The Lecture To-Night.

Rev. Jos. R. Wilson, D. D., pastor of the First Presbyterian Church of this city, and a gentleman of rare intellectual attainments, as well as of ecclesiastical knowledge and ability, will deliver a lecture at the Opera House this evening, under the auspices and for the benefit of the Wilmington Library Association, having for his theme that very cheerful subject, Enjoyment. We hope and expect to see a good audience in attendance, as we know the entertainment will be such as to merit it.

Mr. W. H. Hayer, Hillsboro, N.C., says: "I can recommend Brown's Iron Bitters as a superior article."

We could but regest that there was not larger audience at the Opera House last night to witness the admirable entertainment there presented. Herrmann's skill and expertness as a sleight of hand performer are truly marvellous, and his numerous tricks are new, interesting and difficult. No less wonderful and fully as entertaining were the feats of Awata Katsnoshin, exhibiting, as they did, a skillfulness and dexterity almost incredible. Should the Magician and his Company ever happen this way again he will, being better known, be more universally patronized.

A Philanthropist and Friend of Wilmington Here on a Visit-An Informal Reception to be Tendered

Mr. Gregory, of Massachusetts, the wealthy farmer and philanthropist, who has done so much for the educational interests of Wilmington, is here on a brief visit, and we learn that it is the intention of a number of our citizens to give him an informal reception at the Mayor's office in the City Hall to day at 12 o'clock. Mr. Gregory has shown great friendship for Wilmington, having spent from \$20,000 to \$80,000 altogether towards increasing our educational facilities, including the building of the fine residence for the teachers of what is known as the New Hampshire Memorial Institute, Rev. D. D. Dodge, Principal, corner of Seventh and Nun streets. Mr. Gregory, while averse to anything like display or notoriety, is desirous of having an informal conversation with some of our prominent men, and the opportunity will be afforded him in the manner indicated

By the way, Mr. Gregory also contributed largely to the building of the Congregational Church, a fine brick structure on Nun, between Sixth and Seventh streets. It is hoped that as many of our citizens as possible will be present at the reception.

Criminal Court. Major John W. Dunham, Clerk of the Criminal Court, tendered his bond in open court, on Saturday last, and it was approved and ordered to be registered. The following cases have been disposed

of since the close of our last report: State vs. Mary Hay, charged with keeping a disorderly house. At 10 o'clock Saturday night the jury came in and stated that they could not agree upon a verdict, whereupon they were discharged.

State vs. Kit Foster and Henrietta Nixon, convicted of larceny. Judgment that Kit Foster be confined in the State Penitentiary for two years: and that Henrietta Foster be confined for six months in the House of Correction; the latter to be discharged on the payment of the entire bill of costs.

State vs. Thad. Moore and Catharine Black, convicted of f. and a. Defendants each to be confined in the House of Correction for 18 months. State vs. Edward Colvin and Lucy

Black, convicted of the same offence as last named: sentenced to the House of Correction for 18 months.

A number of individuals connected with church cases were recognized with bail for for their appearance at the next term of the Criminal Court.

R. A. Kingsbury, A. F Davis, Elijah Lane and J. D. Smith, a committee of the grand jury, reported that they had visited the County Poor House and went through the various departments, examining particularly into the cleanliness of each ward, and of each cell in the insane department and found everything in perfect order, and agreeable both as to sight and smell; the Superintendent, Mr. Savage, being evi dently the right man in the right place and a favorite with the inmates. The buildings and fences are in order, everything white washed, and the committee report that they can suggest nothing in the way of im-

The committee also visited the county jail and found the inmates well satisfied with their treatment, and disposed to be complimentary to the jailor; and, though the prisoners complained a little of too much beef and a slight inclination to transparency on the part of the soup, the committee did not see any evidences of immediate danger on the part of the boarders (?) of suffering from the causes named. In regard to the building, they suggest that the hearths in the debtors' room receive certain needed repairs.

Court met yesterday morning, but soon after took a recess until Wednesday, to await the return of two absent attorneys and the settlement of certain bills of cost.

Mayor's Court-His Honor, Mayor Hall, Presiding. Obadiah Jenkins, charged with disorderly

conduct and resisting the police who ar rested him, was required to pay a fine of \$20 or be imprisoned for thirty days.

Lewis Spencer, charged with acting dis orderly on Market street Saturday evening, and speaking deflantly to the policeman who warned him as to his behavior, was ordered to pay a fine of \$5 or go below for

· Sidney Halsey, colored, charged with disorderly conduct, was let off on the payment of \$1 or five days in the city prison. One case of drunk and down was disposed of, the defendant contributing \$2 to the city treasury.

The residence of Mr. H. Hutaf, corner of Chesnut and McRae streets, was bur glariously entered on Sunday night, and sum of money stolen, with probably other articles. No clue,

The subscriptions are not to be called for until the work is done. Telegraphic communication with the thriving town of Clinton, whose interests are so identical with those of Wilmington, should be hailed with satis faction by our people, as well as by those of our Sampson neighbor.

Our Colored Firemen.

The colored firemen of the Cape Fear Steam Fire Engine No. 3 Company, were out yesterday afternoon for regular monthly parade and engine practice. The principal feature was the hydrant drill on Front street. The members of the company, after scattering themselves in various directions, were summoned together by a given signal, ran the distance of a block, run off four hundred feet of hose from the reel, connected with a hydrant and threw a stream in exactly one minute, this feat being accomplished on the third trial. There was a big excitement during the run. One of the firemen fell and was dragged some distance by the rope of the reel, to which he was clinging.
