Nash, Granville and Harnett. Meanwhile we notice the adoption of the law by townships in Cumberland, Chatham, Ire-

is still progressing favorably on the C. F. & Y. V. Railroad, though we suppose the snow will interfere somewhat with its rapid progress. On this end of the line trains now run to Rockfish Village, the trestle over Little Rockfish being completed. The ice is very fine this year. It is nearly three inches thick, and is free from snow, sleet and trash. At night quite a party of young men went to try moonlight skating. The ice was very smooth, there being no sleet or snow mixed with it. This sport being rather unusual here of late years, we were surprised at seeing so many graceful skaters on the ice. Some of our ladies skate remarkably well. - On Wednes day last at about half past one o'clock the fire alarm sounded, and a very large crowd of people soon assembled at the point indicated, viz: the sale and feed stable of Mr. M C. Hart. The fire companies were on hand, but could be of no use. The building being a large wooden one and stored with forage, it burned very rapidly. We are glad to state that Mr. Hart was able to rescue his horses and mules, and most of his vehicles and harness. He had one thousand dollars insurance on the stables. - On last Saturday night about eight o'clock, the store belonging to Mr. J. W. Fort, across the Cape Fear river, about one mile from the bridge, caught fire and burned to the ground, with most of his stock of goods. The building and stock were partially insured. Mr. Fort estimates his loss at \$1,500. We regret to say that the fire is supposed to be the work of an incendiary. - We regret to learn that two of our young men met with serious accidents on Monday, in both instances resulting from falling on the ice, and, singular to say, the injury in the case of each was the same-a broken nose. Mr. Thos. W. Broadfoot, with his hands in his pockets, attempted to walk out upon the ice on Mims's pond, to direct his ice cutters, when he slipped and fell before he could extricate one of his hands to break the fall. In his efforts to do so, he threw himself forward and it is supposed his nose struck a piece of broken ice frozen to the surface. Mr. Thomas J. Whitted while skating at

Frozen To Death.

Information came to Coroner Jacobs yesterday to the effect that the body of a colored man had been found just beyond the southern limits of the city. The coroner and Dr. F. W. Potter, Superintendent of Health, took a buggy and went out to the place designated, which proved to be a small hut on the Priggie place, near what is known as Jumping Run, in which they discovered the body of a man, lying with he head in the fire-place. They examined the features and Dr. Potter Immediately recognized the corpse as that of an old colored man named Prince Smith, proba bly about 65 years old. It was subsequently ascertained from the wife of Smith that her husband left home on Wednesday, the 2nd inst, and the body was found on Wednesday evening last. The last seen of him by his employer, for whom he was cutting wood, was on Thursday, of last week. The conclusion arrived at by the coroner and Dr. Potter was that the deceased was frozen to death some time between January 2nd and January 9th. No inquest was deemed necessary.

Deceased was a member of Ebenezer Baptist Church, and was well known in

Robbery of a Store.

The store of Messrs. W. J. & B. F. Penny, on Market street, was entered Wednesday night and robbed. When the proprietors went to their store yesterday morning they found the back door open and the clothing and other goods scattered promiscuously over the floor and counters; and, upon looking up at the skylight, they found that entrance had been effected by removing a piece of glass from the same. The aperture thus left was not large enough to admit the body of a man, and it is therefore thought that a boy was lowered down by means of a rope, when he opened the back door and the goods were taken out in quality and quantities to suit. In a promiscuous stock of goods it is next to impossible to say what is missing, but the Messrs. Penny are sure that the robbers carried off a number of overcoats, silk handkerchiefs, ties, &c., besides a ten dollar pair of boots, which were held for a

The proprietors have no clue to the perpetrator of the robbery. A chisel, with which the glass was removed from the skylight, was found on the top of the stove, but there is no mark or peculiarity by which it can be identified.

Mysterious Disappearance. A well known colored man of this city, by the name of John Fisher, has been missing for the past ten days, and it is feared that he has met with some accident. The last seen of him was a little over a week ago, when one man met him on the county road, near the Little Bridge, and another says he last saw him the same day on a flat going down Smith's Creek. The flat, which was the property of Mr. J. F. Garrell, has since been discovered on a snag in Smith's Creek, some distance below Mr. Garrell's landing. One or both of the men who saw Fisher last say that he had been drinking, and the theory is that he lost his balance when the flat struck the snag and fell overboard and was drowned, as he could not swim a stroke. The father of the missing man has been prosecuting his inquiries for his son for several days past, but without avail.

WHO IS MRS. WINSLOW:—As this question is frequently asked, we will simply say that she is a lady who for upwards of thirty years has untiringly devoted her time and talents as a female Physician and nurse, principally among children. She has especially studied the constitution and wants of this numerous class, and, as a result of this effort, and practical knowledge, obtained in a lifetime spent as a nurse and physician, she has compounded a Soothing Syrup for children teething. It operates like magic—giving rest and health, and is, moreover, sure to regulate the bowels. In consequence of this article Mrs. Winslow is becoming world-renowned as a benefactor of her race; children certainly do must up and bless her; especially is this the case in this city. Vast quantities of the Soothing Syrup are DAILY sold and used here. We think Mrs. Winslow has immortalized her name by this invaluable article, and we sincerely believe thousands of children have been saved from an early grave by its timely use, and that millions yet unborn will share its benefits, and units in calling her blessed. No Morner has discharged her duty to her suffering little one, in our cripion, until she has given it the benefit of Mrs. Winslow's Soothing Syrup Try it, mothers—TRY IT NOW.—Ladies' Visitor, New York City.
