— Durham Plant: A telegram to-day, from Rev. L. J. Holden, announced the sad news that Capt. Thomas Lynch was murdered in Oxford Tuesday night. At the time the telegram was sent there was no evidence to show who did the foul deed Capt. Lynch was a son of Lemuel Lynch, Esq., of Hillsboro, and was one of the most substantial citizens of Oxford.

- Kinston Journal: The frost has destroyed all hopes of a crop of cotton from the second growth. A few of the bolls will open, but it will not be worth In Pink Hill township, twelve years ago, where spirits turpentine was the main dependence for a money crop, there was hardly a dozen bales of cotton made. This year there will probably be over two hundred bales made, and the acreage will increase each year. The farmers find one great advantage in making cotton over that of making turpentine. It requires the work of a man to make turpentine and handle it, while in cotton a 12-year old boy is as good as a man.

- Charlotte Observer: Several of our colored citizens received premiums on articles exhibited at the industrial exposition at Raleigh. —The stock of the Bal-timore and North Carolina Gold Mine sold on Exchange in Baltimore on Monday at \$1.55. —Last week Prof. Hanna visited the Portis mine, in Franklin county, where operations have been pursued with great difficulty on account of short water supply. This property contains 938 acres of land, and the prospects in gold ore are reported as fine at the mine, while the whole property is rich in mineral deposits. The Tom Arrington and Mann mines, in the same section, were also visited, but there has been little work done at the latter and none at the former. The Arrington is bonded by Senator Pomeroy, of Kansas, who is said to keep his own counsel as to what he is doing or intends to do with it.

-Hickory Press: A splendid milch cow belonging to Mr. G. C. Bonniwell became sick last week and for some time she seemed to be in intense agony until relieved by death. On investigation her stomach was found to contain twenty-two nails that she had eaten. — Mr. H. A. Miller, son of Joel Miller, Esq., after spending about ten years in Missouri, arrived here with his family last Tuesday and will remain in Catawba until next summer. In the mode of travelling he keeps up the custom of his forefathers—having come the entire trip, a distance of about 975 miles, with wagon and team. — The most interesting case tried at Boone court last week, or probably ever on docket in Watauga county, was that of the State against Douglas Dixon, charged with the murder of James W. Gentry, at Jefferson, on Christmas night of last year. He was acquitted.

- Raleigh News-Observer: The maiden court of Vance county will be held at Henderson, commencing December 12.

Judge Gudger will preside, and Solicitor
Strudwick will be on hand, Vance will have an able bar, as many prominent lawyers will attend on account of its convenience by rail. —The State Board of Education held a meeting on Tuesday, and adopted Moore's New School History, fixing the price at 85 cents per copy.

Rev. Dr. M. M. Marshall and Rev. E. R. Rich returned yesterday from Henderson, where they went on Monday to conduct the funeral exercises of the late Mrs. Ingle, wife of Rev. Julian Ingle, rector of the church of the Holy Innocents, Henderson. The remains of the deceased were taken to Richmond, Va., for temporary interment, but will soon be laid permanently to rest at Woodbridge, N. J., Mr. Ingle's former

- Statesville Landmark: At the session of the United States Court in Asheville, this week and last, there were thirtythree convictions and the persons convicted were sentenced to imprisonment for terms ranging from one to eleven months in ranging from one to eleven months in county jails, and to pay fines ranging from \$1 to \$500. The heaviest sentence was for resisting officers.—It is learned from eltters received at this place that Mr. Thomas Cowan Graham, of Newton, dropped dead on the streets of that town last Monday afternoon about 4 o'clock. There was never a hanging in Alleghany or Watauga, and never but one in Ashe—that of a negro during the war for the commission of the horrid crime of rape. —Thanksgiving and Christmas turkeys are selling on the streets at from 60 to 75 cents apiece. - Raleigh News-Observer: A statistician estimates that courtships average three tons of coal each. - The authorities of the Raleigh & Augusta Air Line

Railroad offer a reward of \$100 for the person who threw stones at the train near Cameron a few nights since. — Sheriff W. J. Johnson, of Person, yesterday brought to the penitentiary three convicts one white and two colored; all convicted of larceny; one sentenced to five years' imprisonment and the other two to ten years imprisonment. - Sheriff A. Fogle, of Forsyth, vesterday delivered three convicts to the Cape Fear & Yadkin Valley Railroad, at Greensboro, and brought two to the penitentiary. Sheriff Stevenson, of Iredell, brought five convicts to the penitentiary. - A rumor prevailed in the city on yesterday that Mr. Best's syndicate would lose heavily by the failure of the Pacific National Bank of Boston, and that his men had quit work. We have direct information from Mr. Best that the failure of the bank does not hurt his friends at all. He is to-day attending a railroad meeting at Pittsboro, and expects to push his road with the same vigor that has heretofore characterized his movements. MRS. WINSLOW'S SOOTHING SYRUP.—Reversivanus Cobb thus writes the "Boston Christian Freeman": We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething its value is incalculable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething siege, on any consideration whatever. teething siege, on any consideration whatever. #### To Subscribers Wilmington Telephone Exchange.

YOUR ATTENTION IS CALLED TO THE FOL-

Whenever your Telephone is out of order don't fail to report it promptly. My endeavor is to get all instruments in working order, and to

keep them so, if possible. You understand, of course, that a Telephone Exchange, with its net-work of wires, forms s very complicated system, and although the utmost vigilance is given, there will be times when
some of the many wires will become grounded,
crossed, or broken, but as soon as such cases
come to our notice we will endeavor to remedy
them in as short time as possible.
Subscribers are requested to answer calls
promptly, and to use numbers, as it greatly facilitates the business of the Exchange. The party who calls for a connection must never fail to
say disconnect, when through talking, for if this

ty who calls for a connection must never fall to say disconnect, when through talking, for if this is neglected the wires may remain connected indefinitely, and thus unavailable for parties who may want them. Operators cannot know by intuition when the wires are idle.

If the above is complied with I see no reason why we shouldn't have a good working Exchange. hange.
Address all communications to
