaten his first meal at the Olympic Theatre. He will spend two years in lecturing. He fasted 1,080 hours. On the 10th his condition is thus given:

"The following comparative measurements show to what degree the

faster's anatomy has shrunk: First Day. Abdomen..... 481 Thigh 21 Calf. 16 Forearm 114

into disfavor at Washington, on account of his action against prohibition, and suggesting that Republicans regard it in the light of a party measure, first adopted by Democrats, is entirely without any foundation in The complaint Griscom makes is that he feels weak. His mental powers seem undimmed, and his conversational ability unabated."

DEATH OF JUDGE MANLY.

E. Manly, of New Berne, died sud-

county and was born April 13, 1801

He was both a Superior and Supreme

Court Judge. He resided in New

Berne after his 29th year save whilst

a retugee during the war. He was

most devout Catholic and was held

in the highest respect by all who

Goldsboro Messenger. Hon. F. E. Shober was expected to have addressed the anti-Prohibition mass meeting here one Saturday last. A letter was received from Col. Shober greatly regretting his inability to be present. —— O'Hara's speech on Saturday in support of anti-Prohibition, was full of Radical buncombe. —— The Prohibition campaign may be said to have fairly opened in this county. The Pros. and Antis. are squarely in the field marshalling forces for the fight. So far the odds appear to be largely on the side of the Antis, but it remains to be seen what headway the friends of Prohibition will be able to make during the time-intervening between now and the first Thursday in August. The anti-Prohibition Convention on Saturday was largely attended. The court house was crowded to its utmost capacity, and finally it became necessary to leave the court room and speaking was continued on the court green.

If you want to stop your paper be honest enough to pay what you owe.

- Monroe Enquirer: At an early hour last Friday morning, Mr. M. D. Myers found, lying on a pile of loose cotton under a shelter, on the cotton weigher's platform, the corpse of Mr. John A. Harrison of this place, who had died there during the night. The deceased had been under treatment for heart disease for several

- Salem Press: On Monday evening last, about 5 o'clock, the dead body of Mr. Elias Shaub, of Bethania, this county, was found in a road not much travelled leading from Bethania to Crater's mill. It is supposed Mr. Shaub's death was caused by his horse running away and throwing him out of the buggy. He was in the 71st year of his age.

- Raleigh News-Observer: About 200 excursionists came up from Wilmington yesterday, among them being about a dozen white persons. The excursion was managed by colored people. — Chief Justice Smith and his son, Mr. E. C. Smith, returned Saturday night last, from a trip to Yale College, Long Branch and Coney Island, looking much improved in health. - Elizabeth City Carolinian: The

Old Dominion steamers now make Elizabeth City their northern termini, the Pamlico making the first trip on Saturday, bringing a number of through passengers and sixteen car loads of freight. The Wilmiagton Light Infantry,

The excursion arranged by this company for Tuesday next promises new features and unusual attractions. The programme for the day begins with the reception of the Sumter Light Infantry at the depot at 6 o'clock in the morning, from whence they will be escorted to the armory of the Wilmington Light Infantry, where breakfast will be provided for the visiting military. After breakfast the two companies will march to the steamer Passport and with those who may wish to accompany them embark for a day's enjoyment on the water and at Smithville and the Forts, with music, dancing, etc. Gen. Wade Hampton, of South Carolina, is ex pected to accompany the visitors from Sum ter, and at Smithville the companies wi parade and be reviewed by him.

It is gratifying to learn that the Wilming ton Light Infantry is in a better and more flourishing condition now than for years past. It is recruiting its ranks with active members, and the provision which relieves contributing members from jury duty for one year on the payment of \$20 to the company fund, is adding to its treasury. Regular or volunteer drills are held every night in the week (excepting Sunday) and are well attended, and with these and under its veteran commander, Col. John L. Cantwell, the company can scarcely fail to reach the highest efficiency.

The company, it is understood, will attend the Yorktown centennial celebration, and expects to carry not less than forty rank and file. Our citizens who take a just pride in this organization should extend every aid and encouragement to enable it to go with

Obtaining Money Under Pales Pretenses.

Emanuel Smith, colored, was arrested yesterday morning and ordered to enter into a justified bond in the sum of \$100 to appear before Justice Gardner this morning, at 10 o'clock, to answer to the charge of obtaining money under false pretenses from Mr. L. W. Bryan. It seems that Smith went to Mr. Bryan's store and prevailed upon him to take an order upon one of the railroads, stating that he was in the employ of said road at \$1 per day, had received no money for the month of July, and had given no order to any one else. Upon this representation Mr. Bryan, at his request, let him have five dollars in money and several articles of groceries, taking his order for the same. Subsequently, Mr. Bryan was informed by another storekeeper that he had Smith's order on the same road for the same month; that Smith had already overdrawn upon him to the amount of \$26, and that he was only getting \$18 per month, instead of \$30, as he claimed. Thereupon Mr. Bryan, with a determination to put a stop to such swindling in the future, had a warrant issued for his (Smith's) arrest.

Horse Stealing.

Deputy Sheriff Hend, of Pender county, Rooks. brought down a colored boy Monday night by the name of Edward Moore, charged in a commitment from Justice Gaston Walker with the crime of larceny, and in default of security in the sum of \$800 he nand Tyre. was committed to jail to await trial at the next term of the Superior Court of Pender. The larceny, we understand, consists in stealing a horse from Mr. L. D. Cherry, at Long Creek.

Arrested for Fighting,

Dave Mallett and E. McFarland, both colored, were arrested for engaging in an affrey Monday night, in the neighborhood of Second and Market streets, and are in the guard house awaiting a hearing before Mayor Smith this morning.

The death of Mr. James B. Williamson recorded in our last, was a very sad and mexpected one. He was attacked with a severe hemorrhage a few days previously, but it was thought he was improving, and would probably be up in a few days. Sunday morning early he called to his brother for some medicine, which was given to him, and he then by signs-being unable to speak-endeavored to ask his brother for some salt, and finally uttered the word, when some of the article was hastily secured from a wash-stand near by; but before his brother could get to the bedside with it the unfortunate gentleman was a corpse, being attacked with a second hemorrhage. Deceased was a member of the firm of McDougall & Williamson, and was

Report of Chief Robinson. The report of the Chief of the Fire Department gives the following list of fires for the month of June: June 5th, stable of F. W. Heyer; accidental. June 21, stables of W. P. Oldham and J. C. Stevenson: damage \$800; accidental. The report calls attention to the condition of the Cape Fear Steam Fire Engine and recommends that repairs on same be immediately pushed to completion. The Chief also shows the importance of having the fire alarm more centrally located, and recommends its removal to the City Hall, stating that he had furnished to a member of the Board all the particulars in regard to an electric alarm.

Magistrate's Court. . Emanuel Smith, colored, was arraigned before Justice Gardner, yesterday morning, oa the charge of assault and battery. The trouble originated in the fact that the defendant went into a store over the railroad and wanted a drink, which the proprietor refused to let him have on the plea that he had on several former occasions obtained drinks from him and refused to pay for them. Smith cursed the proprietor, who then ordered him out of the store, and, upon his refusal to leave, attempted to put him out, using such force as was necessary, when Smith struck him a blow. Defendant was ordered to pay \$5 and the costs.

Death's Doings. The many former Newbernians in this city and section will regret exceedingly to hear of the death of Judge Mathias E Manly, one of the purest, ablest and best

of men, which occurred in Newbern on Saturday evening last. In the death of Dr. Isaac W. Hughes and Judge Manly, Newbern has sustained a loss that is truly irreparable, and the fact that the latter so soon followed the former through the dark valley will make the blow so much the harder to bear. One by one the links between the past and present are severed.

Williamson, the colored editor who made a prohibition speech here recently, wrote as follows to his paper concerning thi 'greatest effort of his life:"

"Nine-tenths of the audience were opposed to our views when we first began our speech, but when we finished, had a vote been taken, prohibition would have been carried."

Of this we are so sure that we will teach our "Snsy" to say, "A bleasing on Mrs. Winslow," for helping her to survive and escape the griping, colicking and teething siege. MRS. WINSLOW'S SOOTHING SY-RUP relieves the child from pain, and cures dysentery and diarrhees. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—knew her only through the preparation of her "Soething Syrup for Children Teething."
