Col. McClure, of the Philadelphia Times, reiterates charges that a bargain had been made by the leaders of the Irish Land League and leaders of the Republican party in Pennsylvania, for the transfer or sale of 20 000 Irish votes. - Yellow fever is decreasing at Matamoras; at Brownsville it seems to be increasing slowly. - The King of Corea has been reinstated by Chinese troops and ships. - A broom factory burned at St. Louis, Mo.; loss \$100,-On -- Arabi Pasha's forces attacked the British camp near Kassassin, on both flanks; the attack was repulsed, but the action still continued at noon, in front; the British killed and wounded was estimated at 100. - John H. Johnston, Mayor of Danville, Va., in a difficulty with John E. Hatcher, ex-Chief of Police, shot the latter, inflicting a mortal wound; Johnston was bailed. - Arabi Pasha has brought all his troops from Cairo to Telel-Kebir, and is working night and day on entrenchments at the latter place. - Counsellor Salmon, arrested in Jacksonville, Fla. charged with defrauding his clients, was arraigned in Brooklyn, N. There is not a lager beer brewery in all England, but one is to be

Egyptians. Only 1,500,000 baskets of peaches received in New York during the season. That is a small allowance.

The jocund Colonel Buck Parker Canaday is now running his third heat in the Congressional race. But, really, why dont our nimble neighborin-law save his wind and heels? Having been distanced in the first two heats, what earthly chance has the Canadayan pony of winning the

THE STATE CAMPAIGN.

Capt. Swift Galloway spoke at Wilson on Tuesday last

Jim Leach has gone. If there is any more Democratic timber of that kind the sooner it goes the better .- Swift Galloway. Cocke, chairman of the Mongrel tribe, has announced himself as a candidate for the U.S. House. Hit in the belly with a

violent hankering after grub. Charles R. Jones was converted a few days ago in Charlotte under Zeb Vance's preaching. Vance will convert the worst. unless he is given up to reprobacy of mind and hardness of heart.—Durham Recorder. 1 Dis - WILLIAM C. BOWEN, of Northampton,

From a letter in the New Berne Journal: Price, the Liberal, has been to Swan Quarter. He made his little speeches, consisting chiefly in arraigning the Democratic party. We thought he was a Liberal, but udging from his speech he is a Radical.

Wednesday was a big day in Concord. Besides the circus they had a big speech by Gov. Vance, and it is stated honestly to us that Vance drew a larger crowd than the circus did. The people were capti-vated, and some of them were heard to swear that Vance must, shall and will be our Governor again, for the fourth time. — Charlotte Observer.

We hear it whispered around that Col. L. C. Edwards, of Oxford, who is wanting to be Judge of this district, met Sherman's army in Raleigh in 1865, and made them a speech in which he said it was the proudest day of his life when he saw the Federal flag floating from the top of the Capitol of his native State; and that he never heard of Federal victory but what he was glad .-Henderson Gold Leaf.

Senator Ransom's speech last night was an eloquent and dispassionate vindication of the Democratic party in the State and nation. It was the speech of a statesman. ---Quite a number of ladies heard Senator Ransom last night. One, a little more expressive of her admiration than the others, said, as she was leaving the court "isn't he just too lovely for any-. thing! If I were a Republican I'd join the Democrats sure."—Greensboro Patriot.

Magistrate's Court. Harkless Reaves. colored, had a hearing before Justice Millis, yesterday, on the charge of committing an assault upon Solomon Moore, colored. Defendant submitted and was required to pay the costs.

Solomon Moore, who was next arraigned on the charge of assaulting H. Reaves, was found guilty, but judgment was suspended on the payment of costs.

Wm. Cowan, charged with assault and battery upon Solomon Moore, was adjudged not guilty, the prosecutor being required to pay the costs. This is the young man who made such good time on Princess street Friday morning, and who lay concealed and perspiring in a hot basement for nearly two hours. If he had stood his ground he would have had no trouble. Solomon Moore was committed to jail.

New Hanover County. Mr. S. A. Currie, who runs a plantation near this city, had some very fine cotton in market yesterday, the first from his field of twelve acres in the staple, for which he received 31 cents per pound in the seed, which he says is about equivalent to the present market value of the middling grade of the article in its prepared state. Some have argued that the soil in the neighborhood of Wilmington was not suitable for the cultivation of the cotton plant, but Mr. Currie's experiment is a complete refutation of this assertion. And, besides, he says he took

no extra pains in its cultivation.

Warning reports were telegraphed to South Atlantic ports yesterday afternoon that a cyclone, centering near the mouth of the Mississippi river, was moving in a northeasterly direction. At 6 P. - The Register of Deeds issued only one marriage license during the past week, and that was to a colored couple.

- There was not a single police arrest during the past week. Wilmington is certainly an orderly place.

Remains Interred-No Inquest. Coroner Hewlett visited the house of the late Primus Young, in Cape Fear Township, whose mutilated remains were discovered in his own yard, on Friday morning, mention of which was made in the STAR, and found what remaine of the body on the spot and in the condition described. The greater portion of the remains had been carred off by dogs and hogs together, but what was left of the poor old man was gathered together under Coroner Hew lett's direction and buried on the premises. There is no means of knowing how!he met his death, and as no one came forward to make an affidavit no inquest was held. Deceased, who formerly belonged to Mr. Armond D. Young, was well known in this city and throughout the surrounding country.

A Proposed Beneficiary Excursion. An excursion will be given on the steamer Passport on Wednesday next, 18th inst. weather permitting, for the benefit of the Ladies' Benevolent Society. The object is a noble one and it is hoped that our citizens in large numbers will patronize the excursion, by which means they will be enjoying themselves and doing a good action at the same time, and one that may carry with it a lasting blessing. Refreshments will be furnished on the boat.

It is requested that the pastors of the various churches announce the proposed excursion from their pulpits this morning.

An Extraordinary Haul of Mullets.

We met a gentleman from Onslow county, yesterday, who informs us of an extraordinary catch of mullets. He says that seven hundred barrels were taken at one haul on Tuesday last, the 5th inst., at the fishery near the mouth of New River, under the management of Mr. John Lewis. Shipping Rice Birds.

A new enterprise has been started on the wharf by a colored barber named Edens, who, with a patent refrigerator, is engaged in preparing rice birds for shipment north. Jumped Her Bond.

Fanny Jackson, a bright mulatto, was arrested in August, 1880, a little more than two years ago, on the charge of assault and battery with a deadly weapon upon Ann Grady. A member of the legal fraternity stood her security in the sum of \$100 for her appearance the next morning. She jumped her bond and "skipped" for parts unknown, and nothing more was seen or heard of her until yesterday morning, when she showed herself on the streets and was immediately arrested by Officer J. W. Whitney, who had a warrant for so doing, and she is now in jail awaiting a hearing before Justice McQuigg on Tuesday morning.

sept 10 tf Reason Why.

NOTHING IS SO EASY TO EXPLAIN WHY buyers of Ready-Made Clothing can be benefited by dealing with us. In the first place we have the largest stock to choose from in this section. In the next place we have taken the utmost pains made at every price we touch. The question with us is not how much we can make on a Suit or Overcoat, but how good and acceptable a Suit or Overcoat we can sell for a given price. This is our policy, and whatever sum intending purchasers of Ready-Made Clothing wish to pay, they can rely on finding the best value for that sum here—Excellent, Choice, Insured. Carrying so large an assortment as we do of Men's, Youths, Boys and Children's Clothing, a good choice can always be depended on. Our stock is being constantly replenished with new and fresh goods, all of which are critically examined before being placed on tables for sale. Prices reasonable throughout.

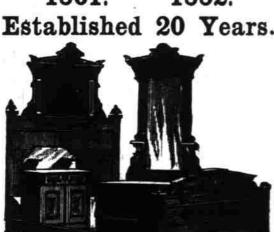

We have just received a large addition to our Young Men's Suits, durable fabrics, reliable colors, stylish cut, not surpassed by 'Custom Shops' made at every price we touch. The question ors, stylish cut, not surpassed by 'Custom Shops' or Tailor Shops, and the prices a mammoth per
