

N. C. CONFERENCE. M. E. CHURCH.

Durham Plant's Report. THIRD DAY. FRIDAY, November 25, 1881.

Revs. S. W. Lewis and W. H. Bobbitt offering the following, which was adopted: The financial reports exhibited in the minutes of our annual conferences are unsatisfactory to many of our people, because they do not show what each church pays for the support of the ministry, and the support of our benevolent institutions; therefore,

Resolved, That each preacher having charge of a circuit or station be required hereafter to report his finances, so as to show what each church pays separately.

Revs. R. M. Stafford and Geo. D. Langston, local preachers, were elected Deacons, and Jas. W. Craig, also a local preacher, was elected an Elder.

Dr. Pharr, of the Presbyterian Church, was received as an Elder. Dr. T. M. Jones, President of Greensboro Female College, read his annual report, which was, on motion, referred to the committee on Education.

Rev. S. A. Cecil, of the Methodist Protestant Church, was received as an Elder in this Conference.

The following passed examination and were elected to Deacons orders: J. O. Guthrie, J. E. Thompson, O. G. Little, W. I. Hull, F. L. Townsend, F. B. McCall, W. L. Cuninggim, W. J. Gay, W. S. Nale, John W. Jones.

F. J. Hoke was continued on trial. Dr. McFerrin announced that he had a message to the Conference from Bishop Paine. The Bishop presided at the Nashville Conference on his 82d birthday. Expressed great love for the N. C. Conference. North Carolina his native State. Wished Dr. McF. to present his love to the brethren.

The message was acknowledged by resolution, offered by Mr. Burton, which was unanimously adopted by a rising vote.

Raleigh was selected as the place for holding the next Annual Conference, without opposition.

Revs. Jeremiah Johnson and Gaston Farrar were placed in the superannuated relation.

Rev. J. R. Brooks, offered a resolution on the division of the Conference, signed by 25 preachers.

It was ordered that the resolution lie over, and it will probably be taken up to-morrow for consideration.

AFTERNOON SESSION. The report of the committee in the Black & Reid—Wood case, was adopted, and Rev. F. L. Reid spoke at length.

The Conference proceeded to ballot for six Clerical Delegates to the General Conference.

On the first ballot Drs. N. H. D. Wilson and B. Craven were elected.

Dr. W. H. Bobbitt, who has most faithfully served the Conference for the past sixteen years in the capacity of a delegate to the General Conference, declined a re-election.

The second ballot resulted in the following selections: Rev. Drs. W. S. Black, H. T. Hudson and L. S. Burkhead. The one other clerical and the six lay delegates will probably be elected to-morrow morning.

Spirits Turpentine. Judge Brooks has much improved in health, we are glad to learn.

New Bernian: Mr. Best and his lease of the Atlantic and North Carolina Railroad has resulted only in good to this city. It is fair to judge the future by the past.

The Raleigh Advocate reports revivals as follows: Rev. J. Renn reports 92 conversions on his work; Leasburg circuit, 12; Guilford circuit, 103 conversions for the year; Greenville circuit, 18 conversions.

Durham Recorder: Measured by conference membership, Dr. Alford is the oldest effective member, having been a member forty-nine years; next, R. O. Burton, Dr. Cross, W. M. Jordan and J. W. Lewis, forty-eight years, and the others progressively down to one year.

Raleigh Visitor: John Hughes, of Lynchburg, Va., a colored student at the Shaw University in this city, died on Thursday, at that institution. After the funeral ceremony at the chapel of that institution, yesterday, his remains were taken to the depot and sent to his home.

Durham Plant: On yesterday, as Mrs. John M. Moring was having a closet swept out, a pistol cartridge that had at some time unknown been left lying around loose, was cast into the fire and exploded with a loud noise, scattering ashes into her face, the ball missing her only a few inches.

Beaufort Telephone: Newport, a thriving little village, is situated on the line of the Midland N. C. R. R., in Carteret county, near the headwaters of the New-Port river. The river is navigable for small craft up to the village, and together with the aforesaid railroad, gives a means of transportation for all products. The village is located in the midst of a splendid farming tract, and is the centre of a thriving trade.

Raleigh Recorder: The colored Baptist Convention of the State has succeeded in paying for lots for the establishment of two schools—one in Goldsboro, the other in Caswell county. The "Rev." A. G. Jones, who was recently exposed as an impostor in North Carolina, has gone to South Carolina, and is passing as "Rev. George Jones." This man Jones is a notorious fraud, unworthy of notice. He hails from the west, has two finger off his left hand, and is about twenty-seven years of age.

Charlotte Observer: Trains ran through from Norfolk to Edenton, N. C., on Friday last. A rumor comes to us through our Washington correspondent that a new daily paper is to be started at Raleigh, to play the independent role, with Gen. J. M. Leach at the head of it. Wash Post says he is making free with the General's name for some time, and as events showed, without any foundation. Embarking in journalism that kind is one of the ventures the General will hardly make with his matured years.

Warsaw Brief Mention: Mrs. Munroe Ezell, of this place, died last Friday at 3 o'clock. She was 75 years of age, and had been ill for several weeks. She was buried yesterday at 10 o'clock.

Toisnot Home: The quiet little town of Battiboro was thrown into a degree of excitement last Saturday morning. The mangled remains of a white woman, of irreputable character, were found on the railroad just above the depot, where she had been found by the freight conductor about 3 o'clock, crushed and mangled in the most awful manner, supposed to have been killed by No. 43 train, which passes here a little after midnight. She had been living with colored people about town for about six or seven months, and has been ordered by our worthy mayor to leave the corporation. An inquest was held over the body on Saturday night. After getting all the information that could be had, the jury rendered the following verdict: "Mary Eliza Hawkins came to her death by blows from the hands of one James Smith, colored, that she was killed or disabled by him and then put on the railroad track."

Raleigh News-Observer: The Convocation of Raleigh will meet in the church of the Good Shepherd on Tuesday evening next, November 29th. There will be a collection of \$3,200 for the corresponding week last year. The decrease was 1,264 bales. The total receipts from September 1st to date are 30,257 bales, against 33,588 bales for the corresponding period last season. The decrease is 13,101 bales. After yesterday's sale Mrs. Eliza Hall, widow of the late Dr. Isaac Hall, died on Wednesday morning last, at the residence of her son-in-law, Hon. John Manning, at Pittsboro. Mrs. Hall was in her 80th year. She died at her home in Louisa, on the 23rd inst. Mrs. Jacobin Hawkins, wife of Philemon Hawkins, deceased, aged 78 years. Our people certainly remembered the Oxford orphans in a pleasantly practical manner on Thanksgiving Day. Mrs. E. G. Reade collected and forwarded a large quantity of clothing, provisions and groceries. William G. Hill, Lodge, A. F. and A. M., contributed \$85, besides clothing, for the Oxford orphans. A collection at the First Baptist church amounted to \$24.

Mr. Walter Fowler, an employe at the Raleigh and Gaston shops, yesterday suffered a painful accident. While removing a portion of the metal work of a machine which was jacked up, the jack slipped and the immense weight fell on his hand, crushing the bones in the back of it. Fanny Davenport will probably appear here at an early day. A party who was inexpressibly shocked yesterday on receipt of the news of the death of Mr. Edward A. Batchelor, who was one of our best known and most popular young men. Mr. Batchelor was conductor of the local train on the Raleigh and Gaston, and had been connected with that road and the Raleigh and Gaston for three years. Yesterday morning he went out with his train, with Mr. T. M. Fleming as engineer. When at Cameron, fifty-six miles from Raleigh, the train backed on a side track to leave some cars. Conductor Batchelor, not seeing a brakeman near, stepped between the tender and a box car to couple them. As he stepped out from the cars, after having done this, his ulster caught in the axle of the tender, and he fell backwards. The heavy projecting brake of the tender extends downward to within a few inches of the track. Caught by this he was slowly pushed backwards, being crushed against the ground. A negro, at some distance, was the only one who saw him fall, and shouted to the engineer. But for the brake, which pushed him along, the wheels of the tender would have passed over him. When taken out he was conscious, and shook hands with Drs. Elise and Turner, who were called to attend him. He lived a few hours. He was a son of Mr. Joseph B. Batchelor. As the churches composing the North Carolina Christian Conference are spread over the large section of our State, and as the various churches, the Rev. Prof. W. S. Long, A. M., was chosen president, and Rev. W. M. Staley, A. M., the superintendent of public instruction for Alamance county is standing secretary. Reports of standing committees were read in due time, and each report elicited a discussion of interest.

Local Notes. The receipts of cotton yesterday footed up 1,473 bales. Jim Clark, colored, familiarly known as "Lemonade Jim," died at a house in the southern portion of the city Sunday morning. Forty shares of New Hanover Bank stock were sold at auction at the Court House door, yesterday, and were knocked down at 104. Rev. Dr. Patterson, of this city, agent of the University of the South, was expected to preach at Christ's church, New Berne, on Sunday, morning and evening. A gentleman informs us that he constructed a beautiful bouquet, on Thanksgiving Day, from the fragrant honeysuckle blossoms, gathered at Wrightsville Sound; something very remarkable for this season of the year. Some of the finest turnips we have seen in a long time are raised by Superintendent Savage, at the County Poor House, who has a large and fine patch, in ground prepared by himself, and in the product of which may be seen the result of careful and intelligent cultivation. The family of Mr. James Kendrick leave for New York, on the steamer Gulf Stream, this morning. Mr. Kendrick is a native of Fayetteville, N. C., but was for a long time a resident of this city, and was formerly employed as a compositor on this paper. He has recently secured a permanent "sit" on the Commercial Bulletin of that village. A gentleman of this city informs us of what he terms an infallible cure for bone felon, when taken in its incipient stage. It is simply to squeeze the affected part very energetically for about an hour or so, which causes it to scatter. The unfeeling symptoms of a felon is a burning sensation in the tip of the finger or thumb, as if caused by the pricking of a nettle. Criminal Court. The special term of the Criminal Court, Hon. O. P. Meares presiding and Solicitor B. R. Moore prosecuting for the State, convened in this city yesterday morning. The following constitute the Grand Jury: S. W. Dunham, Foreman, Geo. M. Crapon, Lewis Bryant, F. V. B. Yopp, C. P. Parker, W. H. M. Koch, John Dyer, James A. Lane, W. S. Duke, Jno. T. French, Isham Quick, A. S. Freeman, Thos. E. Davis, Benjamin Todd, J. D. H. Klander, E. F. Johnson, C. H. Ward, R. L. Hutchins. The following cases were disposed of during the day: State vs. A. Sauls, charged with assault and battery. Submitted, and judgment was suspended upon payment of costs. State vs. J. T. Edens, charged with obstructing streets. Defendant and surety recognized in the sum of \$100 for appearance at February term of the Court. State vs. Oscar Jones, charged with carrying a concealed weapon. Defendant submitted and judgment was suspended upon payment of costs. State vs. Mack Culbreth, charged with false pretenses. Defendant submitted. A number of rei fasa and peace warrants were disposed of. Blind Tom. Our music-loving friends will have one more opportunity of listening to the wonderful performance of Blind Tom at the Opera House on Wednesday evening. One of the effects of his astounding exhibition of genius frequently crops out in such manifest indications of bewilderment, coupled with genuine appreciation as is contained in the following from the Jacksonville (Fla.) Journal of a late date: "What is he? An enigma, a mystery. A something that no man can understand, as the phenomenon no living man can explore. His performances are astounding; they are more-marvellous. What secret power, what comprehension can there be in that scattered and ill-balanced mind that can grasp, say, master, a sonata of Beethoven the immortal, of Chopin, a rhapsody of Liszt? Yet he does it. That unemphatic skill of Blind Tom's envelopes a brain that is the strangest compound of weakness and strength, obtuseness and perception, imbecility and genius that ever mortal man beheld."

Larceny of an Overcoat. A colored man named Tom Wescott was arrested on Sunday, on a warrant issued by Justice E. H. McQuigg, charged with stealing an overcoat from one Richard Martin. It seems that Wescott had been rooming with Martin and knew where he kept his key. He went there Saturday to get some article of his own, and made it convenient to appropriate Martin's coat at the same time. A search warrant was issued and the coat recovered, and it was in evidence, when the case came before Justice McQuigg, yesterday, that Wescott had tried to sell it to two or three different parties. Defendant was required to give bond in the sum of \$50 for his appearance at the present term of the Criminal Court, in default of which he was lodged in jail.

BURNETT'S COCAINE. UNLIKE ALL OTHER HAIR DRESSINGS, is the best for promoting the growth of and beautifying the hair and rendering it dark and glossy. The COCAINE holds, in a liquid form, a large proportion of deodorized Cocaine Oil, prepared expressly for this purpose. No other compound possesses the peculiar properties which so exactly suit the various conditions of the human hair. The superiority of BURNETT'S FLAVOR-EXTRACTS consists in their perfect purity and great strength.

A FAVORITE COUGH REMEDY—For Colds, Sore Throat, Asthma, Catarrh, and other diseases of the bronchial tubes, no more useful article can be found than the well-known "Brown's Bronchial Troches."

A Man Attempts to Shoot a Woman. A white man by the name of Charles Anderson, said to be a runner for a sailor boarding house, had a difficulty with a young white woman named Sue Johnson, on Nutt street, yesterday afternoon, about 4 o'clock, when he deliberately drew a pistol from his pocket and discharged one barrel at her, and would probably have repeated the dangerous experiment but for the fact that he was quickly seized by Officer Watkins, of the police force, and the weapon taken from him, when he was conveyed to the station house and locked up. The pistol used on the occasion was a seven-shooter, and upon examination, every barrel save one was found to be loaded. Anderson is said to have been quite close to the woman at the time and Officer Watkins says he cannot imagine how he came to miss her. The two had been out in the woods for a walk and had quarreled, and upon arriving at the spot mentioned above he remarked, "I'll shoot you" and attempted to suit the action to the word. The case will come up before Mayor Smith for investigation this morning.

Mayor's Court. The Mayor had an unusually number of Saturday night cases before him yesterday morning, one of the effects of the cold wave, which calls for "suthing warm-like to keep off the chills." James Burnett, colored, charged with disorderly conduct, such as cursing, swearing and using obscene language, on Market street, was ordered to pay a fine of \$2. Lou Batson, colored, for amusing herself in a like manner, was required to fork over the same amount or go below for five days. John Selerman and George Johnson, both colored, charged with engaging in an affray on Nutt street, on Saturday afternoon last, were next called up, and, after hearing the evidence, judgment was suspended upon the payment of costs. Wellington Howe, colored, charged with acting disorderly in the neighborhood of the Purcell House, was mulcted in the sum of \$2. Patrick Sullivan, for being drunk and acting very disorderly on Nutt street, on Sunday night, was required to pay a fine of \$2, and will be turned over to a magistrate who has a warrant against him for some other offense.

The Alleged Victim of Conjuraction. Ben James, the colored "crank," alluded to in our last as having been sent to the Poor House where he could indulge his fancies about conjurers and "spooks" without risking the lives of himself and helpless children, escaped from that institution Sunday afternoon, taking his little ones with him. He ventured back yesterday morning, however, to get some article he had left behind, when he was seized by Superintendent Savage and locked up. His children were subsequently found at the former home of the afflicted man, corner of Front and Dawson (not Queen) streets, where they had started a big fire at the imminent risk of burning the house and themselves. They were taken back to the Poor House. Mr. Savage had not thought it necessary to lock James up, preferring rather to indulge him as far as possible, but is now convinced that he will have to be kept under strict surveillance.

Magistrates' Court. John Selman, colored, was arraigned before Justice Hall, yesterday, charged with the larceny of a pair of pants, the property of W. H. Markley. Defendant was adjudged guilty and ordered to give bond in the sum of \$100 for his appearance at the present term of the Criminal Court, in default of which he was committed to jail. C. W. Garrison next had a hearing before the same justice, on the affidavit of John Selman, charged with assault and battery, and was ordered to pay one penny and the costs. W. H. Markley was next arraigned on the affidavit of John Selman, charged with assault and battery, and was fined one penny and the costs. Rosa Barnes, colored, was next called upon, upon complaint of John Selman, to answer to the charge of assault and battery, but the case was dismissed at the cost of the prosecutor.

The Fire on the Norwegian Barque Elektra. The fire on board the Norwegian barque Elektra, mention of which was made in Sunday's STAR, was finally extinguished on Saturday night without further damage than that sustained by the cotton. There were 925 bales on board, of which 800 bales were shipped by Mr. E. Lilly and the remaining 925 by Messrs. Williams & Murchison. It is supposed that the cotton has been considerably damaged, but to what extent is not now known. The cargo is being discharged at Messrs. Fowler & Morrison's wharf, and stored in their yard. The loss sustained by Messrs. Williams & Murchison and Mr. Lilly is covered by insurance in the North America and Orient Mutual.

The County Insane. The building at the County Poor House, used for the confinement of the insane of the county who cannot be accommodated at the asylums, is to be raised about six feet and have a furnace placed under it for the purpose of heating the rooms occupied by the unfortunate, of which there are now quite a number. HORSFORD'S ACID PHOSPHATE IN DYSPEPSIA.—I report very favorable results in the treatment of dyspepsia and kidney troubles, by the use of Horsford's Acid Phosphate. F. M. BLODGETT, M. D. Boston.

The following are the indications for today: For the Middle Atlantic States, warmer, east to south winds, falling barometer and fair weather. South Atlantic States, north-east to southeast winds, fair weather except in the southern portions, local rains, stationary or slowly falling barometer and slight changes in temperature. Gulf States, increasing cloudiness and areas of rain, falling barometer, slight changes in temperature and winds generally from east to south. Tennessee and the Ohio Valley, partly cloudy weather followed by light rains, southerly to westerly winds, falling barometer—stationary or slight rise in temperature.

A Proposed Compliment to an Illustrious Lady. A movement has been set on foot in Chicago by Mrs. Francis E. Willard, seconded by ladies representing ten Southern and eight Northern States, to compliment the venerable and most excellent widow of President James K. Polk, who still survives at Nashville, by having her portrait painted and placed by the side of that of her husband in the White House. It is needless to say we fully concur in the plans and sympathize with the object of the ladies, for American women have had no better representative of their higher virtues in the White House than Mrs. Polk. Mrs. H. Voller has been designated as Vice President for Wilmington, and will gladly receive and forward any contributions to the desired end which may be placed in her hands.

Rossi to Appear in Wilmington. It is with great pleasure that we announce that arrangements have been perfected with the Manager of our Opera House for the appearance here on the 19th of December of Signor Ernesto Rossi, the great Italian tragedian, who is now playing in the North with such brilliant success. He will be supported by a first-class company, who will speak English, though his own lines will be delivered in Italian. He will impersonate Othello, and it will undoubtedly be the greatest theatrical event that has occurred in Wilmington for years.

Killed by a Horse. Mr. Berry Binford, formerly of this city, but now of Monroe, Union county, received severe injuries on Thursday last from a kick from a horse, as we learn from a gentleman just from that place. Mr. B. has been laid up since the accident, but it is thought he will soon be out. "I have used Simmons Liver Regulator for constipation of my bowels, caused by a temporary derangement of the liver, for the last three or four years, and always when used according to the directions with decided benefit."

ON THIRTY DAYS' TRIAL.—We will send Dr. Dyer's Electric Bells and other Electric Appliances on trial for thirty days to young men and older persons who are afflicted with Nervous Debility. Lost vitality, no matter how long standing, and complete restoration of vigor and manhood, like Rheumatism, Neuralgia, Paralysis, Liver and Kidney Difficulties, Rupture, and many other diseases. Illustrated pamphlet sent free. Address: Voltaic Belt Co., Marshall, Mich.

MRS. WINSLOW'S SOOTHING SYRUP.—Rev. Sylvanus Cobb thus writes the "Boston Christian Freeman": "We would by no means recommend any kind of medicine which we did not know to be good—particularly for infants. But of Mrs. Winslow's Soothing Syrup we can speak from knowledge; in our own family it has proved a blessing indeed, by giving an infant troubled with colic pains, quiet sleep, and its parents unbroken rest at night. Most parents can appreciate these blessings. Here is an article which works to perfection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as 'bright as a button.' And during the process of teething its mother may say they would not be without it from the birth of the child till it has finished with the teething stage, or any consideration whatsoever. Sold by all druggists. 30 cents a bottle."
