A CARD. In justice to Senator Vance and the Democratic party, I desire to state the facts regarding the joint discussion between Z. B. Vance and Hon. D. L. Russell, proposed for last Thursday night, the 26th of October. On the 19th of October Capt. E. J. Pennypacker asked me if an arrangement could be made for a joint discussion between Vance and Russell, stating at the same time that he was not authorized to make the request, but would see the proper authorities and have it made. I told him that if S. H. Manning, Chairman of the Republican Executive Committee, would send me such a request over his own signature, in due season to permit me to make arrangements, and not on the night of the proposed discussion, as had been done in the Fifth Ward case, I would accept the proposition and arrange according ly. I saw Capt. Pennypacker two days later (on the 21st, and he again promised to have the request sent to me. waited until Wednesday night (25th), when, not hearing from Manning, or any one else, in regard to the joint discussion, made up the programme for our procession for Vance on Thursday night At 5 o'clock on Thursday evening Dan'l Howard handed me a communication which I publish below. Knowing that the Republican Executive Committee had had the matter under consideration for a week, and having made an especial request of Capt. Penny packer that the arrangement should not be deferred until the last minute, I considered their course in withholding their request so discourteous as to make a written reply unnecessary, and merely told Howard that had no reply to make.
