WILMINGTON, N. C., SUNDAY, OCTOBER 15, 1882.

This gentleman is recognized as one of the finest actors of the day, and in the larger cities of the country is the subject of much comment and speculation. As leading man of the principal companies playing in all of the larger cities Mr. O'Neill has won for himself a most enviable reputation and position, and on his tour through the South he has the eyes of the public and press upon him and their best wishes for his success, and a hope that his genius will be properly appreciated by the generous amusement public of this section. We have no doubt that our people will give him a welcome that will leave no room for doubt as to their feelings and ap-

preciation of his talent, which comes to us so highly recommended. To-morrow night he appears at the Opera House, supported by a full company, and presenting "A Celebrated Case." This play is by the author of "The Two Orphans," and with Mr. O'Neill in the title role was one of the greatest successes ever known in New York, running at the Union Square Theatre for over two hundred nights,

thousand times in all. The production is by special permission of Mr. A. M. Palmer, manager of the Union Square Theatre, and the O'Neill management promise that it will be produced here with all the accessories and care that made it such a famous success when first presented; and as Mr. O'Neill is likely to have a crowded house we advise our people to secure their seats at Dyer's early, if

Registration-Who are to Register. It is probably pretty generally understood by this time that an entirely new registration is required in the First and Fifth Wards, rendered necessary by the addition of new voting precincts in those wards. In the Second, Third and Fourth Wards, however, only a partial registration is necessary, and it is especially important that it should be understood who are liable to registration in these wards. First, we have those who have changed their residence from one ward to another since the last general election in November. 1880. Secondly, those who have arrived at the age of twenty-one years since the election in 1880; and, thirdly, let it be impressed upon the minds of voters that those who registered preparatory to voting at the last city election, but had not previously registered, will be required to enroll their names again in order to vote at the approaching November election, for the simple reason that the city books will not be used this year. In fact, it is safest that every Democrat should see that his name is properly entered upon the registra-

tion books. What the Physicians Say. Drs. W. J. H. Bellamy and J. T. Schonwald, who were summoned to examine the remains of the late Mrs. Bertha Solomon report that every indication went to show that the unfortunate lady came to her death from drowning, and from no other cause and in this opinion there was perfect accord between them. We make this statement in justice to all concerned, and for the reason that we could not see the physician on Friday evening after the inquest was concluded.

Joining the King's Army. T DOES NOT OCCUR STRANGE TO THOSE who have examined our splendid stock of Cloth ing this season, that during the past few weeks we have added to our already large army of customers FORTY ODD NEW PATRONS, who heretofore were strong advocates and supporters of the Merchant Tailor, but who have deviated this season from the old beaten paths and have bought and forever intend to buy their Clothing from the now famous "MEN'S WEAR DEPOT. These gentlemen tell us they have spent hundred: and hundreds of dollars uselessly by paying the exorbitant prices which necessarily have to be charged for home made work, simply because FINE CLOTHING AND PERFECT FITS were never brought out by the old clothlers. These gentlemen, and in fact the entire Wilmington community, are daily commending us for so successfully conforming to this long felt need. We are alive to the times. Aye, completely so. As a Clothier we have a strong and growing con stituency, to whom we refer with pride. Many of our customers have dealt with us for years, and send their friends to the "Men's Wear Depot" to be clothed. We believe in square treatment and the man does not live who can truthfully assert that when informed of a fault in our clothing we ever refused to make it good. We solicit your patronage upon the basis of honest dealing throughout. One price and a guarantee.
