

BY WM. H. BERNARD. PUBLISHED DAILY EXCEPT MONDAYS. RATES OF SUBSCRIPTION IN ADVANCE...

THE MORNING STAR.

VOL. XXXI.--NO. 136.

WILMINGTON, N. C., FRIDAY, MARCH 2, 1883.

WHOLE NO. 4841

Table with 2 columns: Rate, Description. Includes rates for one square one day, one square one week, etc.

MORNING EDITION.

OUTLINES.

The State Courts of Georgia sustain the railroad commission of that State in enforcing rates as against the Georgia Railroad; the case will probably go to the U. S. Supreme Court. A negro boy lynched at Elgin, Texas, for assaulting a school girl. The Pensacola & Atlanta Railroad has opened for business.

were for depriving the Raleigh Insane Asylum of the funds necessary to take proper care of the afflicted and unfortunate inmates. One member thought \$35,000 enough when \$58,000 was asked for. The truth is the Raleigh Asylum is under good management and, the inmates cost less per capita than those of nearly all of the asylums in the land.

Voorhees characterized Vance's proposition that he would vote for free rice if the Indian would vote for free glass, as "foolish." The Senator from North Carolina "got away" badly with him in reply, when he said: "Well, Mr. President, it may be a foolish proposition, but still the foolish things of this world are selected, so the Scriptures say, to confound the wise and the mighty, and it is not a foolish proposition to feed his constituents on free rice while he charges them for the privilege of having the sunlight pass through their windows 60 or 70 percent? If that is not a foolish proposition it is worse than foolish; it borders on dishonesty, to expect me to give him the produce of my State free while he charges me a high duty for his."

Spirits Turpentine.

We learn from the Farm and Forest that 350 persons will be employed in the tobacco trade after the first of April at High Point. Scotland Neck Commonweal: Since our last issue Mr. W. R. Bond has shipped from this place 6,000 pounds of his fine tobacco. The Clayton Bud is the name of a small paper just started in Johnston county, John W. Bond and N. R. Richardson, editors and proprietors. Price \$1 a year. It has our best wishes. Greensboro Patriot: Dr. Wm. B. Wood, a native of Randolph county, died in New Orleans on February 23. For nearly a year he has been struggling with the machinery bill. There is an item of interest in it to those who do not promptly pay poll taxes. The following persons from North Carolina were created M. D.'s at the recent Commencement of the Baltimore College of Physicians and Surgeons: Needham F. Bodie, Wm. H. Bagwell, M. L. Corpening, Peter R. Hates, Thomas B. Lovelace, Neil M. McLean, Wm. E. Powell, Everett B. Utley, Willis J. Vestal, and W. P. Craven. Elizabeth City Economist: There is universal complaint of the scarcity of field labor. The prospect of untilled fields is a gloomy outlook for that large class of men who are so often spoken of as the backbone and who surely are the foundation block of the political fabric of the farmers. The fields are yet white with un-picked cotton, and seed-time is at hand. Elizabeth City Falcon: We notice in the News-Observer that Mrs. Hatfield has sold Crow Island in Currituck Sound for \$25,000. The Observer adds: "Mrs. Hatfield is the widow of a chum of Commodore Vanderbilt, Captain John C. Hatfield, who visited the place in peddling Yankee notions with the Commodore many, many years ago." All of this is true. "Kurnel" Creevy, of the Economist is slightly facetious over "Cousin Sally Dillard," but he concedes the case is made out. For further particulars he is referred to the very clever production of "the ancient Gregory," as the "Kurnel" refers to a gentleman of scholarship and character and who at eighty years writes with a sprightliness, precision and felicity of expression that must win the admiration of even the venerable "Kurnel" himself. Raleigh News-Observer: Ninety licenses to drummers were issued from the State Treasury during February. Each license costs \$100. The bill for the encouragement of the State Guard passed the Senate yesterday. The troops need aid, and have won honors fairly. Unless aid is extended to the companies with a capital, it is understood. Ensign Allen G. Rogers, U. S. N., who has been at sea for nearly two years, is home again, on leave. New Bern Journal: Mr. Moore, of the canning factory, left for Baltimore yesterday to look after dredges for theyster business. The machinery is idle more than half the time for want of material to work on. The steamer Centenaria arrived on Monday night from Snow Hill with cotton and passengers. Capt. Enoch says the river has been greatly improved by Gen. Ransom's force. They reached Snow Hill last Saturday night, with the work of taking out the logs and cleaning the banks. Clayton Bud: Mr. H. Durbin of Clayton, has curiosity in the shape of a red. It holds a gallon between joints. Who can beat it? A little son of Mr. J. D. Adams, six years old, was kicked by a mule on Sunday evening last, just above the right eye. A gash two inches long was cut by the mule's shoe, to the skull. One of Clayton's largest and most successful merchants commenced business here a few years since with a capital of \$50. He is now quite wealthy, all the result of an energetic and persevering spirit. Asheville Citizen: On Sunday night, at an early hour, a fire was discovered in the attic room of the kitchen on the premises of the Rev. Dr. Buxton. Dr. B. went up into the room and found the servant's bed on fire, and at once commenced fighting the flames. Assistance soon arriving the fire was extinguished, but in the process the flames Dr. Buxton was seriously burnt on the hands and face and inhaled the steam and fire to such an extent as to cause painful injuries to his throat. He was suffering a good deal on Monday, but we hope his injuries will prove only of a temporary character. Charlotte Journal: Mr. Hugh Kirkpatrick, an aged citizen of Sharon township, this county, died on Sunday about 5 o'clock. For fifteen years Mr. Kirkpatrick had been a paralytic. We are glad to learn that Col. Bennett H. Young, of Louisville, Ky., will deliver the annual address before the Philanthropic and Benevolent Societies at the commencement at Davidson College in June next. On Saturday a pardon was granted by Gov. Jarvis, to Dick Smith, a negro who was tried and convicted, on the year 1876 of the murder of one Ross in Sharon township, this county. Sentence of death was passed upon him, but was commuted to that of imprisonment by Gov. Vance. Tarboro Southern: Ex-Gov. Long, of Massachusetts, whose gubernatorial term expired upon the accession of Ben Butler, is a North Carolinian by descent.

His father went from Edenton in this State when a young man. A case of goods was recently shipped from Asheville and Tarboro, and upon a comparison of the rate between Boston and Tarboro it was found that it cost nearly twice as much to get these goods from Asheville as it would from Boston. One of our merchants received a consignment of fine cabbages from Asheville recently. The freight was over twice as much as it would have been from Baltimore on the same goods. These same cabbages could have been sent to Tarboro from Asheville via Baltimore for less freight.

Charlotte Observer: Mr. Northcutt the factory boss who was slashed up by Zimmerman a week or so ago, in Rockingham, is improving and will recover. The survey of the proposed railroad between Richmond and the North Carolina border has been completed, and the State says that the contracts for building bridges along the route have been given out. A wonderful rich find of gold has just been made in the Gold-Valley mine near Gold Hill, in Rowan county. At a depth of twenty-seven feet from the surface a seam of nearly pure gold was found a quarter of an inch thick, and the quartz grain matter showing free gold, gave an analysis of over \$400 per ton. A valuable copper mine is now being opened up by Mr. Muffley, in Davidson county, at the Old mine. At a depth of only thirty feet, vitreous copper, analyzing 60 per cent, metallic copper, has been entered, together with the sulphide and oxide of copper. This is one of the most valuable discoveries made in Davidson county for years.

THE CITY.

Opera House-Iolanthe. MURKIN-The shears busy. TO LET-Furnished rooms. A. SHIRER-Shoes for spring. A. DAVID-Orders pouring in. HEINSBERGER-To city visitors. Local Notes. Receipts of cotton yesterday footed up 408 bales. Mr. C. H. Robinson has been quite unwell for some days past. March "came in like a lamb" and must needs "go out like a lion." There was only one trifling case of disorderly conduct for Mayor Smith's consideration yesterday morning. Bishop Lyman's visitation to Wilmington will embrace Sunday, Monday and Tuesday, the 18th, 19th and 20th of this month. Rev. R. O. Burton, Presiding Elder of this Methodist District, who has been here for several days past, quite indisposed, left for home yesterday morning. Another large mud scow for the New York Steam Dredging Company, and to be used in connection with the dredges now operating on the lower Cape Fear, is being constructed on Mr. J. W. Taylor's mill yard. A lady fainted and fell on the pavement in the neighborhood of Third and Orange streets, yesterday morning, and was taken into a residence near at hand, where the proper restoratives were applied and she soon recovered. Highway Robbery. Mrs. G. P. Lamb was passing on Front street, near the new market house, yesterday morning, between 10 and 11 o'clock, when, as she states, a colored boy came close along side of her and about the same moment she detected a movement as if some one had put her hand in her pocket. She immediately ran her hand into her side pocket, where she carries her pocket-book, where she found that it had been abstracted. She then accused the boy of taking it, which he denied, but at the same moment darted down the alley in the direction of Water street. Two or three persons started in pursuit, but failed to find the boy, who concealed himself somewhere on the wharf. Mrs. Lamb stated that the pocket-book contained a ten dollar note, a two dollar note and a twenty-five cent piece, so far as she remembers. Several parties noticed the boy walking at Mrs. Lamb's side, but we understand that none of them think they would be able to identify him.

Iolanthe at the Opera House. Chas. E. Ford's English Comic Opera Company will present for the first time in Wilmington Gilbert and Sullivan's last and most successful opera, entitled "Iolanthe," or "The Peer and the Peri," on Wednesday evening, March 7th, and from the fine reputation Mr. Ford's company bears in our city we are sure of their being greeted by a large and fashionable audience of our most cultivated people. The company sung last week at Ford's Opera House, Washington, D. C., against Col. Mapleson's company, with the Queen of Song (in this generation, at least,) at their head, and how well they held their own may be inferred from the following extract from the Sunday Herald of the 25th ult: "One of the most notable events deserving of especial mention, last week was the success of Chas. E. Ford's English Comic Opera Company, in Gilbert and Sullivan's new opera, entitled 'Iolanthe' or 'The Peer and the Peri,' at Ford's Opera House. With the greatest singer of the century at the other house, her only engagement in the fourth of a century, this company had the most powerful opposition that the world could furnish. Yet the Ford audience, large in the beginning, grew as great as Her Majesty's Opera Co.'s before the week closed. They were not only crowded, but equally brilliant in fashion. The venerable W. W. Corcoran expressed his desire to hear 'Iolanthe,' and the manager received a charming autographic note from Pat, and the week was a success. Address as usual. The sale of reserved seats for 'Iolanthe' will begin on Monday morning, March 5th, at Dyer's.

A Wilmingtonian's Foot Crushed and Amputated. Intelligence has been received in this city of a sad accident having befallen Mr. J. M. Bunting, of this place, who is a conductor on the Savannah, Florida & Western Railroad. It appears that he was under a car near Thomasville, Georgia, on Tuesday last, adjusting or "bleeding" (as it is termed) the air break, when the train started before he could get out and ran over one of his feet, crushing it to such an extent that it had to be amputated, which operation was performed on Wednesday. Mr. Bunting is a young man, unmarried, and has a mother and several sisters and brothers in this place. He is a son of the late Joseph Bunting. It is supposed that he will be brought to Wilmington as soon as he can be moved.

Apples from the Mountains. There was a cart load of apples on the streets yesterday all the way from Buncombe county. Upon inquiry we learned that four hundred bushels had been received here by rail from that county, having been shipped by Mr. Henry J. Williams. The apples are the variety known as "Lumber Twigs," and are very pleasant to the taste. In appearance they resemble Matamoras apples, though somewhat larger. Mr. R. McDougall has been receiving shipments at intervals for some months past from the same section of the State, though the apples were generally of a very fine variety, being larger and more luscious if possible than the famous "pip-pin" from the Northern orchards. This is a new industry and we hope to see it encouraged. The No Fence Project. The Raleigh News-Observer alludes to the presence of Col. B. R. Moore in that city, and says he is there representing the interest of New Hanover, particularly in connection with the proposed county fence, and adds: "The settled portions of New Hanover have been largely denuded of timber, particularly on the sound, where the salt works were in operation during the war. It will be very advantageous to the county to have this county fence, which can be erected at small expense. The number of cattle outside of the town limits is comparatively small, and the cost of keeping them up will not be a tithe of the expense now attending the repairs of the plantation fences. We hope the bill will pass."

Harbor Master's Report. Capt. Price, Harbor Master, reports the following arrivals at this port for the month of January: AMERICAN. Steamers..... 5 4,888 tonnage. Barques..... 1 812 " Schooners..... 22 6,483 " Total American..... 28 11,178 FOREIGN. Barques..... 17 6,885 tonnage. Brigs..... 6 1,570 " Schooners..... 1 178 " Total foreign..... 24 8,483 Total American..... 28 Total foreign..... 24 Total tonnage..... 52 19,611 Lecture on Language this Evening. The lecture on "Language," to be delivered at Tilston Hall this evening, by Prof. Henry B. Shepherd, President of Charleston College, will doubtless be a literary treat of rare excellence. It is to be delivered under the auspices of the Historical and Scientific Society, and it is to be hoped that the friends of that institution, and all others who desire to spend an hour or so pleasantly and profitably will make it convenient to attend. There will be no charge for admission. SILVER CHURCH, N. Y., Feb. 6, 1880. GENTS-I have been very low, and have tried everything to no advantage. I heard your Hop Bitters recommended by so many, I concluded to give them a trial. I did, and now am around, and constantly improving, and am nearly as strong as ever. W. H. WELLS.

Weather Indications. The following are the indications for today: For the Middle Atlantic States, slightly warmer, southerly to westerly winds, partly cloudy weather and local rains in northern portions. For the South Atlantic States, slightly warmer, fair weather, light variable winds, lower barometer. For the East Gulf States, slightly warmer, south to west winds, lower barometer. For the West Gulf States, fair weather, followed by local rains, slight changes in temperature, south to east winds, shifting to northerly in west portion, falling barometer in south and east portions. For the Tennessee and the Ohio Valley, warm, generally fair weather, southwest to northwest winds, falling, followed by rising barometer, followed on Saturday evening by strictly cooler weather.

Mrs. M. E. Hawkins, Ridgeway, N. C., says: "Brown's Iron Bitters restored my daughter, who was an invalid, to health." CITY ITEMS. PERSONAL: TO MEN ONLY-The Voltaic Belt Co., Marshall, Mich., will send Dr. Dyer's Celebrated Electro-Voltaic Belt and Electric Appliances on trial for thirty days to men (young or old) who are afflicted with Nervous Debility, Lost Vitality and Manhood, and kind of troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as usual. N. B.-No risk is incurred as thirty days trial is allowed. RESCUED FROM DEATH-William J. Connelley, of Somerville, Mass., says: In the fall of 1875 I was taken with bleeding of lungs followed by a severe cough. I lost my appetite and flesh, and was confined to my bed. In 1877 I was admitted to the Hospital. The doctor said I had a hole in my lung as big as a half dollar. At one time a report went around that I was dead. I have in my possession a bottle of Dr. Williams' Hall's Balsam for the Lungs. I got a bottle, when I was surprised, I commenced to feel better, and today I feel better than for three years past.

WHO IS MRS. WINDLOW? As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It opens the bowels, soothes the inflamed membrane, and restores the child to health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Windlow is becoming world-renowned as a benefactor of her race; children certainly do run up and down the streets, and are playing with their toys, and she is sincerely believed thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and unite in calling her blessed. Mrs. Windlow has declared her duty to be to give little one, in our opinion, until she has given it the benefit of Mrs. Windlow's Soothing Syrup. Try it, mothers-TRY IT NOW.-Ladies' Visitor, New York City. Sold by all druggists. 25 cts. a bottle.

NEW ADVERTISEMENTS. FURNISHED ROOMS AND APARTMENTS TO LET. A Front and Back Room, also small Hall Room, all with Gas, to Gentlemen only, without board, in a central location. Private house.
