MORNING EDITION.

OUTLINES.

Gen. Sherman recommends the establishment of permanent forts and posts for the army with substantial buildings. Secretary Folger issues a call for \$15,000,000 five per cent. bonds. The Department of Agriculture reports exceptionally fine weather for the cotton crop.

STATE ELECTION.

The returns received since our last issue are not so favorable to the Democrats.

Col. Green is elected to Congress from the Third District by 489 majority.

Latham is defeated in the First District by Pool, Republican.

In the Seventh District the vote is very close between Robbins and York, and both sides are claiming the District. The chances seem rather in favor of Robbins.

The Third, Fourth, Fifth, Sixth and Eighth Districts are Democratic.

The contest for Representative-at-Large is very close between Bennett and Dockery, and the same may be said of the Judicial ticket.

The Legislature we consider safe, but by a greatly reduced majority.

On the whole, the chances seem to favor the election of Bennett and all the Democratic candidates on the Judicial ticket by a small majority.

Adding the Democratic gains to the majority for Jarvis in 1880, we find that the gross gains of the Republicans must reach some 9,000 votes to give them the State, and this we are inclined to believe is more than they can reasonably expect.

Weldon Fair begins next Tuesday. A big crowd is expected.

It is a noticeable fact that North Carolina towns always double in population the first year after a census.

Why do not North Carolina Almanacs publish the latest election returns? They used to do so and the tables were useful. Let them be restored.

Greensboro Patriot: H. T. Shore, postmaster at Salem, was removed Saturday, and J. Bickenderfer one of Everitt's henchmen, appointed in his stead.

Raleigh News-Observer: There is one paper published in the State that we do not exchange with the State Journal.

Weldon News: On Monday night Lewis Burton, a colored man, was stealing at the Fair Grounds, near here, and some one hearing him shot him. He is a colored man who was unknown to the town.

Louisville Courier-Journal treats Miss Mary Anderson to an elaborate criticism in her Juliet. She falls much below the real standard, but shows steady improvement.

Kansas and Michigan—two strong Republican States—both of the Republican candidates for Governor were defeated. In Kansas, St. John, the prohibition Governor, was beaten! A Democrat did it.

Philadelphia Press, Republican, claims that in the recent elections in the North 1,500,000 Republicans stayed at home and did not vote. We are satisfied that 40,000 Democrats in North Carolina remained from the polls.

Never mind neither "Kurnel" Johnston nor "General" Jeems Madison Leach of militia training times, nor Charles Price have any office. But will an appreciative Arthur prove ungrateful and refuse a few "nubbins" to the hungry?

Pittsboro Record: We regret to learn that, on the 3rd inst., the dwelling of Mrs. William Hackney, of Oakland township, was destroyed by fire.

Make yourself healthy and strong. Make life happy by using Brown's Iron Bitters.

A Case of Larceny. Sidney McKinsey, colored, was arrested yesterday morning, and taken before Mayor Smith, charged with stealing a piece of meat from the store of Mr. A. D. Wessell, on Second, between Market and Princess streets. One of the clerks testified that he saw McKinsey standing by the meat and apparently putting some of it in his pocket. As soon as he (McK.) left the store the clerk mentioned the circumstance to another clerk, telling him he believed McKinsey had stolen a piece of meat. Clerk No. 2 followed McKinsey to a place of business on Front street, when he found a piece of meat in his possession which he identified as belonging in Mr. Wessell's store. McKinsey stoutly denied stealing the meat when brought to trial, but declined to account for its being in his possession, or to say from whom he bought it. He was required to give bond in the sum of \$50 for his appearance at the next term of the Criminal Court, in default of which he was committed to jail.

WHO IS MRS. WINSLOW?—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and habits of the young, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children's teething. It operates like magic—giving rest and sleep, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do miss her pills and balm; especially in this case in this city. vast quantities of the Soothing Syrup are sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. No Mother has discharged her duty to her suffering little one, in our opinion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup. Try it, mothers—TRY IT NOW. Ladies' Friend, New York City. Sold by all druggists. 35 cts. a bottle.
