OUTLINES.

The President has accepted the resignation of Attorney General MacVeagh. Four Boynton brothers, accused of an attempt to assassinate Mrs. Vaughan, arrested at Shreveport, La.; Guiteau's trial began in the Criminal Court at Washington; up to 13.50 o'clock five jurors had been obtained, when the court adjourned.

The second concert was a failure, financially. Only one-fourth of the capacity of the hall was taken, and nearly all of the high priced seats were empty.

The New York Sun pronounces Rossi's Lear "a masterly piece of dramatic art."

In the Second Virginia District there was a Conservative gain of 3,500 votes. That is the District in which Norfolk is situated.

The New York papers are discussing the great increase in the cost of food. It is bad for all classes who work on salaries or by the day.

The Jockey who rode Foxhall to victory in the Czarowitz race at New Market, was thrown on the 10th inst., at Liverpool, by Buchanan, and has died from the effects. His name was Mac Donald.

Senator Lamar, one of the purest, most conscientious of men, and one of the ablest members of the United States Senate, will be returned certainly, as the Democrats hold the fort in the Mississippi Legislature.

Guiteau's divorced wife has been summoned to testify as to his insanity. She lives at Denver, Colorado. Rev. Dr. Magee, of Albany, N. Y., has been summoned to testify for the assassin. He says he never saw anything about him not consistent perfectly with sanity.

The rich Mr. Astor, Stalwart candidate, went to a workingman's ball and danced. This was one of the ways of the wealthy demagogue. Will he go to the next ball and dance again? He is said to have spent \$200,000 and then got beaten. The way of the transgressor is hard.

I have been fooling with Arthur's ear myself whilst in New York, but he is as deaf as a gate-post, as non-committal as a North Carolina owl, and don't do much treating either. If you don't boss him heavily my cake is all dough and I am off for Florida once more.—T. Settle to U. N. G.

There was an accident in the Belvidere Hotel, New York city, by the falling of the elevator. Three were seriously injured and two slightly. There are 500 passenger elevators in use in that city, and they are on the increase. The question of safety is being discussed. There are fewer accidents, it is affirmed, by them than by the staircases.

Grant has put on his war paint. He is fighting mad because of certain reports concerning him in the New York Tribune's Washington special. Grant is accused of bossing Arthur, and that everything is to be done according to Grant's programme, including the making of a new Cabinet, filling of legations, etc. Grant denies all but his anxiety to see Blaine get out of the Cabinet. He thinks Blaine is unfit for the place. When did Grant ever before consider fitness when a place was to be filled? But in point of fact, Blaine has done well thus far.

THE MORNING STAR.

According to the Washington letter in the New York Times, dated the 12th inst, it is pretty well settled that ex-Senator Frederick T. Frelinghuysen, of New Jersey, is to be Secretary of State. None of the Garfield Cabinet will remain. Secretary Lincoln has had no intimation that his services will be required. Mahone will be allowed to name one Cabinet appointment. Mr. Emory A. Storrs, of Illinois, desires to be Attorney General. Mr. Chancey I. Filley, of St. Louis, will be Postmaster General, it is thought. Ex-Senator Chaffee, of Colorado, Grant's man, will be placed in the Interior Department. Judge Folger already fills the Treasury place. The others spoken of are Aaron A. Sargent, of California; Timothy O. Howe, of Wisconsin; Gen. J. D. Williamson, of Iowa; George S. Boutwell, of Massachusetts. These are the prominent ones and "our Tom" is not put in the race at all. Where, O, where is Ulysses?

Patti's second concert was a failure, financially. Only one-fourth of the capacity of the hall was taken, and nearly all of the high priced seats were empty. But the singing was superb. The New York Times says: "The concert yesterday derived its musical value from the singing of Mme. Patti. She was in better voice than on her first appearance and sang faultlessly. It was indeed a perfect treat to hear her, and almost made one forget the meagre surroundings. The exquisite skill of her vocalization cannot be too highly praised. It is consummate art added to natural powers of the highest character, the result being the best singing to be heard in the world. The elegance and finish of her phrasing is the most marked characteristic of Mme. Patti. It is in this she shows how wonderfully good an artist she is. She is never careless in her treatment of a phrase."

There is a report of a probable compromise of the Sprague nastiness. What will the big papers do without a history of Mrs. Kater and Conkling's answers in big type?

Baptist State Convention. Winston Leader. SECOND DAY. The committee to whom was referred the propriety of making the Treasurer of the Convention a bonded officer, recommended that he give a bond of \$10,000.

The President announced the following committees: On Presidents—J. E. Carter, A. C. Dixon, P. Oliver, J. K. Faulkner, C. A. Jenkins. To Nominate Board of Missions—C. T. Bailey, J. A. Stradley, E. Frost, J. B. Richardson, Theodore Whitfield.

To Nominate S. S. Board—J. M. Heck, T. G. Wood, F. P. Hoberg, D. G. Woodson. To Nominate Board of Education—C. E. Taylor, P. A. Dunn, J. A. Munday, A. G. McMunnaway.

On Obituaries—Theodore Whitfield, F. H. Jones, E. L. Davis, E. Dodson, R. A. Patterson. Items from the report of the Sunday school board: Sixty-seven new schools have been organized during the year. Number of schools at last report, 650; present number, 692; number of attendants, 48,000; contributions to this work in various ways, \$7,300.01.

There was pledged for State Missions \$3,400, and with this there will be raised by associations enough to make this amount about \$10,000. The committee to nominate preachers for the next session reported as follows: Introductory sermon, C. A. Jenkins; H. A. Brown, alternate. Missionary sermon, J. E. Carter; J. B. Boone, alternate.

THIRD DAY. The report on education was read, being the special order for the hour. The report was full of facts and figures. From 1830 to 1840 the average number added annually by the board was two, now there are twenty-three. The receipts of the board for the year amounted to \$3,465.63. This is in advance of anything that has ever been done by the Baptists of North Carolina in a single year. Fifty-seven new school houses have been erected in one county in the past twelve months. Report adopted.

The committee appointed to consider the report of the Sunday School Board recommended that the board raise sufficient capital during the coming year to purchase and keep on hand a supply of Sunday School literature, books, maps, papers, &c.; recommended that churches take up stated collections in behalf of their Sunday School board. The evening session was spent in the discussion of this subject. One thousand dollars was raised for this board, and report adopted.

BURNETT'S COCAINE. UNLIKE ALL OTHER HAIR DRESSINGS, is the best for promoting the growth of and beautifying the hair, and rendering it dark and glossy. The Cocaine holds, in a liquid form, a large proportion of deodorized Cocaine Oil, prepared expressly for this purpose. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The superiority of BURNETT'S FLAVORING EXTRACTS consists in their perfect purity and great strength.

Spirits Turpentine.

The pole punching nuisance has broken out again in North Carolina. There has been quite a revival in the Disciple church in Kinston recently. Thirty-six members were added to the congregation.

Monroe Express: It is probable that near two-thirds of an acre of corn and cotton will be produced throughout this section this year. The Tarboro Fair was a great success. The attendance was large and horse exhibit very fine.

Elizabeth City Falcon: Bright as the prospects of the fair seemed only a few days before the time, in our opinion it turned out to be far from a decided success.

Raleigh Visitor: Mrs. Judge Reade is collecting contributions as a gift to the orphans at the Oxford Asylum, to be forwarded to them by Thanksgiving Day, the 24th inst.

Mrs. George H. Gregory, of Greensboro, jumped into a well and drowned herself, a few days ago. She had been in poor health for some time.

Louisburg Times: Another new made grave was occasioned in the cemetery last Saturday by the death of Miss Bettie Hester, the oldest daughter of Rev. W. H. Hester, which sad event occurred on Friday.

Rockingham Bee: A large two-story building, the property of J. P. McRae, Esq., at Wadesboro, was destroyed on Friday of last week, together with several bales of cotton and a quantity of cotton seed, etc., belonging to other parties.

Wilson Advance: Miss Christian A. Davis, daughter of Elder Aaron Davis, of Rocky Point, after two weeks illness of typhoid fever, died on the 7th inst, at the 17th year of her age, at the Wilson Collegiate Institute. Three or four homiletics will be tried at the next term of Nash county Court.

Charlotte Observer: Professor Latimer, in an address at the recent session of the North Carolina Presbyterian Synod at Salisbury, stated that a greater number of States are represented at Davidson College than at any college south of Virginia, and that the number of students this year is greater than last.

Southern Home: Some thief entered the store of Linberger & Houston, at Iron Station, on Friday, and stole about \$100 in money. Mr. F. Keuster was accidentally shot by a pistol in the hands of his son, who was exhibiting the same to a customer. The wound is painful but not dangerous.

Winston Sentinel: There have been deaths at the Forsyth county poor house since the first day of last January. It is with feelings of profound sorrow that we chronicle the death of our townsman, Alexander T. Benton, which occurred on Wednesday morning, of typhoid fever, and his death is shared by every citizen of our town.

Pittsboro Record: The prospect of having a railroad running through our town has already enhanced the value of real estate. We were informed by a gentleman, some days ago, that in recently riding along one of our public roads he saw an old white man busily picking cotton, and a short distance further, he saw a grandson of the old gentleman, a youth about sixteen years old, with a gun and dog, hunting.

Monroe Enquirer: On last Saturday night a difficulty occurred near Shiloh church between J. R. Hester and his son-in-law, Frank Belk, and C. C. Belk, a brother of the latter, during which Richardson was badly beaten up about the face and had a rib broken. Dr. Montgomery, his physician, thinks a bottle was used as the weapon, as there were several gashes on his face. C. C. Belk received a stab with a pocket-knife just over the heart, which produced a serious, but not necessarily dangerous, wound.

Salisbury Watchman: This body has met, transacted its business, adjourned and departed, leaving a sense of loneliness and tender regret in the hearts of our people who were associated with them. The Synod was made up largely of men in the prime of life, a rather good-looking and good tempered set of men. Their high Calvinism does not seem to have soured them, and they were able to debate most earnestly without one word or look of ill-nature. There were no great leaders to overawe the Synod, and there was a meeting heard with equal attention as the older, in fact the older members seemed to be very reticent, rarely speaking at all.

Raleigh News-Observer: We regret to learn that Mr. Nash LeGrand, of Richmond county, had his arm very badly cut in his cotton gin on Thursday morning last. He is a brother of J. T. LeGrand, Esq., of Rockingham. There was a meeting, though painful, is not dangerous. This year's fair of the Cumberland County Agricultural Society is such a success that it gives one a positive pleasure to see it. This, added to the gratification of meeting the hospitable people of this good section of the State, is almost too much for the appreciative visitor. The fair really opened on Wednesday, but to-day, Thursday, was the "big day." The grounds were well filled with people, the exhibition, generally, is better than that of the past few years, and shows a wealth of agricultural resources such as would attract attention anywhere. This section has, evidently, not suffered to any great extent from the drought, for this the great piles of agricultural products show at a glance. Cois. O. H. Dockery and A. M. Waddell delivered addresses.

Toisnot Home: Mr. W. H. Langley, who lives about one mile from town, made this year over an average of one bale of cotton to the acre on twelve acres of land, and we learn he is counting now on a large yield from the second growth in the warm weather continues a few days longer. There was a meeting of the church members Sunday, immediately after Mr. Carter's sermon, for the purpose of taking into consideration the building of a new Baptist church in this place. Diphtheria is said to be prevailing to some extent near Stanhope, Nash county. Wilson items: Last week Alex. Greene purchased G. D. Greene's "model farm," on the Nash road, one mile from town, containing sixteen acres, for \$1,750. Henderson Rice, living eight miles north of Wilson, lost a daughter by typhoid fever a few days ago. One of his married daughters died with the same disease not long since, and two or three of his other children are now sick.

Anybody can catch a cold now. The trouble is to let go, like the man who caught the bear. We advise our readers to keep a bottle of Dr. Bull's Cough Syrup handy.

New Uniforms for the City Police. It was voted some few months ago to provide the police with new and complete winter uniforms, and the contract for making the coats and pants was awarded to Messrs. John Dyer & Son. They have been completed and turned over to the city authorities, and the police will don their new suits for the first time this evening. The coats and pants are made of gray cloth, manufactured by Mr. T. B. Lash, of Bethania, N. C., and said to be of as good quality in every respect as can be turned out anywhere; and we have the assurance of the contractors that as much care and pains were taken in the make-up as is devoted to any custom work. We also hear that the police express themselves well satisfied, and consider themselves both well fitted and well suited. The privates wear single-breasted and the officers double-breasted coats, with brass buttons. The new hats have also been received. They are high-top fur hats, such as are worn by the police of Newark, N. J., and many other cities North; those of the officers being adorned with gold cord and tassels, with a gold wreath in front, inclosing the official rank of each, and the privates having silver cord and tassels, with metal numbers inclosed in a silver wreath. Altogether the uniform is very neat and stylish, and we congratulate the force on their reception of such a nice and handsome outfit.

In two cases for alleged violation of the tax ordinance, judgment was suspended on the payment of costs and the payment of the license tax.

Second Crop of Rice. We saw yesterday a sample of second crop rice from the fields of Mr. W. M. Hankins, near this city, which is fully mature, the heads being heavy and the grains perfect. He has about thirty or thirty-five acres, which he expects to commence cutting next week. Other planters, we learn, who cut their first crop early, are also preparing to reap the benefits of a second crop. Two crops a year will do pretty well for this latitude. The sample referred to is on exhibition at the store of Mr. N. Jacob.

A Suffering Balloonist. We learn from his brother, in this city, that Mr. J. G. Haahagen, who represented the government as Signal officer in Prof. King's balloon ascension, some weeks ago, and had such a perilous experience in the swamps and wilds of Michigan, has ever since been confined to his bed from illness, caused by the severe exposure to which he was subjected during the dangerous trip.

Mr. Sprunt's Condition. A report was circulated on the streets Sunday that unfavorable symptoms had been developed in the case of Mr. James Sprunt. This was to some extent true, but we were glad to learn yesterday that they had disappeared, and that at last accounts his condition was considered much more favorable, and very satisfactory to the physicians in attendance.

HORSFORD'S ACID PHOSPHATE IS LOSS OF APPETITE.—Horsford's Acid Phosphate is used with great success in languor, loss of appetite and hypochondria.

Death of Theodore Calhoun James.

Our community will be shocked to learn of the sudden death of this well-known gentleman, which occurred at his father's residence last night at about 6 o'clock. He had been complaining since Wednesday last of what he and the family thought was a severe attack of neuralgia in the head. He had taken sedatives in moderate doses during several days, and on Sunday night took a pill administered by a physician. He went to sleep about 12 o'clock that night and appeared to rest well. When his room was entered by one of the family on yesterday morning, after 9 o'clock, he was found to be in an unconscious state, from which he never rallied, although he received every possible attention from his relatives and several skillful physicians. His death was caused by apoplexy. He was born in August, 1841, and was, therefore, in the 41st year of his age. He was a gentleman of intelligence, of great decision and independence of character, of high personal courage and honest convictions. He served his native North Carolina most faithfully in the late war, receiving two severe wounds, and losing one of his arms. He was at one time on General W. R. Cox's staff and served with distinguished gallantry as Adjutant of the Third North Carolina, one of the best of the many regiments our State sent to the war. His death will be lamented by all of his surviving comrades, who appreciated his high soldierly qualities. At the time of his death he was associate editor of the Evening Review, with which he had been connected during the last five years. In his death North Carolina loses a courageous and devoted son, and the press a conscientious, intelligent and outspoken journalist.

Funeral of the Late Z. Latimer. The remains of the late Zebulon Latimer were consigned to their last resting place in Oakdale Cemetery yesterday morning. The funeral services, which were very largely attended, took place at St. James' church at 10.30 o'clock, Rev. A. A. Watson, D. D., officiating, assisted by Rev. T. M. Ambler, of St. Paul's church, and Rev. Mr. Pitts, of St. John's church. The following gentlemen acted as pall-bearers: Dr. A. J. DeRoset, James Anderson, Edward Kidder, M. Cronly, Hon. O. P. Meares, Col. J. W. Atkinson, Jas. H. Chadbourn and Maj. C. M. Stedman.

Nellie Husted, Robertson, from this port for Port-au-Prince, was towed into Mathewstown, Inagua, with crew sick, on the 15th ult.; all had recovered and the vessel sailed on the 27th.

From Capt. Skinner, of the steamer Bladen, which left Fayetteville Saturday afternoon and arrived here yesterday evening, we learn that the river rose about an inch Saturday morning, but was falling again when the Bladen left. It had rained Friday night, and there were indications of more rain. Capt. Skinner reports the Marchion taking in freight at Fayetteville, the Wace near Elizabethtown, with flat, on her way down; the Hart at Cedar Creek Saturday night, also on her way down; and the North State, on her way up, at Cypress.
