NEW ADVERTISEMENTS.

LECTURES.

THEREV. MOSES D. HOGE, D. D., OF RICHMOND, Virginia, will lecture for the benefit of the Library Association, at the Opera House, on THURSDAY and FRIDAY, April 16th and 17th.

The Protectionists of Philadelphia have just given "Pig-Iron Kelly," a dinner. They are grateful for favors already received and for those in store.

The correspondent of the New York Times, in Florida, writing up Arthur, says that in the journey to Florida "there were no crowds anywhere north of Jacksonville, except at Goldsboro, N. C., and at the latter place the President did not have time to acknowledge the boisterous demands that he should appear."

Ex-Senator Eaton, of Connecticut, says he is not a candidate for the Speakership. A dispatch from New Haven in the N. Y. Times says: "He thinks that neither Carlisle, Randall, or Blackburn will be Speaker, and that a dark horse will be chosen. It will depend, Mr. Eaton says, upon a bargain about the composition of committees. These have not been made because there are so many new Congressmen, who so far are unapproachable."

Rev. J. E. Wilson, a colored President of the Florence District, S. C., Methodist Conference, and a straight-out Republican, was postmaster at Florence. He has been turned out and a white man named Tim Weston put in his place. He is a defaulting county treasurer. And this is a specimen of Radical civil service reform and love for the colored voter.

Henry D. McDaniel, Democratic nominee for Governor of Georgia, is a native of that State, a graduate of Mercer College, taking first honor, and a lawyer. He served in the late war, was severely wounded in the abdomen, the minnie ball being still in him, was captured and kept in prison the remainder of the war. As he is not a Major or a Colonel, he must have been a "high private."

THE CITY.

NEW ADVERTISEMENTS. MUNSON—Mentor collars. D. A. SMITH—Furniture. W. E. DAVIS & SON—Shad. J. I. MACKS—Assignee's sale. FESTIVAL and "Mum Party."

An important meeting of the Board of County Commissioners is called by Chairman Bagg for tomorrow afternoon at 2:30 o'clock.

The new machine shops of the Wilmington & Weldon Railroad are nearly sufficiently advanced to receive the roof. They will constitute an immense structure.

Owing to a misapprehension we were not furnished with a full list of the Magistrates, old and new inclusive, as we thought. We will publish a correct list on Tuesday.

The store No. 8, on North Water street, formerly occupied by Messrs. Petteway & Schulken, is being fitted up for Messrs. Scarborough, who will open a clothing store.

The game of base-ball, played yesterday afternoon, the "Champions," Capt. E. H. Munson, scored 28, and the "Little Buds," Capt. J. Blumenthal, scored 12.

The Norwegian barque Frey, Capt. Halvorsen, was cleared from this port for Glasgow, yesterday, by Messrs. Alexander Sprunt & Son, with 2,411 barrels of rosin, valued at \$4,163.60.

Col. J. O. P. Burnside, Disbursing Officer of the Post Office Department at Washington, and a nephew of the late Gen. A. E. Burnside, the capturer of New Berne, was in the city yesterday.

Mrs. Harry Webb has sent to the STAR office a vegetable curiosity—a cucumber about a foot and a half in length, freshly plucked from the vine. It was grown under glass at the residence of Mrs. Webb in this city.

We hope Father Ryan will be greeted by a good house Tuesday night. The prospect so far is very favorable, as tickets are being taken very fast. It is only once in a lifetime that one gets a chance to listen to such a man as Father Ryan.

The large brick store on North Water street, occupied by Mr. R. W. Hicks, is being put in repair. One corner of the building had settled considerably, causing the structure to crack and bulge at that particular spot, so that the whole of that corner of the building had to be taken down and replaced.

We learn that the work on the Wilmington, Wrightsville and Onslow Railroad is being pushed steadily on, and it is expected that the road will be graded to the mouth of Bradley's Creek in twenty days, should the weather permit. The rails and cross-ties will soon be here, we are informed, and will be laid as quickly as possible.

Dr. Hoge's Lectures—"Tent Life in the East" and "Modern Chivalry." The official announcement is made this morning of the proposed lectures at the Opera House next week by Rev. Dr. Moses D. Hoge, of Richmond, Va., under the auspices and for the benefit of the Wilmington Library Association. On Thursday, the 19th, the subject will be "Tent Life in the East." Subject for the 20th: "Modern Chivalry." No extra charge for reserved seats. The lecture will commence at half past 8 o'clock. Dr. Hoge has the reputation of being one of the most talented and entertaining lecturers in the country, and we bespeak for him a full house.

Thomas Jefferson, the colored youth who was sentenced Friday morning to twenty days' confinement in the city prison for acting disorderly at the depot of the W. & W. Railroad, made a desperate effort at escape yesterday morning. It seems the janitor opened the prison door about 7 o'clock to allow the prisoners to receive their breakfast, when Jefferson, with a bucket in his hand, passed out at the door, at one side of which the janitor was standing, with the ostensible purpose of getting a bucket of water from the pump in the passage, but after taking a few steps he suddenly dropped the bucket and darted for the door leading into the City Hall yard. The janitor followed in hot pursuit and chased the fugitive out of the yard and down Third street to Miss Hart's school house, between Princess and Market streets, when the boy, finding himself about to be overhauled, sprang nimbly over the fence and took refuge under the school house. The pursuer was right at his heels, and before he could stop himself away so as to conceal his whereabouts, the iron grip of the janitor was upon him. He offered no resistance—realizing the absurdity of the attempt—and was marched quietly back to his quarters.

A Book For All. We have received from the publishers one of the most valuable works in print—"Gaskell's Compendium of Forms," Educational, Social, Legal and Commercial. It contains more valuable information on all practical subjects than any work it has been our pleasure to examine. The sale of this work in Raleigh, Durham, Winston, Asheville, and points in Virginia, has exceeded that of any work ever offered to the public. Prof. L. H. Roberts, general agent for West Virginia, Virginia, North Carolina, and Florida, is having wonderful success everywhere. The work is highly recommended by the finest bankers, bookkeepers and business men of the country. No one can afford to be without a copy of this valuable work.
