A dray was going along Front street, opposite the National Bank, with two kegs of the article on it, when wheel of the vehicle came off, by which one of the kegs was thrown out upon the Bel gian blocks and had its head knocked in when the butter flowed out in a stream and was eagerly gobbled up by the street Arabs in whatever vessels that could be improvised for the occasion.

All are colored, and the last named is a boy little more than half grown.

An excursion to Washington City and New York on the 25th inst., is now being gotten up under the management of W. H. Howe, Sr., one of the managers of the very orderly and successful excursion to Washngton on the 13th of June last. The fare from Wilmington to Washington and return will be \$6.50, and from Wilmington to New York and return \$16.50; the tickets to be good for ten days. This excursion will have advantage over the other in that more time will be given in which to see the sights and enjoy the pleasure of the trip.
