The following is important, provided there is no change. The Richmond State says:

The electoral vote of the States—that is, if no more be admitted—in 1884 will be 411. This is the increase under the new apportionment from 369; and instead of 185 votes electing the President, it will require 206."

A Well Deserved Promotion.

Mr. John C. James, of this city, who has been Assistant Freight Agent of the Wilmiugton, Columbia & Augusta Railroad here for some years past, has received the appointment of Freight Agent at Richmond of the Richmond & Petersburg Railroad. The many friends of Mr. James, while regretting the necessity of his removal from our midst, will be pleased to hear of this well-merited promotion and all the advantages it implies. Mr. James possesses all the qualifications, including that very material one-experience-to eminently fit him for the position to which he has been called, and the Richmond & Petersburg Railroad Company can rest assured that they will never have cause to regret their selection. Mr. James will leave Wilmington on the 25th instant, and will take charge of the office on the 1st of September. It is understood that his family will not follow him

until later in the fall.

Full and Free Confession. At their own request, and by consent of Solicitor Moore, Mary Eliza Green and Sophia Swain, the two colored women convicted of perjury, and sentenced to the Penitentiary, were brought into Court yesterday morning and made an open confession to the effect that the charge they had brought against jailor Howard, on which was based the accusation of perjury, was a put-up job from beginning to end; Mary Eliza Green stating, in extenuation of her fault. that she was led to the commission of the crime by Mary Borden, another colored woman, who was in the room with her.

Chasing a Probable Thief. A little excitement occurred on the streets resterday morning. About four o'clock Officer Everett, of the police force, saw a colored boy coming out of the Purcell House alley into Second street with a bucket in his hand, and as soon as he perceived the officer he broke and ran in the direction of Princess street. Officer Everett gave chase and pursued the fugitive down Princess streets to Water, discharging his pistol at him, but without effect, and finally lost sight of him altogether.

Foreign Shipments. The foreign shipments yesterday were as follows: The Norwegian barque Vanadis Capt. Petersen, for Riga, Russia, by Messrs. DeRosset & Co., with 3,300 barrels of rosin, valued at \$6,700; and the German brig Hermann Friedrich, Capt. Niejahr, for Hamburg, Germany, by Messrs. D. R. Murchison & Co., with 1,000 casks spirits turpentine and 1,125 barrels of rosin, valued at \$22,548. Total valuation of the foreign exports for the day \$29,243.

A large proportion of the regiment were from Wayne, and great interest was being taken by the people of Goldsboro in the approaching exercises. On the court house green preparations were in progress for the speaking, the banquet, and other ceremonies incident to the reunion, and everybody seemed to be busy, not excepting the Mayor and Street Commissioners, in getting everything in shipshape for the affair. We

a beautiful banner being constructed, com-

We found friend Bonitz up to his eyes in business, as usual, but he took time to show us through his extensive establishment, and also his opera house, which is an excellent place of amusement, furnished throughout with patent adjustable opera chairs, and capable of seating nine hundred people comfortably. Mr. Bonitz was arranging his plans to attend the Supreme Lodge of Knights of Pythias of the World. which convenes at Detroit, Michigan, on Tuesday, the 22nd inst., Mr. John L. Dudley, of this city, being the other representative from the Grand Lodge of this State.

Lightning's Freaks. The atmosphere seemed to be full of electricity yesterday afternoon, during the severe rain storm which passed over this city. The telephone bells were jingling in every direction, and at the City Hall the shock from the electric fluid was so great that those in the court room at the time thought the whole side of the building next to Princess street was tumbling in. Afterwards it was discovered that the wires had been melted in twain and the window-facing scorched in two places. It is nothing uncommon during severe electrical distur-

New Southern Humpty Dumpty

This is the title of a Humpty Dumpty troupe which was organized in this city some months ago, and which will make its appearance at the Opera House in the latter part of September. The programme for the opening night has already been arranged, and a look at it convinces us that our fun-loving friends have a rich treat in store for them. The troupe is composed entirely of home talent, and we learn that the members, having had ample rehearsal in their various roles, are well up to their parts, and are satisfied that they will give a meritorious performance The clown is not altogether unknown to fame, especially as regards his performances on the wire.

Fire at Smithville.

We learn that the store of Capt. Fred. Small, at Smithville, took fire yesterday morning, about 2 o'clock, and was entirely consumed, together with the stock of groceries and other goods which it contained. The store was the property of Capt. W. J. Potter, and was not insured. The stock was partially insured. Capt. Malaria. Chills and Fever, and Bilious attacks positively cured with Emory's Standard Cure Pills—an infallible remedy; never fail to cure the most obstinate, long-standing cases, sugar-coated; causing no griping or purging; they are mild and efficient, certain in their action and harmless in all cases; they effectually cleanse the system, and give new life and tone to the body. As a household remedy they are unequaled. For Liver Complaint their equal is not known; one box will have a wonderful effect on the worst case. They are used and prescribed by Physicians, and sold by Druggists everywhere, 25 and 50 cent boxes. Emory's Little Cathartic Pills, best ever made, only 15 Cents, Standard Cure Co., 114 Nassau Street, New York.

WHO IS MRS. WINSLOW!—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do arse up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DALLY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Mothers—tray it now.—Ladies Visitor, New York City. Sold by all druggists. 25 cts, a bottle.
