All of the Northern papers are waging a fearful waragainst the little eigarette. According to them they are tilled with death.

The American Institute of Christian l'hilosophy respectfully solicits for its Library a copy of the catalogue of each college and educational instition, and of any works bearing on the Relations of Science and Religion. A copy of the Prospectus of the Institute will be mailed on application. Address Rev. Charles F. Deems, LL. D., 4 Winthrop Place, New York.

There seems to be a disposition to revive the duelling code in England. Some weeks ago we read of a challeng being sent or threatened by one of the Lords, and now Herbert Gladstone, son of the Premier, has been challenged by T. M. Healy, Home Ruler, for words spoken in debate. Young Gladstone is said to be religious, and will not fight a duel. He is said to have courage enough.

The following is given as the number of students attending the colleges in different States:

"Alabama, 414; Arkansas, 102; California, 894; Connecticut, 942; Georgia, 441; Illinois, 2,241; Indiana, 1,326; Maryland, 1,132; Massachusetts, 1,710; New York, 3,175; Pennsylvania, 1874; Virginia, 1,004.

Maryland does well, as does Virginia. We suppose there are over 1,000 students now attending North Carolina colleges.

The papers are still discussing earnestly the question of the President's disability and the necessity of the Vice President acting as President pro tem. It is to be feared from the low condition in which he now is that a mightier than man will not many days hence put this question to rest. We notice the Washington correspondent of the Philadelphia Press on Tuesday wrote that the President was delirious at times, but not violent.

FIR MORNING STAI

VOL. XXVIII.--NO. 134.

WILMINGTON, N. C., FRIDAY, AUGUST 26, 1881.

WHOLE NO. 4375

THE PRESIDENT.

Our latest news from the President is very unfavorable. The end is not far, and we shall not be surprised if the STAR of to-morrow contains the painful intelligence of his death. The dispatches of Secretary Blaine to Minister Lowell have all been concise, candid and truthful, and the one sent last night is the most discouraging we have yet seen. Later news than that contained in Secretary Blaine's dispatch is to the effect that the condition of the parotid gland threatens immediately dangerous consequences, and that unless a favorable change takes place to-day the worst is apprehended.

That Miss Hazeltine, the St. Louis girl who made love to a chorus singer in the theatre, is somewhat "peculiar" any way. Mr. Tilden had never seen her, and yet by her authority it was announced that she was to marry him. Now for the sequel as told in a Saratoga letter to the Washington

"To remedy this (the denial of the engagement by Mr. Tilden) she went to New York and forced an introduction to him at a wedding reception at the Windsor Hotel, New York, and a lady now here tells me she saw him turn from her as quickly as he could. He said afterwards it was the only time in his life he had ever flatly contradicted a lady, referring to her having had the engagement to him pubished when there was none."

One of the very worst investments the Half Breeds could have made The French Conservatives appear was when they took Senatorial stock 1845, which the old citizens talk so much etc.; the grand entrance newly carpeted, to have been defeated signally. The | in Lapham. That individual proclaims himself a Stalwart of the deepest dye and is willing to help Conkling to get control of the approaching State Convention. There now. I told you so. Rah! for Roscoe! Lap thinks he is the coming man, and he is not far wrong if the President dies.

> The Pall Mall Gazette, Liberal organ, says that the opinion is growing that the new Land bill will be found efficient in the removal of most of Ireland's grievances. We most sincerely hope so. That country needs peace, needs rest.

- Asheville News: Jim Greenlee, colored man of some notoriety, was arrested last Sunday night for housebreaking and attempt to rape. It is an aggravated case. Greenlee is how in juil.

- Asheboro Courier: Trinity College opens next Wednesday. --- Concord camp-meeting is still in progress. - Mr. Hugh Park's Factory-Island Ford-has not anffered any inconvenience from the low water. It has run all the Summer by

Morganton Blade: On Saturday of last week Andrew Schoggins, of Mitchell county, cut his father severely with a knife, nflicting several dangerous wounds. He also cut his mother badly, who was trying to separate him and his father. Young Schoggins has left for parts unknown.

— The Raleigh Advocate reports revivals as follows: Mount Pleasant, Rockngham circuit, 13 professions; Shady Grove, Granville circuit, 15 professions; Mount Hebron, Orange circuit, 25 converts and 21 accessions; Holt's Chapel, Pleasant Garden circuit, 6 conversions, 4 additions.

- Durham Plant: On Friday and Saturday last Parrish & Blackwell sold 250,000 pounds of leaf tobacco. —The long-felt need of Durham is to be supplied at last. A. M. Rigsbee is making preparations to crect a mommoth brick hotel on the old Angier corner. The building will be 50x172 feet, and four stories high.

- Gastonia Gazette: Mr. Larkin V: Gaston, a well known school teacher of this county, met with an accident on Friday, the 5th, which ended his life on Thursday, the 11th. It seems that some children were playing around his residence, near Lowell, when one of them accidentally ran against his stomach and broke a cord which ended his life.

-Thanks to the STAR for reprinting a pleasant reference to this paper. We will do the same by the STAR on some appropriate occasion.—Raleigh News-Observer. That will be so "nice," but what becomes of the "teste?" Glad you are satisfied with "the pleasant reference." We said it was "so nice to see one's name in print" or words to that effect.

- Raleigh Furmer and Mechanic: The Grand Lodge, Knights of Honor, a charitable organization and Insurance Association whose increase is without parallel, met in Raleigh yesterday. There are more than fifty lodges in the State, with a membership of 2,000. When any member dies, his family receive \$2,000. Dr. Cobb, of Goldsboro, is the present Grand Dictator,

- Winston Leader: We learn from good authority that quite a serious affray occurred somewhere up in Liberty on last Tuesday night. We were unable to learn the names of the parties or the particulars of the fight, but that there was some pretty good stabbing done there is no doubt one of the combatants receiving five severe wounds, one of which severed an artery.

- Here is a very "nice" notice of he STAR, and it occurs in a letter from a North Carolina lawyer who is an editor also. Hear him: "I rejoice at the continued prosperity and brilliancy of the STAR. It reflects credit upon North Carolina and the South—indeed upon journalism."
Thanks? We have rarely singed in this way-copying from a letter, but "a pleas-ant reference" is so bumptious and "nice"

liquor sellers deceive themselves if they consider the defeat of the prohibition measure into a backing up the grog-shops with-out number or restraint—or if they think the people are prepared now to elect only such men to office as will dance to any music the grog-shops may call for. The grop-shop is a powerful institution, but the people will continue to tax them and keep them under the control of law and order."

- Graham Gleaner: During a protracted meeting at Mt. Zion church, in this county, a bloody affray occurred, in which Alson, William and Wesley Clapp and Bing Smith were the participants. Alson Clapp cut a gash nearly two inches long on Smith's head with a knife. Smith rushed into the church during presching, covered with blood, looking for a magistrate, and caused great excitement and consternation among the ladies. Our informant says that whiskey was the cause of the fight.

- Laurinburg Enterprise: Capt. Bizzell says he will be responsible for the assertion that not more than a three-fourths crop of cotton will be gathered in this section this year. The corn crop will be shorter. — We are informed that a young colored boy, under age, ran away with and married an old woman, the wife of another man, about four miles from here, one night last week. ---Col. J. B. Thomas, a resident of Charlotte, discovered a burglar sitting in his study on Sunday night, reading over his private correspondence by the light of a lamp which he (the burglar) had previously taken from the Colonel's

- Oxford Torchlight: A little son of M. V. Lanier, Esq., broke his arm by falling from a tree one day last week — The crop prospects of three fourths of Granville are sinply fearful. Farmers talk to us in alarming tones. Of course there will be something of a crop of tobacco made, but it will be late and narrow leaved, and of comparative poor value. Men who expected to make 50 and 75 barrels of corn calculate now upon 5 or 10. - About 400 people attended the ball at Cozart Hall last Tuesday night. -- Nearly 1800 copies of the Torchlight were given away on the streets last Tuesday. - Streams dry that never failed before. - Carpenters are in demand in Oxford.

- Charlotte Observer: One man be cheaper than to feed them through the winter. He said that the "dry drouth" of about, wasn't anything to this year. There has not been a general rain throughout the county since spring, yet there are farms within a few miles of each other, the one burnt completely up and the other greatly improved. flourishing under the blessings of a good

- Raleigh News-Observer: Miss Nannie Wainwright, sister of Mr. G. H. Wainwright, died on Saturday at Cary, in this county, aged about 38 years. —A homicide occurred near Clinton on Saturday last. A quarrel arose at a fish-pond between Dr. Stevens, a young man, and a negro. The latter took up a fence-rail and attacked the doctor, who, drawing a pistol, shot and mortally wounded him. -Dr U. F. Martin, an old resident of Elizabeth City, died in Norfolk, Virginia, Monday, aged 72. —A correspondent writes us from Franklinton: "The drought contiques through this section and Granville. The farmers consider that they have never been in a worse predicament, so far as crop prospects are concerned. The fine tobacco section is a failure; corn on uplands is about one-fourth, while the sweet potato crop bids fair to be a failure, unless it rains, and that speedily. The best farmers exceed half a crop. Bilious and typhoid fevers are raging in this township, and the hog cholera is taking off the porkers by the score daily and nightly."

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the "German Reformed Messenger," at Chambersburgh, Pa.:

A BENEFACTRESS.—Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure that we will teach our "Susy" to say, "A blessing en Mrs. Winslow," for helping her to survive and escape the griping, colicking and teething siege. MRS. WINSLOW'S SOOTHING SY-RUP relieves the child from pain, and cures dysentery and diarrhea. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—knew her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.
