With a Democratic vote of nearly 1,800, Wilson county gave 300 votes in favor of prohibition. This does not look much like a Republican victory.

Gen. Robert Lowry, nominated for Governor of Mississippi by the Democrats, is a lawyer, an ex-Confederate or "Rebel Brigadier" and is fifty five years old.

Major Daniel was to have met Col. Cameron at Henry Court House on yesterday. Both are very brilliant men, but Daniel is more of an orator, we suppose.

We give to-day the official vote of 20 counties. The retarns from these counties may be relied on, having been f rwarded direct to the STAR by the Registers of Deeds.

it is intimated by the Department of Agriculture that the wheat crop will fall short of that of 1880 by 63,300,000 bushels--or one-sixth. There is some old wheat on hand.

Iu Sunday's STAR the reference to Dr. Curry should read "well furnished Southron," not finished. The paragraph following should read "imprudent and unroise," not "universal."

The Albany (N. Y.) Express, a Republican paper, says the Republican masses of that State are despondent as to the success of the party in the fall. The Democrats will be united, it is believed, whilst the Republicans will be divided. So be it.

Some of the papers have made a mistake as to the last Bishop Haven who died recently. It was not Bishop Gil Haven, who died a year ago or more, a Radical politician who hated the South ; but it was Bishop Erastus O. Haven, a very different kind of a man.

The President has not been so well during the last three days. The physicians have been much puzzled to determine the cause of the increase in his temperature. Another operation has been performed. It was announced on Saturday that an attempt

Green drew a pistel and fired, the ball taking effect in Lee's breast. Lee then jumped at Green and stabbed him three times with pocket-knife in the face and throat.

In a few moments thereafter both parties fell and expired. The affair creates intense excitement here and is without a parallel in the history of the city."

Ta, ta, Whitaker I After all the luss the Radical demagogues and editors made over the colored cadet. Whitaker, he was not acquitted. A Washington special says :

"It is learned beyond the question of a doubt that the findings of the court are against Whitaker. He is found guilty of committing the alleged outrage upon himself, and also of not telling the truth about it. The sentence of the court is that he be dismissed the service. There is nothing to indicate that the proceedings

will not be approved." It cost tens of thousands to tel what every body of sense believed.

Mrs. Henry Ehrbeck was in the neighborhood of the postoffice yesterday morning, when a colored boy suddenly approached her, anatched a pocket book from a side pocket of her dress and darted off with it. She made complaint at the City Hall, but as she did not know the boy, and did not take sufficient notice of him to be able to give any description of his percent, appearance, except that his clothing the somewhat ragged, it is doubtful if any clue

is ever obtained to his identity. The pocket book contained a little over five dollars in money.

WINSLOW'S SOOTHING SYRUP.-Rev Sylvanus Cobb thus writes in the "Boston Christian Freeman" :--We would by no means recommend any kind of medicine which we did not know to be good--particularly for infants. But of Mrs. Wins-low's Soothing Syrup we can speak from knowl-edge; in ear own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable.
