Thirty thousand is the number of foreign immigrants received in New York last week.

When I and Natt meet them in battle array, It will be get up and get out o' the fray. -Col. Johnston's Sleep-talk.

A syndicate has been formed in Philadelphia that proposes to furnish gas at sixty-seven cents a thousand cubic feet.

Within twenty-four hours last week 104 vessels arrived at the port of New York, and of these 63 were from foreign countries.

Loubat, the terrible duellist of New York, has not been heard from. He killed sixteen men-in his sleep. Too much Limburger with his lager.

The Greenback lunacy is prevailing in Pennsylvania. Thomas A. Armstrong has been nominated for Governor with a full State ticket. The flat has gone forth that greenbacks shall be as thick as leaves if Thomas's arm is strong enough to turn the machine.

The total immigration for April is officially announced at 104,274. The following are the countries: England and Wales, 9,415; Ireland, '11,832; Scotland, 2,878; Austria, 2,161; Belgium, 83; Denmark, 2,269; France, 565; Germany, 36,582; Hungary, 504; Italy, 6,420; Netherlands, 2,499; Norway, 3,569; Russia, 744; Poland, 340; Sweden, 8,072; Switzerland, 1,762; Dominion of Canada, 11,540; China, 2,571; and from all other countries, 468.

We heard a singularly gifted Methodist preacher make this criticism more than twenty years ago upon Bishop H. H. Kavenaugh, of Kentucky, who is now eighty-two years of age: "The first half hour," said he, "you wish he had never begun, and the last half hour that he would never stop." He was slow to get off, speaking extempore always, but when he attained his full momentum he was tremendous, an orator of the rarest powers. He is still an "old man eloquent," and his voice is said to be strong and resonant still.

- Rockingham South: Tom Miller, colored, was brought to town and lodged in jail last Wednesday, charged with entering the house of a colored man and stealing a quantity of clothing and meat. A white man, Bailey, was also lodged in jail the same day charged with the larceny of a gun. - Richmond county now has fourteen prisoners in charge awaiting trial at the ensuing term of the Superior Court nine being in the jail here, and five in Wadesboro jail. There are over 140 cases on the civil docket, and upward of eighty on the criminal docket.

- The first green corn of the season was in market yesterday. It was raised in a garden in Brooklyn. - A festival will be given at Ran-

kin Hall, Wednesday evening, by the ladies of the First Baptist church. - Those who want to replant cot-

ton are troubled to get the necessary seed, which have nearly all been used for fertilizing purposes. - Mr. E. A. Oldham's office busi-

ness required his attention last evening, hence his inability to be present at the Opera House to deliver the prizes. - Rev. J. B. Taylor, of the First Baptist church, has returned and will fill

his pulpit this morning at 11 o'clock. Rev. W. T. Jones will preach at night. - The Sunday school of the First Presbyterian church and their parents and

friends had a very pleasant excursion down the river on the steamer Passport yesterday. - Mr. Fred. B. Rice, son of the late L. E. Rice, left last evening for Washington City, where he is to stand an exami-

nation preparatory to entering the U.S.

Revenue Marine service. - The only case for the consideration of Mayor Smith yesterday morning was that of Scipio Hill, whose thirst for the "ardent" seems as unquenchable as the fires of Vesuvius. He was locked up until

3 P. M., and then discharged. - We learn that the \$5,000 benefit in the American Legion of Honor on the life of the late John W. Stranss has been received by the officers of Clarendon Council, in this city, and will be paid over to the beneficiaries immediately.

- Mr. T. B. Kingsbury, of this city, has been invited by the Methodists of Halifax county to pronounce a eulogy on the life and character of the late Rev. Thomas G. Lowe, who was one of the greatest pulpit orators of the South, and was a native of that county. The eulogy will be delivered on the 24th of June next, at the new church just erected at Haywoods, in sight of Mr. Lowe's birthplace, and where he first united with the Methodists.

The Fire Alarm. The firemen say that it will be difficult now to distinguish the ringing of the city bell for market hours, etc., from the sounding of an alarm of fire, and it seems to be the general impression that it would be best to dispense with the ringing of the bell altogether except when rung by the electric alarm in case of fire. Speaking of the electric alarm, by the way, it was thought certain at first that the city would have to be at the expense of importing a skilled workman from the North to put up the apparatus and get it in proper position for working, but it was discovered when not too late that a Wilmington mechanic could do the work just as well and effectually as any Northern importation.

Clinton and Point Caswell Railroad. The committees to solicit subscriptions for the proposed Clinton and Point Caswell Railroad are still engaged in efforts to secure the necessary amount, and expect on Monday and Tuesday to call on such of our business men of means as have not already been interviewed. It is not proposed to slight any by not giving them a chance to identify themselves with the enterprise. It is expected that the committees will conclude their labors in the early part of this coming week, when it is hoped the company will be enabled to effect an organization.

The beauties of the face of women are often obscured by tormenting humors, easily got rid of by using Dr. C. W. Benson's Skin Cure. It heals eruptions of the skin or scalp and renders the cuticle smooth and fair. An excellent toilet dressing.

The Wilmington Light Infantry-Anniversary Celebration-Target Shooting-Competitive Drill, &c.

Yesterday, the 20th inst., being the anniversary of the Wilmington Light Infantry, the company met at their armory in the basement of the City Hall building, at 7 o'clock, A. M., in pursuance to orders, and marched to Hilton, where they had target practice, shooting for the annual prize, a gold medal, which was won by Private George McDuffle, who will wear it until the next anniversary. At the conclusion of the shooting the company returned to the armory and disbanded.

The prize drill at the Opera House last night was witnessed by a good sized crowd and was a very interesting and creditable affair. Messrs. John C. James, H. C. Mc-Queen and F. A. Lord were the judges selected, and these gentlemen after attentively watching the movements and motions of the contestants gradually dismissed all save Sergeant B. W. Dunham and Corporal George Harriss, Jr. Between these two gentlemen the competition was exceedingly close and it was only after several trials and careful consideration that the prize was awarded Sergeant Dunham. Hon. A. M. Waddell presented the prizes in a very graceful and appropriate speech of a few minutes, duration and was replied to by Private W. B. McKoy, on behalf of the recipients and the company. The prizes were: A gold badge to Private George McDuffie, the best shot, and a silver cake basket to Orderly Sergeant B. W. Dunham, best drilled member. This concluded the regular programme, but the members had quietly arranged an addition thereto and called upon Col. Waddell to present to Captain John L. Cantwell, the commandant, a beautiful gold-headed cane, as a token of their appreciation of his efforts in the company's behalf. Capt. Cantwell, in accepting, thanked the donors most heartily and assured them of his appreciation of their action.

The company were then marched to their armory, where refreshments were served and the celebration of the day most pleasantly ended. We are glad to note the success of the entire affair, believing that it is bound to create an increased interest in the organization and redound to its benefit.

Those Mysterious Disappearances. We alluded a few weeks ago to the fact that Mr. J. H. Alford, a citizen of the Caintuck section, in Pender county, had come to this city in the early part of March, a flat load of wood having been towed down for him by the steamer John Dawson, and that he was last seen on the wharf foot of Princess street, since which time not the slightest intimation had been had of his whereabouts. He is still missing and his wife and family think he has been drowned. but if such has been his fate it is very singular that nothing has been seen or heard of his body in all these days. The body alluded to some weeks ago as having been seen in the neighborhood of "Donalson," a few miles up the river, was there before Mr. Alford was missing. His whereabouts is certainly a great mystery.

There is a somewhat remarkable coincidence in the fact that about five weeks ago Ezekiel Blizzard, a white resident of Point Caswell, Pender county, suddenly and mysteriously disappeared from his home, having been seen, as far as is now known by his distressed family, over on the Cape Fear river, about fifteen miles from home. He is about 65 years of age, and a wife and two children patiently but sadly await some tidings of his whereabouts.

A Little Child Severely Burned. A little daughter of Capt. J. W. Galloway, of this city, about one year and three months old, met with quite an accident on Friday evening, about 7 o'clock. It seems that a fire had been built in the yard for the purpose of heating water for washing clothes, and that Mrs. Galloway and her servant, having occasion to go up-stairs for a few minutes, left a little son of Mr. and Mrs. G., about six years old, in charge of the fire. In the meantime the little one alluded to was playing about the yard and accidentally came in contact with the fire, and the flames quickly enveloped him in its deadly embrace. Fortunately a neighbor discovered the accident almost as it happened, and quickly jumping the fence, rolled the child in the sand, and by this and other means finally succeeded in ex tinguishing the fire. A physician was summoned and the child was found to be badly burned about the body and limbs, and one side of the face. At last accounts the ultimate fate of the little sufferer was a matter of uncertainty, a great deal depending upon the amount of fire inhaled by the little one.

District Conference. The Wilmington District Conference of the M. E. Church meets at Salem Church, Camberland county, on Thursday next, the 25th inst. The delegates from this city are expected to go up on the steamer A. P. Hurt on Tuesday next.
