During commencement week forty-one members of the graduating class and forty-one of the Boston alumni urged his resignation. The causes of all this are not given

- Asheville News: From one end of the State to the other there is a demand for labor. Gen. Ransom, who has charge of the work of clearing the obstructions from the rivers in the Eastern part of the State, says that he caunot proceed as rapid-ly as he could wish, for the want of laborers, and the railroad contractors, as well as au-thorities, are advertising for labor, while the farmers need all they can get and more too, to get their tobacco and other crops worked out.

- Durham Plant: The yield of the wheat crop in this county was good. —— Seven brick stores on Market street are in course of erection. — There are more Normalites at Chapel Hill than ever before. --- Reports from all sections are that the crops are being seriously damaged by the drought. — We regret to learn that Mr. William Faucett, of Haywood, Chatham county, is suffering with a fearful loss of mind. His condition is such that his friends have been forced to confine him. He was a fine business man, and one of the most prosperous farmers in Chatham.

- Kinston Journal: On last Wedaesday morning, at his residence near Polylocksville, E. W. Haywood, Esq., departed this life, aged about 58. He was the only surviving child of Dr. Lewis G. Haywood, late of Lenoir county. —— He was for 20 years a judge of the Superior Court, and fterwards on the Supreme Court bench for about seven years. - Kinston items in Tarboro Southerner: The Rev. J. K. Falkner, of the Missionary Baptist Church, has resigned his charge of the church here, and will return to his home in Virginia the 1st of August. — Last week a young man named Pate came to town to sell some cattle, and made himself gleriously drunk, and started home in the buggy with another drunken white man, and a negro. On the way he and the negro agreed to get down and fight, and in the struggle the negro stabbed him in the back. He bled very freely, but went home, and during the night put his head out of a window, and the window fell on his neck. Unable to help himself out because drunk, he remained there until some one awoke and assisted him. He then sat down, went to sleep, and was found next morning sitting against the wall dead.

- Elizabeth City Economist: In the shade in this place the thermometer has stood at 102. - Nag's Head's seventy guests are summoned to their meals by a bell from the wrecked Huron. —There will be a camp meeting on Chicamacomico banks, south end, commencing July 27th, 1881. —About thirteen miles of the thirty miles of the Edenton extension has been graded—eight miles from this end and five from Edenton. —The success of the E. C. & N. R. R. is without precedent. Apart from the flood of excursion parties, who keep the road engaged shead, the freights from various points have been very large and remunerative.

—A meeting was beid at Chapel Hill on the 28th of June, to organize an Association of the County Superintendents of Public Instruction, and arrangements were made for calling a State Convention in Raleigh on the first Wednesday in September. -Hyde county: The late rains come exactly to suit us, and the crops are stalwart and finest of the fine. - Washington county news: Crops are looking well with respects of a good yield. Cotton on light land looks well, but on stiff land there is a poor stand and it looks badly. Corn and rice look well; wheat moderate.

The Alarm of Fire Yesterday Morn-The roof of a house on the northwest corner of Fifth and Castle streets, occupied by Eliza Lucas, colored, caught fire yesterday morning, about 9.20 o'clock. The alarm was sounded and the fire department started promptly for the scene, but were turned back before reaching if with the information that the fire was out. A hole about three feet square was burned in the roof, which caught from a spark, and the promptness of the neighbors prevented the serious conflagration that was threatened.

Crops in Brunswick.

Sheriff E. W. Taylor, of Brunswick, has travelled over the county within the last ten days, and gives us the benefit of his experience in regard to the crop prospects. The rice crops on the river, he says, have never been better since ante-bellum days Upland rice is generally poor. The cold spring and dry weather has broken the stand. The potato crop will be small. The seed rotted, and there was not a full crop planted. Cotton is looking well, but is generally not as far advanced as usual, the cool and dry weather having retarded the growth. Corn is looking fine and will be considerably over the average, provided seasonable rains shall occur. At present it is very dry, and if the drought continues ten days longer early corn will be cut off badly. The water courses, springs and wells are lower than they have been in thirty years. There is also considerable sickness in the county.

Beary Raige. There were two very heavy rains yesterday afternoon, accompanied by severe thunder and lightning. The first one, was also accompanied by quite a storm of wind. The showers were very welcome and caused a considerable fall in temperature. The one commencing shortly before 6 o'clock was heavy and continuous, and flooded Market street to an extent that caused merchants and clerks on the south aide to bring their brooms into requisition. The rains will no doubt have a beneficial effect upon the crops in this immediate section.

WHO IS MRS. WINSLOW?—As this question is frequently asked, we will simply say that she is a lady who for upwards of forty; years has untiringly devoted her time and talents as a Female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge obtained in a lifetime spent as nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is moreover sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world renewned as a benefactor of the race; children certainly do must ur and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are naily sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, methers—TRY IT HOW.—Ladies' Visitor, New York city. Sold by all Druggists. 25 cents a bottle.
