Three hundred of the oppressed Jews have arrived in Philadelphia. They give sad tales of their oppressions and sufferings and of their flight to escape the blood-thirsty mob in Russia.

The Richmond & Danville Railroad performed this feat in one day this week: Its stock opened at 216. It fell to 130, and afterwards reacted and closed at 185. But a clear drop of 31 in one day will do. Too much watering, eh!

The dumb are made to speak. At the annual exhibition of the Columbia Institution for the Deaf and Dumb, held in Washington on Thursday, several speeches were made by members of the college who three years ago were mutes, but are now able to talk.

Senator Bayard gave the Arrears of Pensions bill a black eye the other day when he described it as a piece of inadvertent legislation, and no man knew in voting for it how much money he was voting away and how little of it would be justly distributed. And still there are Southern Senators who pour out floods of rhetoric in its behalf.

A correspondent of the Raleigh News-Observer makes out a new apportionment for North Carolina. He makes one Republican and eight Democratic districts, taking the last vote for Governor as the basis. We give his arrangement of the Third and Sixth districts:

Third district-Brunswick, Carteret, Columbus, Cumberland, Duplin, Harnett, New Hanover, Onslow, Pender, Sampson, Wayne, Population 178,601. Democratic

Sixth district—Bladen, Robeson, Richmond, Anson, Union, Mecklenburg, Gaston, Lincoln, Cleaveland. Population 170,-407. Democratic majority 2,238.

- That admired and greatly loved gentleman, Judge Risden T. Bennett, now presiding at our Superior Court, was last evening given a tribute of love and regard by surviving comrades of his regiment in the late war. That regiment was the 14th North Carolina Troops, and the companies whose survivors tendered the offering were "E," the "Oak City Guards," and "K," the "Paleigh Bides." The survivers assembled 'Raleigh Rifles." The survivors assembled in the Mayor's office, and thence marched to the Yarborough House. Col. Bennett made his appearance, when Mr. J. C. Scarborough presented him with a beautiful abony cane with a massive gold head .-Baleigh News-Observer.

Mutinous and Insubordinate Sailors. Three sailors belonging on board of the Norwegian barque Harmonie, who had been in jail here for some days, charged with desertion, were taken to Smithville on Wednesday last and placed in the jail there so as to be more convenient when the vessel got ready to sail. Friday evening Capt. Jensen came up to this port and endeavored to procure the services of Officers Carr and Strode, stating that his men were mutinous and defiant in the extreme, and the jailor at Smithville was unable to deliver the Congress to halt in legislation for them into his custody. Capt. Jensen also states that the men sent him a note from Smithville jail on Thursday to the effect that they intended to take his life on the

first convenient opportunity. Officers Carr and Strode informed Capt, Jensen that it was impossible for them to act in the matter, as the prisoners were now in the custody of another county, the authority of which would have to be invoked in securing possession of the men, and advised him to apply for the assistance of the

The Weather. The Chief Signal Officer of the Army furnishes the following special bulletin to

"The barometer is highest in the Middle States and lowest in Dakota and Minnesota. A storm centre is developing in the West Gulf States, where general rains have fallen. In the other districts fair weather has prevailed. Southerly winds are reported west of the Mississippi river and on the upper Lake region, and northeasterly in the Atlantic coast stations. The temperature has risen decidedly in the northwest, rising 30 degrees at La Crosse and 33 degrees at St Paul. The temperature is below the mean for the month in the Atlantic States. A warm wave, extending to the southeast, averaging twenty degrees above the mean for the month, is central in Manitobia and Minnesota. The following temperatures were reported yesterday afternoon: Nor-folk 38, Charleston 49, Savarnah 52, Jacksonville and New Orleans 60, Galveston 62, San Antonio 56. The Mississippi river has risen six inches at Cairo, where it is ten feet seven inches above the danger line. It is above the danger line at Memphis and Vicksburg, but stationary. The Ohio has fallen forty-eight inches at Pittsburg, fourteen inches at Cincinnati and fifty-four inches at Louisville. Fair weather is indicated for Sunday in New England, and cloudy weather, with rain, in the East Gulf States, Tennessee, Ohio Valley and South Atlantic States."

The Water Question.

The water works were submitted to some thing of a test yesterday. The cistern at the Marine Hospital, said to be of three hundred barrels capacity, was filled from the hydrant located at the corner of Fifth and Nun streets, through twelve hundred feet of hose, in about one hour, the pres sure at the works being only from 110 to 120 pounds. After the cistern was filled, a pipe was brought into requisition and a stream through a one-inch nozzle was thrown a distance of fifty feet, the pressure, as before stated, being light. Capt. Robinson, Chief of the Fire Department, is satisfied that a distance of one hundred feet could be attained with proper pressure; but even with a stream thrown fifty feet much good could be accomplished in case of fire, among buildings of ordinary height.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the German Reformed Messenger, at Chambersburgh, Penn.: A BENEFACTRESS. Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Susy" to say, "A blessing on Mrs. Winslow" for helping her to survive and escape the griping, colicking, and teething siege. Mrs. Winslow's Soothing Syrup relieves the child from pain, and cures flysentery and diarrhese. It softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow—know her only through the preparation of her "Soothing Syrup for Children Teething." If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists. 25 cents a bottle.

TRIBUTE OF RESPECT. The committee appointed by the Wilmington Light Infantry, to draft resolutions expressive of the sense of the members of that Corps, in regard to the loss sustained by the death of General Wm. MacRaz, respectfully report the following preamble and resolutions: whereas, Our former comrade, Wm. MacRae, after a career as soldier and citizen, which reflected honor on all who were associated with him in war, or the pursuit of civil life, has been called to another state of existance, and as it is due called to another state of existance, and as it is due to his memory and to ourselves, to place on record our appreciation of his high character and eminent worth; therefore,

Resolved, That in the death of General Wm.

MacRae, his country and his friends have lost one whose whole life was a lesson illustrative of the power of the human will in shaping human destiny and the inestimable importance of energy, industry and courage, as factors in the accomplishment of success and distinction in life.

Resolved, That the Wilmington Light Infantry reflect with pride upon the career of the modest and reticent youth, who once wore their uniform, and who, after a few years of hard work in civil pursuit, entered the Confederate army as a private and came out of it one of the most distinguished Brigadier Generals, and who resuming with the same quiet modesty those civil pursuits had made for him, at the time of his death, at the age of 47 years, a reputation as one of the had made for him, at the time of his death, at the age of 47 years, a reputation as one of the most successful and distinguished Railroad Managers of the South.

Resolved, That the members of the Company will always cherish the memory of their heroic and worthy fellow citizen, and that a page in the records of the Company shall be dedicated thereto.

Resolved. That a copy of these resolutions be thereto.
