Bad Breath; Pain in the Side, sometimes the Rheumatism; general loss of appetite; Bowels generally costive, sometimes alternating with lax; the head is troubled with pain, is dull and heavy, with considerable loss of memory, accompanied with a painful sensation of leaving undone something which ought to have been done; a slight, dry cough and flushed face is sometimes an attendant, often mistaken for consumption; the patient complains of weariness and debility; nervous, easily startled; feet cold or burning, sometimes a prickly sensation of the skin exists; spirits are low and despondent, and, although satisfied that exercise would be beneficial, yet one can hardly summon up fortitude to try it—in fact, distrusts every remedy. MY LIBRARY.

L. J. G. As one who pauses on a rock,

The bastion of some sea-nymph's home, And feels the ripples round him flock, Then cleaves the foam. And glides through cool pellucid ways Where creepers kiss each thrilling limb, And hears, or thinks he hears, low lays

And marvels at the wondrous scene. The ruins upon ruins hurled, The moving hosts, the darkling sheen, The awful world;

Of Cherubim:

Then rises, snatching first some gem. Some token of his sojourn there, And flings a dewy dladem From face and hair.

And in the sunlight, with the sigh Of sea-winds whistling in his ears, Views his found treasure, till his eye Is dim with tears;-

So, where in lordly sweeping bays, In distant dark retiring nooks, Stretches before my eager gaze This sea of tooks.

I pause, and draw one fervent breath, Then plunge, and seem to pass away Into deep waters still as death. Yet clear as day:

To move by boulders of the Past, By caves where falter dimly pure Gleams of the Future, -all the Vast Of Literature;

Then to return to life above, From regions where but few have trod, Bearing a gem of larger love To man and God.

OUR STATE CONTEMPORARIES.

-Blackwood's Magazine for March. ---

In connection with the divorce statistics from the State of Maine where there is more than one divorce to every ten marriages it is refreshing to learn that 'he Maine legislature has recently considered favorably a bill to premit the marriage of white persons and negroes. Well, we do not, for our part, object to any white woman in Maine marrying a negro and as it is usual for negroes to have during the course of one short life as many as a halfdozen wives, and as the Maine people seem to oppose both those features we do not

The Democratic party is founded upon great principles. Those principles ought to be avowed and practiced by every man who aspires to position in the party. No one can secure the full strength of the party if not in full accord with those principles. Mr. Randall. of Pa., ought not to be nominated for Speaker of the next House of Representatives, because he is not in accord with the old Democratic doctrine of a tariff for revenue only .- Clinton Caucasian.

- The new operetta "Robinson Crusoe," by Bishop Littlejohn's daughter, Mrs. Jenks, is a very proper piece, the plot involving our dear old Pilgrim Fathers who are supposed to have been wrecked on Crusoe's Island.

- Two learned but despondent university professors met not long ago at an afternoon coffee and dined sympathetically together in a corner. "What a world this would be without coffee," said one. "Yes," replied the other, stirring the fra-grant cup in a dejected aspect, "yes, but what a h-l of a world it is with coffee !"-Charles Dudley Warner in the Atlantic.

PERSONAL.

- Gen. Francis A. Walker is to deliver the oration at the opening of the New England Manufacturers' and Mechanics' Institute Fair at Boston in September next.

- Mr. Carlyle is getting it again. The fresh outburst was caused by the publication in London on Saturday of Mrs. Carlyle's letters. A writer in the London Times accuses Carlyle of indifference, neglect, extreme self-indulgence and mean parsimony to Mrs. Carlyle, and also of arousing his wife's jealousy by a protracted flirtation with Lady Ashburton.—Philadelphia Times.

Buffalo Lithia Water TAKES THE PLACE OF THE SURGEON'S KNIFE FOR STONE OF THE

BLADDER. ITS VALUE IN BRIGHT'S DISEASE, THE

GOUTY DIATHESIS, &c. STONE IN THE BLADDER (URIC ACID), SYMPTOMS OF BRIGHT'S DISEASE.

Case of Mrs. —, stated by Dr. David E Smith, of Brouxville, Westchester, N. Y. "Mrs. — was subject to severe attacks of Gout, a consequence of an inherited Gouty Diathesis, followed after some time by Stone in the Bladder. The limbs were very Edematous, so much so as to pit readily on pressure with the finger leaving an indentation long after its removal. The Urine was loaded with Urates and 25 per cent. Albamen, and the microscope revealed Coste, showing unmistakably, as I thought, Bright's Disease of the Hidneys. I prescribed the Buffalo Lithia Water, Spring No. 2, which afforded prompt relief in the Gouly Affection, and resulted, in a few weeks, in the passage of a Stone five eighths of an inch long, by one fourth of an inch in diameter. Under the continued use of the water the eter. Under the continued use of the water the Urine has been relieved of Albuminous Impregnation, and restored to a normal condition; no Casts can be discovered, the Edematous condition of the limbs has been relieved, and the general health of the patient to a great extent restored."

STONE IN THE BLADDER, PHOSPHATIC. A Case stated by Dr. B. S. Hardy, Hookerton, Greene Co., N. C.

"My son, a young man, suffered from Stone in the Badder, of a mixed character, consisting chiefly of Calcium, Carbonate and Phosphate. After persistent use of all remedies indicated in the case without benefit, I put him upon Buffalo Lithia, Spring No. 2, the use of which, for some six weeks, resulted in the passage, at short intervals, of Grard, of small size, and at times of particles of Sand followed sometimes afterwar s. vals, of Grard, of small size, and at times of particles of Sand, followed, sometimes afterwars, by the discharge of a Stone weighing 12 grains, the largest, I am confident, I ever knew to pass through the Urethra), virtually ending his troubles, since which time any unpleasant symptom has been relieved by the use of the water for a short time. Its action in this case has been indeed wooderful?

URIC ACID GRAVEL, A Case stated by Dr. Hasford Walker, of Georgetown, D. C.

"Mr. George C. Congdon, of this place, suffering from Uric Acid Gravel, has been un er treatment for some time past. He had as many as six separate attacks (all of them of very great severity), between June the 28th and July the 16th, a space of eighteen days. He declined in strength and flesh rapidly, and to such an extent as to excite serious apprehensions as to the result. Having exhausted the most approved remedies of Materia Medica, without beneficial results, I prescribed for him, as a last resort, Buffalo Lithia Water, Spring No. 2: with the happiest effects. In a very short time after beginning its use, he passed a Calculus of about six grains in weight, has not been troubled since, and is now to all appearances, entirely well."

A Word to Our Readers When you read of a medicine that will cure all diseases, beware of it, for every scientific physiclan on earth knows how fallacious such statements are. But when you read of a medicine compounded by a regular physician and surgeon of high standing, that claims to cure only a certain disease, and furnishes high proof that it does this, you can safely try it, and with the assurance that it will cure you. DR. V. R. STONE, late physician and surgeon of the U.S.A., has placed before the public a preparation called

before the public a preparation called APEPSIA! which no doubt is the greatest scientific preparation yet discovered for the cure of dyspepsia, in all its forms, and refers to thousands of ladies and gentlemen of the highest respectability that have been cured of cases pronounced incurable by the best physicians in the country. SECRET: THE ONLY DISSOLVER OF THE POISONOUS URIC ACID EXISTS IN THE BLOOD OF RHEU

MATIC AND GOUTY PATIENTS.

SALICYLICA is known as a common sens remedy, because it strikes directly at the cause of Rheumatism, Gout and Neuralgia, while so many so called specifics and supposed panaceas nly treat locally the effects. It has been conceded by eminent scientists that outward applications, such as rubbing with oils, ointments, liniments, and soothing lotions will not eradicate these diseases, which are the result of the poisoning of the blood with Uric Acid.

SALICYLICA works with marvelous effect on this acid and so removes the disorder. It is now exclusively used by all celebrated physicians of America and Europe. Highest Medical Academy of Paris reports 95 per cent cures in
