Proclamation of Russian Revolutionists-The Triple Alliance Against France-Cabinet Rumors from Paris -Excitement in the London Rice Market-Germany-Queen Victoria-The British Parliament-Mr. Lowell's Speech at the Lord Mayor's Banquet, &c., &c.

(By Cable to the Morning Star.) London, April 3.—The Daily News has advices from St. Petersburg via Berlin, that the revolutionary party in Russia has issued a proclamation announcing that their preparations to meet the coronation of the Czar are complete, and that they have every hope of success in fully carrying out their long-devised plans. The proclamation contains a warning to all persons that they shall, if valuing their personal safety, keep at a distance from the Czar during the ceremony of coronation. The pronunciamento of the revolutionists con cludes with the words, "We will strike once more for the freedom of Russia." The proclamation is printed in letters of red and is bordered with stripes of the same color.

ROME, April 3.-A denial comes from official government sources of the statement that a defensive triple alliance has been entered into with Italy, Germany and Austria on one side and against France on the other. It is nevertheless very certain that an agreement is in existence, the terms of which are about the same as already outlined, but it has not been put into any formal documentary shape.

PARIS, April 3.—Rumors that Cabinet changes are imminent continue to be circulated. Las France says that Prime Minister Ferry has telegraphed to the Minister of Finance, who is at present in Algeria, to curtail his visit and return to France.

At the Cabinet Council held to-day, the meeting is represented to have been stormy. Gen. Thibaudin declared that rather than change his decision in regard to Gen. De Gallifet, he would resign his portfolio. Berlin, April 3 .- The Reichstag assem-

bled to-day. The President, in his opening address, stated that during the recess of the Chamber a large number of donations for the relief of the flood sufferers along the Rhine had been received, and that most of them had come from America. The House adopted a resolution expressing, in the name of the nation, its most heartfelt thanks to those who had so generously responded to the appeals for assistance.

Paris, April 3.-Five of the ocialists who signed placards calling a public meet ing for the 9th of last month and urging resistance in the event of interference by police, were to-day convicted of having in stigated the riots which occurred on that date, and were sentenced to three years im-

Lord Randolph Churchill's letter, as serting the right of Lord Salisbury to the leadership of the Tory party, is a theme of much comment in parliamentary and political circles. Lord Salisbury has thought proper to assure Sir Stafford Northcote, conservative leader, that he does not sym pathize with the sentiments conveyed in Lord Churchill's communication to the In the House of Commons this evening.

Sir Stafford Northcote rose to ask a question, when he was greeted with prolonged cheers from the Tory side. This is regarded as a strong demonstration that the letter of Lord Randolph Churchill is not approved by the Conservatives. The Lord Mayor's Easter banquet was

given last night in the Mansion House. Mr. Lowell, U. S. Minister, replying to a toast to Foreign Ministers, said that the relations between . England and America were never more cordial than at the present moment. This assertion was received by the company with earnest marks of ap-

CATANIA, April 3.-A severe shock of earthquake has occurred at Riposto, and the oscillations still continue. Two slight shocks have also been felt in this locality. LONDON, April 3.—There is unwonted

excitement in the rice market. A firm prominent in the trade, which has extensive agencies in Burmah, some time since made considerable sales of rice to arrive, in expectation of getting supplies from native sources and of receiving large tonnage for England. The natives held off their supplies, probably on account of being advised of the state of the over-sold English market, and large purchases had to be made in the open market here for the purpose of filling contracts. Rangoon rice has risen ten per cent. within the past week as a consequence, and failures are expected in the trade.

The King of Ashantee has relinquished the throne, and the entire coast of Western Africa is in a state of confusion.

I have suffered 37 years with Liver complaint. Rheumatism, Sick Headache and disordered Stomach. I was at one time raving distracted, rubbing my hands and half crazy with pain. My wife sent for a doctor, and he attended me 9 months. He said he could do me do good. I felt I was in the jaws of death. Another physician took me in charge and doctored me 18 months. I paid him \$33, and owe him \$40 more, but one bottle of ROSADALIS did me more good than all the medicine the doctors ever gave me.
