MORNING EDITION.

OUTLINES.

South & Co. cotton brokers, New York, failed liabilities about \$140,000. A large cracker factory at Chicago burned. St. Joseph's Roman Catholic Church at Belleville, Ill., burned. The snow jumped from windows; one called the others are likely to die. Samuel H. Harley, of New York, has been arrested for forgery. Proctor & Knapp work, at Clatskanie, burned. A German butcher killed a woman in his shop at Newark, N. J. A German woman killed a man in her shop at Newark, N. J. A German woman killed a man in her shop at Newark, N. J.

There has not been a new report from Mary Anderson for four or five days. The World's Exhibition in 1887. The public debt was reduced to \$100,000,000, and not \$100,000,000, as was made to say.

As we in a comet? asks the New York Star. In most places just at this time in this country appears to be a snow bank.

Shelby Thomas was chosen moderator of a grand musical festival at Memphis, Tenn., on last Thursday night. The expenses were \$19,000 and the receipts were \$19,000.

Rockingham Spirit of the South. Wm. Crankshaw, Esq., who for the past three years has so efficiently and acceptably superintended the Great Falls cotton mill at this place, has signified his intention to resign his position the last of this month and will return to his native land.

New Bern Journal. Four children left New Bern yesterday morning by rail for the Oxford Orphan Asylum. Two of them are little boys from the south side of the river, and are going for the first time. The other two are Lena and Laura Huggins, who have been there for three years, and show evidence of the best training; they were anxious to return and remain in the Asylum as long as the rules will permit them.

Charlotte Observer. Dr. W. J. Byers returned to the city last night from a trip into Union county, where he had gone to see Mr. David K. Orr and perform a surgical operation. Orr was a member of the First North Carolina Cavalry in the late war, and just 31 years ago he received a Federal bullet in the foot. The bullet struck Mr. Orr in one foot, and passing through lodged in the other foot. Dr. Byers located the bullet in the net work of bones in Mr. Orr's foot, and by a surgical manipulation succeeded in getting it out.

Beaufort Telephone. We learn that Mr. W. B. Colburn has with his truck farm at Crab Point about 300,000 cabbage, which are growing finely, some of which will be ready to market next month. Mr. Robert Whitehair took from his garden last week a collard which weighed 17 pounds. He says he has some left which are over seven feet in height.

Runaway and Smash-up. The horse attached to the delivery wagon of Mr. J. C. Stevenson took fright yesterday morning, in the neighborhood of Seventh and Chestnut streets, while the driver was delivering a package, and ran away. Going down Chestnut street he kept clear of obstructions until near its intersection with Third, when, in trying to turn into the latter street, the wagon was upset and groceries were scattered in every direction. The upper part of the wagon was also badly smashed.

Police Arrests. Charles McKay, a colored youth, was arrested yesterday afternoon charged with fighting a white boy named Albert Schroeder, in the neighborhood of the Front street market, having bitten a piece out of his forehead. He was recognized to appear before the Mayor to-day. Wm. Daniels, colored, charged with being drunk and disorderly in the neighborhood of the market, was arrested.

Mayor's Court. Alice Hall, colored, charged with being drunk and disorderly on Nutt street, near the foot of Mulberry, on Saturday night last, was required to pay a fine of \$3. Fanny Gore, white (so called), charged with being drunk and disorderly in the same locality as above, on Sunday night, was let off on the payment of \$3.

Unsettled Matter. The following unsettled matter remains in the Postoffice in this city: Package addressed to T. K. Howard; postal addressed to Rev. Jas. Walling; Robert Rome, care S. F. R. Co.

THE COLD WAVE.

Another "Cold Snapper" - The temperature at 5 Degrees Above Zero - The Coldest Weather Since 1857 - Skating, &c. The cold wave which was announced to be prevailing to such a fearful extent in the North and West, and which struck us on Saturday night last, proved to be one of almost unprecedented severity. Late Saturday afternoon, after the snow ceased falling, the temperature commenced a rapid decline, and by 10 o'clock had reached 16; whereas it had only touched 24 at 6 p. m., was at 29 at 6 a. m. and 48 nearer the middle of the day. By Sunday morning the mercury in the thermometer in this office had gone to 7 degrees above zero, while at the Signal station it was reported at 9, at some other points at 5, and at Mr. J. C. Munds' drug store at 5 degrees. The Signal Office reports this the lowest record since the establishment of the office here, and we doubt if there has been any such weather in North Carolina - especially in Wilmington - since 1857. The winter of that year was one of unparalleled severity; and when we say, so we know whereof we speak. At New Bern the Neuse and Trent rivers were frozen solid, and hundreds of people were skating up and down the latter stream. There were a number of vessels in the stream, and the men, in order to communicate with the shore, had to walk to and fro on the ice. Men who worked on the opposite side of the Trent river walked back and forth across the river as though it were a public highway. A steamer with a number of passengers was caught some distance up the Neuse and frozen fast in the ice, where she remained for some time. The passengers continued on the boat until the provisions began to get rather low, when they walked to the shore on the ice and made their way the best they could through the wild woods and wilderness of briars until they reached a road leading to New Bern. During the same cold snap we learn that there was a thin skin of ice on the Cape Fear opposite this city. It was a fearfully cold winter, as we remember well.

But, to return to the present cold snap: During Saturday night many of the pumps and cisterns of the city were frozen up, some of the pipes of the former bursting. In a number of residences clocks are reported to have stopped during the night; and ice froze in the lamps. The ponds in the vicinity of the city were frozen, and yesterday a number of skaters were taking advantage of the unusual circumstance to indulge in this fascinating pastime. A telegram from Charleston says the weather there was the coldest known in one hundred and thirty-five years! Thirty-five years was probably meant. At Fayetteville the snow is reported to have been eight inches deep. It commenced falling there at 8 o'clock Saturday morning.

At 6 p. m. yesterday the mercury had gone up to 32 degrees in this city, and it is thought at the Signal office that the next thing in the programme will be rain and a considerable moderation in the weather.

Weather Indications. The following are the indications for to-day: For the Middle Atlantic States, increasing cloudiness, snow, winds shifting to northwesterly, a decided rise in temperature and falling barometer. For the South Atlantic States, snow in northern portion, rain in southern portion, easterly winds, shifting to southerly, and in southern portions to westerly, falling followed in southern portion by rising barometer, warmer weather.

For the East Gulf States, rain, followed by clearing weather, slightly cooler, variable winds shifting to northwesterly, rising barometer. For the West Gulf States, fair, slightly colder weather, with northwest winds shifting to westerly, rising temperature. For Tennessee and the Ohio Valley, warmer weather, northerly winds, falling barometer in eastern portions, slight rise in western portions.

Help for the Destitute Poor. Mayor Hall was engaged in the praiseworthy undertaking yesterday of soliciting donations from dealers in provisions and others of our business men for the benefit of the suffering poor. He was also soliciting wood from the dealers and mill men. At last accounts he was succeeding admirably in the matter of provisions, and had considerable wood promised, the great trouble being the scarcity of it just now on account of the demand which has prevailed during the past two or three days. We were glad to see the matter taken in hand by Mayor Hall, because we know that stern necessity demanded that some action in the matter should be taken by somebody, and he was the very one calculated to carry it through successfully.

Howard Relief. The following were elected officers of the Howard Relief Fire Engine Company No. 1, at the meeting held yesterday evening: Foreman - A. Adrian. First Assistant - M. Rathjen. Second Assistant - F. C. Miller. President - J. G. Oldenbuttel. Vice President - F. W. Hoyer. Recording Secretary - J. G. L. Gieschen. Corresponding Secretary - W. Ottersen. Treasurer - J. Haar, Jr. Chief Engineer - T. H. Smith. Assistant Engineer - E. Martens. Steward - J. G. L. Gieschen.

COUNTY MATTERS.

Regular Meeting of the Board of Commissioners. The Board met in regular session yesterday afternoon, all the members being present. The Treasurer submitted his report for the month of December, as follows: General Fund - balance on hand, \$20,226.74. Educational Fund, \$2,532.30. The general fund under the plan of \$6,500 in a certificate deposited with the First National Bank. The Treasurer exhibited the coupons of the denomination of \$5 each, which were burned in the presence of the Board. The Register of Deeds submitted his report of the number of marriage licenses issued during the month of December, and exhibited the Treasurer's receipt for \$19, the amount collected for the same. The foregoing reports were received and ordered registered and filed. It was ordered that John Hill be relieved from the payment of poll tax, he being a resident of Robeson county. It was ordered that Ransom McMillan be relieved from the payment of poll tax, he being over age. The following parties were granted licenses to retail spirituous liquors for three months, from January 1st, 1884: C. H. Richters, H. Schulken, J. G. L. Greschen, H. A. Glameyer, W. Ottersen, R. J. J. C. Hill, Justice of the Peace, submitted his annual report of fines and forfeitures, amounting to \$10,112, and the same was ordered entered on the records of official reports. The Board adjourned, subject to the call of the Chairman. The Board resolved itself into a Board of Education, when the following business was transacted: Donald MacRae, chairman of the committee for District No. 1, submitted his annual statement of receipts and disbursements for both races, which was received and ordered registered and filed. J. H. Chadborn, chairman of District No. 2, submitted his statement, which was disposed of as above. Jacob Horne, W. R. Greene and T. A. Davis, School committee for District No. 3, submitted their census returns for the past year for both races, which was ordered registered and filed. The same action was taken in reference to reports from other Districts. The resignation of Capt. S. W. Noble, as School Committee member of District No. 5, was received, and Capt. Ed. W. Manning was appointed in his stead. Iredell Johnson, Superintendent of Public Instruction for New Hanover county, submitted his annual report, which was received and ordered registered and filed. The Board adjourned, subject to the call of the Chairman.

Arrested for Larceny. One Richard Harris, a stranger here and said to be a seaman, was arrested yesterday morning on the charge of the larceny of \$5 in money, the property of J. I. Carter. He seems to have been boarding with Carter, and it is alleged that he took the opportunity and appropriated the money. It is also alleged that a bunch of about a dozen suspicious looking keys were found in one of his pockets. Defendant was required to enter into bond in the sum of \$50 for his appearance before Justice Mills to-day at 12 o'clock, failing in which he was sent to jail.

Charity. THE MANY PITEOUS APPEALS THAT HAVE this day been made at the City Hall for help, satisfy me that there is much suffering among the poor in our city during this cold weather. I have prepared a portion of the city teams, and am now distributing such supplies as have been sent for the relief of the needy; but the supply is inadequate to the demand. Through the agency of our city physicians and the police I hope to reach the most needy. Any contributions of groceries or money for fuel may be sent to me, and the same will be promptly distributed. E. D. HALL Mayor.
