OUTLINES.

Present indications point to an indefinite prolongation of the struggle in the House of Representatives over the Mackey-O'Connor contested election case. In a fight between drunken railroad laborers and Mexicans in Arizona, near the border, seven of the latter were killed and many of the Americans were wounded; some fatally.

The Postmaster General makes a sensible suggestion to the Congress. He proposes to make newspapers and magazines free. Do it at once. No embargo on education, you know. The Department received about \$1,500,000 from the sources indicated.

Mr. Howe thinks that if the people are to be taxed for mail service, it is better that they should pay for the free distribution of newspapers and magazines than for transporting packages of merchandise from the Eastern cities to Arizona and other remote places.

To all who clamor for a change in the present system of county government we commend a careful perusal of the article in our local department on "The Past and Present Financial Condition of the County of New Hanover." Will not the Democratic papers of the State give at least the substance of the article for the benefit of all who do not fully understand the great advantages that have accrued to the Republican counties of the East since the present system of county government went into operation?

Ah! Arthur, it is announced, is to take under consideration the case of Lieut. Flipper. Let's see—Flipper—it seems to us we have heard his name before. A colored soldier of fortune. The same whose case a court martial took in hand long ago and said he was a dirty, thieving rascal.

Young, Nathaniel Baxter, of Nashville; John A. Carter, of Louisville; M. S. Andrews, of Montgomery; T. S. Wade, of West Virginia; J. S. Key, of Georgia.

Witnesses prove that when Jennie Cramer came from the ill-fated visit to the Malley mansion on the suburbs of New Haven she was gaily dressed in white. She was seen among the trees and on the car at Savin Rock. Many saw her go; none saw her return. This is a part of the defence.

The papers of both sections are going for that old Radical grinder of nonsense called, by way of courtesy sometimes, poetry. The Richmond State has this to say: "Walt Whitman, the alleged poet, has been prohibited from publishing his 'Leaves of Grass,' which is good, for many people, green as the leaves, were beguiled into paying 75 cents for aesthetic hog-wash, the indecency of which is the purulent effusion of a white-headed old theatrical Lothario."

"Alleged poet" will do. "The Whip quotes the New Berne (N. C.) Commercial in support of Mahone's vote to continue the revengful enactments of Congress against the South, which are intended to degrade and punish our people for their rebellion. We believe the Commercial is a Radical paper."—Richmond State.

What the politics of the Commercial are, we suppose, no one but its editor can tell. It is not understood to be "a Radical paper," but a sort of Independent, go-as-you-please paper.

In Army circles there is a stir. Old officers are opposing the compulsory retirement clause now before the House, "whilst 'the young roosters' of the army are zealous for the bill. It is a pity that among the virtues selfishness has no place. What a front seat it could take—a box seat at that and right over the stage of life and the deceptive glare of gas light.

Oxford Orphan's Friend: In this county rust has made its appearance. Alamance county has ten cotton factories in operation and five under construction. This is the banner county of the State. This week the Orphan's Friend enters upon the eighth year of its existence. Like the noble institution it represents, it has undergone many an ordeal, but it has overidden them all, and is now doing as well as could be expected considering the stringency of the times.

Goldboro Messenger: We see that several of our State papers are publishing the advertisement of W. H. Rothschild & Co., of New York, offering shirts at marvellously low prices. The Petersburg Index-Appel says it is the style of a concern under a shrewd fraud and swindle in operating, and we warn our readers against sending the concern money. It seems that this fraud has been operating under numerous aliases, and that the Postmaster General has at last got upon his track and has caused his mail to be stopped.

The Shelby Aurora tells of a desperate negro who made an unprovoked assault upon B. E. Logan and George Wright. The negro fired at Logan, the ball passing through the thigh of Wright. Mr. Logan had a rifle which he discharged, only hitting the negro in the arm. At the point they closed and commenced a life and death struggle. The sheriff succeeded in throwing the negro, and Mr. Wright struck him two blows with the butt of the gun, while the sheriff wrenched the pistol from his hand and threw it to one side. He then let the negro up; but, instead of submitting, he turned and ran for life. Sheriff Logan again resorted to his gun and followed, firing at long range. The first shot passed through the negro's thigh and the second through his foot, the last ball being fired at a distance of 375 yards. He was afterwards captured by a crowd. His name is Moses Chivot.

At a match game of base ball on the Athletic Club grounds, yesterday afternoon, the "Recreation" made 19 and the "Howling Nine" 16 runs.

Thanks for a ticket, with the compliments of Mr. J. W. Scroggs, to the Commencement of Moore High School, Literary Address Friday, June 16th, at 11 o'clock A. M., by Col. A. M. Waddell. Commencement Party Friday, June 16th, at 8 o'clock P. M.

Yesterday was the eighty-second anniversary of the birth of Mrs. C. G. Kennedy, a lady whose charity and benevolence have endeared her to the whole people of Wilmington, but more particularly to the poor and suffering. May she be spared many years of usefulness in her mission of love and mercy.

New Berne Journal: We learn that extensive preparations are being made in Washington for the New Berne Fire Company and the accompanying excursionists who go over there next Monday.

The Nag's Head hotel will be within easy reach of New Berne, and when the new steamer Shearwater comes one can leave New Berne in the evening and arrive at Nag's Head early the next morning.

Kinston items: Henry Henneidy, who killed Lewis Croom in the Falling Creek section a few weeks ago, surrendered himself last Saturday to the authorities at Kinston. He admits the killing and pleads self-defense.

Miss Louisa Washington, niece of Col. J. C. Washington, and principal of a large female school in Georgia, is visiting her uncle near Kinston.

Jones county news: The Methodists are going to build a nice parsonage in Trenton. The peach crop around Trenton bids fair to be a good one—the best for many years.

Rev. Candis Flowers, an old colored man, died on May 13th. Mr. Abram Huggins, formerly of this county, but lately of Craven, died on the 6th of May. Onslow county news: Col. E. W. Fowles, who has a fine sheep, he has about 125 or 150 head and about one-third of them are of the Cotswold breed; he sheared from one of them, a ram, three and one-half years old, fifteen and one-half pounds of good wool.

Weldon News: Many of the farmers are plowing up their cotton. Nearly all that was planted early failed to come up or did not start well, and unfortunately most of it was planted early. The crop will probably be smaller than was originally intended because of the lateness of the season. The grain crop is in excellent condition, however, and we hope to have a good yield.

Several of our farmers are ploughing up and replanting their cotton. Scotland Neck notes: The meeting at the Baptist Church has closed. It was a meeting of great power. Seventeen persons have already joined the church, with three more to follow. Bishop Lyman preached here on the 16th. Seven were confirmed.

Whitaker scraps: The cotton prospects are certainly very gloomy. It is a common thing to see farmers ploughing up and replanting. In many places in Edgecombe and Nash counties farmers are ploughing up and replanting the third time.

Raleigh Farmer and Mechanic: W. H. Dodd elected Mayor. Salary reduced to \$600 and fees. Capt. T. W. Blake Chief Fire Department. We hear that what may be termed the Jarvis-Richmond Railroad wing of the Democracy favor or lean to Chas. C. Clark, of New Berne, for Congressman-at-large.

Raleigh Visitor: Chief Justice W. N. H. Smith returned last night from New York, where he went to see Mrs. Smith, who is there under medical treatment. We are pleased to learn that Mrs. Smith is much better.

Dr. J. J. Mott publishes a card in the Times closing as follows: "I am for a coalition with the anti-prohibitionists, who meet here on the 7th of June, and I want to see no man a delegate to the Republican Convention who is opposed to it."

Raleigh News-Observer: Mr. William H. Dood, an honored citizen of Raleigh, and one who has done much to build up, is the new Mayor. Major Henry J. Rogers, the enterprising President of the Seaboard & Raleigh Railroad, arrived in the city last evening from the East. He is an earnest worker and reports that the rate of progress of the road is highly satisfactory.

that he has secured a patent, and will shortly begin the manufacture of them. Mr. A. F. Purefoy, of Wake Forest, has patented a gate. It turns out that everybody was mistaken. Mr. Logan Harris is not at the helm of the Raleigh Times. He has written one or two short articles; but, as was said on another occasion: "Nichols and Gorman are with us"—(the former in command)—and A. W. S. and A. W. T. are "high privates in the rear rank," or "Bally Boys with a glass eye," so to speak.

Oak Grove Cemetery.

Mr. L. D. Cherry yesterday surveyed the land for the pauper's burial ground, hereafter to be known as Oak Grove Cemetery, by direction of Mayor Smith. It embraces about three acres and a quarter, as newly surveyed and laid out, and is located in the southeastern portion of the city, about one mile and three-quarters from the Court House. We learn that a good, substantial wooden fence is to be constructed around it at once. Both the city and county will use the grounds as a burial place for their destitute poor.

A Steam Ferry.

The ferries across the Cape Fear and Brunswick rivers at and near this point, have been leased by the Brunswick Bridge and Ferry Company to a responsible party, who will put a steamer on this end of the line to convey passengers to and fro across the Cape Fear, and attach a flat to carry vehicles back and forth, the arrangement to go into effect on the 1st of July. This will be a big improvement upon the old process of ferriage, and a source of great convenience to the travelling public in the section particularly interested.

Mayor's Court.

Conveyances for the Company and their invited guests will leave the Truck House at 6.30 and 7 o'clock this afternoon for the Sound.

The Crops.

A gentleman who has travelled considerably in Duplin county within the past few days says the crops of all kinds are looking badly in consequence of the cold and dry weather which has prevailed during the present month. He says the worms, too, are attacking the corn and cotton and doing both a good deal of damage.

Burned to Death.

A small colored girl, whose name our informant does not remember, was left alone in the house by her mother in Duplin county, near Kenansville, a night or two since, and got too near the fire, when her clothing ignited and she was burned so badly that she died soon afterwards. A physician was called in but he could do her no good.

Unmailable Matter.

The following is the unmailable matter remaining in the city postoffice: Henry Tate, Duplin county, N. C.; Mr. Wellington, care E. M. Wheeler, Guilford county, N. C.; Mr. August Reeder, Lane P. O., N. C.

COUNTY MATTERS.

The Past and Present Financial Condition of the County of New Hanover—An Encouraging Exhibit.

As an item of interest to the tax-paying people of the county, as well as an evidence of the economical tendency of Democratic administrations, we give herewith some facts and figures in regard to the past and present financial status of the county of New Hanover; and we will premise by stating that along about the year 1877 the debt of the county was increasing so rapidly, and the finances had become so thoroughly demoralized, that it became absolutely necessary for the dominant party to so far relax in their partisan tendencies as to consent to the introduction of two Democrats of financial ability into the Board of County Commissioners, two of the Republican members resigning with that purpose in view, in order that the finances of the county might be straightened up and its credit saved from utter and probably almost irretrievable ruin. At that time county scrip could not be disposed of at above forty cents on the dollar, and even at that low figure no one would buy it unless the holder would consent to "trade it out," fearing that if they purchased it at forty they might soon find that it was down to thirty-five cents on the dollar. In fact, business men didn't care to meddle with county paper at all, and it was only in rare cases that one could be found who would be prevailed upon to take it. Now for the figures:

At the end of the fiscal year closing August 31st, 1878, the bonded debt footed up \$59,900, at which time the general and special fund (school fund not included) amounted to \$5,544.81. At the close of the fiscal year ending August 31st, 1879, the bonded debt footed up \$46,200, with a balance due the treasurer of \$232.36, showing a decrease during the year of \$13,477.64.

On the 31st of August, 1880, the close of the fiscal year, the bonded debt aggregated \$29,900, and the amount in the treasury (general and special) footed up \$11,429.38; and on November 31st, 1881, to which time the fiscal year was changed by the Board of Commissioners, the bonded debt footed up \$23,800, while the amount in the treasury aggregated \$23,871.44, or more than enough to meet the same.

Now, in this year of grace, 1882, the county of New Hanover, with a good Democratic Board of County Commissioners, whose financial ability, integrity and economy of administration is evidenced by the result before us, can boast that she has not one cent of floating debt; that all authenticated demands upon the treasury are paid when presented; that her paper is as good as gold, or as a check on the bank, for the full amount on its face, and that the present bonded debt (only about \$16,000) could be paid in full at any moment but for the fact that the bonds do not fall due until 1887, and the holders prefer to keep them and let the interest accumulate until they have matured. In fact, we doubt if they would part with them on any terms short of a handsome premium.

Installation Ceremonies in Charlotte.

A letter was received from Rev. Mr. Peschau yesterday, by Mr. H. B. Eilers, in which he states that he has been solicited to remain at Charlotte and assist Rev. Dr. Conrad in installing Rev. T. H. Strohecker as pastor of St. Mark's Evangelical Lutheran church at Charlotte, but before consenting he wished to know the views of his Church Council as to the propriety of his remaining. Mr. Eilers informs us that he has consulted the members of the Council and they have no objection to the proposed arrangement, and they also request the Rev. Mr. Peschau, in response to their proposition to send a minister to fill his pulpit on Sunday, that they had rather no such expense should be incurred. It is probable, therefore, that the Rev. Mr. Peschau will remain and participate in the installation ceremonies Sunday night, and that there will be no services in the Lutheran Church on Sunday next.

Ladies Benevolent Society.

We regret to learn that the finances of the Ladies' Benevolent Society are at a very low ebb, and that the ladies are much in need of funds with which to prosecute the work of benevolence in which their hearts are enlisted. To remove this embarrassing obstacle to their success in relieving the wants and necessities of the suffering and destitute in our midst, it is hoped that the charitably disposed will respond promptly and liberally, and enable the ladies to carry out the noble promptings of their generous hearts, and thus call a smile of gratitude to the plinched and fevered lips of the destitute and suffering ones around us.

A Strange Fish.

We saw yesterday, at Messrs. W. E. Davis & Son's fish house, a South Water street, a curiosity in the shape of a fish, the like of which, we understand, has never been seen in our waters before, though some of our old shipmasters pronounce it a white salmon. It measures five feet and four inches in circumference, and probably weighs over one hundred pounds. It has powerful fins, is said to be a swift swimmer, and is a very handsome fish. It has no teeth, but has a very large tongue. It was caught in a sturgeon net at the Messrs. Davis' fishery at the Inlet, yesterday morning, and will be shipped North.

Debilitated persons and sufferers from wasting diseases, such as consumption, scrofula, kidney affections, will be greatly benefited by using Brown's Iron Bitters.

THE ORTON HORROR.

Further Particulars of the Terrible Murder—An Axe Used Instead of a Knife.

We got some additional particulars yesterday in reference to the murder at Orton, briefly alluded to in our last issue. The deed was committed on Wednesday, about 12 o'clock, by a colored man named Pharoah Sykes, formerly of this city, where he is well known; the victim being a young colored woman named Isabella Jones. A brother of the deceased, who arrived here on the steamer Passport yesterday evening, states that her head was split open with an axe, a deep wound having been found on the right side 'of the head, and that her left temple was also crushed in; either of the wounds being sufficiently serious to have produced death. The deed was committed while a sister of the deceased was gone to carry her father his dinner, the old man being engaged in rafting timber at a point some distance from his house. When the girl returned she found deceased lying weltering in her blood just inside the door, and a younger sister, about twelve years of age, who was a witness to the terrible tragedy, told her that "Uncle Pharoah killed Bella out in the yard and then dragged her into the house." The murderer also told a little boy who was in the house at the time, and who screamed with terror when he saw the bloody work going on, that if he didn't hush he would kill him too.

The murdered woman's brother states that Sykes was jealous of another colored man named Fred Robinson, who seems to have been a rival of the murderer in Isabella's affections. It is also said that Sykes was heard to say during that morning that he would have Isabella or kill her.

Sykes is about 35 or 40 years of age and the murdered woman was about 21; her brother stating that she was born during the first year of the war.

The body will be interred to-day, though no inquest had been held up to the time the Passport passed Orton yesterday afternoon. The murderer is still at large.

Republican Primaries—A Pretty Kettle of Fish.

Meetings were held last night in the various wards of the city to elect delegates to the County Republican Convention which meets on Saturday next, to nominate candidates for county officers. The present county officials managed to manipulate matters in most of the wards to their satisfaction, but encountered considerable opposition in the Fifth Ward and in the Upper Division of the First Ward. In the Fifth Ward there was no election. The meeting broke up in a grand row, during which the ballot-boxes were smashed, it is alleged, by John W. Moore's crowd, a ward leader who is said to have been working in the interest of the present incumbents—except for the County Treasurer, and in this favoring Owen Birney. It is claimed, however, by one faction, that John W. Moore, T. C. Miller, and C. P. Locke were elected delegates in this ward.

In the Upper Division of the First Ward the meeting almost broke up in disorder, there being some twelve or fifteen candidates. In the remainder of the wards the following delegates were elected:

First Ward—Upper Division—Henry Brewington, Emanuel Nichols, A. J. Walker.

First Ward—Lower Division—Owen Birney, Josh Tucker, Monroe Baird.

Second Ward—E. J. Penneyracker, Geo. E. Burden, S. VanAmringe.

Third Ward—Jas. E. Sampson, S. H. Manning, M. C. Hargrove. (There were four tickets in this ward: one—the Laborers' ticket—engineered by John H. Wightman—got two votes.)

Fourth Ward—Jas. K. Cutlar, Lewis Bryant, W. P. Canaday.

Cape Fear Township—George W. Price, Jr., and ——— Grady.

Shooting Affair in Duplin.

A shooting scrape, which happily did not result fatally, took place at Chinquipin, Duplin county, a few days ago. It seems that Frank Britton, who had been drinking to some extent, got into a quarrel with another white man and attempted to shoot him. Bob Sloan, a friend to Britton, tried to prevent him from accomplishing the desperate deed, when Britton turned his pistol on Sloan and discharged the weapon full in his breast. The wound, however, did not prove a serious one, and the ball was afterwards extracted. Britton fled, but was soon captured and at last accounts was in jail at Kenansville.

Homebode at Home.

Information was received here yesterday of the killing at Monroe on Wednesday of a negro by Mr. Benj. Binford, formerly of this city. It seems that the negro was being conveyed to jail when he broke away and gay; leg by leg. Mr. Binford endeavored to stop him and was knocked down by the prisoner with a stick, and would have been hit again, had he not fled from the man as he advanced, dropping him. The negro was shot four times and died Wednesday night. Mr. Binford was quite seriously hurt, but was much better yesterday.

RAVENS AND MARINE.

Mr. R. H. Beery arrived here yesterday, from New Berne, with the Sch. Agile, of 53 tons burthen, which he purchased from Mr. Elijah Ellis, of that place, and will use as a wrecking vessel, lighter, etc. She is in good order in every respect, is of about 900 barrels capacity, and when she receives a coat of paint, which will be given her as soon as possible, she will be a really fine little craft. Mr. Beery, accompanied by his father, Capt. B. W. Beery, left Beaufort Wednesday morning and arrived at the Bar at 10 A. M. yesterday, which was a splendid run. They had very rough weather on the passage.
