Cole, Miss Florence Parker and Miss Lillie Dawson. Their bodies were crushed and bruised so that identification was difficult. The men were about 22 and the girls 17.

A Greensboro correspondent propounds this inquiry:

"How did the term "Tar Heel' originate and become to be applied to North Carolina ?"

Who can answer? We have an impression it originated in the war and was first given in derision, because of the naval stores produced in the State, But if so, the splendid soldiery of the State glorified it and turned it into a title of honor. No soldiers ever had the sticking qualities more highly developed than those given to the cause of the South by North Carolina. There were more of them, too, to stick, by tens of thousands than any other State furnished. Truth, every word of it Rah! for the immortal "Tar Heels!"

On the 1st of August, 1798, the greatest of English naval officers, Nelson, captured or destroyed most of the French fleet that had taken Napoleon to Egypt. He forced his ships in between the French and the land. The battle was fought in Aboukir Bay, the scene of the present military movement under the British. Aboukir is a small town twelve miles from Alexandria, and situated on the Bay of that name. We have an impression, but no history at hand to verify it, that the French army left by Napoleon when he returned to France was defeated by the English General Abercrombie. But of this we are not certain.

There is said to be very great suffering and destitution among some of the Pennsylvania striking miners. Some of them have been forced to seek the coal pits to avoid starvation. Many are on the eve of starvation. There is no work and no bread. One suffering mother said to her husband, "For God's sake, for my sake, for the children's sake, go to work." A wife failing to induce her husband to return to work, committed

"Last week two tramps called at the residence after dusk and asked for aid. Mrs. Hardy was alone at the time, and did not see them at first, but when she turned her face and saw them but a few feet away rom her, with their unkempt hair, un shaven faces, and ragged clothing, she was greatly frightened, and the shock to her nerves was such that she fainted. Several members of the family soon came to her assistance, and she was conveyed to her bed."

The "Jersey Lily" is being advertised magnificently and without cost. American papers copy a London letter that would make three or four columns of the STAR and it is all about the reputed beauty who is to act Rosalind in America. The American newspaper men are on tiptoe to see her in that costume. is very hard to imagine why.

Paris has the poorest, dirtiest lookng dailies of any great city. There are sixty and they die almost daily. One, La Petit Journal, has a circulation of 560,000 copies daily, which beats the world. Others have a circulation of from 80,000 to 100,000, as we learn from Mr. Fulton's last interesting letter from Paris in the Baltimore American.

The following Senators attended the funeral of the late Senator Ben Hill at Atlanta: Mesers. Lamar of Mississippi, Beck of Kentucky, Morgan of Alabama, Butler of South Carolina, Johnston of Virginia, Pendleton of Ohio, and Congressmen Pettibone of Tennessee, and Brumm of Pennsylvania.

- Tarboro Guide: Gus Hyman left town Wednesday evening at 4 o'clock. He stopped at a settlement about seven miles from here, known as Dogtown, to get a drink. While there he got into a quarrel with Ned Jones, about Hyman dogging Jones' hogs. Hyman called Jones a d—d liar, whereupon he was struck by Jones. Hyman then drew a razor and cut Jones from his left are to his Adams. Jones from his left ear to his Adam's apple, severing the carotid artery. Hyman was arrested Thursday morning and lodged

A goodly portion of his crop is harvested and the proceeds in his pocket, and although storms may destroy his corn or worms eat storms may destroy his corn or worms eat his cotton, he will be able to exist on his own resources. - Salisbury Watchman: Liberalism is rebellion, desertion and office hunt-ing, carried on by disaffected Democrats and encouraged by Mott and the revenue gang. —Miss Fisher's new book will appear, so the Messrs. Appleton say, about the 10th of next month. — Rocky River mine, recently discovered, is reported very rich in fine gold. It is said that \$2,000 in ore has been taken out in ten days. Ginneral Leach denies his party by saying he has only acted with it-has never been a Democrat. He has suffered himself to be honored by the Democrats. His fate will be like that of the traitor Judas-when the reality of defeat bursts upon him he will go and hang himself.

- New Berne Journal: We learn that Col. John N. Whitford will, in a few. days, announce himself as the candidate of the true Democracy of the Ninth Senatorial district, composed of Jones, Carteret and Onslow, having received the majority vote in convention on the 16th day of August at Pollocksville. — The O'Hara men are pushing the Hubbs faction to the well on the new convention of the 16th day of August at Pollocksville. wall, on the new convention call of Gen. Estes. The Enterprise publishes a card from J. C. L. Harris, Secretary of the Republican State Executive Committee stating the call of Gen. Estes is not the act of the State committee. — The Lodge (O'Hara paper) says the Bread and Butter Brigade, the Hubbs crowd, are suffering from an attack of the hyackaphupus. That is a new name for the ancient malady called

- Rockingham Spirit: We are sorry to learn that Rev. Joseph W. Shack-ford, Principal of the Richmond Academy for the last year or more, has decided to return to his Virginia home on account of the health of himself and family. He has made a very acceptable instructor. The protracted meeting that is being conducted at Mt. Pleasant by Rev. Dr. Pharr, we are glad to know, is being productive of much good, there being quite a number of penitents and several conversions. — We regret to learn from Mr. Caserly, superintendent, that fully 50,000 bricks were destroyed by the recent rains at Capt. Behrens' brick yard in this vicinity. —Two negroes, who live in the lower end of the county, became engaged in a difficulty some time ago, which resulted in one of them being shot through the arm. The shooter is in jail.

- Greensboro Patriot: Clingman is authority for the report that the "Liberal" movement is an idiotic failure. He gave expression to this opinion after hearing Jones and Price at the Morganton mass meeting. - An Ethiopian cannot change his color nor a leopard his skin, but my God! fellow citizens, how quick a white man becomes a nigger when he joins the Radical party.—Leach as a Hancock elector in 1880.—The colored man, Price, bore off the honors at the speaking last night. They all say he made the speech of the evening. Young made a fine impression. Interrogated at the depot this morning he said he was sure he made a good impression, and made many votes for "Liberalism," adding, after a pause, "if your people believe half the lies I told 'em." -Dockery failed to raise an old fashioned yell to-day. There were huge icebergs floating about, and long gaps between the

- Raleigh News-Observer: The health of the city is remarkably good, say the physicians. — From present indications the section of the country tributary to Oxford and Henderson will produce the finest crop of tobacco ever seen. The quality will be remarkable. — Raleigh will have a capital string band next winter. It will be the one now at the Atlantic Hotel composed of Prof. Carmichael, C. M. Weathers, W. B. Shelton, S. Chadwick, and the two Siderios, Italians. - From the Enquirer we see that the Republicans in Chowan are very much mixed. The nomination of the negro Sutton for the Legislature was so distasteful to some of the Republicans that they got out a second ticket. — Mr. H. A. Gudger, who has for some years so well filled the position of Principal of the Institutions for the Deaf and Dumb and the Blind in this city, has received a deserved compliment in being chosen president of the Association of Instructors of the Blind in the United States Canada. The association is now session at Janesville, Wisconhaving met on the 16th inst. Mr. London, editor of the Chatham Record, recalls the fact that Judge Ruffin's name was not presented to the judicial convention, held at Hillsboro, that nominated Judge Kerr. — It is not Leach's "back pay" that is troubling him, but the pay that he has in expectancy, for it will always be in the future and never in the pocket. -It seems Dr. Mott "has bitten off more than he can chew;" his plan to sell out the Republican party to a few cast-off Democratic office seekers does not pan out well. The Republican party is "busted." There is trouble in every Congressional district—except perhaps the third, and in that Col. Canady is fighting against hope. — How thoroughly Dr. Mott is the boss regulator of the Republican party appears by his coming down from the mountains and carrying the sixth revenue district into the first Congressional district. Miles Commander, Esq., was undoubtedly the choice of the Republican Congressional convention that lately assembled at Elizabeth City, but Dr. Mott appeared on the scene and gave orders to Commander not to run, and set up Mr. Walter R. Poole. The Republicans down there, we are ashamed to say, tamely submitted to such dictation. It was shame ful. publican party to a few cast-off Democratic

The Carolina Yacht Club, reports to the contrary notwithstanding, will have their promised regatta, under the auspices and direction of the Seaside Park Hotel Company, over the Wrightsville course tomorrow (Wednesday) the 22d inst., open to all who may desire to participate in it. It is known that five boats will certainly enter and contest for the prizes to be awarded under the rules of the Seaside Park Company, and it is believed they will be joined by two or three others.

The boats are to report promptly at 12.30 P. M., and the race will take place at 1 o'clock, P. M.

At night there will be a hop at the Seaside Park Hotel, the music to be furnished by a full band of Italian harpers.

The whole affair is being conducted in a manner calculated to inspire such a glow of enthusiasm in the hearts of the fun-loving portion of the community that we may expect to see a large crowd present on the interesting occasion.

Sunday Services. Rev. J. B. Taylor, D. D., filled his pulpit in the First Baptist Church on Sunday morning, for the first time in three or four weeks, during which time he was absent on his usual summer vacation. He had a good congregation. At night he went to hear Rev. Mr. Ricaud, of the Fifth Street M. E. Church, preach a sermon on the Trinity, when, the latter being a little unwell, he was pressed into service and preached an excellent sermon for our Methodist friends,

who were well pleased. Rev. Mr. Ricaud will preach his sermon on the Trinity next Sunday morning.

Rev. Mr. Payne, of the Second Presbyterian Church, who has been absent in the western part of the State, also ministered to his congregation on Sunday. Rev. Mr. Craig preached at the Fifth

The case of S. G. Jenkins, colored charged with embezzling funds belonging to the First (colored) Baptist Church, of this city, while acting as treasurer of the same, came up for ahearing before one of the Princess street magistrates yesterday in the Court House. Quite a large number of witnesses were summoned to testify in the case, and the interest taken in it was manifest in the large number of colored people that thronged the room during the progress of the investigation. At the close of the examination the defendant, Jenkins, was required to give bond and security in the sum of \$100 for his appearance at the next term of the Criminal Court, which was readily furnished and he was discharged

The Drowned Man. It seems that no attention was paid to the remains of the drowned man which were discovered drifting in the river just above the Navassa Guano Works a week or so ago, and which were tied up by order of Col. Grafflin to await the action of the proper authorities, and finally the hands at the factory, pursuant to instructions, procured a suitable box and gave the poor fellow as decent a burial as possible under the circumstances. The body is generally supposed to have been that of Henry Bryant, a colored deck hand, who was drowned from the steamer Wave some two or three weeks ago, and referred to in the STAR at the time.

Magistrate's Court.

Wesley Mitchell, colored, was arraigned before Justice Millis yesterday, on the charge of assault and battery upon Malissa Mitchell. Defendant submitted and was required to pay the costs.

Lavinia Hill, colored, was next called up o answer to the charge of assault and battery upon Jane Bennett, and judgment was suspended on the payment of costs.

Lavinia Hill was then arraigned on a peace warrant sworn out by Jane Bennett, and was required to pay the costs and give bond in the sum of \$25 to keep the peace for twenty-five days.

Jane Bennett, charged with assault and battery upon Lavinia Hill, was required to pay the costs, when she appealed from the judgment of the Court and was required to enter into bond in the sum of \$25 for her appearance at the Criminal Court. The bond was given and the defendant was discharged from custody.

There was only one case for the Mayor's consideration yesterday morning, but that was of a character to take the place of two or three ordinary ones. Peter Smith, colored, was in the midst of quite a lively scrimmage with a colored woman on Front street Saturday night, and the parties were as busy as they could be hurling bricks and 'cuss words" at each other, when Officer Everett came along and took Peter under his wing, the woman in the meantime making good her escape. The irate Peter didn't like for his "rights" to be interfered with in such a summary manner and commenced a vigorous resistance, which lasted until he was landed into the cell. In view of this rather extraordinary and unnecessary display of vitality and pure "cussedness" he was required to fork over \$10 or go below for twenty days.

Valuable Campaign Document.

By request, H. A. Bagg, Esq., Chairman of the Board of Commissioners for the county of New Hanover, has prepared a detailed statement of the financial condition of the county, at the same time drawing a comparison between the government of the county under Republican administration for the four years of 1874, 1875, 1876 and 1877, and under Democratic administration for the four years of 1878, 1879, 1880 and 1881. It has been prepared with much care, necessitating no little labor on Mr. Bagg's part, and will prove a very valuable campaign document. It deserves to be extensively circulated, and we are glad to know that steps looking to this end have already been taken.
