THE MORNING STAR

WILMINGTON, N. C., THURSDAY, MAY 31, 1883.

WHOLE NO. 4916

Wilmington, N. C., Thursday, May 31, 1883.

MORNING EDITION. OUTLINES.

Judges Campbell and Chandlers, of the Supreme Court of Mississippi, are charged by Judge Cowan of the Circuit Court, with being corruptly influenced in making several recent decisions. The militia have been ordered away from the scene of the mining troubles in Illinois; public opinion condemns their firing upon the mob. A fire broke out in Lynchburg, Va., at 10 o'clock yesterday morning; up to 11 A. M., half a million dollars worth of property was destroyed; the fire department was unable to cope with the flames and sent to Richmond for assistance. Recent arrivals from Mexican headquarters report that no news had been received from Gen. Crook. A panic occurred on the Brooklyn bridge, caused by persons fainting in a jam; a dreadful struggle began, and many persons were trampled to death. The storm of Monday night was very destructive in Ohio and Indiana to crops, timber, &c.; several persons were killed and others wounded. A party of fishermen engaged in dividing two kegs of powder, at a Canadian village, were blown up; the house was destroyed and seven men were terribly burned. The French will not be ready to take the offensive at Tonquin before the middle of July. The British Colonial Secretary will not sanction the annexation of New Guinea by Queensland. Decoration Day was observed in many cities North with more impressive services than in former years. Negotiations of a treaty have been exchanged between the United States and Corea. Knoxville, Tenn., has new water works, costing \$150,000. The First Virginia Regiment and Lee Camp No. 1, composed of Veterans, participated in the ceremonies at Richmond. A woman from New York has been promoted to the rank of colonel. A woman says she will commit suicide upon New Orleans. There are so abundant that farmers allow them for their own use. A woman is meditating the Reichstag. He model the constitution. A woman has occurred on a bridge, resulting in the death of two or more persons. It is a panic. A woman regret to see that Lynchburg, has suffered from a most disastrous fire. The loss is not yet ascertained as the fire was raging at last accounts. Rev. J. H. Boyd, pastor of the Methodist Church in Trenton, N. J., disappeared last Thursday and has not been heard from. He left everything behind. Ex-Chief Justice George Sharswood, one of the most distinguished jurists that Pennsylvania ever produced, is dead. He was born in Philadelphia in 1810. According to Gen. Longstreet the Georgia darkies as a general thing vote the Democratic ticket. They have more sense than the North Carolina darkies it seems. Alexander III says the old order must continue and so the coronation will bring no relief or satisfaction to the oppressed people. Without a change of policy there can be no substantial peace. Both the Edinburgh and the London Quarterly Reviews had very strong articles against Mr. Henry George's remarkable book, "Progress and Poverty." He has written a reply to these and other criticisms. The Atlanta Constitution knows of no Georgia Democrat in the House who will vote for Randall. It says: "We know of no member of Congress from Georgia who is anxious to contribute to the defeat of the Democratic party in the next campaign." An old man named Matthew Turner was shot and very dangerously wounded near Aiken, S. C., by a young man named B. Weiss. The latter met Turner, and became alarmed thinking him a tramp and shot him. The Queen has knighted Roderick W. Cameron, of the firm of R. W. Cameron, of New York, "in recognition of his services in the development of the trade between the United States, Canada and the Australian colonies." Sir Roderick how do you feel?

The Reformed Episcopalians have just held their General Council in Baltimore. A dispatch says:

A Board of Regents for the Martin College of Theology was elected, composed of the bishop one clergyman and one layman from every Synod and jurisdiction and one additional for each six parishes. It is understood that \$50,000 have been conditionally subscribed toward the buildings of the proposed Martin College, near Chicago, the land for which was given by Edward Martz, of Red Hook, New York. A lady, whose name is withheld, subscribed \$10,000. The standing committees were elected and Mr. Joseph K. Wheeler, of Philadelphia, was chosen Treasurer.

The Richmond State of Monday thus sums up the result in Virginia as far as known:

"The election returns continue to be favorable to the Democracy. Only two counties have been lost, while Gloucester, whose vote was thrown out by the State Board of Canvassers, is now a Democracy and Matthews, New Kent, Charles City and Essex have been added to our list of sixteen counties as given on Saturday. Thus, without counting Gloucester, we have redeemed twenty counties, making gains in many others, and suffering losses in few."

A report is now in the Northern papers that the Langtry will ask for a divorce from Mr. L. She is to marry F. G. The Washington Herald says:

"The fair Lily will plead the fact that Mr. Langtry has abandoned her and done nothing toward her support for the period mentioned. There is quite a difference between Mrs. Langtry and Mr. Gebhard in the matter of age, she being about 32 and he 24; but then that is their affair. Mrs. Langtry has made about \$50,000, which she now has, above her expenses, and Mr. Gebhard's fortune is rated at \$40,000 a year."

The color line is being drawn throughout the land and in all the churches. District schools, district churches and colored preachers for their race appears to be the plan. The Northern people living in Louisiana and who belong to the Northern Methodist Church have a separate building, although but few in numbers. They do as the Southern whites are doing.

A walking match is progressing in New York. It is for six days. Hughes has made 76 miles. Albert is close up. Frank Hart, colored, 73, Noremac 71, Peter Panohot 67, Sweeney 65, Bennett 59, Burns 57, Cox 53, Ward 43, Graham 22. At 1.30 the record stood: Hughes 131, Albert 130, Hart 134, Noremac 127, Panohot 117, Sweeney 90.

The Boston Herald, the largest circulated paper in New England, and Independent Republican, says of Mr. Eaton's let-alone policy: "If the Republican policy of the present tariff is finally adopted in the country, Mr. Eaton may be the voters will do anything to carry it out." Cap Mr. Eaton.

The Boston Post, a Democratic paper, says of Mr. Eaton's let-alone policy: "Ex-Senator Eaton, the New York Sun and others are receiving much praise from the Republican press for their position on the tariff. If this year's warm continues to grow these papers will speak gently and forgivingly of Governor Butler."

Spirits Turpentine.

No Raleigh News-Observer yesterday. Asheville was selected as the place and the 28th of May the time of holding the next Convention of the Diocese of the Protestant Episcopal Church of North Carolina.

Number one of the Greensboro Daily Workman has been received. It is neatly printed. It is non-political and will be conducted with propriety and decency. It has our best wishes.

Lumberton Robesonian: The work of cutting cross ties for the Cape Fear & Yadkin Valley Railroad is now being pushed vigorously on and the present terminus of the road is Bennettsville. We spent last Wednesday in the flourishing town of Keyser, in Moore county, on the R. & G. Air Line Railroad. There are several good stores there besides turpentine distilleries and two steam saw mills.

Clinton Caucasian: The Commencement of Clinton Collegiate Institute passed off very pleasantly and successfully. Friday morning Rev. Dr. Whitfield preached an admirable sermon. Col. W. C. Clark, who had accepted the invitation to deliver the literary address, having been prevented by severe sickness in his family from being present, S. W. Kerr, Esq., kindly consented to address the audience, which he did that evening in a speech replete with learning.

Hickory Press: Mr. Henry Turner, a highly respected citizen of Ireddell county, died on the 17th ult. He died in the latter township, Alexander county, on the 18th of May. Mr. Benjamin Sparks, aged about fifty years. Track laying began on the Narrow Gauge road between Lincoln and Newton on Tuesday last, the 29th inst. Mr. William Shell, of Caldwell county, died on the 18th inst. after an illness of three or four months. He was a highly-respected citizen, and at the time of his death was eighty-one years old.

New Bern Journal: Two hundred and twenty-five boxes of beans and seventy-five barrels of potatoes and cabbage were shipped over the A. & N. C. Railroad yesterday. Mrs. A. C. Higgins was very seriously hurt on May 16th while she and Mrs. Scott were going to Tar Landing. The horse took fright at some turpentine barrels by the roadside, and in Mrs. Scott's effort to stop him one

rein broke. Both were thrown from the buggy. Mrs. H. received several bad cuts on her face, and her nose was so badly fractured that a small part of the bone had to be taken out.

A party of colored picnickers were badly scared near Charlotte. Mr. Quinn had placed some dynamite near a private fish pond. The negroes struck the string fastened to it when there was a deafening report and the air was filled with flying dirt, weeds, grass, hats, shawls, parasols, provisions and lunch baskets, and the terrified picnickers stampeded for the woods. The cartridge was planted about fifty feet from the party and none of them were hurt, but they could not have been worse scared. The boat was covered with abandoned hats, shawls and lunch baskets, and a hole ten feet square was in the ground at the spot where the cartridge exploded. None of the picnickers were in sight. This we learn from the Journal-Observer.

Charlotte Journal-Observer: There is a good deal of sickness reported in the city at present. The twenty-sixth annual commencement of the Thomsville Female College, will be held on June 6th. Hon. A. M. Scales, of Greensboro, will deliver the address. We regret to announce the death at Lincoln on Sunday last, 27th inst., of Mr. William Brandon Wetmore, son of Rev. W. R. Wetmore. The deceased young man was aged 19 years.

The new railroad from Richmond into North Carolina, of which we spoke several weeks ago, seems to be a sure thing. A mortgage deed of the road has been recorded in the clerk's office of Mecklenburg county, Va. The capital stock of the company is placed at 5,000 shares of one hundred dollars each, of which 3,000 shares of said stock guaranteed bearing 7 per cent. interest to be subscribed for, 1,000 shares held in reserve as the property of the company, and 2,000 shares to be issued forthwith in one certificate to James B. Winston in trust equally for five corporations, P. A. Wellford, C. A. Wellford, Moncure Robinson, Joseph P. Brinton and Charles Chaney, beneficial owners thereof.

Greensboro Workman: Rev. Dr. J. Henry Smith returned home from his visit to Eastern North Carolina last Friday night. In an answer to a reporter for this paper he stated that his physical condition was but little improved. The Commencement Sermon of Greensboro Female College was preached in the M. E. Church, South, of this place yesterday at 11 o'clock, A. M., by Rev. Dr. Duncan, of Wofford College, Spartanburg, S. C. Dr. Duncan is a Virginian, an alumnus of Randolph Macon College, and a brother of the late Dr. Jas. A. Duncan, who had become famous as a pulpiter orator. A correspondent who was present at the late Commencement of Graham Normal College was greatly pleased with what he saw and heard. The sermon was preached on Thursday night by Rev. J. L. Michaux, of Greensboro. The first thing in order next morning was the presentation of a bouquet to Mr. M. by Mr. Fleming in behalf of the senior class of the college; then, as Dr. Mangum of the University had failed to come to deliver the Literary Address, his place was handsomely filled by Rev. Mr. Summey, who had been pressed into service for the occasion.

Oxford Torchlight: Our crop prospect is indeed gloomy for wheat, corn, oats and tobacco. We rarely ever heard of a crop so small as they do now. A correspondent from abroad the other day. He was made an honorary member of the famous Free Trade Cobden Club, of England. Our townman, Mr. W. W. Wood, has a rose bush in his yard, pyramid shaped, which has 100 buds upon it. Mr. Wood is the oldest and wealthiest man in the county. He is ninety-five years of age and lives in a fine brick building on the corner of...

NEW ADVERTISEMENTS. MUNSON-Shirts. JOHN HOPKINS UNIVERSITY. MISS E. KARRER-Millinery, &c. OPENING BALL-At Seaside Park. HARRISON & ALLEN-Nobby hats. HEINSBERGER-Eve's Daughters, etc. MASONIC-Meeting St. John's Lodge. CROMLY & MORRIS-For rent at auction.

The Excursionists. Those of the excursionists and their friends who went down the river yesterday on a trip to the blackfish grounds, had, we understand, a very pleasant time, and were quite successful in catching fish.

The most of the excursionists, however—probably a hundred of them—who left the city, made a trip to Wrightsville Sound, where they were nicely entertained and enjoyed themselves greatly. It was expected that quite a number of the excursionists would leave for their homes last night, and others will go to-day.

A Sheep Excitement. Considerable excitement was created on Market street, between Front and Second, yesterday afternoon, by a stampede among a flock of sheep, which were being driven up the street from the ferry. About a half-dozen broke and made for the river, when the remainder tried to follow them, and it was all their drivers could do to prevent a "general scatteration" of the flock.

Ball at Seaside Park. Seaside Park Hotel will be opened this evening with a grand ball, given by the host, Mr. B. L. Perry. A cordial invitation is extended to citizens of Wilmington and strangers in the city to attend.

Local News. Only one bale of cotton received yesterday. Plums have made their appearance in the market. The Grand Jury of the Criminal Court visited the County Poor House and other public institutions yesterday.

A white man, who was acting disorderly on the streets yesterday afternoon, was arrested and taken to the guard house. Another "bottle-scarred veteran" was taken to the station house yesterday morning, and will probably interview the Mayor to-day.

A masquerade fishing party went down the river yesterday. We should never try to entice or fool the poor fishes with "false faces." The grand musical entertainment at the Opera House Friday night promises to be the affair of the season. Everybody loves good music.

Don't forget the strawberry and ice cream festival at the City Hall this evening, under the auspices of the ladies of the Front Street M. E. Church. If you don't go you will wish you had.

In the letter headed "After Conference," in our last, there are several important errors. For instance, instead of "God was a being who having tempted us," etc., it should be "God was a being, who, having been tempted like as we, knew our wants," etc. Further on, instead of "reveal them mortal man," etc., it should be "reveal them to no mortal man," etc.

Thanks to Mr. U. M. Robinson, one of the marshals, for a complimentary ticket to the Commencement Exercises of Laurinburg High School, June 14th. At 11 A. M., the annual address will be delivered by Hon. A. S. Merrimon. The Declaimers are A. L. Morisey, W. D. B. McEachin, J. P. Fearington and Claudius Dockery for the Eumathian Society; and D. C. Carmichael, A. N. McCallum, M. L. John and A. McL. McRae on behalf of the Philotechnic Society.

Criminal Court. The following cases were disposed of yesterday: State vs. Elisha Brown and Philip Noyes, convicted of larceny, sentenced to two years each in the State penitentiary.

State vs. Mary Hay, charged with keeping a disorderly house. Case continued. State vs. Luke Dickson and Owens Larkins, charged with larceny. Larkins only on trial. Defendants found not guilty and discharged.

DECRATION DAY.

No Procession—Middings Decorated With Flags—Salute by the Revenue Cutter Colfax—Ceremonies at the National Cemetery—Address of Hon. George C. Gorham—Decorations of Graves, &c., &c.

Yesterday was observed as Federal Decoration Day, the 30th of May of each recurring year having been set aside for that purpose by Congressional enactment, which also constituted it a legal holiday. Early in the day we noticed that Sheriff Manning had profusely decorated the front of the court house with flags, while the custom house and postoffice also contributed to the display of bunting, especially the latter. The flag over the custom house and several others were at half-mast.

The recommendation of the committee of Arrangements was fully honored yesterday for the first time, and no procession was formed, all going out to the cemetery in a quiet, informal way. This recommendation has been made regularly for several years, but never before acted upon.

The Orator of the Day, Hon. Geo. C. Gorham, together with his escort, the Committee of Arrangements and other prominent persons, started from the Parcell House in carriages about 4 o'clock, about which time the Revenue Cutter Colfax, Capt. Gabrielsen, which had taken up a position in the river nearly opposite the foot of Princess street, commenced firing a salute of thirty-eight guns. Some glass in the windows of the adjacent buildings was broken out by the concussion, and quite a crowd gathered about the wharves to witness the firing. The Cutter was decked with flags from stem to stern-post and presented a beautiful appearance.

On the handsome grounds of the National Cemetery the ceremonies incident to the occasion were performed, which included a speech from Hon. Geo. C. Gorham, of Washington City, who is reported to have made a very fair speech, not at all offensive to the conservative portion of his hearers. The crowd was not as large as on former occasions, the omission of the usual procession being one drawback and the weather another, which was quite threatening during the afternoon.

A Strange Sickness. A family in this city were seized with sudden sickness Wednesday night and had to send for a physician. It is supposed that buttermilk, of which they had partaken freely, caused the trouble. Four out of five in the family were prostrated, and at last accounts were still confined to their beds. The buttermilk was brought here from the sound.

Killing a Snake. A snake about four and a half feet long was killed near the corner of Sixth and Mulberry streets yesterday morning, by a colored man. The same snake was seen the night previously by a lady who was passing that locality, and who was badly frightened as a "King snake."

Ger. barque Texas, Brunin, sailed from Bremen for this port on the 26th inst. It is probable that the young lady celebrated those charming lines of Robert and tan, m. spots and freckles, and her beauty will be such a success. Cur should be taken.

PERSONAL TO MEN ONLY.—The Volcano Hair Co., Marshall, Mich., will send Dr. Dyar's Celebrated Electro-Vibrating Belts and Electric Appliances on trial for thirty days to men (young or old) who are afflicted with Nervous Debility, Loss of Vision, and Manhood, and kind of troubles, guaranteeing speedy and complete restoration of health and manly vigor. Address as above. N. B.—No risk is incurred, as thirty days trial is allowed.

THE FLORENCE NIGHTINGALE OF THE NURSERY.—The following is an extract from a letter written to the German Reformed Messenger, at Chambersburg, Penn.: "A Reformed nurse, just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our 'nursy' to say, 'A blessing on Mrs. Winslow' for helping her to survive and escape the griping, colicking, and teething sieges. Mrs. Winslow's Soothing Syrup relieves the child, softens the gums, reduces inflammation, cures wind colic, and carries the infant safely through the teething period. It performs precisely what it professes to perform, every part of it—nothing less. We have never seen Mrs. Winslow's Syrup for Children Teething. If we had the power we would make her, as she is, a physical saviour to the infant race. Sold by all druggists, 25 cents a bottle."

The following are the indications for today: For the Middle Atlantic States, cloudy and rainy weather, southeast veering to northwest winds, falling followed by rising barometer and stationary or lower temperature.

For the South Atlantic States, partly cloudy weather and local rains, winds mostly westerly, stationary or lower temperature and pressure. For the East Gulf States, partly cloudy weather and local rains, variable winds shifting to northwesterly, stationary or lower temperature and higher pressure.

For the West Gulf States, partly cloudy weather with rain, colder northerly winds and higher pressure. For the Tennessee and the Ohio Valley, partly cloudy weather and local rains, winds shifting to northwesterly, stationary or lower temperature and higher pressure.

The morning was warm, and he imprudently made a change in his underclothing. Our climate is deceptive. Before evening here came a chilly storm. An attack of sickness followed of course. But PERRY DAVIS'S PAIN KILLER was used for relief, with the happiest effect. In those summer months of suddenly varying temperature, everybody ought to keep a bottle of this valuable remedy within reach.
