E MORNING STA

VOL. XXXII.---NO. 48.

WILMINGTON, N. C., THURSDAY, MAY 17, 1883.

Sullivan would have not only knocked the British bruiser out of time as he did out of the ring if he had been left alone, but he would have knocked him out of his life. Here is the conclusion of the fight as it is given in the Philadelphia Times .

"Mitchell was slowly crawling from under the ropes for the second time in less than ten seconds, and Sullivan was impatiently waiting for him to get up that he might knock him down again, when Captain Williams stepped to the stage, put his long club between the panting men and shook his head. The crowd yelled, hissed and groaned; it was pandemonium broke loose. The Captain said something to Sullivan and Mitchell. Both answered. The Captain again shook his head. The fight must stop. Mitchell evidently was not unwilling. Sullivan put out his hand, grasped Mitchell's, gave it a short, sharp erk that shook Mitchell all over and then smacked his own cheek with Mitchell's open hand. It was a drunken act. Mitchell looked savage and mad. Then they took off their gloves and Bullivan walked over and again shook hands with Mitchell. Somebody sent up a bouquet of flowers. The referee attempted to make a speech. So did Sullivan. Nobody listened. Half the crowd was cheering for Sulliyan; half growling because the fight was stopped. It was a good thing, for Sullivan was in a dangerous mood, and would have done the Englishman harm likely enough in the fourth round. It was said that he had been drinking. He didn't spar as if he had. He acted like a drunken man after the match was over. He was proclaimed winner. He gets sixty per cent. of the proceeds, Mitchell forty. The gate money certainly amounted to \$15,000."

Father Barry of the Catholic Church and Dr. Talmage are making a vigorous war upon the Chinese opium dens of New York city, and the latter calls upon the authorities to clean them out.

Talmage said a Sunday or so ago: "What is needed in such case is not tract or moral suasion or the Gospel, but police club and Tombs Court and darkest dungeon of the penitentiary. There have been policemen in New York who have been bought up by the reigning vices of the day, and the salary they have received for the discharge of their duty by the city government in other days has been insignificant as compared with moneys they have received for neglecting their duty. Let public opinion, which is healthier and mightier as the years go by, put its anathema not only in uniform who arrest everything but that

The National Rifle Association have been shooting at Creedmoor to make up the team that is to go to England to contest with the rifle. The shooting has been remarkably good, the Herald says, and the scores 'are well in advance of the best that the English team has thus far put on record, and there is every evidence that these will be even bettered by the American team before it goes to England."

A row between a Richmond colored base ball club and a Petersburg club resulted in the serious shooting of Anthony Richardson and James Archer and the stabbing of Harry Marshall in the breast-all from Richmond. All, including the wounded, are in the Petersburg jail.

- We were in error in stating that there was dancing at the pic nic of the Smith ville High School, mentioned in the STAR a few days ago. The dancing hall at Fort Caswell was converted into a temporary dining room, where the dinner was spread. That was the only use made New Hotel for Wilmington.

On Tuesday evening, although it was raining, quite a large number of citizens assembled at the Mayor's office, in the City Hall, and a meeting was organized by motion of Mayor Hall, calling Donald McRae to the chair, and requesting B. A. Hallett to act as Secretary.

The chairman in explaining the object of the meeting, stated that they were here to take the initiatory steps which he hoped would result in the erection of a first class hotel building for this city. He said it could not be dealed that Wilmington was in much need, of such a building, and he hoped that all the citizens would take a lively interest in this important matter and push it until the object was attained. Quite a number present expressed their opinion, all coinciding with the chairman in Wilmington's need of such a building and their determination to do all in their power to accomplish the object which this

meeting had in view. On motion of A. H. Green, it was voted that the chairman appoint a committee of five to confer with the citizens of Wilmington, urging the accomplishment of this object, and that another meeting be called at the pleasure of the committee and that the chairman of this meeting be chairman of the committee, and that Mayor Hall be a member ex-officio. The chairman appointed Messrs. D. G. Worth, F. Rheinstein, J. H. Chadbourn, A. D. Brown and G. W. Williams as that committee.

On motion the meeting adjourned to meet again at the call of the Chairman.

Sudden Death. Mrs. James Knight, of this city, died very suddenly at the residence of her husband, in this city, yesterday morning, about 11 o'clock. It appears that she had been complaining a little, but not sufficiently to cause any anxiety, and one of her daughters had left the city on a visit to some friends, while another was out with other ladies soliciting aid for the Light Infantry Fair. The family physician called at the house about the hour named, and, upon entering the room, spoke to Mrs. Knight, who, rising and uttering but a solitary word, fell back upon the sofa upon which she had been sitting and soon breathed her last.

Deceased, who was between 55 and 60 years of age, was greatly esteemed and her sudden and unexpected demise was a shock to the community. Her death is supposed to have been caused by disease of the heart. though no one supposed that she was threatened with the fatal malady.

A Shooting Affair. Samuel Edens, an old colored man, employed at the steam saw mill of Messrs. J. H. Chadbourn & Co., was arrested vesterday morning, charged with shooting Wm. Henry Freeman, a colored youth, aged about 18 years, also an employe in the mill, and inflicting serious damage. The shooting is alleged to have taken place in the mill yard on the 1st day of May. The load, which was fired from a shot-gun, took effect in the right arm of the boy, which was badly shattered. The old man, we understand, contends that the shooting was accidental, while the boy alleges that it was done purposely. As the boy was confined to his bed and not able to attend a preliminary examination, the hearing of the case was postponed by Justice Mc-Quigg, who issued the warrant, until the 26th inst., at 10 o'clock, A. M., and the accused was committed for his appearance at

North Carolina Soldiers Buried in

Washington A correspondent, writing us from Wash ington, states that a movement was in augurated in that city on the 10th of May to properly mark the graves or disinter the remains of about one hundred North Carolina soldiers buried in Arlington Cemetery At present these graves are neglected, being only marked by a rude board, bearing name, command and State to which the soldier belonged, with the word "Rebel" in prominent black letters underneath. The suggestion is made that our Memorial Association start a fund with which to push this movement forward. The names of Eure and Martin, belonging to Eastern North Carolina, are recalled as among those

For the Middle Atlantic and South At antic States, fair weather, southerly winds, becoming variable, stationary or higher temperature and higher pressure.

For the East Gulf States, fair weather, winds mostly easterly, stationary or higher temperature and pressure. For the West Gulf States, partly cloudy

weather, with local rains, winds mostly southerly, stationary or higher temperature and lower pressure.

For the Tennessee and the Ohio Valley fair weather, possibly followed by local rains, easterly shifting to southerly winds, stationary or higher temperature in the west portion and lower pressure.

The New Hotel Scheme,

Another meeting in the interest of the proposed new hotel for Wilmington will be held at the City Hall this evening at 8 oclock, as announced by the Chairman in our advertising columns. All who sympathise in the movement are requested to be present and take part. There seems to be no doubt of the success of the enterprise and a new hotel for Wilmington may already be looked upon as a fixed fact. A Requisition for the Prisoner.

Mr. T. O. Bunting, constable, received a telegram from Wm. M. Palmer, Superintendent of the Eagle News Company, at Augusta, yesterday, stating that an officer would arrive on last night's train with the necessary papers to secure the custody of Wm. Stanton alias Wm. Litzen alias Wm. Baldwin, the alleged book embezzler, who has been in jail here for the past two pr three days, awaiting a requisition.
