- Warsaw Brief Mention: The Wilmington STAR has been doing splendid service for the cause of Democratic principles by showing up the enormities of the present robber tariff. In its issue of the 23rd it says it will have but little more to say on the subject until the parties have put out their platforms for the campaign. We regret to see this. We hope our excellent contemporary will continue to present this subject so as to thoroughly imbue its readers with the transcendant importance of this question. - Mr. James Dickson, of Magnolia township, an aged and highly respected citizen, died at his resi-dence week before last. Before the war he was clerk of the Superior Court of Duplin. - There have been shipped from Warsaw, from September 1st, 1881, to February 21st, 1882, 3,421 bales of cotton, which at an average of \$50 per bale brought the sum of \$172,050. —— Our friend, James H. Stevens, of Clinton, made a success of tobacco raising on his Ashford plantation in Sampson county last year. On fifteen acres he made and secured 8,886 pounds, which was sold in Durham, on the 27th of January last, at auction, for the sum of \$1,996.84, of which sum 2,301 pounds rought \$1,110.44.

All About a Pair of Smees.

A colored individual, by the name of J. H. Loftin, was arrested yesterday morning and lodged in the guard house, charged with receiving stolen property, knowing it to have been feloniously obtained. The case is somewhat of a complicated one. On the 4th day of November last a gentleman purchased a pair of children's shoes of the Messrs. Shrier Bros., and on the 6th, or two days afterwards, they were brought back to be changed; on the way home the party who had them in charge laid them down for a moment and they were stolen. Being missed a minute or two afterwards a bystander reported that a colored boy was seen passing the spot. The shoes were duplicated, and the gentleman informed the Messrs. Shrier of the fact that the shoes had been stolen. Nothing more transpired in regard to the matter until Tuesday last, when J. H. Loftin called at the Messrs. Shrier's store with the identical shoes and tried to sell them, saying he had purchased them of the Messrs. French for \$3.50, and they were too large for his boy for whom they were intended. Mr. Barrentine, clerk at the Messrs. Shrier's, made an excuse to hold on to the shoes for a day or two, alleging that he (Loftin) had paid too much for them. To this Loftin consented, though very unwillingly. In the meantime Mr. Barrentine had the gentleman who had lost the shoes to examine the pair in question and he immediately identified them, as did Mr. Barrentine, as they were a peculiar shoe, only sold by the firm alluded to. Upon calling for the shoes, yesterday morning, Loftin was taken to the City Hall, where he gave bond in the sum of \$50 for his appearance before the Mayor this morning.

Death of a Prominent German Citizen. Mr. J. W. Strauss, one of our oldest and most prominent German citizens, died yesterday morning, about 9 o'clock. Deceased was a native of Caarsen, Province of Hanover, Germany, and was aged about 61 years. He landed in Charleston in 1842, and served for some time as mate of the Steamer Gladiator, on the line between this city and Charleston, but finally became a citizen of Wilmington, in 1847, and has since, with but a short interval, been engaged in mercantile pursuits. During the war he served in Howard's cavalry, and at the organization of the Evangelical Lutheran Church in this city, some time after the close of the war, he was elected a member of the Church Council. He was a member at his death of the orders of Legion of Honor and Royal Arcanum. Mr. Strauss was highly esteemed by our citizens generally, and his death will add to the gloom which has prevailed during the

A Lecturer in Trouble. Rev. James Paterson, who has been here in the lecturing business for a week or so past, but has so far failed in getting a house, was arrested yesterday and carried before Justice Gardner, on the charge of lecturing for reward without having first paid the tax, and obtained the license required by law in such cases. He was discharged on the payment of one penny and

WHO IS MRS. WINSLOW?—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do rise up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DAILY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been sayed from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City. Sold by all druggists. 25 cts. a bottle.
