Senator Vest, of Missouri, has been alking polities. He thinks McDonald, of Indiana, stands the best chance for the Democratic nomination for the Presidency. Of Arthur

"At present I am inclined to think that the race will be between Arthur and Me-Donald. Arthur is working for the nomination. He is all for New York now in regular Van Buren style. He is trying to compromise all around, and the report that he and Conkling is out of politics, is devoting himself to making money, and is making it fast. He can come round all the fat fees of any of the departments, and when a man does that he is on the high road to fortune. Logan may give Arthur trouble, as he is strong and represents all that is left of Stalwartism."

The New York Sun is disgracing itself by retaining a correspondent who is travelling in the South just to make up false reports and slanderous insinuations. He calls a certain class in the South before the war "thieves." And still the Bun has thousands of subscribers in the South whilst home papers either languish or are neglected. The Sun has never been friendly to the Southern people.

The bond was immediately given, with a venteen of the leading citizens of the county as sureties.

Mail Robbery.

Mr. J. A. Summersett, of Fair Bluff Columbus county, informs us that a negro entered the postoffice at that place Monday night, while the postmaster was making up the mail, and got away with a registered letter in transit from Conway, S. C., to some place in Florida. The negro was caught in about twenty minutes afterwards and confessed, but said there was no money in the letter, and that another negro prompted him to the act, saying that he had a letter in the postoffice and if he would get it for him he would give him half the money that was in it. The robber was sent Tuesday afternoon to Whiteville jail. He came from Lumberton Monday afternoon as a mail driver. His companion

Wife Beater Arrested and Sent of for Trial.

George Bramer, colored, was arrested vesterday morning for committing a violent assault and bettery upon his wife, Mary Bramer. The parties live on the old New bern road, in the neighborhood of Capt. S. M. Noble's plantation. The wife had been in the habit of working out and of dividing her income with her husband. She had been thrown somewhat behindhand lately by the bad weather, and yesterday morning, while hashand and wife were sitting in their room, Mary Bramer jumped up and said that one of them must go to work. The husband seemed to take this as an intimation that he was not doing his duty as the head of the house, and he forthwith seized a slat from their bedstead and

gave his spouse a severe beating with it. The case came up before Justice Gardner, yesterday morning, and the defendant was required to enter into bond in the sum of \$50 for his appearance at the present term of the Criminal Court, in default of which he was turned over to the sheriff and committed to fail.

Tuesday morning he found that the trunk had been removed to his sitting-room, and hat the money (\$63) was gone. There are greands for the belief that the burglar was looking through a window in the room when Mr. Carr placed the money in the trank, and that he entered through the door, which was thoughtlessly left open on the night in question. We note with great pleasure the improve ments now being made by the Seaside Park Improvement Company, of Wrightsville Sound, at their Bleasant resort, and have gathered from its President the following information, which will be of interest to our readers: The property has been leased by Mr. B. L. Perry, of the Purcell House, this city, with the privilege of the Company having the right at all times to sell or rent lots for private use, and they hope to induce outsiders to build cottages and use the hotel in connection with the same. This will do away with all the disadvantages of keeping house on the Sound, and at the same time allow one all the privacy which he could have at his own home. Parties of high standing in our State have been corresponded with, and it is hoped that before the summer fairly sets in we will have in our midst gentlemen with their families, who own cottages on the Sound, and have a common interest with our own people in the Seaside. Two thousand dollars is now being judiciously spent in beautifying the place, and building additional accommodations. Two

backs will be run daily to the Sound, one in the morning and the other at night. This will no doubt add wenderfully to the convenience of our friends who can only be absent from the city during the day. We are gratified that the Company have commenced in varnest to make the Sound s

resort of some note in North Carolina and we predict for them a most prosperous future. Our best wishes attend them. Mayor's Court-His Honor, Mayor

Brew \$15,000.

Ticket No. 8,564 drew the \$15,000 prize in the last monthly drawing of The Louisiana State Lottery, and the Allentown papers say that the ticket is held by J. Allen Schaeffer, a bookseller and a well known business man on Seventh street, that city, who invested a dollar in the scheme, thinking never to hear from it again. Mr. Schaeffer received his first information through the newspapers, which published the numbers winning prizes on Wednesday. The Item says: This is probably the best investment he ever made. We have heard of no one yet who begrudges him the bonanza he has suddenly acquired, only most people regret that they are not privileged to enjoy a like fortune. Mr. Schaeffer has persevered and struggled in his business, frequently against adverse circumstances, but he kept pushing along and succeeded in building up a prosperous trade, which, with a little more capital, will be placed on a very substantial basis."

It is probable that the good luck of the Allentown man will have the effect of stir-ring up the interest in the Louisiana State Lottery already felt in this vicinity. We frequently hear of small gains, and these have kept alive the desire on the part of many to invest, Such a prize as that drawn by Mr. Schaeffer will give a new impetus to business. Whatever may be the objectionable principles of a lottery, whatever a man wins on a Louisiana State Lottery ticket he is as sure to get it in full as the cash on a good check on a good bank,-Easton (Pa.) Free Press, March 16.

Schaeffer, the book man, who made the big bit in The Louisiana State Lottery the other day, got his money yesterday per Central Express Company. It wasn't much of a package, the amount consisting of three fave thousand dollar bills. Mr. Schaeffer will continue in business, and says he will not allow his good fortune to spoil him one bit. On the contrary, he avows his intention never to purchase another tottery ticket, and to put all his ener-gies and all his featune into the business which thus far, he has made a great suc-cess out of a small beginning through hard work.—Allentown (Pu.)
