Magistrates' Court.

Mareis Merrick, colored, was before Justice Gardner, yesterday afternoon, on the affidavit of Margaret Ann Davis, also colored, charged with committing an assault upon her. The evidence was conflicting, that of the prosecuting witness being to the effect that Marcia Merrick assaulted her on the street, or rather in an alley, and tried to capture her escort, who was taking her to a ball: At the conclusion of the testimony the Court announced that the evidence was not sufficient to convict and that the case

was dismissed at the cost of the prosecutor. The next case was that of a party who frequently officiates as special deputy, who was charged upon the affidavit of Margaret Ann Davis, colored, with illegal arrest. It was alleged by the prosecution that the party in question served a warrant upon Margaret Ann Davis without any authority to do so, either as a special deputy or as deputy sheriff, the paper being placed into his hands by Justice Millis to deliver to Officer John W. Bryan, who is a deputy sheriff. Defendant was found guilty, but judgment was reserved until this morning

at 10 o'clock. Jos. Latham, colored, was arraigned before Justice Millis, on the affidavit of Joanna Taylor, charged with assault and battery. Judgment was suspended on the payment of costs.

The Quarantine Board met at Smithville yesterday, in regular session. All the members of the Board-Dr. W. G. Curtis, President, Dr. Thos. F. Wood, Secretary, and Dr. J. C. Walker-were present. Matters connected with the quarantine regulations of this port were discussed, and an ordinance was moved and adopted, that all persons visiting any vessel in quarantine by permission of the quarantine physician, be required to obtain a permit in writing from the superintendent of health before being allowed to return to the city, and that all stevedures or other persons engaged in loading a vessel at quarantine shall have their clothing fumigated, and procure certificate to that effect before being alor vessels of any kind, so engaged, shall be certified to have been fumigated and cleansed before returning to the city-the expense of such cleansing and fumigating to be paid by the captain or consignees of the vessel loading or discharging; and further, that the names of al persons and vessels engaged in the business of loading vessels at quarantine shall be furnished to the Superintendent of Health of New Hanover county, whose duty it shall be to collect and examine the certificates mentioned. Any person violating the provisions of the above ordinance to be liable to a fine of \$10 for each offence, and to be sent beyond the city limits, to remain until the 1st of November next following; vessels violating the ordinance to be subject to a fine of \$20 and removal from the city limits until Novem-

Complimentary Excursion.

Capt. J. W. Harper, of the steamer Passport, gave a complimentary fishing excursion to a number of the "old stagers," or frequent patrons of the boat, yesterday, the "Inlet" being the place selected as the point at which to try their luck. Their success, we are glad to learn, was very flattering, though two of the most fortunate in bauling in the luscious sheephead and other fine specimens of the fluny tribe, afterwards had the misfortune to have their "strings" stolen by a couple of voracious sharks.

Federal Point Lighthouse Burned. Information was received from Smithville last night, through the Signal Office, that the lighthouse at Federal Point was destroyed by fire late yesterday afternoon. No particulars were given. This lighthouse has not been in use since the closing of New Inlet; but was occupied as a dwelling by Mr. Taylor, the former keeper. It was a wooden structure, situated about one mile from the site of Fort Fisher.

The Concert at Wrightsville.

Capt. E. W. Manning's beautiful place at Wrightsville was thronged last night with the residents on the Sound and quite a number of people from the city, who had gathered to hear the concert given by the Arion Quartette Club by special invitation. Capt. Manning was assiduous in his attentions to his guests of the evening, and succeeded admirably well in taking care of them. The Arion Club, Messrs. Tilley, Bradley, Thorpe, Mitchell, Welsh and Fremont, assisted by Messrs. M. F. Manning, H. C. Depew and J. E. Willson, gave a choice and varied selection of music that greatly pleased and delighted the large crowd they had attracted. We do not think the young gentlemen have ever sung lowed to return to the city; and all lighters to greater advantage, and they certainly had an appreciative and enthusiastic audience to reward their efforts. The whole affair passed off most successfully, and proved an agreeable entertainment to all who were in attendance.

WICKED FOR CLERGYMEN.—Rev. Mr. —, Washington, D. C., writes: "I believe it to be all wrong and even wicked for clergymen or other pablic men to be led into giving testimonials to quack doctors or vile stuffs called medicines, but when a really meritorious article made of valuable remedies known to all, that all physicians use and trust in daily, we should freely commend it. I therefore cheerfully and heartily commend Hop Bitters for the good they have done me and my friends, firmly believing they have no equal for family use. I will not be without them."—New York Baptist Weekly.

THE EVILS THAT ATTEND SUCCESS.—Success generally creates envy—envy begets hatred—hatred gives place to malice—malice prompts mischief, and so the baneful list goes on, followed by crime and wrong deing. The Louisiana State Lottery, established by the highest authority, meets with no exception to this rule. Its success, induced by integrity and honesty in its management, with liberality and charity, have caused to spring up in New York opponents who try to circulate all kinds of false reports as to its permanence and ability to redeem its promises. Let every one who has a lingering doubt write to M. A. Dauphin, New Orleans, La, to establish the truth that all that is promised La., to establish the truth that all that is promised will be performed.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the "German Reformed Messenger," at Chambersburgh, Pa.:

A BENEFACTRESS.—Just open the deor for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure that we will teach our "Susy" to say, "A blessing en Mrs. Winslow," for helping her to survive and escape the griping, colicking and teething siege. MRS. WINSLOW'S SOOTHING SY-RUP relieves the child from pain, and cures dysentery and diarrhesa. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—knew her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.
